MRS INGRID OLOFSSON

U.S.A.

Dear Sir:

Thank you for your prompt
answer on my letter of May 29th 1961

You are most be busy people as
you only had time to write 3 lines
in the reply to my long letter, and
the rest a run of the mill letters.

I'm really surprised and believe
me,

But as I believe you are looking in
the very wrong direction for your answers
to the riddle of the Flying Saucers. I
think I'll write you another one.

Usually I ~~throw~~^{throw} away mail that
is printed up in mass production
like paper letters, but as I can understand
that you are not able to get and read
each individual in person about the
Flying Saucers sightings, that men receive
I'll forgive you. Bye of me with best. Thi.
