

Deserts on Earth, why aren't they seen
 here.
 Please don't make me believe things
 like that. There's nothing as well that
 it was "thunderously" in some
 other way like the "the can-jumped"
 over the "men" jumps and takes it.
 The people that were in this cloud
 even went to the length of shooting down
 quite a few leaders of the tribes with
 something that sounds like "Stammesherren"
 or better. Also they apparently spend
 up the ground and let a whole section
 of birds all over it. This was no
 small thing exactly that was moving
 across the desert and mountains. These
 these people were not advanced people, far
 from it. They were even wild men
 by the so called "Angels" can't you
