

THIS PAGE IS UNCLASSIFIED

The project leader of Blue Book went to George AFB to investigate the various reports.

- a. 1 May 1952 - Report well documented. No additional information obtained.
- b. 9 May 1952, 1030 PEST - A balloon was released from Edwards AFB, 55 minutes prior to this sighting.
- c. 9 May 1952, 1230 PEST - No known activity which could account for sighting.
- d. 9 May 1952, 1730 PEST - No known activity which could account for sighting.
- e. 11 May 1952 - Third report is three days from same individual. No activity in area.
- f. 13 May 1952 - Balloon launched from Edwards AFB at 1345 PEST.
- g. 14 May 1952 - No balloon release officially reported.
- h. 20 May 1952 - Balloon released from Edwards AFB at 1352 PEST.

III. CONCLUSIONS

- a. 1 May 1952 - No conclusions.
- b. 9 May 1952, 1030 PEST - Very probable that the balloon released from Edwards AFB was the object sighted.
- c. 9 May 1952, 1230 PEST - Very possible that paper was caught in the thermals and swept along. A similar sighting turned out to be just that.
- d. 9 May 1952, 1730 PEST - No conclusions.
- e. 11 May 1952 - No conclusions.
- f. 13 May 1952 - Probably was balloon released from Edwards AFB, 15 minutes previous.
- g. 14 May 1952 - Description of this incident of 13 May so perfectly fit is highly probable that the object was a balloon.
- h. 20 May 1952 - Balloon released 53 minutes prior to sighting was probably object observed.
