NOTICE

JUNE 15th, 1979.

After 2½ years of reporting and researching on the Canadian aspect of the UFO phenomenon, UFO CANADA has ceased publication and active research.

Reasons for this development are not financial nor the result of low subscriptions, but rather the lack of serious scientific study. It is unfortunate that this had to be done. UFO CANADA was very popular in many foreign countries and throughout CANADA. However, UFO researchers (as well as the general public) were not interested in objective study and the resolving of certain reports (I.F.O.s). There seemed to be a more serious attitude towards "flying saucer invasions."

A special thanks to those few seriously interested individuals who are dwindling in number.

Signed

Howard Gontovnick

Robert Sapienza
