LEEDS UFO CONFERENCE SPECIAL

The Quest International Conference was again an outstanding success for the Quest group, with tickets sold out well before Saturday 24th of September. Several members of the PRA attended both the main Conference held on the Saturday and the 'workshop' held on the following Sunday.

The conference began with **Graham W. Birdsall**, the editor of 'UFO Magazine' bringing the audience up to date with details of the latest UFO associated incidents. Graham gave a mature professional presentation and included in his talk such snippets as Linda Howe reporting that over 800 calves had disappeared in an animal mutilation case. He also mentioned that Lt. Col. C.Halt (now retired) had recently revealed that during the 'Rendlesham Forest' incident near Bentwaters, Suffolk (December 1980) an unmarked Galaxy aircraft had landed and parked over on a remote side of the airfield. It was seen unloading 'equipment'. More details will be disclosed in a later issue of the Quest International 'UFO Magazine'.

During his talk Graham touched briefly on the attempts by such groups as the Alien Acknowledgement Campaign to lobby M.P.'s and draw their attention to the UFO subject. He felt that this was not the way to go about it, as M.P.'s had little interest in UFO's and a campaign to educate the general public would be far more beneficial

Another piece of tantalizing news came to light, when Graham stated that he had an interesting conversation with an ex-USAF member who had visited the Nevada test site. This person revealed that not only had he seen the "Aurora" secret aircraft, but he had seen the Mark 3 version!

Graham Birdsall then went on to discuss the huge amount of information coming out from what was the USSR. UFO reports were numerous and the findings never before made public. There were 40 cases where aircraft encountered UFO's. Initially the pilots were instructed to chase, then shoot the UFO's, but when the pilots went to engage them, the UFO would speed up and in three cases the aircraft crashed.

After these incidents the orders were changed, if the pilots saw a UFO, they were to change course and get out! The Russians claimed that the Americans had set up over thirty radar stations across the USA, purely to detect UFO's.

Tony Dodd is Director of Investigations for Quest International and a former police officer with 25 years service. Tony began his resumé of UFO incidents with reference to the "Flying Triangles" seen over Belgium in the late 80's and early 90's. He recently had the opportunity to interview one of the F16 pilots involved in the triangle interceptions over Belgium.

The pilot stated that the Belgium Air Force checked with the USAF to find out if any 'stealth' aircraft were in the area and they were assured that this was not the case.

"They were playing with us" stated the pilot. "The technology involved in these things is such that they could be hundreds, if not thousands of years in advance of where we are today."

Tony then went on to reveal that has been in touch with a UFO group in Rumania who claim that they are actually in contact with a group of the 'aliens'. Not only are they in contact, but the aliens are actually appearing in front of them and they are taking with them!

The Rumanian group also claim to have a video showing their contact with UFO's and Tony Dodd is trying to obtain a copy of this. He went on to say that the Rumanians had been told that there is a huge space craft in orbit around the Earth, way out in deep space and it has been there for a long, long time.

The aliens were asked by the Rumanians if they had names and they replied that they don't have names and they are of a very spiritual disposition. (in the Australian "Sky People" story related to Omar Fowler by a Derbyshire couple, the tall aliens stated that they did not have personal names).

The Rumanians were also told that thousands of years ago the human race was more 'spiritual' than it is today. As time has passed, we have lost a great deal of our spiritual knowledge and we have forgotten where we came from. The aliens stated that they are in contact with various people throughout the world, but they are spiritually above the average.

According to the Rumanians the aliens have told them that their space ships are controlled by *'thought control' and they do not have controls as we understand them. They also take great care to avoid certain locations on Earth that contain strong negative influences.

See Flying Saucer Review: Autumn 1994 "Powers Of The Mind And UFO's" by Ronald D. Pearson, BSc.Eng.(Hons.) "A theory arises which predicts that mind is at the base of reality, being in full control of matter. - This makes possible the voyages of UFO's across millions of light years from the depths of space by the use of mind-power."

Tony Dodd then presented a slide on the screen which purported to show an alien (transparent) in the same room as some of the Rumanian researchers. The aliens state that they are here to help us and that they trying to help us spiritually and they have said that we have got to achieve a more spiritual way of life and they (the aliens) cannot show themselves until we improve our spirituality.

Tony Dodd then went on to refer to the strange incidents that had been going on in the sea around Iceland last year. Icelandic fisherman have reported seeing 'Flying Saucer' and tubular shaped UFO's flying over their ships. Huge illuminated objects had been seen travelling at high speed under the sea and had been tracked by warships of several countries!

The audience then heard of sinister events concerning two animal liberation women who were walking in a restricted area near Fylingdales (the top secret radar site), when suddenly they saw what they described as three UFO's coming in very, very low. There were two disc shaped and one cigar shaped and they were losing altitude, then suddenly the cigar shaped one came down and hit the ground, about half a mile away. The other two disc shape craft flew over and hovered near the two terrified girls, suddenly they saw what they thought was a child appear near them. They then realised that it was not a child and they both turned around and ran.

What happened after that is difficult to follow, these girls were great friends and inseparable, wherever one went, the other one went. The following day, one of the girls disappeared, she has never been seen from that day to this. The other girls, who by this time was panic stricken started to move around the country, not staying in one part for more than a few days. The girls later attended an animal liberation front meeting in York and she was due to be met by friends at York railway station. As she got off the train and started to leave York railway station, a car pulled up with black windows and two men jumped out and tried to pull her into the car. At this point her friends saw her and ran over to rescue her, during the ensuing struggle, the girl escaped.

Tony Dodd continued:- At this point she was in touch with me, she wrote letters to me and then the next thing that happened is, she totally disappeared and nobody could find her! She was not found for some time and then I got a phone call from a contact who said that they had found her and she was in France, she had been found wandering around without any memory! She was brought back to England and placed in a nursing home, hopefully to recover.

After a considerable time, she was taken from the nursing home and they (?) decided that they were going to put her under hypnosis to try and find out what had happened to her.

It appears that she had been grabbed by the security people (?) taken down to the south of England, to a security complex down there. She had then been placed in a chair and something put over her head like a hairdryer and that was the last thing that she remembers, this thing being placed over her head. The girl gave these details in a letter which she wrote to Tony Dodd and said that this would be her last letter to him as she was scared and didn't want anything else to do with it. Tony added, that it was very frustrating as he just couldn't go any further with the story...

BOB DEAN limped onto the stage with the aid of a walking stick, he opened by saying "I'm not as feeble as I look, I broke a toe the other morning while running through the house and not looking where I was running."

An extract from his talk follows:-

How can I begin to tell you how I got into this field, it's kind of strange. For most of my adult life I was a professional soldier, I spent twenty seven years in the United States Army and most of those years were in the infantry. A big chunk of those years were in "special operations", "special forces". I was curious about the UFO phenomena, it intrigued me, I was frankly a curious sceptic, which is a good place to begin from anywhere I think. I remained a sceptic until I had the opportunity to be assigned to the Supreme Headquarters Allied Powers Europe in 1963. At that time I was pleased to have a "Cosmic" top-secret clearance which was and still is, the highest security level for NATO.

When I was assigned to SHAFE headquarters in 1963, I ended up being assigned to the operations division and my place of work was a place called SHOC (Supreme Headquarters Operation Centre). I learned at that time that a study was underway, this study was classified "Cosmic Top Secret" and it was initiated by a British Air Marshal by the name of Sir Thomas Pike, who I understand is one of your great world war 2 hero's (Air Vice Marshal T.G.Pike). Sir Thomas at that time, was the Deputy Supreme Allied Commander of Europe and he worked directly with and under my boss, General Lynham Lemnitzer, who was know as SACEUR (Supreme Allied Commander Europe).

Apparently, this is what had been happening in the 50's and early 60's....large numbers of metallic circular objects of enormous size, flying in formation at extremely high altitudes, at high rates of speed, had been sighted over Europe, repeatedly coming from the Soviet Zone or over the Warsaw Pact area, circling over France, Germany, turning north and disappearing off of our Radar over the North Sea. This was once or twice, but six, seven or eight times.

These "Fly Overs" very nearly triggered World War 111 between we and the Soviets several times!

For a long time the Soviets thought that these objects belonged to us, we thought they belonged to the Soviets. As you know we were "eyeball to eyeball" in those years, the Cold War was very cold, but it had a chance of being "very hot" very soon! We almost started shooting at each other several times.

This study took three years and it involved some of the top people, in their fields, in the world. This study was one of the most thorough and complete analysis that I have ever seen and I must tell you honestly and very bluntly...it changed my life!

The study itself was approximately 1½" thick, it was supported by ten separate annexes, documents that were about 8" thick altogether and it was classified "Cosmic Top Secret". I will just run down the list of annexes that supported this study:-

Radar and Electromagnetic Effects

Optical and Light Analysis

Photographic and Holographic Analysis

Historical Research

Metallurgical and Technical Analysis

Atmospheric Physics

Biological Analysis of Autopsies

(In the report, were the complete coverage of the crash and retrieval of an object in Northern Germany in 1962 where twelve small bodies were retrieved.)

I have no need to tell you I'm sure, that when this thing was published and fifteen copies were produced, "Cosmic TOP Secret", only fifteen were ever made, it had an impact on the military leaders at SHAPE Headquarters that was pretty impressive.

At that time, there was an American four star general attached to SHAPE Headquarters, who's title was the "Air Deputy" to General Lemnitzer. This was General Robert Lee and I have a great regard and a lot of respect for General Lee, he was a professional airman, he had served all through the war, he was highly decorated, highly respected. General Lee was a good friend of a general by the name of General Curtis LeMay (Major General Curtis E. LeMay), he used to be the commander of our Strategic Air Defence Air Command (SAC).

When the implications of this study hit General Lee, his aide told me that the old man sat there with a cup of coffee and his blouse (tunic) open and his hat on the table and he was looking through the conclusions of this thing.

He said "My God, do you realise what this means, everything we have ever done, everything we have ever accomplished, all that we've got, our weaponry, our machinery, our planes, our missiles, our nuclear weapons....it all means nothing!

It made such an impact on me, that from that moment on, I have devoted my life, all those years remaining in the Military and all those years since I retired in 1976, to this kind of research. That was the beginning for me, but it has certainly not been the end. That study opened my eyes to infinite possibilities and I continue to research UFO's, I continue to research the implications. I have collected information, photographs, slides, reports, documents, testimony from people who were abducted, testimony from people who were contacted and I am including Air Force Generals, Army Generals, Police Officers all over the United States.

The more I delved into this over the years, the more I got involved, the more I hopefully have learned. This to me is not simply an issue of hardware or of visitors' from somewhere else. We have long ago concluded that this is indeed an inter-Planetary visitation, it is an inter-Stellar visitation, its an inter-Galactic visitation and there is evidence that it is even multi-dimensional. There is evidence that some of these visitors travel in time, so I will share with you at the end of this, my personal view and why I personally think it is the major issue of our time and why I personally urge you to inform yourselves to study and learn for yourselves.

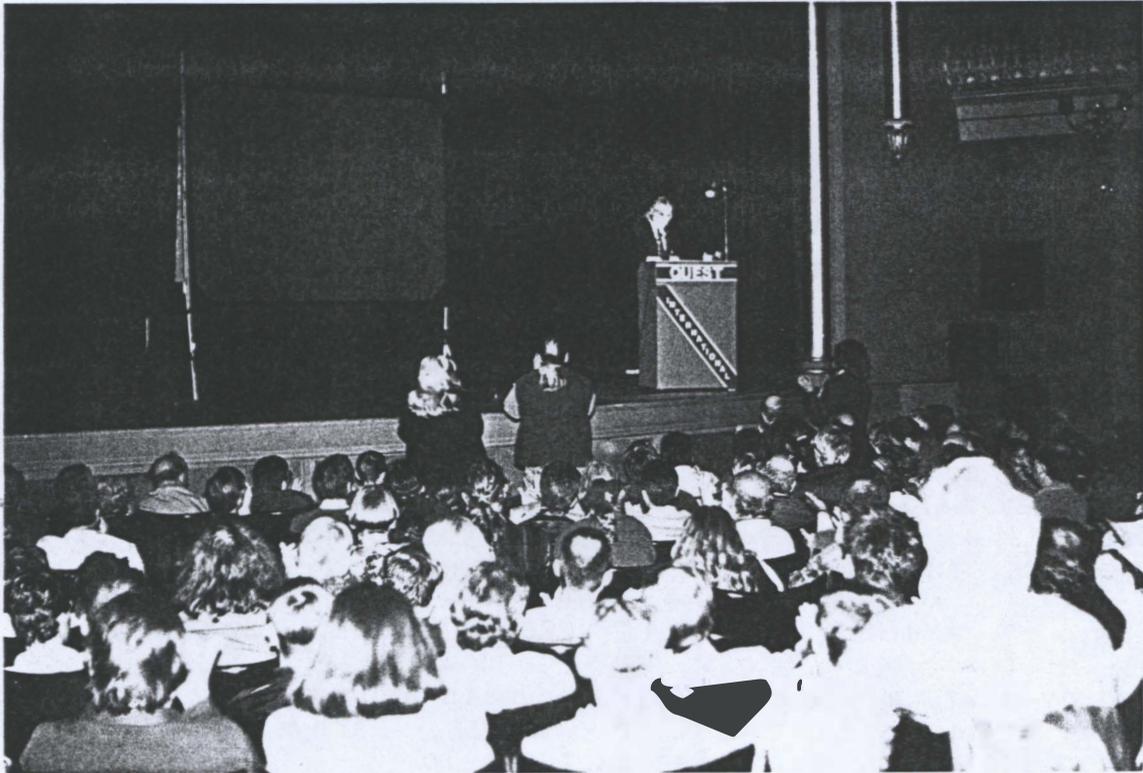

Don't take my word for it, I am not on a crusade, I am not prophesizing, I am simply trying to stimulate your curiosity. Get into the research, get into the material that is available for it and come to your own conclusions. It's imperative that you do that, it is imperative that you prepare yourselves for what is going to happen on this planet in a few years just ahead, we are going to be in for some very difficult times. As the Carpenter from Nazareth said, "Seek the truth, because the truth will indeed set you free".

I have concluded after thirty years of study into the UFO phenomenon, that the UFO and all of its related events such as sightings, landings and abductions, represent the obvious in overt manifestation of an ongoing inter-relationship between the human race and an extremely advanced intelligent inter-planetary, inter-stellar and multi-dimensional overt entity that have been deeply involved with us for several thousands of years.

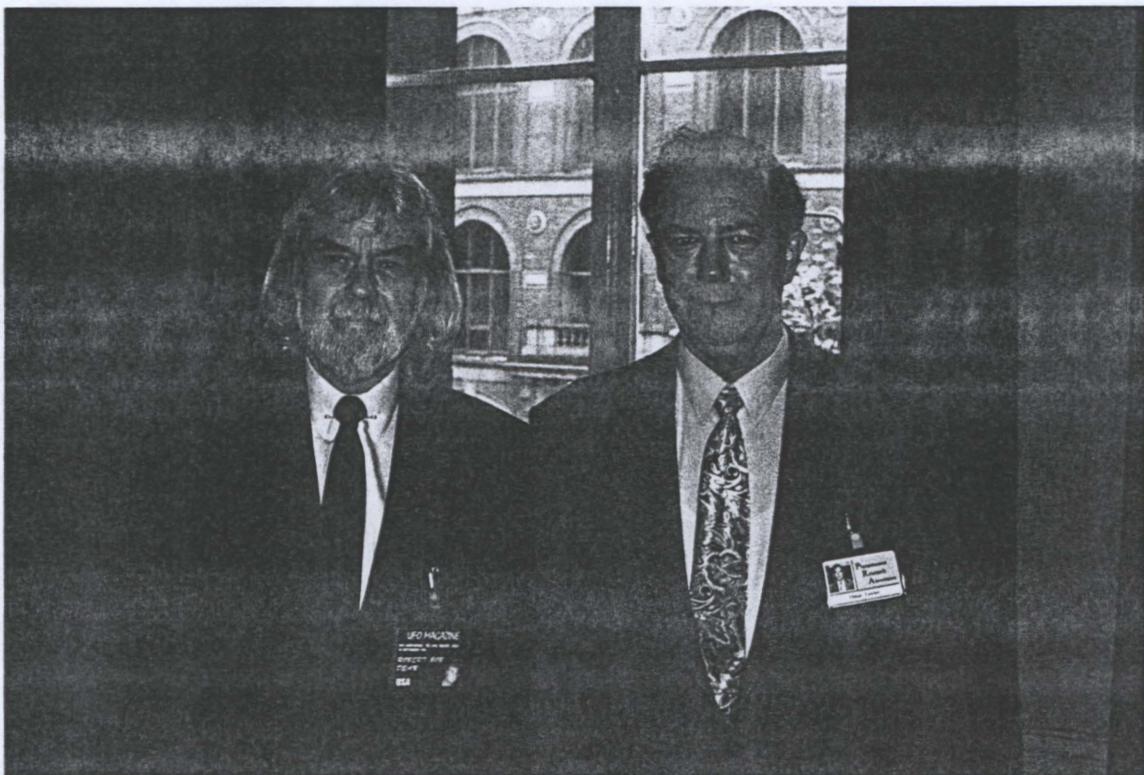

In closing, I want to leave with you this idea, that we are facing an unlimited future, a door is opening for the human race, to a New World, a New Life, a New Future an Infinite and Limitless Future, that I believe to be a Golden Future. We have got to be prepared to step through that door, when this invitation is given to us, to hopefully become a part of this vast Inter-Stellar, Inter-Galactic civilisation, this vast community. We've got to be ready for it.

LEEDS CONFERENCE 1994

Bob Dean's talk brought the audience to its feet

Bob Dean and Omar Fowler had the chance to exchange views.

LEEDS CONFERENCE 1994

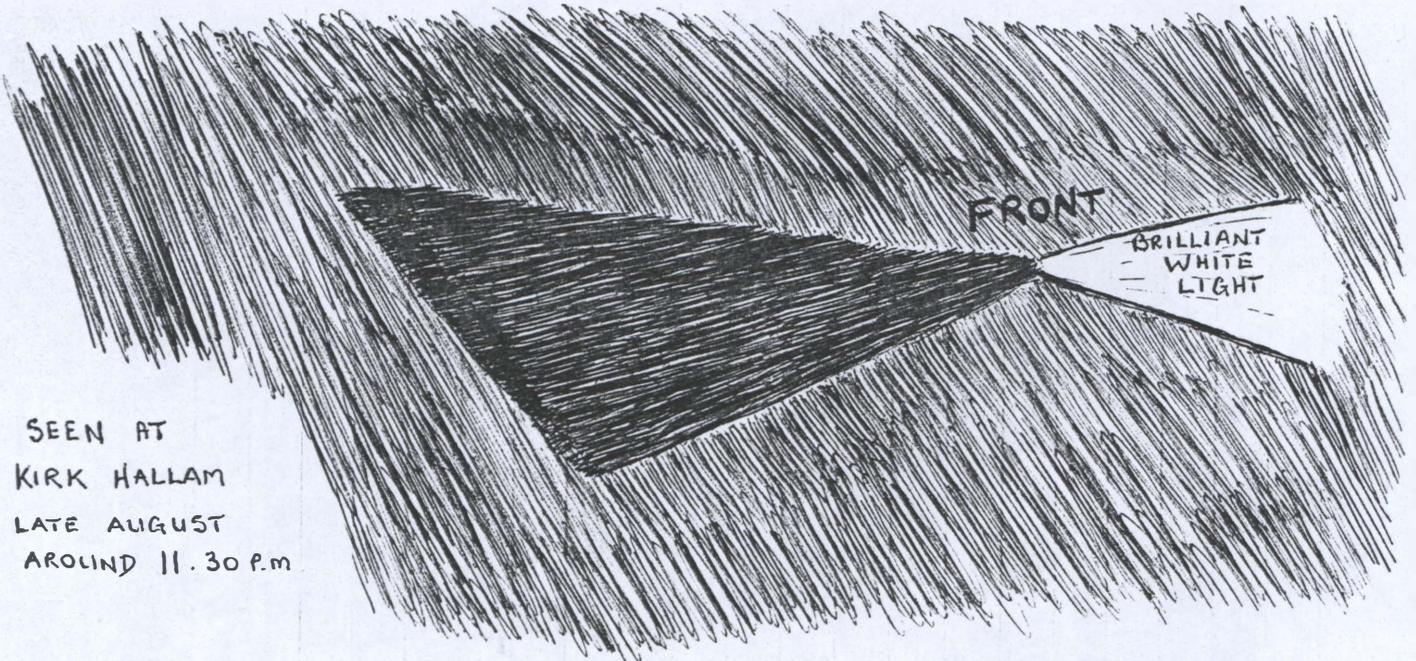

During a break in the proceedings, Omar Fowler took the opportunity to have a discussion with Bob and Celia Dean. Omar conveyed greetings from Busty Taylor, who had hoped to attend the Conference but was unable to do so as all tickets were sold out weeks before. Bob and Celia Dean, who had met Busty' in the States, expressed their regret that he was unable to make it.

The current wave of "Flying Triangles" was discussed and Bob Dean, who was well aware that they are now being seen worldwide, commented that before long he expected them to start appearing during the daylight hours as well as at night. As to what they were, he felt certain about one thing and that was that they were not an advanced type of American 'stealth' aircraft. As to who their occupants were.....?

ANOTHER "TRIANGLE" REPORT OVER DERBYSHIRE

Seen by a witness who wishes to remain anonymous, a large black triangle was seen over Kirk Hallam, Derbyshire during the latter end of August. (See sketch below)

While on the subject of "Flying Triangles", Mr A.E. (OVNI Sept.94) telephoned to say that he had taken a compass bearing on the flight direction of the triangle seen passing over his house (2/9/94) and it was heading directly in a line towards 'BAKEWELL', Derbys. (What is the great attraction there? Ed.)

SEEN AT
KIRK HALLAM
LATE AUGUST
AROUND 11.30 p.m.

TRAVELLING EAST TO WEST.
SOUND - UNLIKE AN AERO ENGINE (LOWER TONE)
HEIGHT - DIFFICULT TO JUDGE, BUT AT A GUESS - 1000 ft.
SPEED - IT SEEMED TO BE CRUISING BUT FROM HORIZON TO OVERHEAD TOOK ONLY ABOUT 45 SECS
WHITE LIGHT SLIGHTLY "DIPPED".

THE EVENING SKY

October 1994

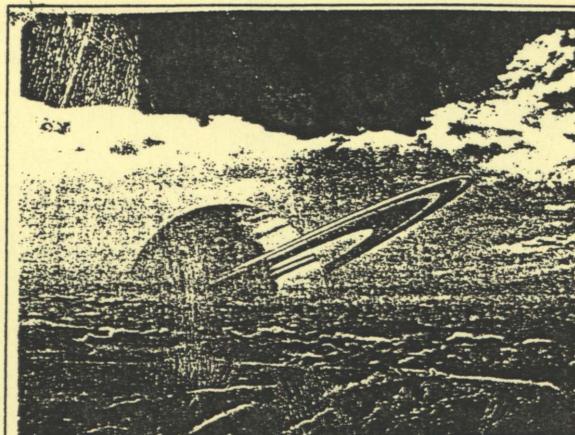

Blazing golds, oranges and reds are the day-time colours of the foliage and of nature in mid-autumn. The evenings are growing darker, displaying the faintest stars and the great constellations of this wonderful season.

The steady, yellow light shining in the south-eastern sky as dusk falls is the beautiful, ringed planet, Saturn. Saturn, the second largest planet in our solar system (750 times the size of the Earth) has no fewer than 18 moons. The largest moon called Titan is, incidentally, larger than the planets Mercury and Pluto.

A spacecraft named Cassini will arrive at the Saturnian system in the year 2008 after an 11 year journey from Earth. Cassini will tour the system for 4 years after first delivering a European-built probe through the atmosphere and down to the surface of Titan. Titan is the only other world in our star system which may embrace life.

Venus and Jupiter are barely visible throughout the month. Both are nestling low in the western sky as the early evening twilight descends.

In the middle of the night, Mars, a glorious, orange world rises in the south-east. The best time to observe Mars is one hour before the first light of dawn and the best date is October 17th when its brightness will rival that of Saturn. Do make every effort to get out of bed and venture into the exhilarating autumn morning. I will not accept any excuses from those who lie in after 5am.

Titan, the large hazy Moon of Saturn may harbour 'precursor' life forms!

The clocks move backwards by one hour on Sunday October 23rd from British Summer Time (BST) to Greenwich Mean Time (GMT). Astronomers always work to GMT or Universal Time (UT) no matter what time system the nation's clocks display. Indeed, I get quite confused living in dual-time so I wear two wrist watches, one continually set to GMT.

Time is very strange on the cosmic scale. We assume that time is absolute. However, the Special Theory of Relativity, formulated by Albert Einstein in 1905 tells us that bizarre things happen with time when travelling at high speeds.

If I were to leave Earth on a star-ship travelling at 99.9% the speed of light for a period of two years I would arrive back to Earth and discover that everyone had aged by sixty years. I would be thirty years younger than my eldest son. I am currently thirty years older than he. The closer we get to the speed of light, the slower time passes for those on board the star-ship!

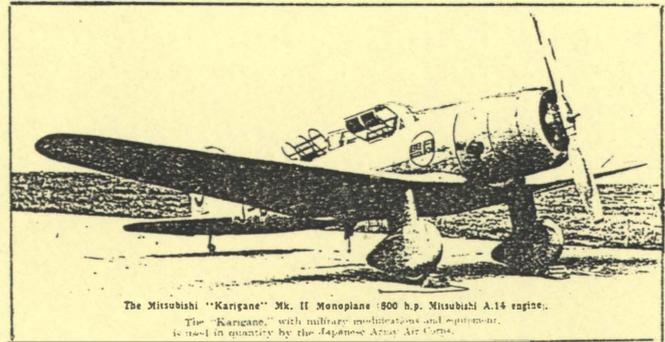

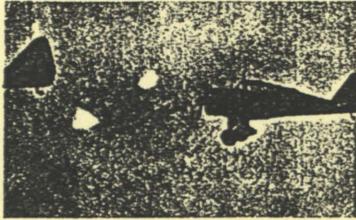

Enjoy Your Evening Sky!

TALE ENDERS

TONY JAMES (EMUFORA) is on a visit to the USA with GULF BREEZE and AREA 51, NEVADA on his venue. Please inform his next-of-kin if he doesn't return! If he does, he can give us a talk!

THE UFO MAGAZINE (Quest Intl.) July/August issue, casts doubts on its credibility as a carefully researched UFO magazine. On pages 6/7 it publishes that 'old chestnut' of a photograph showing a flight of Japanese Mitsubishi "Karigane" aircraft, complete with dubious 'blobs' in the background, under the heading "Foo Fighter Photographed During World War Two By Allied Pilots."

FLYING SAUCER REVIEW regularly publishes new UFO cases and thought provoking articles quarterly: FSR Publications, P.O. Box 162, High Wycombe, Bucks. HP13 5DZ. £15 p.a.

MOTHER SHIPTON'S PROPHECIES were made some 500 years ago, they included "A carriage without a horse shall go", "Around the world men's thoughts shall fly, as quick as the twinkling of an eye", "In the air, men shall be seen, in white, in black, as well as green", "England and France shall be as one, The British olive next shall twine, in marriage with the German vine", "For those who live the century through (20th), In fear and trembling this will do. Flee to the mountains and the dens. To bog and forest and wild fens-For storms will rage and oceans roar. Old worlds shall die and new be born." *see p.6. Bob Dean.

Omar Fowler gave a UFO talk to the Derby and District Star Trek Association at Derby University on 23rd September. High tech' presentation and plenty of interest from D.A.D.S.T.A.

THE NEW ROSWELL FILM was shown to PRA members at the last meeting. Anyone who missed it please contact the Editor. The U.S. Air Force now claim it was the remains of a "Project Mogul" high altitude balloon. (The Times: 19/9/94).

NEXT MEETING

Will be held at the Stanley Club, Stanley Common (A609)
