**CONSPIRACY UPDATE**

---

**O**UR LAST ISSUE dealt with the classics of conspiracy theory, which traditionally form a starting point for enquiries of this kind, researches which the seeker after truth finds increasingly frustrating.

Very often details of apparent revelations rest solely upon the word of a single witness, for which validation must be sought among a welter of possible cross-correspondences, which may or may not be mere coincidences. Such fishing in waters muddied intentionally by the official dispensers of disinformation requires both patience and a degree of open-mindedness, a willingness to consider everything while accepting initially nothing.

Do aliens have underground or undersea bases on our planet from which they operate in collusion with national governments? Are all UFO abductions what they seem to be or are some used as a cover by intelligence services? Is there any significance in the fact that so many ufological whistle blowers, like US Congressman Steven Schiff, subsequently die of cancer?

These and similar questions form the shifting and often tantalising bases whence conspiracy theories are derived. Witness evidence is offered, sufficiently startling to trigger headlines in the tabloid press, but which turns out to be impossible to substantiate and so is duly rubbished by "official scientists" permanently on stand-by for such duties. Any truth the original story may have contained is thus conveniently and intentionally buried along with the trash.

*But the truth is out there .....somewhere!*

# THE DULCE BASE

by Jason Bishop III

=====

THE FOLLOWING MATERIAL COMES FROM PEOPLE WHO KNOW THE DULCE (UNDERGROUND) BASE EXISTS. THEY ARE PEOPLE WHO WORKED IN THE LABS; ABDUCTEES TAKEN TO THE BASE PEOPLE WHO ASSISTED IN THE CONSTRUCTION; INTELLIGENCE PERSONNEL (NSA, CIA, FBI ETC. AND UFO / INNER-EARTH RESEARCHERS.

THIS INFORMATION IS MEANT FOR THOSE WHO ARE SERIOUSLY INTERESTED IN THE DULCE BASE. FOR YOUR OWN PROTECTION BE ADVISED TO "USE CAUTION" WHILE INVESTIGATING THIS COMPLEX.

## AN ONGOING INVESTIGATION:

This facility is a "GENETICS LAB" and is connected to Los Alamos, via a "Tube-Shuttle." Part of their research is related to the General Effects of Radiation (Mutations and Human Genetics). Its research also includes other "Intelligent Species" (Alien Biological Life Form "Entities"). In the revised September 1950 edition of "THE EFFECTS OF ATOMIC WEAPONS" prepared for and in co-operation with the U.S. Department of Defense and the U.S. Atomic Energy Commission, under the direction of the Los Alamos Scientific Laboratory, we read about how "complete Underground placement of Bases is desirable". On page #381: "There are apparently no fundamental difficulties in construction and operating Underground various types of important Facilities. Such facilities may be placed in a suitable existing mine or a site may be excavated for the purpose".

Centuries ago, Surface People (some say the Illuminati) entered into a pact with an "Alien Nation" hidden within the Earth). The U.S. Government, in 1933, agreed to trade Animals and Humans in exchange for High Tech Knowledge, and allow them to use (undisturbed) UNDERGROUND BASES, in the Western USA. A Special Group was formed to deal with the Alien Beings. In the 1940's, "Alien Life Forms (ALF)" began shifting their focus of operations, from Central and South America, to the USA.

## WHOSE PLANET IS THIS?

These Aliens consider themselves "Native Terrans" (native to Earth). They are an Ancient Race (descending from a Reptilian Humanoid Species which cross-bred with Sapient Humans). They are untrustworthy manipulative Mercenary Agents for another Extraterrestrial Culture (The DRACO), who are returning to Earth (their ancient "Outpost") to use it as a staging area. But, these Alien Cultures are in conflict over whose agenda will be followed for this Planet. All the while Mental Control is being used to keep Humans "in place", especially since the Forties. The DULCE Complex is a Joint US Government / Alien Base. It was the first built with the Aliens (others are in Colorado, NV, AZ, etc.)

## THE SECRET "ACTIVITY"

Paul Benewitz reports, about his study into the Dulce area; "Troops went in and out of there every summer, starting in '47. The natives do recall that. They also built a road - right in front of the people of Dulce and trucks went in and out for a long period. That Road was later blocked and destroyed.. The signs on the trucks were 'Smith' Corp. out of Paragosa Springs, Colorado. No such corporation exists now ..... no record exists.....I believe the Base - at least the first one was being built then under the cover of a lumbering project.... problem - they NEVER hauled logs. Only BIG Equipment".

## R&D AND THE MILITARY INDUSTRIAL COMPLEX

THE RAND CORP. became involved and did a study, for the Base. Most of the lakes near Dulce were made, via Government grants 'for' the Indians. NAVAJO DAM is the main source for conventional electrical power, with a second source in EL VADO (also, an entrance). On page #645 of The PROJECT RAND, proceedings of the DEEP UNDERGROUND CONSTRUCTION SYMPOSIUM (March 1959) we read: "Just as airplanes, ships and automobiles have given man mastery of the surface of the Earth, Tunnel-Boring Machines... will give him access to the Subterranean World". Note: The Sept. 1983 issue of "OMNI" (pg#80) has a color drawing of "THE SUBTERRENE", the Los Alamos nuclear-powered tunnel machine that burrows through the rock, deep underground, by heating whatever stone it encounters into molten rock (magma), which cools after the SUBTERRENE has moved on.

These underground tubes are used by electro-magnetically powered "Sub-shuttle vehicles", which can travel at great speeds. They connect the "Hidden Empire" Sub-City Complexes. Also, the top-secret project code-named: "NOAH's ARK", uses "TUBE-SHUTTLES" in connection with a system of over 100 'Bunkers' and 'Bolt Holes' which have been established at various places on Earth, with other Bases inside the Moon and Mars. Many of these underground Cities are complete with streets, sidewalks, lakes, small electric cars, apartments, offices and shopping malls. There were over 650 attendees to the 1959 RAND Symposium. Most were representatives of the Corporate-Industrial State.

BECHTEL (pronounced BECK-tul) is a super-secret international corporate octopus, founded in 1898. Some say the firm is really a "SHADOW GOVERNMENT" - a working arm of the CIA. It is the largest construction and engineering outfit, in the USA and the WORLD (and some say BEYOND). The most important posts in the US Government are held by former BECHTEL Officers. They are part of "The WEB" (an interconnected control system) which links the Tri-Lateralist plans, the C.F.R. the Orders of "Illuminism" (Cult of the All-Seeing Eye) and other interlocking groups.

## SURVIVING THE FUTURE

The DULCE FACILITY consists of a Central "HUB", the Security Section, (also some photo labs). The deeper you go, the stronger the Security. This is a multi-leveled Complex. There are over 3000 cameras at various High-Security locations (exits and Labs). There are over 100 Secret Exits near and around Dulce. Many around Archuleta Mesa, others to the south around Dulce Lake and even as far east as Lindrith. Deep sections of the Complex connect into natural Cavern Systems. A person who worked at the Base, who had an "ULTRA 7" Clearance, reports: "There may be more than seven levels, but I only know of seven. Most of the Aliens are on 5-6-7 Levels. Alien housing is Level Five.

## 21st CENTURY POWER: "BIO-TECH"

We are leaving the Era of expendable resources, like Oil based products. The Power of the Future is renewable resources... "Biologically" Engineered. The Dulce Genetic Research was originally funded under the cloak of "BLACK BUDGET" Secrecy. (Billions \$\$\$\$)

They were interested in intelligent "Disposable Biology" (Humanoids), to do the dangerous Atomic (Plutonium) Rocket and Saucer experiments. We Cloned "our" own little Humanoids, via a process perfected in the Bio-Genetic Research Center of the World, Los Alamos! Now we have our own disposable slave-race. Like the Alien "Greys" (EBES), the US Government clandestinely impregnated females, then removed the hybrid fetus, (after three months) and then accelerated their growth in the Lab. Biogenetic (DNA Manipulation) programming is then instilled - they are "Implanted" and controlled at a distance through RF (Radio Frequency) transmissions. Many Humans are also being "Implanted" with Brain Transceivers. These act as telepathic "Channels" and telemetric brain manipulation devices. The network-net was set-up by DARPA (Advanced Research Project Agency). Two of the procedures were, RHIC (Radio-Hypnotic Intercerebral Control) and EDOM (Electronic Dissolution of

Memory). The brain transceiver is inserted into the head through the nose. These devices are used in the Soviet Union and the United States, as well as Sweden. The Swedish Prime Minister Palme gave the National Swedish Police Board the right (in 1973) to insert brain transmitters into the heads of human beings COVERTLY!

They also developed ELF and EM wave propagation equipment (RAYS) which affect the nerves and can cause nausea, fatigue, irritability, even death. This is essentially the same as Richard Shaver's Cavern "Telaug" Mech. This research into bio-dynamic relationships within organisms ("BIOLOGICAL PLASMA") has produced a RAY that can change the "genetic structure".

#### WARNING: MANIPULATION AND CONTROL

FEAR, FRAUD AND FAVOR... The Pentagon, the CIA, NSA, DEA, FBI, NSC etc. seek to capitalize on the Beliefs of the American Public. The Secret Government is getting ready to 'stage' a Contact-Landing with "ALIENS" in the near future. This way they can 'CONTROL' the release of Alien related Propaganda. We will be told of an Inter-Stellar Conflict. But... what looks real, may be "FAKE". What is disinformation? Is your attention being diverted by the Strategy of a "SHADOW PLAN"?

#### COVERT RESEARCH

As US Energy Secretary, John Herrington named the Lawrence Berkeley Laboratory and New Mexico's Los Alamos National Laboratory to house new advanced genetic research centers as part of a Project to decipher the Human Genome. The Genome holds the genetically coded instructions that guide the transformation of a single cell - a fertilized egg - into a Biological Being. "The Human Genome Project may well have the greatest direct impact on humanity of any scientific initiative before us today", said David Shirley, Director of the Berkeley Laboratory. Covertly, this research has been going on for years, at DULCE LABS. Level #6 is privately called "NIGHT-MARE HALL", it holds the Genetic Labs. Reports from workers who have seen bizarre experimentation, are as follows: "I have seen multi-legged 'humans' that look like half-human /half-octopus. Also Reptilian-humans, and furry creatures that have hands like humans and cries like a baby, it mimics human words... also huge mixture of Lizard-humans in cages". There are fish, seals, birds and mice that can barely be considered those species. There are several cages (and vats) of Winged-humanoids, grotesque Bat-like creatures...but 3 1/2 to 7 feet tall. Gargoyle-like beings and DRACO-reptoids.

Level #7 is worse, row after row of thousands of humans and human mixtures in cold storage. Here too are embryo storage vats of Humanoids in various stages of development. "I frequently encountered humans in cages, usually dazed or drugged, but sometimes they cried and begged for help. We were told they were hopelessly insane, and involved in high risk drug tests to cure insanity. We were told to never try to speak to them at all. At the beginning we believed that story.

Finally in 1978 a small group of workers discovered the truth. It began the Dulce Wars". (and a secret resistance Unit was formed) Note: There are over 18,000 "Aliens" at the Dulce Base. In late 1979, there was a confrontation (over weapons), a lot of Scientists and Military personnel were KILLED. The Base was closed for a while....But, it IS currently active. Note: Human and animal abductions (for their Blood and other parts) slowed in the mid-1980's, when the Livermore Berkeley Labs began production of artificial blood for Dulce. It has been stated that :

"A clash occurred where in 66 people, of our people, from the National Recon Group, the DELTA group, which is responsible for Security of all Alien connected Projects, were killed." The DELTA Group (within Intelligence Support Activity) have been seen with badges which have a black Triangle on a red background. DELTA is the fourth letter of the Greek alphabet. It has the form of a triangle, and figures prominently in certain Masonic Signs. \*EACH BASE HAS ITS OWN SYMBOL. The DULCE Base symbol is a triangle with the Greek letter "Tau") within it and then the symbol is inverted, so the triangle points down. \* The Insignia of "a triangle and 3 lateral

lines" has been seen on "Saucer (transport) Craft", The Tri-Lateral Symbol. \* Other symbols mark landing sites and Alien Craft. Note : Look for connections to "FRACTALS", also.

## INSIDE THE DULCE BASE

Security Officers wear jump suits, with the Dulce Symbol on the front upper left side. The standard hand weapon, at Dulce is a "Flash Gun", which is good against Humans and Aliens. The ID card (used in card slots, for the doors and elevators) has the Dulce Symbol above the ID photo. "Government Honchos" use cards with the Great Seal of the U.S. on it. "The Cult of the All-Seeing Eye" (THE NEW WORLD ORDER) 13, "666" The Phoenix Empire....."9" "Illuminism"... "One out of many".

After the Second Level, everyone is weighed, in the nude, then given a Uniform. "Visitors" are given an 'off white' uniform. In front of ALL sensitive areas are scales built under the doorway, by the door control. The persons card must match with the weight and code or the door won't open. Any discrepancy in weight (any change over three pounds) will summon Security. No one is allowed to carry anything into or out of sensitive areas. All supplies are put through a Security conveyor system. The Alien Symbol language appears a lot at the Facility.

During the construction of the Facility (which was done in stages, over many years) the Aliens assisted in the Design and Construction materials. Many of the things assembled by the workers, were of a Technology they could not understand, yet...it would function when fully put together. Example: The elevators have no cables. They are controlled magnetically. The Magnetic system is inside the walls.

There are no conventional electrical controls. All is controlled by advanced Magnetics. That includes a magnetically induced (phosphorescent ) Illumination System. There are no regular light bulbs. All EXITS are magnetically controlled. Note: it has been reported that, "If you place a large magnet at an entrance, it will affect an immediate interruption. They will have to come out and reset the system."

## THE TOWN OF DULCE

The area around Dulce has had a high number of reported Animal Mutilations. The Government and the Aliens used the animals for Environmental tests, Psychological Warfare on people, etc. The Aliens also wanted large amounts of Blood for Genetic, Nutritional and other reasons.

In the book, "ET's & UFO's - THEY NEED US, WE DON'T NEED THEM" by Virgil "Posty" Armstrong, he reports how his friends (Bob & Sharon) stopped for the night in Dulce and went out to dinner. "They overheard some local residents openly and vociferously discussing Extraterrestrial Abduction of townspeople for purposes of experimentation." The ET's were taking unwilling human guinea pigs from the general populace of Dulce and Implanting Devices in their heads and bodies. The townspeople were frightened and angry but didn't feel that they had any recourse since the ET's had our Government's knowledge and approval.

Recently, participants in a "field investigation" of the area near Archuletta Mesa, were confronted by two small hovering 'Spheres'. They all became suddenly ill and had to leave the area.

## "THE MONITORS": ABDUCTIONS

In the Fifties, the EBES (Greys) began taking large numbers of humans for experiments. By the Sixties, the rate was speeded up and they began getting careless (they didn't care). By the Seventies, their true colors were very obvious, but the "Special Group" of the Government still kept covering up for them. By the Eighties, the Government realized there was no defense against the "Greys". So... programs were enacted to prepare the Public for open contact with non-human "Alien" Beings.

The "Greys" and the "Reptoids" are in league with each other. But, their relationship is

in a state of tension. The "Greys" only known enemy is the Reptilian Race, and they are on their way to EARTH. Fleets will arrive in 1999 and 2012. Some forces, in the Government, want the Public to be aware of what is happening. Other forces (The Collaborators) want to continue making "whatever deals are necessary" for an Elite few to survive the conflicts. The Future could bring a Fascist "WORLD ORDER" or a transformation of Human Consciousness (Awareness). The struggle is NOW...your active assistance is needed. Prepare! We must preserve Humanity on Earth.

## MIND MANIPULATION EXPERIMENTS

The DULCE Base has studied Mind Control Implants, Bio-Psi Units, ELF Devices capable of Mood, Sleep and Heartbeat Control, etc, etc. D.A.R.P.A. (Defense Advanced Research Projects Agency) is using these Technologies to manipulate people. They establish 'The Projects', set priorities, coordinate efforts and guide the many participants in these undertakings.

The studies on LEVEL #4, at DULCE, includes Human-Aura research, as well as all aspects of Dreams, Hypnosis, Telepathy, etc. They know how to manipulate the BIOPLASMIC BODY (of Man). They can lower your heart beat, with Deep Sleep "DELTA WAVES", induce a static shock, then re-program via a Brain-Computer Link. They can introduce data and programmed reactions into your Mind (Information impregnation - the "Dream Library". We are entering an ERA of the Technologicalization of Psychic Powers. The development of techniques to enhance man/machine communications, Nano-Tech, Bio-Tech Micro-Machines, PSI-War, E.D.O.M. (Electronic Dissolution of Memory), R.H.I.C. (Radio-Hypnotic Intra-Cerebral Control) and various forms of behavior control (Via-Chemical Agents, Ultra-Sonics, Optical and other forms of EM Radiation). The Physics of "Consciousness."

## BETTER LIVING THROUGH BIO-TECH???

The development of "BIO-TECHNOLOGIES" will mean a revolutionary change in the Life of every Human Being now on Earth! We have passed the point of no return in our interaction with the "Alien" Beings. We are guaranteed "A Crisis" which will persist until the final REVELATION (or conflict).

The crisis is here. Global and real. We must mitigate or transform the nature of the disasters to come and come they will. Knowing is half the battle. Read the book, "THE COSMIC CONSPIRACY" by Stan Deyo. Senator BRIAN (Nevada) knows about the "ULTRA" Secrets at "DREAMLAND" and Dulce. So do many others in the Government...this is what the UFO Researchers are up against.... so BE CAREFUL...they have KILLED to keep this info Secret. You now know more than they want you to know.

They also have underwater Bases off the coast of Florida and Peru. More detailed information will be released in the near future, photos, video tapes, documents, etc. Watch out for AGENTS among you now. In the 1930's, "DIVISION FIVE" of the FBI knew about the "Aliens". A Fascist cabal, within this country, had John Kennedy assassinated. Look to the links, within the larger Umbrella... the "WEB" of a fascist totalitarian secret police state...within the Pentagon, Joint Chiefs of Staff, DIA, FBI (Division Five), DISC/DIS and the CIA. Note: The DEFENSE INVESTIGATIVE SERVICES Insignia is a composite of the Sun's Rays, a ROSE, and a Dagger, symbolizing "The Search for Information, Trustworthiness and Danger". Other links are Nazi scientists (who had contact with the "Aliens"), the S.S., Satanists, Permidex, Exxon, the Mafia, NBC, etc, etc. This links with Caves used for "Initiation Rites" (all over the world)...ancient Vaults, Retreats, Alien Bases, and INNER-EARTH CIVILIZATIONS.

MORE ON THE DULCE BASE..... The genetics base (underground) co-run by the US government and the Greys is near Dulce, New Mexico, just below the NM-CO border. It is VERY dangerous to go exploring there, cause if you're caught, you'll likely get a 1 way ticket to the base. One level is called Nightmare Hall where the Greys are doing hideous experiments. You should read Matrix II by Valdemar Valerian if you really want to be shocked.

## AN INTERVIEW WITH JACQUES VALLEE

by Daniel Blair Stewart  
-----

DBS: What aspects, data, or questions about UFO phenomena are not being addressed by the community of investigators and researchers?

Jacques Vallee: To begin with, many aspects of UFO sightings have to do with the paranormal; yet psychic phenomena, paranormal phenomena have been consistently pushed under the rug by most UFO investigators. That is due in part to the fact that witnesses tell you such things only after you have gained their trust. But very often they are a challenge to the beliefs or the world view of the investigators. They may not be ready to hear it or they may not publish it because they think it would damage their credibility. And since they are in the business of giving credibility to the subject they don't want to reveal the paranormal aspects of it. Every genuine UFO sighting has some elements that are shocking to the "rational" view, the nuts-and-bolts picture that these are simply spacecraft from outer space.

Another aspect of your question is that for a long time the ufologists have been blind to the fact that the phenomenon can be manipulated. In particular it can be manipulated by the government, by various intelligence groups or by different cults with their own agenda. I published over ten years ago in "Messengers of Deception" my conclusion that many of the UFO organizations had been infiltrated. That book got me in a lot of trouble with my friends in the UFO community who refused to look at that particular problem.

Since then, of course, this observation has been vindicated. One government informant has even come forward to reveal that he, in fact, had been recruited to befriend various ufologists and to write psychological profiles of them. Every UFO organization is monitored by government informers.

DBS: A lot of investigators have pointed out that UFOs behave like holograms. I've heard the phrase "a hologram with mass" more than once.

JV: In many cases they behaved like a hologram that had mass. In other words, if a hologram could also interact with the environment, if it could put holes in the ground and burn the vegetation, you'd have a good approximation of what the UFO is. In other words, it is not an object like that car over there is an object. It looks like a car, it feels like a car, but it isn't a car. It's something totally different which can look like a car if it wants to. To a large extent we know how to do that! We have devices that could produce something that would look like that car and you wouldn't be able to tell the difference, including shadows reflecting on it as objects go by. This is today's technology; not 1950s or 1960s technology, but it certainly is 1990s technology. But it still would not have mass. The UFOs do have mass. They leave imprints in the ground, they interact with the environment, so that's where the analogy stops.

DBS: Tell us your objections to the extraterrestrial hypothesis as the explanation for UFOs.

JV: If we had done this interview 20 years ago I would have told you the best theory we have is that this is extraterrestrial. We do know that UFOs are a physical phenomenon, they offer us an opportunity to do some good science, and they seem to come from the sky. We have the capability to go to the moon and very soon to go to other planets. I do believe that there is life throughout this Universe. So why couldn't "they" come here? In the last 20 years we've learned a lot of new things about this phenomenon that contradicts the idea that it is extraterrestrial. We have too many Close Encounters. The extraterrestrial theory on the first level assumes that these are explorers on a mission. They are supposed to have evolved on some other planet and are coming here. But if they have to study us by landing 100,000 times, they have to be very dumb! That's approximately the volume of data we have on Close Encounters reports today. If you were to take into account that those tend

to occur at night when there are fewer observers, if you extrapolate you would actually get into millions of landings.

Now, it wouldn't take us millions of landings if there was a civilization on Mars we wanted to study. With something the size of a beer keg in orbit we could get most of the things we needed to know about them, especially if they'd been broadcasting "I Love Lucy" into space for so many years! Then we'd want to land to check some things and get actual samples. We'd land maybe a few dozen times, maybe a few hundred times, but we wouldn't need millions of landings. So that aspect of it is a contradiction with the idea that it's an extraterrestrial mission. The second contradiction is the shape of the beings. They are uniformly humanoid in shape, somewhat bizarre and weird. They are described as having big eyes and being short with longer arms and so on, but still they have two legs, two arms. They have a torso and eyes that are adapted to exactly the same part of the spectrum as we are. They don't walk around with goggles or strange devices on their eyes. They seem to hear what we hear; they seem to be breathing our air. That means they're human or very close to human beings! It's very unlikely that beings evolving on radically different planets would end up looking like us, breathing our air, seeing the same part of the spectrum that we see. I think the biological statistics are against it.

So you can say, "Well, they are so smart they are using biogenetic engineering to adapt to this planet and its gravity." But then why don't they just create complete human beings? If you can go 99% of the way, why not 100%, and then you'd be completely undetectable? So I think that's a serious obstacle to the ET theory.

Another argument is that this is not a recent phenomenon. It is a phenomenon that has existed, as far as we can tell, throughout history in one form or another. Without going back to Ezekiel or to Medieval folklore, we do have excellent UFO report records from 1897. I personally have a number of sightings that living people whom I actually met with and interviewed have told me about that they were witnesses of in the twenties and thirties.

So this certainly invalidates the idea that we're dealing with a civilization that has just discovered us and is coming here now. UFOs seem to have been a part of our environment for a very long time, perhaps as long as man has existed.

Another problem with the extraterrestrial hypothesis is the behaviour of these beings. The mainstream of ufology today claims that these are wise explorers of the galaxy who are coming here to study us and the proof of that is what they do. In abductions, for example, they take away human beings. They seem to carry them inside a craft and they draw blood from them. They take samples from them, such as sperm and ova and these look like biological experiments to people like Budd Hopkins and his followers.

Well, I think it proves entirely the opposite thing, because the descriptions that are given of the medical examinations are crude to the point of being absurd. If you had this technology, disc-shaped vehicles that could fly silently and appear out of nowhere, paralyse people and remain unnoticed; if you wanted to, you could land on the roof of the Mayo Clinic or any large research hospital and you'd have access to the blood bank, the sperm bank, the frozen embryo banks. Another thing that has been swept under the rug by UFOLOGISTS, which is yet another argument against the extraterrestrial hypothesis, is that these objects change shape. In other words, they are not always discs or eggs or cigars. They change shape dynamically.

This shows something rather remarkable about the phenomenon. If it changes shape, if it can appear out of nowhere and disappear into nowhere, this is not just a bunch of spacecraft. This is a much more interesting technology that manipulates dimensions. It manipulates space-time. And if it can do that, then it can be from anywhere and anytime.

DBS: Where are they coming from, if not from outer space?

JV: Let me try to separate what I think I can prove from personal speculation. I would feel comfortable standing up in front of a scientific committee and I think I could argue convincingly that the UFO phenomenon is a real, unrecognized phenomenon; that it is physical and that it can manipulate space and time in ways that we don't understand. Beyond that, my own personal speculation which I could not prove is that the phenomenon represents a form of consciousness that is nonhuman. There's a big distinction here. A lot of

people might agree that there are unrecognized phenomena in nature, but wouldn't necessarily agree that they are conscious even though they are nonhuman. If UFOs represent a form of consciousness then obviously it could originate in outer space, but not with the first level, nuts-and-bolts extraterrestrial hypothesis. It would have to be a lot more sophisticated than that. There could be a form of consciousness out in space that can manipulate dimensions. But it could just as easily be here on earth. It could be using the Earth as its home port. It could also be tied to human consciousness. The Collective Unconscious could be doing this to us, projecting images that are important during the current crisis we are going through. It could also come from a form of creature that has always lived on Earth with us and is not an alien consciousness, in the sense that we usually think of aliens.

This goes back to the traditions about the faeries and gnomes and Little People: what I have called the Magonia tradition, that in fact there is another Universe right here. Perhaps most of us just don't see it, but it's here. When I started "Passport to Magonia", I gathered all the old books about the faeries and the Good People, the Good Neighbours. This is a wonderful body of literature. These beings did approximately what the UFO beings do today. They would fly at night in strange cone-shaped luminous craft, they would abduct human beings, they even had little pins that would paralyse you. This is centuries ago, okay? And it matches reports from people who see UFOs today.

DBS: Do you think our awareness of UFOs has been detrimental or beneficial?  
JV: In "Confrontations" we report on a trip Janine and I took to Brazil where there seemed to be evidence of UFO hostility. Objects would literally zap people with beams. In several cases it seemed that it killed them. It certainly injured them. We couldn't really prove a direct cause-and effect relationship in the cases of death, but there was a cause-and-effect relationship in the cases of injuries. People were, in fact, injured by those beams. The phenomenon really doesn't seem to care at all whether it's perceived as good or bad. It does seem to have an influence on our culture, but we may not be able to detect it because our view of it is so short. Historically, we're only aware of things for a few months or a few years. We don't tend to get the big picture of contemporary events. If we did, the science of economics would be in much better shape than it is! It is very difficult for us to deal both with transient and slow changing, long-term thing like the UFO phenomenon. It seems to be a control system. If it is a control system, then it affects our culture. We probably would be unable to detect whether it is doing good or bad to us. In fact, it may be beyond the level at which humans would define good and evil.

DBS: Many books depict the UFO phenomenon as benevolent and peaceful. Your descriptions of UFOs in "Confrontations" make it appear sinister. How would you account for this discrepancy?

JV: I can understand why the expectation has grown that this could be helpful and benevolent. It's a very complex, unexplained phenomenon and we always tend to project our own human fantasies into every such thing that comes along. It would be nice if somebody came down from the sky and told us how to stop wars and how to cure cancer. Unfortunately the phenomenon itself, when you look at it objectively, doesn't seem to care about us at all. It seems to be benevolent in some cases and hostile or at least harmful in other cases. When people get in the way they get zapped.

I think UFOs are a special case that forces us to question what we call reality. In Close Encounter cases there is a point at which the witness seems to enter a different reality. There is an English researcher named Jenny Randles who calls this "the Oz factor." There is a point where all of a sudden reality has split and the reality of the observer has been replaced by another reality. If we could measure that, if we could instrument the witness, we might be able to learn about what we call physical reality.

## EVIDENCE FOR MILITARY KIDNAPPINGS OF ALLEGED UFO ABDUCTEES

Preliminary findings of Project-MILAB:

by Helmut Lammer Ph.D.

### I. Introduction

UFO-abductions are generally a very strange and complex phenomenon. For sceptics, journalists and the public it is hard to believe that abductions by alien beings have their basis in physical reality. Reports of alien beings entering bedrooms through walls, levitating abductees through closed windows into a waiting craft, are hard to believe for the open minded researcher too. However, well respected researchers have shown that the core of the UFO-abduction phenomena cannot be explained psychologically, as hallucinations or mass delusions.

[1]. The passing decades of abduction research brought other changes. Recently some UFO-abductees told that they were also being kidnapped by military/intelligence personnel (MILAB) and taken to hospitals and/or military ground/underground facilities.

Not many of the popular books on the subject of UFO-abductions mentioned these experiences. Especially disconcerting are the facts that abductees recalled seeing military/intelligence personnel together with alien beings working side by side in these secret facilities. The presence of human military and/or civilian personnel inhabiting the same physical reality as the alien beings exceeds the mindsets of the sceptics and the open minded researchers by several orders of magnitude. The sceptics would rather believe that stories of aliens and military personnel in governmental underground facilities are fabrications designed to elicit attention from conspiracy believers or as hallucinations in general.

Researchers in the field of mind control suggest that these cases are an evidence that the whole UFO-abduction phenomenon is staged by the intelligence community as a cover of their illegal experiments.

[2]. The open minded researchers who fight for a reputation in abduction research ignore these stories, since they represent only a minor fraction in their files..

[3]. I think that abduction cases where the abductee reports that he/she was abducted by the military too, are very important for two reasons:

1.) If the UFO-community has evidence that a covert military/intelligence task force is involved in the UFO-abduction phenomenon, we would know that this phenomenon represents a matter of national security.

2.) The alleged military involvement in the abduction phenomenon could be evidence that they use abductees for mind control experiments, as test-targets for microwave weapons, or they monitor abductees and kidnap them too, for information gathering purposes during a UFO-abduction experience.

If one of these points are correct, one can expect to run into early resistance when proposing congressional hearings about UFOs.

For these reasons I started Project-MILAB and present in this article preliminary findings of this study. MILAB is the acronym for Military Abductions of alleged UFO abductees. I reviewed the relevant literature, contacted UFO and mind control researchers, MILAB-abductees and mind control victims all over the world and compared my findings with the comprehensive UFO-Abduction Study of Dr. Thomas Bullard, the MUFON-Transcription-Project, and the MIT-Abduction Proceedings.

### II. Helicopter activity in connection with MILABs

My study indicates that generally MILAB-abductees are harassed by dark unmarked helicopters around their houses. The mysterious helicopter activity goes back to the late sixties, early seventies, where they showed an interest in animal mutilations but not for alleged UFO-abductees. However, well known researcher Raymond E. Fowler reports mysterious helicopter activity in connection with UFO-witnesses during the seventies. Dr. Thomas Bullard compared 270 UFO-abduction cases worldwide during 1868 and 1984 while the majority of these cases occurred during the seventies and early eighties. There are only four abduction cases in Dr. Bullard's study where the abductees saw helicopters over or near their houses. Among these cases is the well investigated Betty Andreasson/Luca abduction. It is important to note that these helicopter cases occurred in North America, three of them in the USA and one in Canada. There were sightings of mysterious helicopters in England during the seventies but not in connection with animal mutilations or UFO-abductions.

I found that the helicopter activity in connection with UFO-abductions has a trend to increase, from the eighties up to the present. Dan Wright has presently ten cases in the MUFON Transcription Project-files where helicopters were seen flying in the area of the abductee's home within hours of an alleged UFO-abduction. On average many abduction researchers in North America have about three helicopter cases in connection with UFO-abductions in their files. It appears to me that this is a North American phenomenon, since none of the contacted researchers in Australia, Africa, Europe and South America have well investigated abduction cases in connection with alleged helicopter activity.

Well known abductees like the before mentioned Betty Andreasson/Luca, or Debby Jordan, Kathy Mitchell, Whitley Strieber, Leah Haley, Katharina Wilson, Beth Collins and Anna Jamerson and many more were harassed by these phantom helicopters. It is not justified to suggest that these helicopters represent the black cadillacs of the Men in Black (MIB) during the nineties, since some abductees have photos of them and they were also seen by witnesses who have nothing to do with the UFO-phenomenon. It seems to be a fact that these unmarked helicopters operate for a secret military/intelligence task force, while the MIB-phenomenon seems to be of paranormal origin and related to the UFO-phenomenon.

Let us summarize the helicopter topic in five points:

- 1.) The helicopter mystery starts during the late sixties, early seventies in connection with animal mutilations.
- 2.) During these times the agenda behind the helicopters showed a minor interest on UFO-abductees.
- 3.) The helicopters began to increase their interest in UFO abductees during the eighties up to the present, but were also reported near animal mutilation sites and other areas in northern America.
- 4.) At present, many North American abduction researchers have some cases in their files.
- 5.) There were reports of phantom helicopter activity in England during the seventies, but it seems that their interest in animal mutilations and abductees is limited to North America.

III. Alleged kidnappings by military/intelligence personnel. Most abductees report the involvement of military/intelligence personnel after the helicopters began to appear.

Debby Jordan reports, for instance, in a side note of her book Abducted! that she was stunned from an alleged friend and brought to a kind of hospital where she was examined by a medical doctor, who removed an implant from her ear! The abduction experiences of Leah Haley and Katharina Wilson are full of MILAB encounters. Some of Katharina Wilson's experiences are comparable with mind control experiments. She experienced a flashback from her childhood where she remembers to be in a hospital where she was forced into a Skinner Box-like container which was possibly used for behaviour modification experiments. Therefore, Katharina Wilson published an excellent article on her Web-page with the title: Are Some Alien Abductions Government Mind Control Experiments?

Beth Collins and Anna Jamerson included hypnosis transcripts of an abduction by human military people in their book Connections and the late Dr. Karla Turner investigated MILABs in her books Into the Fringe and Taken: Inside the Alien-Human Abduction Agenda.

A worldwide survey revealed that most North American abduction researchers have on average 2-5 MILAB cases in their files. At present, it seems to me that there are no UFO-related MILABs in Australia, South America, Africa, Europe, England, Ireland. By comparing typical UFO-abduction scenarios as described in Dan Wright's MUFON-Transcription-Project with 10 well investigated MILAB victims (Casey Turner, Katharina Wilson, Leah Haley, Debby Jordan, and Polly, Pat, Lisa, Beth, Angie, Amy (Casey and the six females with first names are pseudonyms and taken from Dr. Karla Turner's books, one finds some differences between abductions by alleged alien beings and military/intelligence personnel. MILABs involve the following elements:

Activity of dark unmarked helicopters, the appearance of strange vans or buses outside the houses of abductees, exposure to disorienting electromagnetic fields, drugging, transport with a helicopter, bus or truck to an unknown building or an underground military facility. Usually there are physical after effects, like grogginess and sometimes nausea after the kidnappings.

There is also a difference when the abductors appear. In most UFO-abduction cases, the beings appear through a closed window, wall, or the abductee feels a strange presence in the room. Most abductees report that they are paralysed from the mental power of the alien beings. At MILABs the abductee reports that the kidnappers give him or her a shot with a syringe. It is interesting, that MILAB-abductees report that they are examined from human doctors in rectangular rooms and not in round sterile rooms--as in descriptions of UFO-abductees. The described rooms, halls and furniture are similar to terrestrial hospital rooms, laboratories or research facilities and have nothing to do with UFO-furniture.

The examination is similar as during UFO-abductions: the MILAB victim is not paralysed but tied to an examination table or a gynaecological chair. Sometimes, the abductee gets a strong drink before an examination. This is perhaps a contrast-enhancing fluid. MILAB doctors are mostly dressed in white lab coats and show an interest in implants and/or gynaecological examinations. In some MILAB cases a military doctor allegedly searched for implants and sometimes implanted the abductee with a military device. Therefore, surgeons seeking alleged alien implants should also be prepared that they may find military devices too.

#### IV. Terrestrial implants

To date, more than 3 million animals worldwide have been successfully implanted with an implantable transponder manufactured by Destron-Fearing. The implantable transponder is a passive radio-frequency identification tag, designed to work in conjunction with a compatible radio-frequency ID reading system. The transponder is activated by a low-frequency radio signal, then it transmits the ID code to the reading system. The smallest transponder has about the size of an uncooked grain of rice. The transponder's tiny electronic circuit is energized by the low-power radio beam sent by a compatible reading device.

A similar bio-chip for humans was developed by Dr. Daniel Man in the USA. Dr. Man holds an US-patent for a homing device since 1989 that can be implanted in humans. He developed the implant for solving the missing children problem. This device is slightly larger than the Destron implant. Dr. Man's implant cannot simply be injected with a special syringe. Instead, a small surgical incision must be made for the implantation. It is important to note, that Dr. Man claims that the best location for his implant may be behind the ear. MILAB-abductees like Debby Jordan or Leah Haley reported that doctors removed implants from their ear! Dr. Man says that the device is powered by a small battery, which can be routinely charged with a device that is held outside the body near the location of the implant. Authorities would use three satellites or specially equipped helicopters if they want to find or monitor a person.

By using triangulation to follow the signal of the implant, satellites or the helicopters would pinpoint the implant's exact location. Before Dr. Man's device becomes available for use in humans in the USA, it will have to be approved by the US Food and Drug Administration.

An agency, interested in monitoring physiologic information of an abductee during an UFO-abduction experience would use biomedical telemetry. Biomedical telemetry is defined as a special area of biomedical instrumentation that permits transmission of physiologic information from an often inaccessible location to a remote monitoring site. The transmitting unit can be implanted within the subject's body. Animals have been monitored with biotelemetry for about 30 years. By using telemetric systems as a method of monitoring abductees, the military could obtain physiological data, such as respiration, muscle tension and the presence of adrenaline in the bloodstream.

However, research in observation and control of human behaviour and its possible use in rehabilitation and control was done since the sixties. National Security experts like Dr. Steven Metz and Dr. James Kievit predicted in their report The Revolution in Military Affairs and Conflict Short of War for the US Army War College, that in the near future every American at risk could be equipped with an electronic individual position locator device (IPLD). They suggested that such a device could be permanently implanted under the skin, with automatic remote activation either upon departure from the USA while passing through a security screening system at the airport, for example. The predictions of these national security experts resemble the plans of Dr. Joseph A. Meyer, a computer specialist of the National Security Agency (NSA). Dr. Meyer proposed in the seventies attaching transponders to Americans arrested for a crime. During the late fifties, early sixties neuroscientist Dr. Jose Delgado invented the stimoceiver, a electrode capable of receiving and transmitting electronic signals via FM radio waves. Such a device implanted in the brain via the sinus cavities for example, will act as a powerful stimulant when activated by FM radio waves. One can suggest that the stimoceiver has since been modified to receive stimulation from microwave pulses and is capable of wielding a surprising degree of control over the implanted victim's response mechanisms.

Implants were being used on unwitting persons as early as fifty years ago. One well documented case of the implantation of an electronic device into a victim is the case of Robert Naeslund. Mr. Naeslund claims that he was unwittingly implanted during an operation in Stockholm, Sweden. He has x-rays which show clearly a mushroom-shaped device in his brain. He claims that the operation was performed by Dr. Curt Strand, who inserted the device in his head through the right nasal passage. Interestingly, UFO-abductees report since the sixties how alien beings implanted them by placing small objects up their nose through the nasal passage and sinus cavity. The transnasal approach of implants is in common use in Neurosurgery! Robert Naeslund is not the only victim, he is now a researcher of Gruppen, an organization against illegal mind control experiments. Gruppen and other organizations like the Freedom of Thought Foundation have collected a lot of evidence that a secret implantation program is going on. These organizations are in contact with many victims all over the world who experienced similar effects as Naeslund but have nothing to do with the UFO-community.

#### V. Virtual Reality Scenarios and microwave hearing

It appears that some experiences of UFO-abductees and mind control victims may be explained by an advanced virtual reality technology. The late Dr. Karla Turner called these experiences Virtual Reality Scenarios (VRS). There are alleged mind control victims who claim that someone implants pictures in their brain. If someone has been implanted with an intracerebral device, then the implant operators may be able to implant electronically pictures and memories into the brain of the abductee. The New World Vistas was a major undertaking for the USAF Scientific Advisory Board (SAB). This military publication was published in June 1996 and is a forecast of possible military developments over the next 50 years. In this publication military scientists suggest that the development of electromagnetic energy sources, the output of which can be

pulsed, shaped, and focused, coupled with the human body in a fashion that will allow one to prevent voluntary muscular movements, control emotions and actions, produce sleep, transmit suggestions, interfere with both short-term and long-term memory, produce an experience set and delete an experience set. The military scientists argue that the concept of imprinting a virtual reality experience set is highly speculative, but nonetheless highly exciting. If such a technology was developed in secret and exists today the unexplainable vividness of some abduction accounts may be explained by the implantation of an experience set into the brain of an abductee.

### CHANGES FOR PEGASUS

On completion of this ninth volume of PEGASUS the editorial pen now passes to vice-chairman Paul Whitehead.

Besides his long-standing familiarity with the highways and byways of ufology, Paul is also a journalist by profession: SIGAP can therefore be sure that the standards PEGASUS tried to achieve as an intelligent and informative journal will henceforth be maintained and probably surpassed.

The administration and distribution of our journal will now be undertaken by co-vice-chairman Ian Wheatley, who also has responsibility for the organisation of meetings.

Your chairman will continue to act as treasurer and general adviser.

## STEVEN GREER AND CSETI

By Alex Heard

It's sundown on a cool may evening, and I'm cruising northwest out of Minneapolis in a five-vehicle caravan en route to a nighttime skywatch for UFOs. Suddenly, it happens. Dusk's glowy red peacefulness is shattered by the sight of a flashing, chrome-sided object zigzagging through space at terrifying speed.

Unfortunately, it's the car I'm trying to follow. The outing's leader, Steven M. Greer, an emergency physician from Asheville, North Carolina, ran late finishing his dinner, so our convoy was late getting started. We're supposed to be in place by nightfall, in a small parking lot that fronts a stand of pines, a dozen men and women gather flashlights, daypacks, folding chairs, and ground sheets, and then walk a half-mile down a sandy service road, trudging past a pond that throbs with night-critter noises. Shortly we arrive at a large, open field littered with dead scrub and slash and drop our equipment.

Greer is a well-built 37-year-old whose sturdy neck supports a simian head decorated with red-blond hair, a beard, and glasses: The overall impression is of a bookwormy, partially sheared Sasquatch. As we settle in he glances around, frowns and squints, then deems the spot ripe for sightings. Greer will theorize later that a "blacked out" UFO could be hovering in there. Since our goal tonight is nothing less than soliciting physical contact with extraterrestrials, I mull something he said earlier in the day, during a six-hour workshop on the ins and outs of ET etiquette. What will I do if the unimaginable happens and a rubbery, potbellied imp with a head the size of a butt roast comes skittering out of those trees? "This is a mutual dance," Greer advised, "but let them be the leading partners. Don't rush up and give them a hug. For all you know you'll crush them."

Here's something else to think about the next time you're lolling around a darkened campsite, staring into the night sky and wondering what might be out there. According to "Abduction: Human Encounters with Aliens", the controversial recent book by Harvard University psychiatry professor John E. Mack, hundreds of thousands of Americans believe they've been kidnapped by extraterrestrials at some point in their lives. Whatever one thinks of Dr. Mack--he's been hailed as a courageous maverick and pilloried for sloppy science--the key point is this: Consistent with most past testimony on the subject, the majority of his patients make it clear that Steven Spielberg got it all wrong in E.T. Far from being cuddly, crinkly Wee Pals, aliens are remembered by their terrorized victims as mantis-eyed meanies who carry footlong genital probes and razory scoops with which they extract tiny "dips" of human flesh--for use, it's often surmised, in unholy genetic experiments.

These days, the only people who think aliens deserve a hug are found in a different ring of the UFO big top. These are the so-called contactees, a label for New Age types who believe that aliens are essentially angels with a mission: to reach out to enlightened earthlings with promises of love, peace, and an impending golden dawn. Significantly, most contactees haven't actually met any aliens. These cozy messages tend to crackle in on the etheric shortwave via channelling, dreams, or telepathic mind-melds. The beings themselves are appealing, often depicted in baroque, conversion-van-art-style illustrations as blond, blue-eyed, and doe-beautiful. Basic contactee theology has it that if a critical mass of people put their faith in the aliens, they'll come on down, offering mankind a milky-palmed high five and putting a stop to war, nuclear proliferation, and environmental destruction.

You need to know these competing themes--aliens are among us and they're cruel; aliens are coming soon and they're as perky as the King Family Singers --because Greer has merged the most appealing elements of both into a bold new belief system, one that, as a bonus, has an active recreational component. In Greer's view aliens are physically here (as abductees would have it) but they're nice (as contactees say). In fact they're so responsive to open-minded humans that it's possible to venture out and call them in like a flock of jabbering, sociable mallards. He refers to such human-initiated contact with aliens as "a close encounter of the fifth kind," or CE-5. In 1990 Greer--whose interest in the topic dates back to his youth--founded a group dedicated to the CE-5 proposition. He called it the Center for the Study of Extraterrestrial Intelligence.

UFO skywatch clubs are nothing new--they've been around since flying saucers whooshed into the American consciousness with the first big wave of alleged sightings in 1947, kicked off by pilot Kenneth Arnold's famous report of metallic, disk-shaped objects flying near Mount Rainier, Washington. The CSETI difference is Greer's impatience with the traditional notion that we have to wait passively for them to show up. He believes we can prime the pump. Armed with a hardware cornucopia (high-power halogen lights, radar detectors, walkie-talkies, still and video cameras), Greer and his followers do exactly that, gathering at darkness-swaddled mountains, fields, and woods, where they beam photons and positive energy into the inky infinite. Much like any contactee, Greer has ascertained this in part through spiritual revelation. To augment what he jokingly calls his "left brain, anal-retentive, medical side," Greer for years has studied both Transcendental Meditation and the Baha'i religion. TM emphasizes that civilization advances

through quantum leaps in consciousness, while Bahaiism stresses the spiritual oneness of mankind.

Greer also claims to marshal a psychic power known among paranormal seekers as "remote viewing"--an ability to "see" distant events that are taking place simultaneously. And though he shies away from saying that he receives direct mental feeds on an intergalactic beeper, one former CSETIian says that Greer used to have her transcribe his microcassette recollections of "lucid dreams" in which he communicated with "a female entity" from outer space. Publicly, Greer sidesteps the issue, but he clearly hints that CSETIians receive mental nudges from far out in the cosmos, and that it's all being done for a reason.

"I think that we are being trained," he says. "This is my sense. I may be wrong. But I believe that somehow we are being thrown into a schoolhouse for the Earth."

At present the last goal is a distant dream: Global membership in CSETI stands at roughly 1,000, and that figure may be inflated. On the other hand, Greer's campaign to get attention and money from VIPs is going pretty well. Greer is less popular among his colleagues, particularly those who inhabit the third subgroup in UFOdom, people who might be called "hardware-ees." These are the men and women who know that the smirking archdruids of science won't be silenced until courtroom-ready evidence--an irrefutable photograph, an ET carcass--has been procured. This will be achieved only by hammering away at the subject with the classical methods of investigation: computer enhancement of images, fine-tooth combing of government archives, Freedom of Information Act requests. Greer is well known and widely dismissed among the hardware-ees, in part because they generally stiff-arm people bearing the contactee taint. In addition, Greer has personally mashed toes all over the country with his tendency to show up on other people's turf and make incredible boasts about sightings scored by his methods.

Greer scoffs at such talk. In calm tones he dismisses his critics, sceptical journalists, and various unseen enemies. ("I am certain," he says blithely during one phone interview, "that this conversation is being monitored.") The terrifying visions of the abductees, he says, are simply misreads of their experiences. He's deduced that aliens have "no net harmful intent," and prospective CSETI working group members are required to accept this key tenet. The most overtly whimsical contactees, obviously, are silly and irrelevant. He'll admit that some of the hardware folks do good work, but too often they're the paranormal equivalent of ambulance chasers, wheezing lardbutts whose tardy appearance at UFO hot spots accomplishes little, because they don't come spiritually prepared to close the deal. "ETs have been knocking on our door for decades," says Greer, "and there has not been an appropriate response from human society."

Greer has brought the highest level of theatrics to UFO calling, but he isn't the first to try it. Ever since the UFO age began, eager-beaver contactees have felt the need to reach out and touch. The granddaddy of them all was a 1950s-era occultist named George Adamski, who claimed that he met a handsome Venusian in the California desert and even had an assistant take plaster casts of the being's footprints. While Greer is less bold than Adamski in his claims, he inspires the same question: What's the motivation here?

Lately, several ex-CSETIians and former employees, put off by what one calls Greer's "bullying" style, have defected and started talking. The portrait they paint is of an egotistical fraternity president, the type of guy who believes mawkishly in the values he represents but doesn't much care about his pledges except as dues payers.

To be sure, some CSETIians are fully satisfied with the product, but lapsed members tell stories of behind-the-scenes tantrums, expensive globe-trotting to spread the word, and rampant chintziness. Greer likes to moan about the financial sacrifices he's making to carry on CSETI's work, but the fact is that he isn't poor. Along with drawing a doctor's paycheck, Greer has several hefty real estate holdings, which he's in the process of liquidating. He and his family live in a 22-room Tudor-style home in one of Asheville's most exclusive subdivisions, Biltmore Forest; it's on the market for \$698,000 (recently marked down from \$725,000), and he's selling another home for \$398,000. He also draws rent from the Asheville office structure that houses CSETI's international headquarters.

What Greer gets out of CSETI seems to be the means to galavant often and in style. A typical year, says Williams, included a couple of dozen first-class jet trips in the United States and abroad. Usually these involved either fund-raising, RMIT missions, or attempts to get closer to the upper reaches of world power. In a representative spree, Greer last January went on a round-tripper from Asheville to Los Angeles, Phoenix, New York, London, back to New York, and back to Asheville. Greer seems to mean well on paper. "All that is said and done will be guided by a high sense of global social responsibility," he writes. "This will be one of the most significant events in human history, and it belongs to all peoples." If only he gave some sign of a quality that has proved so valuable to other great spiritual leaders: actually liking people. In the end his biggest flaw may be that he's somehow managed to squeeze the fun out of contacteeism.

# HUDSON VALLEY ABDUCTIONS

by PHILIP J. IMBROGNO

=====

[This abduction account from the Hudson Valley area of New York, is unique in that it describes the use by the aliens of a force field in the home, along with a special hand held tool that gives off a green light, which enables them to open up the field and pass through. It contains a description of a classic case of a nose implant, and also the involvement of members of a family.]

Over the past several years the New York, New Jersey and Connecticut areas have been the scene of a massive number of UFO sightings. The number of reports is so great that I believe this area has the highest number of raw UFO sighting reports in the entire world. These reports are documented in my book NIGHT SIEGE - THE HUDSON VALLEY UFO SIGHTS, which I co-authored with the late Dr. J. Allen Hynek and Mr. Bob Pratt.

I have been asked over the years by many UFO researchers if there have been any close encounter-abduction type cases in the Hudson Valley. My answer to most was "No". Only to a few did I admit that there were abduction cases and plenty of them. This denial of such cases was at the request of Dr. Hynek, since he wanted NIGHT SIEGE to be a documentation of the many UFO reports in the Hudson Valley. Dr. Hynek also wanted to keep these cases quiet until we had more data about the sightings in the area.

With so many reports over the years and with the sightings still continuing it was only a matter of time before the growing number of abduction cases in the Hudson Valley had to be dealt with. I had been contacted by at least 75 people who felt as if they had more than one sighting. Of the 75 there are 25 who would be suitable for further study. Of these twenty five, ten come from professional backgrounds. All do not want any type of publicity. At the witnesses request, I have changed their names to protect them. I would also like to inform the reader that Whitley Strieber's experiences took place in the Hudson Valley area. Since the publication of his book "Communion", many people have come forward with incredible stories, people who would otherwise have kept silent.

On July 2 1987 I received a call from a 36 year old woman from Toms River, New Jersey, whom I shall call Gail. Gail was very troubled on the phone and insisted that she talk to me about a UFO related experience that she had. During the last part of June (1987) as she was lying down on her bed, she felt somewhat uneasy as if someone was watching her. The time was ten p.m. She then heard a voice say "We have come for you..You will not be hurt." She then realized that her entire body was paralyzed and that she could only move her eyes. Gail was lying on her back and noticed that three beings stood in the doorway to her bedroom.

She was alone in the house at the time, but lives there with her seventeen year old daughter, who was away visiting her father in Croton Falls N.Y. Gail is divorced. The three beings were dressed in something that looked like tightly fitting jumpsuits and stood in a single row, one behind the other. The light in the hall was dim, and she could not see their features. She noticed they were about five feet tall with very long arms. The leader, according to Gail, seemed to have a problem getting into the room.

It was as if some type of invisible shield was blocking his way. He lifted up his hands and pressed them against the invisible shield. The leader then took some type of rod out from a side pocket and turned the bottom of it. The rod then glowed with a green light and he passed it over the doorway area. They then walked into the room without any effort. As they entered the room, still in a single file, she noticed that they had large heads and eyes that looked like a cat's, which wrapped around their heads. She never heard them talk but heard all kinds of buzzing noises in her head when the leader communicated with the others.

Gail tried to scream but could not; she could only move her eyes. The leader placed himself on her right side and then one of them went to the foot of the bed and the other on the left side of the bed. The beings on each side of her then placed their hands under her head and raised it up. She then noticed that the one on her left took a tube of what looked like a narrow roll of white cotton and started pushing it up her left nostril. At that moment she felt extreme pain in her head and then started to lose consciousness. She felt as if she was falling from a great height: then she does not remember any more.

The next thing she recalls is waking up at 8a.m. with a very bad headache. As she walked to the bathroom her nose (both nostrils) started to bleed. She felt as if something was stuck up her nose, but nothing was there. She looked in the bathroom mirror and noticed her nose was swollen and puffy. She noticed a rash on her neck, legs and slightly on her arms.

She had hoped that the experience from that last night was a dream and tried to block it out of her head. When her daughter arrived home that night she told her about what happened. Gail told me that before she even finished with her story her daughter started shaking and then told her that on the same night, at about the same time, she and her father were followed by a UFO on route 116 near Croton Falls New York. She described to her mother a large dark craft, triangular in shape, that paced the car for five minutes above tree top level.

I found this report very interesting, since Croton Falls is near the border of Westchester and Putnam Counties in New York and that lonely route has been the site of more than one Close Encounter over the past five years. I also found it interesting that both mother and daughter had an experience with the paranormal at the same time.

There is more to this case than meets the eye. The daughter and father, according to my findings, may have had as much as thirty minutes missing time. If this is so and if both were abducted, then the experience happened to father, mother and daughter at the same time! Gail's rash and headaches continued for a few days, then disappeared.

The story does not end here. Several weeks later I received a call from Gail, telling me that it happened again. She said "Those creatures came back the same time and they did the same thing". She continued: "It was as if I was watching a movie of the first time they came. They did exactly the same thing, including having trouble getting into the doorway to the bedroom. My daughter was once again away visiting her father."

Initial findings indicate that both Gail and her daughter may have a history of interactions with the UFO phenomenon.

## UFOs OVER KIRKALDY, FIFE

On the morning of August 16 1997 at approximately 12:45 am, my girlfriend and I decided to go out to our back yard to look at a bright light we have been seeing for the past three weeks. The light in question had been seen on numerous occasions before, and I had personally thought it to be a bright planet, as it always seemed to be in the same vicinity.

As we were looking at the bright light, I happened to glance to my left just above the roof of the flats, to see a small star-like object clearly gliding across the night sky. It seemed to be moving quite fast as we compared it to the edge of our block of flats and also with the real stars in the sky. In the space of about 30 seconds we witnessed the object traverse from our left, above our heads, to the middle of the sky where the object suddenly came to a standstill.

At that point, my girlfriend ran to get some witnesses while I stayed to view the stationary object. Whilst my girlfriend was away I witnessed a shooting star-like discharge racing across the sky in the vicinity of the stationary object. Frightened that I would witness all these phenomena alone, I knocked on my neighbour's door and he and his son then came outside and started looking at the object I had been observing. By this time there seemed to be an awful lot of activity, and my girlfriend returned with another three witnesses, whom I can honestly say were a little more than sceptical. However, after witnessing what appeared to be multiple objects or one object moving extremely fast, the scepticism disappeared.

By now there were seven people present and all witnessing the same phenomena. There appeared to be many shooting-star-like objects traversing in the direction of the moving UFOs, almost like they were being fired upon. This seemed to strike up a feeling of excitement and an intense disbelief amongst our group of spectators.

Our emotions by this time ran so high that we awoke two of our neighbours, who suddenly appeared on their balcony enquiring as to what all the commotion was about. They soon saw what had us all riveted and perhaps a little frightened. The sky was very clear and the visibility was good apart from a very thin broken cloud away to the south West of where we were looking. At times the star-like objects seemed to be almost popping in and out from behind the thin cloud, but the objects were most clearly seen against the clear black starry sky.

The UFOs viewed showed no signs of any exterior lights whatsoever; however, during the sighting a plane had taken off from Edinburgh airport and could be seen above the River Forth with its red and green flashing lights clearly visible. The obvious difference in altitude between the plane and the UFOs was more apparent. The UFOs seemed the size of a pearl compared to the aircraft's size, which suggests that perhaps the UFOs were either just outside or perhaps just inside the Earth's atmosphere.

This event lasted for approximately 45 minutes. There were nine witnesses who saw all what we have stated. We do not have the means of finding out if anything was reported to or seen by the military or by the Airforce, who have a base nearby, but we would love to hear from anyone who has or knows of anyone with information on this sighting. Any info on this subject will be greatly appreciated.
