## THE UFO REGISTER

*A JOURNAL FOR RECORDING AND DISSEMINATING FACTUAL INFORMATION RELATING TO THE UFO PHENOMENON*

Compiled by members of the Data Research Team of

### **CONTACT INTERNATIONAL UFO RESEARCH**

Programme Co-ordinator/Editor Frances A Copeland

Unless Otherwise Credited ALL Material in This Journal Is Copyright of CONTACT INTERNATIONAL UFO RESEARCH

Contents of the Journal is compiled as follows:-

**Shapes, Colours, Witnesses, Groups, Features, Emissions, Movements, Sounds, Effects, Location, Time of Day, Weather Conditions, Time and Duration.**

These categories are set up to show all information corresponding with a UFO sighting that has been recorded with Data Research during the relevant years. The records are based entirely from the Data Research Files and were put together by members of CONTACT Data Research.

Whilst every endeavour was made to give correct data from the records, some information was not recorded or not given by the witnesses but we hope it will prove useful for researchers when connecting sightings to particular events.

As we have published 6 years of Data into corresponding years we have not detailed each sighting in full as in previous years, this was due to the time factor, but as from 1990 we hope to publish all future sightings in Date, Time, Location and Description categories in addition to the listings of the full year.
