Tel: (847) 295-8899
Fax: (847) 295-0868

August 15, 1998

September 14, 1998 will mark the 25th Anniversary of the founding of the Ancient Astronaut Society. After all these years, we have decided to stop publication of Ancient Skies with the January-February 1999 issue. That will be the 150th issue and the last one. As a result, we will not accept any new members nor membership renewals.

If your membership has expired, or if your membership extends to February 28, 1999, you will continue to receive the remaining issues of Ancient Skies without additional payment.

If your membership extends beyond February 28, 1999, we will contact you individually and advise you of your options.

The Ancient Astronaut Society will continue in being and you will remain on our mailing list to receive information about future activities of the Society which we may undertake from time to time. Our last World Conference was held in Orlando, Florida in 1997 and we have determined not to host any future World Conferences.

We will continue to offer all back issues of Ancient Skies. There are currently 147 issues and the Index of the first 132 issues. These are available for a contribution to the Society in the amount of US\$75. Members outside the U.S., Canada and Mexico should send an additional US\$25 (total US\$100) to cover the cost of air mail postage. All payments must be made in U.S. dollars.

We sincerely appreciate the support you have given to the Society over the years. Many of you have been with us from "day one" and we have enjoyed the "ride in outer space" with you.

Warmest regards,

ANCIENT ASTRONAUT SOCIETY
