If your thirty five years of age, have you wasted thirty five years of your life?

People think that they are on this Earth for just a good time. They never stop to think that they are not here just for their health or just to make a living and have gay get togethers. It is hard for many people to conceive that this Universe was not created by man. Man thinks that just because he is capeable of creating Nikes and I.B.M. machines he has achieved the ultiment in intelligence. If he does think he has achieved the ultiment intelligence let him figure this one out. "If God created the universe, what created God?" "Or did anything create God?"

There is not a man on Earth, I.B.M. inventor or not, who can figure out the facts of life and yet he completely disregards his creator and goes about a supposedly tangible way of life. We're not on Earth for the ride around the sun, we're here for simple lessons of brotherly love.

People spend more of their money, that they thoughtlessly earn, on alcohol, tobacco, and entertainment, than they do in their own religion, if they have one. In fact less than three-fourths of one-percent of their income is spent on religion. When they do worship God their minds don't go any higher than the roof of the tabernacle that they attend. Yet without God in the true spirit of the meaning man is like an automobile going one-hundred miles an hour on a secondary road without a driver. Within the very near future possibly marked in a very short time this projectile, man, is going to collide with something and come to a end.

Saucers resemble wheels, look like clouds and sometimes appear red and are called red chariots. There are three-hundred and fifty different uses of the word saucer in the Bible. Atlantis and Mu are also in the Bible. Could this be an ancient civilization of the past—maybe even greater than ours? There have been many tablets and pieces of golden thread and other articles found in coal mines all over the world. Does this not explain why we find people living in even the most remote corners of the world? These two past civilizations probably dominated the entire Earth during their existence. And each collapsed in time, and another civilization would start to rebuild. Many people are inclined to believe the great pyramids were built by the inclined plains. In Egypt huge stones are ready to be taken out of the quarries. These stones weigh hundreds of tons apiece and many of them are hundreds of feet down in the quarries. Today people are beginning to believe the explanation that they were lifted with a magnetic power. This also explains why the great pyramids are so tightly fitted together. Past civilizations great building projects appear to have been all stopped at one time. Could it be that something hindered them from going any further? Perhaps this magnetic power that they had, was suddenly taken away because they were going to use it for destructive purposes, like war. These wars probably caused things like baldness and deformed men. Many diseases probably originated from that time. Perhaps they used weapons we never dreamed of, even greater than the Lithium Bomb. Their wars almost destroyed their entire civilization. Maybe the Basque peoples now in California have something to do with the lost continent of Atlantis—probably the most powerful peoples of this Earth. It was war that destroyed the minds and intelligence of people and forced them back into a stone age with barbarism. There is very little left of their great civilization today. Does this not explain why we find people living in the most remote parts of the world? Just imagine if we're going through what they did all over again, maybe that is why saucers are here and it explains Jesus's reason for coming to Earth to save us from sin. He sacrificed his own life for us and yet we do not find peace. We still need much help from the outside.

Note, Lithium Bomb, ten times more powerful than Hydrogen Bomb. Already under construction, Cosmic News possesses no proof of this. Continued on page 8.

1. Have people you are sure are interested. This is most important.
2. Have a code of pledges that your group will follow.
3. Take part in all saucer lectures or activities in your area.
4. Sponsor lectures in your area.
5. Try to get people that have had experience, such as having seen saucers.

A few publications feel that the individual fields of saucer research are getting a bit crowded, but we are of the opinion the more the better, since more will be accomplished in the field of saucer research if the organizations are widely scattered and increase their membership.

After forming your organization in your community, please contact Cosmic News. Afterwards, we will send you monthly forms for you and your group to fill out on your research findings that you want to share. Also on these sheets you may write all your activities and the latest data on your organization. All new data which is permissible to publish will appear in Cosmic News. We will list all information under your own private research group. Cosmic News is thus making organizations to become more widely known and help to coordinate their activities.

LETTER TO THE EDITORS

Cosmic News
Box 225
Strongsville, Ohio U.S.A.

P. O. Box ---
V. C.

Sir,

I am going around the world—I come from Africa; I am a lecturer and a him actor and author;

Flying saucers (there are eleven types, shapes) they have landed in South Africa, Congo and Australia—maybe in the states too—because they are built by Americans; they are verticle driven, and for experimental, etc. by the Nav. A.F.'s etc.

But would like to read your Cosmic News, how much do you have left?

P.T.O.

Yours truly,

(CONT. PAGE 12)

Slight change in plans, the North Jersey U.F.O. Group will hold their lecture by Gray Barker on May 24th instead of May 10th as announced in the last issue of Cosmic News. The meeting will still be held at 8:15 p.m. as originally planned. The lecture will be in Griffith Auditorium, 605 Broad Street, Newark, New Jersey. The Auditorium is located on the Mezzanine floor of the Griffith Building, across from Hayne's. The address of the North Jersey U.F.O. Group is the following—North Jersey U.F.O. Group, PO Box 606, Morristown, New Jersey. Admission rates will be 50¢ for members of the North Jersey U.F.O. Group, \$1.00 for non-members. The North Jersey U.F.O. Group would like all possible information it can obtain on flying saucers.

WHAT ABOUT FRY?

No doubt most of you have heard of Mr. Fry who claims to have ridden in a flying saucer. Mr. Fry says that he was a rocket technician at White Sands, New Mexico. We have written a letter to White Sands to find out if this was true. The results are that they have no record of him ever working there although Mr. Fry has records that tend to prove he was. At one time he was on a TV program with a lie detector attached to him with a person asking questions to prove his story was true. The results were that everything he said was supposedly true as indicated by the lie detector. The trouble is that Mr. Fry had been experimenting with lie detectors learning how to react to them when being asked questions. If Mr. Fry did lie it would have been recorded as the truth. Of course, the letter we sent to White Sands could have been answered that way because the White Sands people might be under strict orders to disinterest people and make them think the whole subject is bunk.

MENTAL TELEPATHY

Telepathy has much to do with flying saucers. We are so very primitive compared with those in the saucers. They communicate in this way as their regular way of speaking. This is a seemingly hard art, as it is. But it is not impossible to master. It requires extreme concentration on both the part of the sender and the re-
(continued at top of next page.)

ceiver. I believe that if more people could learn this contacts would no doubt be made. We would not only make physical contacts but mental ones. Many colleges teach a course in the subject of mental telepathy.

CO-EDITOR, R. PIERCE OF COSMIC NEWS HAS SAUCER SIGHTING.

On April 3, 1956, on a Tuesday night at 7:20 p.m., Mr. Pierce was going out for an evening stroll, he was purposely looking for U.F.O.'s since he was conscious of their existance. He looked up into the northwestern part of the sky about 35 degrees from the horizon when he saw a bluish white object which appeared to be the size of a half dollar. He noticed it was going up and down, back and fourth, and around into circles. Then the object stopped for fifteen seconds and shot out and away.

SOMETHING TO THINK ABOUT

Last March 1955 there was a great three-and-half-day fog, (Don't know if it was connected with flying saucers.) The fog was the first one in this area known in all the history of Strongsville to last for such a long period. It was simular to Mr. Jessups reports in his book.

PEACE ON EARTH?

Many of us believe that the people in the saucers have experienced war and everything connected with it. Through that they must have solved the problem of segregation we are now facing on Earth. Unlike the people of Earth that have bans on different privileges just for the sake of color. Man is created individual regardless of race, color or creed. If you will look in your Bible, you will find the same. In a certain newspaper, there was an article which said "The South Shall Rise Again, save your confederate money boys." Many of the colored down south are still treated unjustly. Why not give them a chance? Lets face it, there is no way out unless the peoples of this Earth (Starting from the family units right up to and including the nations) can get

(Cont. next page.)

along in love and friendship. There is no room for hate. Let us do our part to bring it about, Before we go anywhere in outer space this will have to be solved. There will be no real peace until it is.

ONE TIME, ONE GOD, MORE ABOUT EZIEKIEL

When the Wise Men came out between the wheels, as described by Ezeikiel they made it known to Ezeikiel that they believed in one God. Knowing this was probably Ezeikiel's most exciting period in his lifetime. We do not understand why people so far advanced believe in one God and practically the same thing as Ezeikiel, a primitive man of Earth. So you see, there is a connection somewhere in the Earths long dark history with outer space. This could possibly lay in the time of the Garden of Eden or somewhere in the remote future up from that time. To be among intelligences so far advanced as Ezeikiel yet not so far advanced as to say, "Science has the answer to everything, life was an accident", as many men of Earth are saying. They think their so superior to the average person that they know the answer to everything. To the people from outer space this is probably a primitive view of the whole situation. Surely, people thousands of years ahead of us know the way in which to answer these men of Earth. These people have been through the same circumstances as the people of Earth are now going through. No wonder this planet is so backward. It is apparent this will all change since the years are marked, as to the day of mass landings. This publication and many others will affect the public en masse as time goes on as long as people will spread the news about. A few books written on saucers, not to mention names, hint over that people working on Biblical research are wasting their time. The people working on Biblical research feel sure that more of their predictions from the Bible have come true or are still fulfilling their prophecies as indicated in the Bible, than many of the rash statements to defunct the whole saucer research project have. Especially those supposedly connected with high officials. Many people say the people from outer space have a religion far removed from our own. Our religion and their religion probably is much the same only they understand the Bible. Compared to them most of us do not understand the Bible. Many of

(cont. Page 9.)

Jesus is away living somewhere else and he shall return in the same way in which He left. Could it mean He was taken to one of God's mansions or planets to live until His return? It also states in the Bible that there will never be complete peace on Earth until His return. Many people believe Heaven is made up of walls of marble and streets of gold. Could this mean life itself is gold? Most of us take gold to mean material wealth, or money etc. Really this means nothing in God's house. It is only your soul which has meaning to God. He has given you the right to live forever. Isn't that a grand feeling? It is only the body that dies, and not the soul. After all, when you get cut does your mind itself hurt and ache?

It also states in the Bible that we will see "A new Heaven and a new Earth for the first Heaven and Earth has passed away and the sea is no more." and "He shall take away all pain and He shall make smiles over the faces of the righteous and good." Do you not see clearly what this could mean? We will see a new sky or Heaven for the first has passed away and the sea is no more. As I have said before, we could have lived before, (Note: The Search For Bridey Murphy.) We probably did something wrong and were sent down to this exile planet and punished through pain, death, and anger for a sin committed somewhere else. God has taken all our previous knowledge of former lives away until after our death. Then we shall have paid for our crimes. After this has all come to pass, we will be given back our knowledge from other lives. Perhaps somewhere beautiful beyond mankind's knowledge and dreams of this Earth. Not if we turn to the evil way of living here on Earth, we will go down to a lower form of life. Satan is the symbol representing this place. Do you not see now what sea can mean? Like a haze or blindness over our minds which will not let us continue as we did before because of some sin committed somewhere else in this vast infinity. We shall probably never see this place we were at in our now present bodies because of their lacking advancement physically and mentally from which we probably came. Only God knows where this place is (Note: Many Mansions.) Believe me there is no end to the vastness of the Universe which probably even goes into different time dimensions (fourth dimension.) In the Bible it states time is only a split second in God's

(Cont. Page 12.)

the predictions in the Bible were probably purposely written by people to prepare us for the day of communication and contact. That time is now, find another age where predictions indicated in the Bible are taking shape and form as they are now?

INTERESTING POINTS ABOUT EZIEKIEL

Below are listed what this verse could mean in Ezekiel, Chapter 1, verses 5-11. The description of the four living creatures from the wheels.

1. It could well mean the description of their clothes as stated in last issue, for Ezekiel says they had the likeness of man so there it shows us these other descriptions must describe the creatures in the same way.

2. The descriptions can also mean they are intelligent beyond any creature of Earth. It is said they were full of eyes, THIS MAY MEAN THEY ARE AWARE OF EVERYTHING GOING ON ABOUT THEM. One beast was like a lion, the second beast was like a calf, the third beast had the face of a man, and the fourth beast like a flying eagle. ALL THESE DESCRIPTIONS MEAN THEY HAVE SUPERIOR INTELLIGENCE AND UNDERSTANDING OF HUMAN EMOTIONS AND KIND AND UNDERSTANDING OF THINGS GOING ON ABOUT THEM AS IF THEY KNEW THE SECRET OF LIFE. Maybe they do! This is not only in Ezekiel also, refer to Revelation, Chapter 4, verses 6-8. You are sure to come up with (Continued Page 12.)

QUESTIONS & ANSWERS

Q. By what means are flying saucers propelled?

A. Most people and scientists think that saucers use magnetic forces as a source of power. Suppose they could use solar power. Take for instance the book of Ezekiel in the Bible, Ezekiel, Chapter 1, verse 13, the landing of the wheels brought fourth lightning and there were hot coals on the ground. This was a power that had stimulants to kill vegetation. The case of the Boy Scout Master in Florida resembled the same. A saucer resembling the ones of Eziekiels time came down and landed on the earth. The area the craft landed in was a perfectly round burnt spot on the ground. It seems pre-saucers and saucers today work on the same force. There are saucers that land and do not burn the

(Cont. Page 10.)

ground but cause a great amount of radioactivity. At times in the past, it has caused the natural order of genes in plants to change and produce freaks. This has not only happened in the plant kingdom but also in animals. Of course all the burnt spots and great amounts of radioactivity could have been done on purpose to prove to many people of their existence.

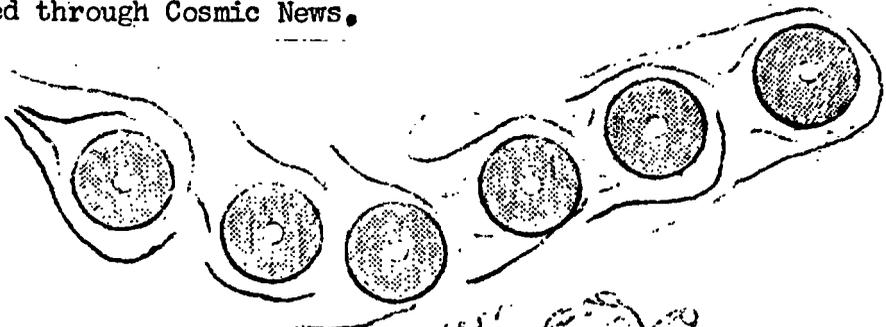

Here is the address of one of the first saucer publications, \$2.00 per subscription a year. Edited by Gray Barker.

The Saucerian Bulletin Gray Barker is the author of the P.O. Box 2228 new book "They Knew Too Much About Flying Saucers," and "The Saucerian Review."

If you have a saucer sighting, please notify us. Our readers would be interested. Questions are still wanted for the Question & Answer page.

Anyone wishing to express their ideas on flying saucers in Cosmic News, may do so free of charge.

You will be able to obtain the book "They Knew Too Much About Flying Saucers" through us very shortly. Post cards shall be sent out when the book can be obtained through Cosmic News.

"How can it be
"It's too fantastic!
"There's temperature meters on it!
"It must be true!"
"High officials told us so!"

Below is a radio message made between 7:45 and 8:00 O'clock Friday morning March 23, 1956.

"At Columbus, scientists gathered for the American Astronomical Society meeting have been treated to radio recordings of messages from the planet Jupiter. The director of the radio observatory at Ohio State J.K. says however "the sounds are nothing to get excited about." The rumbles and clicks he says apparently are caused by electrical discharges and not by Jovians trying to start an inter-planetary conversation."

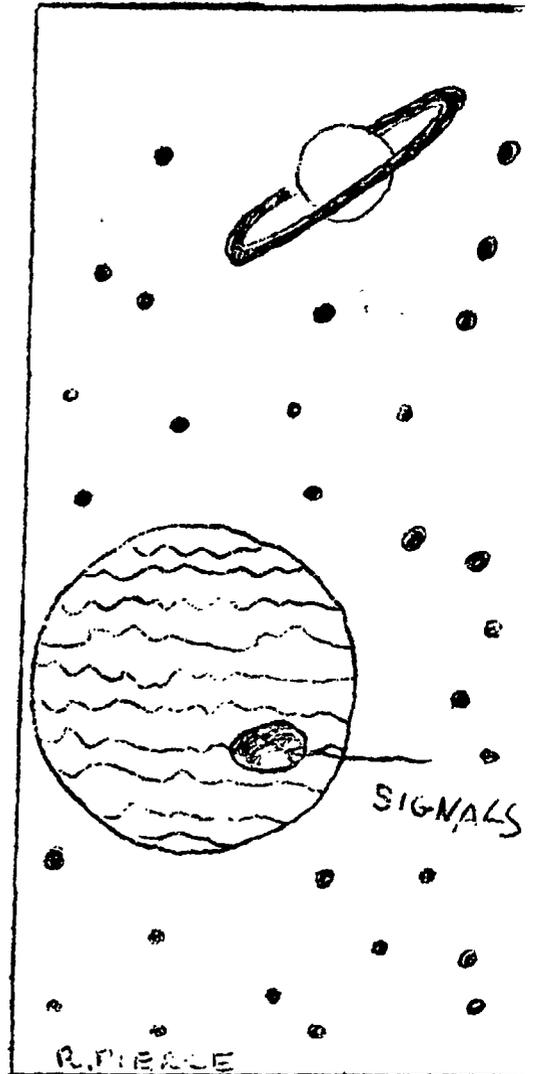

We can regard this news item as a substantial statement just as a electrical discharge explanation. Evidently he has not given the radio communication recording too much thought. He has just given thought to the electrical discharge explanation.

What of the other men who attended the meeting? What is their opinion? Taking one man's opinion is like asking one person how the world should be run. I should think the radio news commentators would take the general opinion of the whole group instead of one man.

If the radio recordings were electrical discharges, why then did we not get them ever since the invention of the radio? It seems anything that brings about a possibility of space life on our planets is always explained away. We can recognize this work

done in this radio announcement.---We can be pretty sure

(Cont. top of page 12.)

Page 12 CONT. FROM PAGE 11, MESSAGES FROM JUPITER

that the radio recordings are from Jupiter. This has not been the only one there have been many others from Jupiter and planets elsewhere.

When we hear news on the possibility of space life with the news commentator trying to explain it away to natural causes, the best policy would be to let it come in one ear and let it go out the other.

When things like this happen in the future we shall at least consider the main basis of the story to be true as in this case.

CONT. FROM PAGE 8, IS TELEPATHY POSSIBLE?

time. Right here it shows us that time is really non-existent, only existing in worlds such as our own. Most of us at this moment are probably wondering how we can bring more saucer information out. The secret is to do much Biblical research and try to relate it to our times. If you think of each verse with an open mind, you too will learn many secrets yet not seen or thought of in the Bible.

CONT. FROM PAGE 9, ONE TIME, ONE GOD, MORE ABOUT EZIEKIEL

more than you expected. You may surmise the saucers will have something to do with the end of time on Earth. Many people are beginning to understand this. It is yet too deep to go into at the present in this publication, although we will cover it this year.

3. If you will read Ezeikiel through you will find a phrase that will say, "He cameth inside me and spaketh with me." This indicates the visitor talked to Ezeikiel in some form of telepathy. Any new views on Ezeikiel will be appreciated. They will be subject to publication. Just address letter to—Cosmic News, Box 225, Strongsville, Ohio.

CONT. FROM PAGE 4. LETTER TO THE EDITORS

P.S. The stories you write have about authors: Saucers come from outer space? You tell them I say they are liars! the only one from outer space are signs from Heaven (the Bible) that Christ's coming is near. They travel 36,000 miles a hour... (The above letter is just as we recieved it from one of our would-be subscribers.)
