Dear Friends:

Here it is Christmas again and the first of 1957. It is time again to pause and realize how lucky we are to be living in this era now. Truly, we must be very special to be living in these years of such great significance. And, I do not believe that it is by accident that we are here today to assist in the birth of the New age for man on earth. We, each, have something to offer, something to give this Christmas more than ever before.

We are together within the Mighty Constellation of Souls, moving in harmony with unselfish impersonal love to aid man now in establishing the new life of man on earth. A life of Freedom and Joy promised by the Christ.

The New Vision is Unlimited! Joy as never before. The true joy of service of man towards each other. A chance at last, to be helpful and cooperative, one to another.

Yes, to me, the vision appears crystal clear. It is a vision of Mankind becoming like unto God. Man of this civilization will not perish or vanish as others have. But man of this age will graduate and go on to rule and have dominion over all things..things, not man over man or nation over nation, but rule and have dominion over things of material value. Man is arising out and above the sense-field and emerging into a new dimension of life. This is happening through impersonal love, for the power of the Ultimate Love is unimaginable.

I pray that this Christmas, we be so full of this Great Love that the Promise of the Christ shall be fulfilled in us and the Dream of Brotherhood Love become an actuality on earth today. This all-inclusive impersonal love is a necessity in our world now. I thank god that I am here to help in this great service of love and wisdom.

To all of you, I wish a spiritually joyful Christmas and Life Anew in the coming New Year.

Sincerely, *Genevieve*

The so-called Martians failed to appear or speak on Nov. 7th as promised by them. Radio stations KBLA in Los Angeles and an independent station in San Luis Obispo, Calif. as well as TV channels 11 and 13 gave them time and much publicity. I had heard the record a long time ago and thought nothing of it. Later, I was amazed that it was getting so much attention. Still, good was accomplished, I am sure. There are many sincere people willing and ready, if leadership appears. And this could have been a test in many ways. There's a little helicopter (not a flying saucer) bussing around at the Hughes plant these days that's supposed to be secret, not a military secret, but a trade secret. Howard Hughes, we learn, has produced the single-rotor, two-place chopper as economical air lift for anyone who will pay the price, Services or Civilians. The copter is still in test stage. A-Ships on way, but Human and Sardines Beware! Dr. Richard Fayram, an expert on atom-powered ships, says nuclear engines may propel most of the world's atom ships by 1970 and warned against a new danger..atomic shipwreck. The 35-year-old scientist said hundreds of passengers would have suffered from radiation effects had either the Andrea Doria or the Stockholm been equipped with a nuclear engine. The sinking of the American freighter Pelagia near the Arctic Circle recently, would have ruined Norway's sardine crop if the ship had had an atom engine, he said.

I had a ringside spot out in the desert for the total eclipse of the Moon first seen in the western part of the nation since Jan. 18, 1954. The Moon was entirely covered by the shadow of the earth at 10.08 P. M. and was a sight to behold. The eclipse reminded me of the shadow of ignorance over man's awareness as to how wonderfully he is created.

New theory in nuclear energy. Robert Leon Carroll, Navy scientist holds theory that freezing atoms far more potent for greater energy yield.

Women outnumber men in the U. S. by nearly 1,400,000 according to latest report of the Census Bureau. U. S. women are most significant in the world scene. Not by our number, but by our spiritual intuition will American women play a more increasingly important part in all branches of life.

Missile attains speed of 4000 M.P.H. In a step toward creating the first man-made moon, scientists fired an instrument-laden rocket 125 miles into the air from a Florida launching site today. It was an experimental prelude to next year's earth satellite called Vanguard.

"Ye who are born of the Heavenly Vision; Ye who are mindful of the Heavenly Vision shall come to see the heavens open and angels advancing unto earth and ye shall see the winged ones of Light--the Venue-born Hosts come to walk with children of earth to be the householders of God. They shall walk with the Redeemer of Light and Peace....."

EDITORIAL

In the last issue of the News-Scope, I wrote a few paragraphs on the importance of Man in the coming time on earth. I was inspired to touch briefly on the Electronics of God's Spirit in Man. And, I might say, God's Exclusive Pure and Unlimited Science of the Spirit.

But, before you could understand what I've just written, you must remove that shadow, barrier and block of darkness caused by wrong thinking, wrong action, due to ignorance of life as it really IS! First, the human body has reached a low-level of Light-Voltage, so, there is lack of Light in the body. In this low-voltage state the body is not capable of receiving the higher frequency of the Spirit. This causes old-age and general breakdown throughout the human realm.

The Light is the Light, literally. That is, the Ultimate Light can only be experienced by Pure Spirit for the Light is the Spirit. Therefore, we will see and know the Christ, when we are like Him and Pure as He IS!

The Light is pouring into the earth and man. The atoms in the molecules of matter are being charged with the Ultimate Immutable Rays of Regeneration.

Prepare the body for reception of Spirit-Energy. Thus, the Light-Waves will guide you and unfold your greater frequencies so that you will receive the Nourishment of the Christ-Light.
