**THERE'S SOMETHING HAPPENING!** Is earth bursting its shell? Is Humanity ready to "hatch?" Are we getting closer to another dimension?....A "high source" was recently asked -- "What is the fourth dimension"? Without hesitation came the answer, "Just a great expansion in all directions". ...On the basis of this definition we give you herewith a few examples of this "great expansion": -----

**THE SPACE RACE IS ON!** There is a race to launch a manmade satellite. -----

**THE SAUCER RACE IS ON!** Governments trying to imitate saucers and their propulsion.

**THE RADIO TELESCOPE RACE IS ON!** (Radio astronomy is a new science. Note here its pace:

**THE BIG DISH.** Huge radio telescope ("The Big Dish") Manchester, Eng. is almost complete. Inside twin towers 2 highspeed elevators will whisk scientists 18 stories up. Bowl 250 ft. in diameter -- bigger than dome of U.S. Capitol. Cost nearly mill $\frac{1}{2}$  \$\$\$. One of world's largest scientific instruments. Scientists excited! Will catch radio waves from interstellar space, detect galaxies far beyond Palomar's. Give much info re space travel. Radio astronomy is booming. Others following England's lead. Sydney building one same size. U.S. plans several. Science is just beginning to explore the depths of the radio universe. -----Steelways Magazine. -----

**AND ON THE HUMAN FRONT!** There is a great surge toward Interchange of Persons, with ever increasing numbers of countries, including Russia, -- "students and travelers in all conceivable subjects." In U.S. today there are 33,000 foreign students, "ample testimony of America's world position". Star....."People shall run to and fro -- Knowledge shall be increased". (Bible prophecy.)---Enlightenment 4-square!.. A great BURST! "A great expansion in all directions"----Yes, SOMETHING IS HAPPENING!

-----  
**THERE R-R-R-R SEA SERPENTS!** Formidable ones, declared Dr. Anton Brunn at recent international Cong. on Zoology. He is organizing an expedition to fish depths never before fished. "No one has fished 500-1000 fathoms". This he'll do "with baited hook and towed cable." "Nothing shall be hidden that shall not be revealed". Bible

GARDEN STILLNESS--SILENCE BUT FOR THE WHIRR OF WINGS. Festoons of ethereal morning glories--ultra-violet (high-vibration) "trumpets"--symbolic heralds of the NEW DAWN.  
CATCHING UP ON THE GHOST. Scientist Lear of Lear Inc. Grand Rapids, predicts man may travel by being broken up into vibrations and relayed electronically. "Matter is composed of vibrations. These can be sent over wires or electronic waves. Therefore the human body can be broken up into vibrations and relayed electronically anywhere in the world. Mode of travel would be almost instantaneous". (The term for it is self-teleportation.)...A "Ghost Conference" was recently held at Newnham College, Cambridge, Eng. a world mobilization of effort to understand this "spontaneous phenomena.".... An ESP source has just said: "The etheric world is opening like a curtain...Nature spirits will be visible without clairvoyance - to normal vision."

Amer. validates Scully...Batch of clips airmailed from Australia shows many there. (They print 'em there.) One object left a skyglow for 15 min. after soaring off. Re a sighting there an engineer said, "I've been around the world but I never saw anything quite so strange or which left me with such an uncanny feeling". (This 'feeling' is often recounted)...Continued disagreement on 3-D & 4-D interpretation. OUR GUESS -- The 2 schools of thought have different parts of a fact. Manmade wind tunnels in Tenn. will test missiles at 3500 mph. U.S. spending ¼ bill. \$\$ on this & other tunnels & tests. "Cosmic Rays Debunked as Peril to Space Travel" said AP 8/22. Von Braun thinks problem of space travel is now primarily a financial one.

SATELLITE SIDELIGHT. The Satellite is usually referred to as "Von Braun's baby". 2 yrs. ago he came to a Naval Base near Wash. to lecture on it. To PLEAD for it. There was a quickening undercurrent in Washington. That eve friends called your Editor with a "Hurry, let's go!". We swallowed some soup, grabbed the opera glasses, perched on the curb. Soon their car had swooped us up & by that time we felt like a rocket ourselves. The crowd was great! We got a perch on a coffee table in the lounge where the lecture was to be piped out. Von Braun began with an apology for being 20 min. late. "They couldn't get through the crowd". Thought there had been an accident. The traffic jam, as it turned out, was 3000 cars being turned away from the lecture for want of room! --We ask you--Are people interested in Space?...This whole subject represents an emerging consciousness. Where and how far it is going to carry us remains to be seen.

WORLD ENERGY OUTLOOK. Strauss says our demand for power doubles every 10 yrs. Geneva A-conference said uranium-thorium supply may prove practically inexhaustible. Yet fear of dwindling fuel sources is turning science to solar energy. HOW CAN SUN'S VAST ENERGY BE HARNESSSED? (Man baffled by this for centuries.) Scientists from 30 nations will meet at Phoenix Nov. 1-5 for world's first symposium on SOLAR ENERGY. Subject called greatest challenge to science today. Conference one of greatest concerted efforts since that which led to A-bomb. Called "unprecedented international event." - Also watch for

the inevitable parallels between physics and metaphysics. THE WORLD IS TURNING SUN-  
WARD!----"Let there be Light!"

We are truly affected dynamically by the impact it carries. Accept a \$5." E.H. Cal...  
Col. R.E., La., says "I appreciate the catholicity shown in your coverage"...Mrs. S.D.,  
Pasadena, urges, "Keep the pot boiling. I love it and do not waste a moment to get  
into it when it arrives". (!)

THE LITTLE LISTENING POST at WASHINGTON is the only publication of its kind  
that is surveying the whole field...And if flying saucers are now here in numbers they  
are here FOR SOMETHING...All over the world today there is a scientific, an intellec-  
tual and a spiritual SURGING. A mounting of soul. Climax overtakes climax!...There  
is a REACHING -- for which the pointed telescopes, the radar towers, the antennae all  
over the world are but symbols -- Spires of the Spirit... Modern Man is reaching tenu-  
ously. Reaching treacherously. Feeling out toward the Unknown! And in our skies is

#### LEMURIAN THEO - CHRISTIC CONCEPTION

THE AMAZING HISTORY OF Lemurian and Atlantean civilization as reflected in the karma  
and destiny of modern America.

Written from inspiration by the Rev. Howard John Zitko, D.D. as a system of spiritual  
initiation into the Lemurian Theo-Christic Sacred School, one of the world's great  
esoteric Brotherhoods located on the North American Continent.

Your opportunity to study the outlines of human culture on this planet as originally  
introduced, across interplanetary space, by Masters from Venus and Mercury.

Learn why the present world is coming to an end and what you can do about  
transcending its destruction.

Intensely practical exercises designed to perfect your environment as well as  
your character.

Learn the true state of the world from the viewpoint of the Lemurian Theo-  
Christic Adepts who have helped to recreate from the lost Atlantis some of the great-  
est scientific inventions of all time.

Interpret the existence of the Flying Saucers and other interplanetary phe-  
nomena in the light of the startling explanation concerning the Masters of the human  
life wave who are dwellers on two planets.

Know your Bible which tells the astounding story of how certain Lemurians,  
Atlanteans, Israelites, and modern Americans are one and the same people whose earth  
lives cover a period of 76,000 years, from the building of the first city of Hamaku-  
lia on the Lemurian Motherland to the present age and the fabulous "Era of the  
Pacific."

Twelve lessons of exciting implications, nearly one half million words assem-  
bled in breathtaking combination, a sequence of study that will never leave you again  
without a firm grasp of Reality, or an anchor holding you lovingly within the Great  
Work of the Elder Brothers.
