THE NEWS IN CAPSULE

SPOTLIGHT ON GRAVITY! Science now determined to "outwit" it! N.Y.Herald Trib published 3 articles; sold out! Nat. Bureau of Standards held big meet. (Pull of "G" differs at different places on earth). Appletree that descended from Newton's to be placed on Bureau's lawn as inspiration for "full speed ahead". U. of Rome confirms annihilation of matter with negatron (anti-proton). Commercial as well as Military Groups stalking this unearthly secret. "Foresee a space vehicle de-gravitized, then directed at will by radar". --- Ye gawds!

THERE IS NO POWER ON EARTH LIKE A HUMAN SOUL ON FIRE --- Marshal Foch
"FLYING SAUCERS MAY PROVE KEY TO PLANES OF THE FUTURE", headlined the Air Force Times, (European issue). Admittedly out to copy phenomena in our skies! Yet how they could copy that which they say "does not exist" is not explained despite global gibes..... Air Force silence at this point is eloquent!

D. C. NEWS. Billy Graham setting up H.Q. here. Says "Washington is capital of the world". Says next 10 yrs. most critical in world's history - "leaders in Washington need spiritual influence toward world peace"...CAA just held big conference here "to iron out problems of Jet Transport Age almost upon us"...Site being sought for huge Air Museum;-State Dept. adding 50 mill \$ expansion - will be largest office bldg. in Washington;-Central Intelligence also selecting site (in woods) - its bldg. will be 2nd only to Pentagon...More elderly people noticeable on the streets, (the term now is "seniors". White House bomb shelter obsolete - "Pres. will have to be evacuated". --- **GOVT. PUMPING FUNDS INTO ALL ROADS OF RESEARCH IN EVER INCREASING AMOUNTS: PRIVATE CO.'s DOING SAME** -- and locating here. 32,000 here thus employed. AEC will spend 385 mill for research in '56. Washington being called "CAPITAL OF SCIENCE" --- Govt. sold on Research!

WITH THE TOOL OF RESEARCH MAN CAN CLEAVE THE HEAVENS!

ATOMIC. World's first full-scale A-power plant will hook into Britain's electric system next Oct....Tests with A-driven plane in Tex. put every police on alert re handling crowds in case of trouble. **COMING**, full-scale inquiry into AEC including why so much secrecy...."Growing concern among scientists that AEC is being less than frank with American people re danger of radiation": Star..."We need edu for transition into Atomic Age". Scripps Howard...**COMING**, in Brookhaven, N.Y. 6 mill \$ medical A-research center...New science - "Radiation Chemistry"..."If power of H-bomb can be put to work it will supply all the power the earth can use in mill yrs. - the job is started"! Navy has produced tiny METER to test for radiation fall-out. Simple. Inexpensive.

SKYQUAKES EXPLAINED? "Could be due to hovering (invisible) saucers starting up suddenly - air rushes into vacuum as with jets breaking sound barrier". Nov-Dec. F. S. Review London. Mysterious skyquake rocked over 100 sq. mi of sparsely populated Lapland. UP.

WILDLIFE. U.S. has 250 Refuges (18 mill acres) on which 35 mill hunters & fishermen are forbidden. Fight now is re Developments on these lands. "Oil & Wildlife don't mix". Disney named Nat.Chairman Wildlife Campaign...Save-the-Redwoods League now has 18,900 members...Also threatened with "elimination" is our embattled Grizzly Bear.

THE AMERICAN ROCKET SOCY. & THE BRITISH INTERPLANETARY SOCY. pioneered in the "crackpot" field of Astronautics (star-cruising). Six yrs ago a World Federation was born. The International Astronautical Fed. now boasts nearly 9,000 members representing 19 countries with more countries adding. Next World Cong. in Rome in Sept. Wanta' go? Fred Durant III of Boston heads it for 3rd yr...Says B.I.S. Journal re "acceptance of the inevitability of space-flight", - "Astronautics promises unprecedented discovery. Earthbound man stands on the threshold of a new age...With the development of space-flight this new science can & should afford a greater understanding & cohesion to our earthly nations as man realizes his insignificance within the Universe".

"MEN NOW LIVING WILL STAND ON VENUS AND MARS" says Dan Fry in his coming book, "Steps To The Stars" -- "but they will not go by rocket. They will use a much simpler way. Isn't it time we stop fighting gravity and work with it?...If we are to reach the Stars we must forget for a time the things we think we know".

CATAclysm. Numerous geologists, etc, are predicting major FLOOD due to shifting of earth's axis. Say "periodic" in geological time & almost due again. Wm. F. Libby of AEC says atomic calendar shows a catastrophe struck about 875 B.C. ... Something caused sea to rise & drown whole forest in N.Y. area. AP...Freak weather on increase! L.A., 1/26, had $\frac{1}{2}$ as much rain in 24 hrs as it usually gets in yr. Wm. Damon of L.A., deep sea chart publisher for 35 yrs, says "The magnetic fields are changing very rapidly. No man can explain why. There are signs in sun, moon and stars such as there are no records of in past history". Also -- "As it was in the days of Noah so shall it be in the days of the coming of the Son of Man". Evil stalks the earth! Saucers have been called the Valkueries. (In the legend "The Valkueries" came to take home the souls of the dead...Add to all this the FACT that never before in history was the race so close to the possibility of world suicide.....?????)

MORE SKY NEWS "Flying Barrel" gets Navy go-ahead -- with Kaman Aircraft Corp. of Conn. Kaman is D.C. man...Canada aids "crate" flyers; homemade planes now allowed to fly daytimes within 25 mi of home but no passengers. (Again, "the poor pedestrian"!)... Has "suitcase of photos taken in a basement in total darkness, that show forest of evergreens", etc. ---Add to this - Ohio State U. has via radio astronomy "located echoes whose behavior indicate new types of astronomical objects". Well known Editor asks. "Could these be of infinitely finer atomic frequency than earth structure?" & adds "When TV views of what the orthodox know as "heaven" can be transmitted to earth's mechanical receiving sets, the whole philosophical-religious thot of the world is due to be stood on its head"!!

MIDNIGHT AT THE LITTLE LISTENING POST - (when much of the work is done). Howling winds have set the garden windbells rampaging. The air is electric -- and full of long, long thoughts.

SAUCER NEWS. KEYHOE STRIKES THE KEYNOTE! Says write your senator & rep. & demand A.F. release all saucer reports. Then they could be studied by newsmen, etc. Until the pressure is put on, the subject will be kept secret. Yet some warn, "Do you realize what sudden info could do to economic world?"...Keyhoe's smart press conference re his latest book well attended by newsmen but their stories muffed down. Keyhoe told LLP - "The A.F. knows what the saucers are but don't know what they're here for"... -- There are two schools of thought as to why saucers are here: One feels they're to help us; one fears them. (Probably they're here for a no. of reasons.)... Also, there's the question - Is there some law that will "quararantine" warring humanity to this planet? Prominent source says "The crossing of space is soon going to be a necessity". Here, then, is an impasse. Will humanity forsake war? -- Will it take war into space? -- Which brings the big & final question -- All religion aside, IS IT POSSIBLE, BY "LABORATORY" & RESEARCH METHODS, TO ISOLATE THE GERM OF HUMAN DISCORD and ERADICATE IT???..... Numerous sightings in Balti area. "Flying Saucers Still A Deep Mystery" announces Balti Sun 1/22 & describes them as "most astonishing phenomena of this astonishing century. -- Sen. Bricker on AEC Committee says he would not be surprised if men from Mars landed here some day & that AEC scientists might stage similar breakthru at any time. (How much does he know?) -- Clair Boothe Luce openly admitting her desire to be the "First Secy. of Space" (Would seem appropriate)...Hearst Metrotone 450 West 56th N.Y. has 95 ft movie of scientists shooting eclipse in Sweden in '54. Unexpectedly caught 2 good saucers in upper left corner. Just released on TV. Write Frank Lamb...Swiss Le Courrie Interplanetaire quotes Astronomer Prof. Vocco who makes systematic study of UFO's as expecting outburst of them between Apr. & Nov. '56...IDEA!!
