THE NEWS IN CAPSULE

HUMANITY IS HAMMERING AT THE DOOR OF ANOTHER DIMENSION A certain professional engineer who writes much on saucers states there are only five "fact" books on saucers -- all others are "fiction", declares all 'contact' stories are hoaxes, space people couldn't be like us since laws of science apply throughout the Universe and other planets could not support life....However, science has just announced (Time, 1/28) - "Death of a Law". And N.Y. Times headlines "New Discovery in Physics Promises Light on the Great Paradox of the Cosmos." Says long-accepted 'parity law', "one of the corner stones of nuclear physics, is a manmade convention." Life Mag, 1/28 says science is "changing so fast as to baffle its practitioners. In last explosive decade (Meade Layne calls it the 'haunted decade') "known" space itself has enlarged 50 times!" Matter in other galaxies may prove to be "left-handed" - "anti-matter". Science now arguing likelihood of life .."perhaps on even millions of planets ...there is even concrete planning of a space vehicle which could inspect such planets, achieving the speed of light by shooting incredibly concentrated beams of light (photons) from its tail.".. "It may be that science is on the threshold of a major breakthru... metaphysics is science's indispensable complement for a full view of life." The shop talk of big rocket engineers now includes metaphysics.."metaphysics could well become men's chief occupation" says Life's editorial.....At recent world conference of relativistic physicists at U. of N. Car. it was brought out that "there is a magic dimension-it could be the vanishing point of time and space, of human realities appreciable to the restricted mind of man"....."Conceit of learning is unbecoming in all men" says Richard Evans of CBS. "Who knows of a textbook that will not be revised? Who knows of visions seen by the prophets and yet untold?".....**WOE TO HIM WHO BY SUCH CONCEIT PROLONGS IGNORANCE, AND DELAYS FOR ONE FRACTION OF TIME THE EMERGENCE OF THIS PLANET FROM ITS SUFFERING AND ITS THRALDOM!-----Ed.**

WHERE DO THEY GO? Accelerating Science may not be too far from attacking the mystery -- possibility of Spirit Radio and TV being discussed - Socy of Metaphysicians, Eng. claims new radionic camera showing patterns on films corresponding to operator's thoughts - could be first step toward Spirit Radio & TV. -St. John in his vision saw, "There shall be no more death, neither sorrow nor crying, neither shall there be any more pain for the former things are passed away."...Those who like symbology may read some significance in fact that Christmas just passed was the first one in 1600 yrs. that the bells in Bethlehem failed to ring! (Possible cause prior earthquake), also that few days before Christmas - gales toppled the STAR from the huge Yule tree at Washington (which could be called Earth's Christmas H.Q.), replaced with great difficulty - was it suggestive of rending of the veil at Christ's death? Astronomy has been attempting weak explanations for cause of Star of Bethlehem. Many now convinced it was a space ship. "And lo, the Star which they saw in the East went before them till it came & stood over where the young child was". (Maneuvered just as saucers do now.) Many think saucers today have related significance. Expectancy in the air is increasing noticeably to casual observer. Taxi driver told LIP "Something's coming!" Others say we have it in our power to create a New Earth in a rational way. "God works for us thru us". All we need is to CATCH THE VISION. Meanwhile jets now practicing and poised are ready to deliver the "final bomb." I say unto you - WATCH!"

LET THERE BE LIGHT!....Many nat mags folding - American, Colliers', Women's Home Companion, Town Journal also Aero Digest, nation's oldest aviation mag - reason, ads now don't pay high labor costs. Trend needs watching. Could threaten ventilation of public opinion. (LLP keeps going with NO ads - reason, labor costs pd by LOVE.) Farm Journal, however, has nearly 3½ mil list. LLP knows of 3 or 4 new mags on subject of SPACE in the borning stage in Washington. Also new here is Journal of Solar Engineering put out by Asso of Applied Solar Energy. (Enter the Solar Age!) FEAR ON THE STREETS Nation's crime record worst in history, says F.B.I. (Many saying it fits Bible prophecy of Last Days.) 12% increase over '55. Many women in particular fearing the streets after dark. When women through their clubs, etc. DEMAND a change, a way will be found. Suggestion that police dressed as women with "tempting handbags decoy thugs to darker spots and then scoop them off streets. THEN, have press and radio blare the "scoops". Law abiding citizens have a right to safety on the streets. Remember, your Police Department is an Enforcement Agency only. YOU must tell this "Arm" of the law how you want it to work for you.....And as of now, an ineffectual penal system will parole most of these captured thugs right back out again and so waste your tax money. THAT PROBLEM NEXT. The problem is not an easy one. Real headwork is needed. Some determined millionaires in Chi. have pooled \$100,000 and set up a Crime Research Bureau. What ideas have YOU. It CAN be done! TRAFFIC PROBLEM Auto now called our "No. 1 problem!" Traffic deaths average 106 a day; 40,200. killed last yr. Calcutta's traffic problem consists of 33,000 "sacred" cows roaming its streets at will -- and this is A.D. 1957!

SAUCER NEWS The embattled saucer situation sizzles on! There are liars in high places - there are wolves without, and an occasional skunk within! There are persons unethical enough to publish old letters without their writer's consent or knowledge of what's being pulled out of them to add to falsity. There is subterfuge and sabotage. "Label it" they beg! .....A very prominent business man in the east uses letterhead "Interplanetary Board of Trade".....A professor here from Ohio told LLP he sent letters to 50 universities in nearly as many countries, querrying them about saucers; only one U replied - Egypt, and said there were many sightings there. But why only ONE reply asks the prof. "Is there some kind of international ban? Mystery! Mystery!.....Famed Arthur Clarke admits in last British Interplanetary Journal "Some very odd things going on in our atmosphere...The Intelligence Service is faced with a fantastic and unprecedented situation". A theological student told LLP of lengthy meeting held at his U. of 60 ministers - subject SAUCERS. A certain man had seen a saucer, it had greatly affected him, authorities hushed him so he went to his minister. Minister hadn't known what to tell him so put problem up to 59 others at thismeeting; Conclusion - "Saucers are real, govt also in dark - situation is without precedent!"...IT IS A SERIOUS THING WHEN MAN CAN FIND LITTLE ILLUMINATION FROM THE PAGES OF HISTORY - WHEN PRECEDENT NO LONGER PROPHECIES - WHEN FACE TO FACE WITH THE UNKNOWN HE STANDS ON THE BRIM OF AN EXPANDING CIRCLE WHOSE EVER-WIDENING HORIZON ROLLS RELENTLESSLY TOWARD HIM WITH ITS MYSTERIES - AND ITS MARVELS...THOSE LEADERS OF THOUGHT WHO WOULD RETAIN LEADERSHIP ARE NOW CHALLENGED! MAY HISTORY ONE DAY RECORD THEM AS KNIGHTS OF THE VANGUARD, WHOSE NEARNESS TO GOD AND TO NATURE HELPED THEM TO BLAZE THE TRAIL TOWARD THE HIGHER DIMENSION THAT IS MOVING IN. -- Ed.
