THE NEWS IN CAPSULE

From the Office in the Garden

*WHEREIN LIES VALUE? Over the ages this question has haunted every thinking Earthling! Now, their minds on SPACE, Humans are in some kind of "Finishing School." "This is the junction of two ages across which we find our lifespan stretched," says Edgar Sievers. Our mental churning is without precedent! "We live in a badly frightened world," says Reader's Digest "and for some the meaning has gone out of life." --- A Bill in Congress for \$39 bil, 600 mil for DEFENSE is the price tag for Man's Fear of Man on this Planet! - But Life is a SCHOOL for piloting outselves thru Illusion, Delusion and Deception -- then "Verily ye are gods!" ---The ARMY of the ENLIGHTENED is beginning to MARCH - to march on EVIL in all its forms; - when Colleges opened their doors to GI's much else happened as well. KNOWLEDGE IS POWER! - the death-knell has been struck to sham and subterfuge on this Planet. "The horizons of knowledge are not so much expanding as exploding," says Space Writer Arthur Clarke. It is LACK rather than Luxury that drives people to blaze new trails - yet, if they would accomplish the BIG TASK then New Age LEADERS must get beyond the plaint of paucity. Effective work cannot be done minus Resources! Concepts come first, just as "conception" comes before human birth. And so, you who lead, you who would help bring in this great NEW AGE -- have you "conceived" the PLENTY for that work, even before it is in evidence, knowing the Cosmic ALL from which it flows? Stint is not a part of God or Nature. The time has come for such work to FLOW. And for POWER to make it FLOW. It is a joyous thing! And the greatest of all Power is Power over the SELF. INNER POWER! THEREIN lies Value! What painting of the Master but shows this type of Divinity raying out from His countenance! ("What manner of man is this that even the winds and the waves obey Him?" -- "Destroy this body and in three days I will raise it up again.") Every challenge, day in and day out, which we are called upon to face is but another chance to develop more of what we are here to acquire

-----INNER POWER!

Saucer Research now has 3 distinct phases: 1, Study of Sightings, plus Contracts; - 2, The claims of Esoterists via "Telehot" etc.; 3, Scientific, man-made efforts to duplicate their LEVITY VS GRAVITY principle of flight; a 4th Phase is now coming in, viz, APPROACH OF ORTHODOX RELIGION WITH ITS READY-MADE CHANNELS FOR REACHING THE PEOPLE. Current CHRISTIAN HERALD has article by Earl Douglas "WE ARE BEING WATCHED!"... The rule is WHAT YOU WANT, GET READY FOR! *OBITUARY: On June 20th Arnold Kruchman, Washington, D.C., organizer of the JUNIOR SKYWATCH OF THE AMERICAS, "graduated" from our 3-D world. A child Prodigy, he had toured the world with his violin until 16, entertaining the crowned heads of Europe. Then he turned to writing, became an international correspondent. Born for SOARING, the "eagle" in him sought the skies for subject matter - from the springboard of Misical height he ran the gamut of FLIGHT and sleuthed from the days of BALLOONING to the days of FLYING SAUCERS; small wonder he was one of the ½ doz reporters intrepid enough to dot the landscape at Kitty Hawk one day when a couple of crackpots (prophetically named "Wright") defied Gravity on those lonely dunes. He wrote his story, thumbed his paper to find it, IT WASN'T THERE! - his Editor didn't believe it! Today, 57 yrs later with AVIATION almost our TOP INDUSTRY, that story will ever be eloquent for its absence - a commentary on the sniveled-up-mess of average minds! Kruchman became the world's FIRST AVIATION EDITOR (NY World '03). He made 2 trips around the world, staching supplies for the 1st Round The World Flight.....Significantly, his final effort was birthing his VISION of THE JUNIOR SKYWATCH OF THE AMERICAS, to enlist the interest of YOUTH in "everything that goes" in our skies, including Flying Saucers, paving the way at this time for this vital Age-group to prepare for our new Frontier - SPACE. JSA Address is M. E. Holden, 1727 R St., N.W., Washington, D.C.
