EXTRA!

- * **HOLD EVERYTHING! WE HAVE SEEN THE REAL McCOY!** It is a published document that seems due to change the status of something dear to the heart of many a Researcher. It was published in an obscure place and its coverage very limited. Whether or not someone "intentionally" 'left the back door open' is not known - since SOME things may best come out gradually. That's why we must delay giving you DETAILS right now. However, you will unquestionably be hearing a lot about it before long. That's all we can tell you at this time. "A WORTHY STATEMENT", say the comments, "BUT ABOUT TEN YEARS LATE!".....In the meantime, at sunrise, "Feb 14", a Plutonium Blast was set off on the Sahara Desert, the World's 1960 "Valentine!" This bomb announced France's entry in the Atomic Race. (All Africa protests this use of her Sahara!) "Particularly regrettable!" voiced Japan, first victim of Atomic War. "CLOSER TO THE BRINK" heads STAR'S lead Editorial and adds, "a sobering reminder that other countries may attain membership in this, the World's grimly exclusive "Nuclear Club". Non-aggressive INDIA, is now doing big budgeting for DEFENSE!" - Chinese Reds are crushing Tibetans, who are "on their way to extinction" says Author Frank Moraes -- "England will spend 1/3 of her national budget on DEFENSE!" - "The arms race, growing in intensity, leads Mankind, willy-nilly to the brink of catastrophe" says STAR. Is it any wonder there is PHENOMENA in our skies? It is plainly an omen, say the close observers. Most Saucer Researchers add it up that this incursion is non-aggressive in nature since Saucers have a worldwide "habit" of fleeing when chased; also, with such superior aerodynamics, had they wanted to take us over they could long ago have done so! But Earthians, steeped in Fear and Negativity, are blind to such logic. Also, the Movies have given us a diabolical daily diet of TERROR FROM SPACE. However, if there were small reason for Panic, why the worldwide SECRECY regarding Saucers??? Perhaps this will now be spiked! Watch the press for possible stories. Watch "special" radio commentators. Watch your other Bulletins. Saucer Research may now speed up! We are nearer to finding the big Answer.
- * **TV and RADIO UNDER FIRE:** Since TV Scandals much ado at FCC. "You, the People, own the air, states Washington NEWS, broadcasters are only TRUSTEES of it, says condition exists only because public tolerates it. All THINKERS being urged to write FCC. Much music on radio sheer "voodoo" and brainwashing. Gun-toting on TV so continuous its ulterior motives no longer concealable. (Toy manufacturer said on CBS "Over half the toys I make are GUNS." - WHY? WHOSE DOINGS since "in Russia WAR toys are not even ALLOWED! Who is putting it over on this country? ADV. etc. push more NEWS off the air - GUARD THE CHANNELS OF COMMUNICATION! NBC's "Project 20" will try for improvement, plans shows on Teddy Roosevelt, Woodrow Wilson, Will Rogers, etc. also plans "LIFE OF CHRIST" for Easter.
- * **LLP ATTENDED RECENT DINNER & POWWOW** of 4 big ENGINEERING SOC'YS, to watch their head-cracking over types of energy for getting out into Space!!
