They have innately recognized the "Handwriting on the Wall" - the great arching wall of Earth's SKIES on which our present-day SKY PHENOMENA are spelling out strange Messages of things PORTENTOUS just ahead!Small wonder the Powers of Darkness try to shroud it--and pursue and persecute those who PROCLAIM it! But they cannot curtain off the SKIES! The Handwriting is THERE! These VOLUNTEERS have been sleuthing it for fourteen years, yea more! They are reading hidden meanings! They are the "Hawkshaws" of our Times! They are HERALDS in a New Order!.....And, in all of this STRAINING TOWARD SPACE -- never forget, AMERICA'S ROLE IN THIS DRAMA OF THE AGES, - IS -----SPIRITUAL LEADERSHIP!

* OUR DYNAMIC PICTURE-Without a name-was created by the LLP not long ago; orders for it continue to come in; it is on display in N.Y., has been exhibited in foreign countries & will soon be shown at a big Convention in Japan. LLP sees it framed on many walls as we go among New Age people. Many mags are giving it free mention. One admirer of the Picture writes, "It vividly & beautifully expresses the concept of what MAN thru thinking, can do to free himself of the PRISON of his own making in which he finds himself; one finds his own powers stirring as he gazes at it, the power to rise up into the Great Light. It shows Man's spiritual strength now dormant within him & how it may blossom out, calling him to his glorious destination." Planet Earth is our "little red school house" for GROWTH & DEVELOPMENT-the whole object of Life is to RAISE THE CONSCIOUSNESS. In this world of recalcitrant Matter & much human distemper this is done only by continuously turning to THE VISION. A Master is created only by learning MASTERY within. This 11 x 14 inch PICTURE will be sent, mailed flat, to those who contribute \$2. or more to the work of the LLP, for time & expense.

*SYMBOL OF THE NEW AGE:-LLP suggests as a SYMBOL of the New Age, THE SECRETARY BIRD, of which there is a copy living at our Wash ZOO. He gets his name from the penlike QUILLS over his ears as a Secy might wear them. He has beautiful blue eyes, long eyelashes, a kindly expression, & his long legs carry him about with a stateliness & a dignity that even to watch him is to catch a sense of POISE unsurpassed! We pulled the the Natural History from the colorful long rows of books back of the writing table & found the following about him: His home is S. Africa; he nests in lofty trees; he has a ravenous appetite; in the stomach of one was found 11 large lizards, 11 small tortoises, many insects & 3 snakes as large as a man's arm; in addition to this "conquering" strut, the SYMBOL part of him is his CONQUEST OVER SNAKES (symbol of EVIL); our book says "He is most valuable in destroying the serpent race on which he most feeds". Undaunted by the deadly attack of the COBRA, the Secy BIRD comes boldly to the attack & in spite of the infuriated & desperate reptile is sure to come off victorious. "As a source of inspiration, we suggest that anyone who can do so, go & commune with a Secretary Bird.
