THE NEWS IN CAPSULE

*EARTH IS A TREMBLE WITH THREATS AND BOMBS-----Little tin gods are playing "Thor"..... Lawlessness is everywhere---confusion fills the stage! The ULTRA-BOMB has now rent our skies - all Nature stands aghast! With our speeded-up population (soon three billion people) and with more and more technology, Acceleration is now out of hand. The whole show on Planet Earth is being run by only a few men...Evil among them has now gotten so tightly organized, and the mass of Humanity either asleep or helpless, that without a "miracle" there seems little hope....Information doesn't reach the common people - even opinion polls are slanted via the type of question....Man is plainly on a disaster course-----if the H-Bomb doesn't finish him shortly, perverted Chemistry (food, water and air pollution) will get him later.....Is the "miracle" possible? A New Age leader claims 300 men could save the Planet...How to get the counter-Pressure Groups into action---? Years ago, LLP developed a "mechanism" for radio called "THE PUBLIC OPINION CLEARING HOUSE"---a means of processing vital subjects and problems - putting them up to the public at large - and pooling and publishing the returns...Public Relations work done with it brought only the highest praise for the Plan - CBS urged us to continue to push it. It acted as a Left Bower of Government, giving Congress a preview of the best thinking and wishes of the whole populace. Now we realize why it has not yet been accepted-----the "Power Elite" doesn't want such a thing!.....But somewhere is the answer.....Help THINK...Are YOU one of those Three Hundred?.....In the overall crescendo, spiritual forces become more vocal...Japan has just held its second big New Age Congress "For Cultivating Human Spirit" - guests from all over the World - all expenses paid but fares.....The tense international situation is reflected in the number of evangelists on New York street corners, says Dorothy Kilgallen - they've about doubled in the last few weeks, and all are predicting the End of the World.....Everywhere are OMENS--- our skies are haunted by swift and darting Unknowns...In lonely Northern Australia stands a huge Monolith 1100 feet high, known as Ayers Rock. It rears itself from a great plain; it contains ancient carvings of Aborigines. Rumbles have been heard there for decades, suggesting faultlines. Of late the night sky has been lit with strange flashing lights over the area---no explanation can be found, says the Adelaide Advertiser..... Next February, even Nature will get into the act and will stage a total eclipse of our Sun - and almost at the same time an eclipse of the Moon-----might it be symbolic? These are times of UNSURPASSED DRAMA.....WATCH!!!

*INDIAN SUMMER & COFFEE IN THE GARDEN: A physicist sat & poured out in muted voice his advanced theories of light....He told of great repository of Saucer info not being revealed - also his reason for knowing intelligent signals are coming from Outer Space, but not talked about....Verily, all Earth's customary relativities are whirling-----veering into new concepts!

*HERE & COMING: First-hand reports coming in re conditions in Russia---"smile-less faces - lack of bathtubs - 5 families to one lavatory - people robbing corpses in cemeteries for clothing, jewelry, gold in teeth"---VALUES ARE RELATIVE - be thankful for each of your blessings.....COMING in Seattle, restaurant-in-the-sky: a 600-ft "space needle" will support a saucer-like structure that rotates once an hr; you dine "among the stars!".....COMING, \$15-device for your radio will give top-volume alarm 24 hrs a day in case of enemy attack.....HERE, Hiroshima preserves the twisted skeleton of its Industrial Exhibition Hall - permanent, grim reminder of 1st bombing of a city, Aug. 6, 1945.....HERE, talk of Superhighways with underground cable that will control speed, steering & braking of cars by radionics (no direct contact with cable) - would make accidents impossible - "prototype being built".....COMING, a magnet to tame the H-Bomb, being developed at Westinghouse - will speed the day when electricity can be made directly from heat - getting closer to the phenomenon of free energy.....COMING, instant snow removal "just around the corner" - heating system for sidewalks & driveways.....HERE, there is no known method today that can prevent wiretapping - Mike Wallace says they can even tap the White House by remote control. (Verily, we are coming into 4-D! -Ed.).....HERE, someone called WOR (NY) & suggested, "How about an electronic brain for President----it would be far more accurate in case of push-button war!".....HERE, new device that amplifies light 100,000 times, now makes it possible to transmit TV pictures by starlight or moonlight - can watch battlefronts without exposing troops to lights.....HERE, in Rome you can dial "19" for 3 minutes of the latest news; in Vienna, dial a number & hear the joke of the day.....HERE, CBS says 16 mil shortwave radios in Russia - truth is getting thru despite their jamming.....Fashion Note:-Women's skirts made like one shrunken pant-leg, and on their shoes killer-spikes for heels----"mincing & prancing as they go" - says the Bible in describing the Last Days.

*LLP VISITS BIG NEW AIR MUSEUM at the Smithsonian, on the Mall - sees depicted Planet Earth's evolution of flight---from bats & birds to balloons & biplanes - to Zeppelins, on to 'copters, sputniks, etc. We picked out big spot for the museum's final Capstone: the place for a Flying Saucer.

*PUBLISHING NEWS: "Seed of the City" by Ethel Raymer, a book on our times; Bible prophecies that fit---much recommended.....Just out - big book by prominent Zoologist & Saucer Researcher Ivan Sanderson - on the Abominable Snowman; calls them sub-human race. Note:-Explorer Fawcett met up with subhumans in Brazil; white skin but black hair over entire body, like a dog's; attacked him with bow & arrows; only guttural "language". There are humanoids in Africa still with vestigial tails (5 or 6 vertebrae at base of spine).....Just out, new magazine, "The Vision, & Metaphysical World News" - Editor Roy Davis - 32 pages.....LLP goes to Library of Congress, sees Ulrich's World Directory of Periodicals; much emphasis on publications dealing with flying saucers; LLP listed - is the only "Little Listening Post" in the world; while there, sees the Adamski books, almost worn out from constant usage.....Coming, new movie based on the life of Hitler - we hear much argument whether he's alive or dead.....LLP goes to filming of "ADVISE & CONSENT" - big new Washington movie, on location here 5 wks; premiere, Xmas, may win award; met many stars, also author (of book & film) Allen Drury who is near to finishing his next, dealing with the UN (should be good---watch!).....Coming, "Greatest of all movies" -- "THE BIBLE" to be produced out of Rome, not Hollywood - outlay 25 mil \$\$ - this "epic to end all epics" will be shown in 3 parts, for a total sitting time of 10 hrs!.....Coming, movie "The Story of General Patton" - nothing left out.....Here, by Michael X - "It Will Happen in February" - all about the Stellium (5 major planets in conjunction); believes it will bring one or more momentous occurrences.....Here, Webster's 3rd New Intl Dictionary - 2720 pp. - has 100,000 new words - is index of our intellectual progress - \$47.50.....Coming, book by Long John of WOR (NY).....Here, new English comedy titled, "STOP THE WORLD, I WANT TO GET OFF"----!!

*IN NEW YORK RECENTLY, LLP checked on Amer Society for Physical Research at 880 Fifth Ave. It was founded in 1885 - its Journal started in 1907; it has had many prominent leaders, such as Prof. Wm James, Dr. Walter Prince, Prof. Gardner Murphy, etc. Much activity now - 900 members & an endowment fund upward of \$200,000. Working with the staid old London Society, trying to pin down the un-pin-downable: telepathy, dowsing, clairvoyance, telekinesis----and they're getting nearer - ever nearer.....

*SAUCER FRONT: U.S. Congress' Probe of UFO Secrecy which began July, is expected to hit full force in January-----if open hearing, 'twill make every front page! Vital you write your Congressman to MAKE THEM OPEN! N.J. Cong'man promises NICAP that "Attention will be focussed on the UFO problem" at next session.....8 Senators & over 40 House members are now on record as strongly favoring a straightforward approach - to set all the facts before the people. House Majority Leader McCormack (former head of the Space Comm, who was rebuffed by the AF in his earlier attempts to ferret out the truth) is power behind the scenes, pushing for complete airing of UFO picture. Unfortunate death of Comm Chairman Brooks side-tracked full-scale action, but a rising tide of support (in Congress & outside) now insures a fair hearing..... NICAP prints picture taken from AF Intelligence Manual AFM-203 (1953) showing simulated encounter of bomber with 2 huge discs, as warning to pilots of such a possibility-----if UFOs "don't exist", why this?.....NICAP says Vice Pres Johnson sent Senate Preparedness Subcomm urgent NICAP report re danger of our mistaking UFOs for Soviet bombers - also danger of their thinking UFOs are our bombers.....UFO sightings are coming in at rate of 100 a wk, says NICAP.....Aug 24, fishing parties were terrified by hovering object off So. Carolina coast - a city block long & hi as a house - shaped like a whale (Mothership) - rosy glow - it then shot off straight up.....Clear photo of Mothership taken from plane near Tokyo.....In Levelland, Texas, a big bright phantomlike object landed in road - seen by dozens - one fainted. Next it lifted & shot up in sky. Repeated 2d night. (Scene of similar performances in '57).....Sightings over Salt Lake City mid-Oct; many watched 15 minutes as light-gray 50-ft disc lingered with rocking motion. Pentagon said, "Either Venus or a research balloon"----pilot snorted back, "They are really off the beam!"..... Many sighting reports from Africa.....Italian newspaper ran series of articles by wellknown pilot who concluded UFOs can't possibly be built on Earth.....Editor UFO bulletin in Zurich writes of unmerciful silencing behind Iron Curtain----says UFOs have been photographed by crew of Russian meteorological station in N. Arctic; they eventually landed----crew saw low flights of UFOs, but Russian Acad of Sci cried, "Optical illusion!".....Mid-Sept, a dedicated group in Fla kept a 6-night vigil (no sleep, worked by day) expecting spaceships to land from Mars. Claim this will happen when danger of public panic is past. Group has many farflung "key units" over country. Flood of UFO sightings from all points reported to them during period..... Big bulletins from New Zealand, also Brazil; editors getting incensed over the Silence. NZ Radio Network broadcasting documentary on Saucers, with eye-witness testimony from many points. Brazilians show large photo layout, incl sequence of 4 shots of famed Trinidad Island saucer (Mar '58); show distinct flight path, approaching island & hovering over cliffs. U.S.A.F. had previously labelled a single shot as "fake"----how will they explain away the whole sequence?.....London's "Daily Sketch" (huge circulation) says British scientist who fled behind Iron Curtain is heading research team near Moscow - doing "practical experiments" in controlling Gravity; sci writer says, "If successful, it would mark the era of the Flying Saucer-flight without wings or engines".....String of Saucer conventions continues: one at Yucca Valley, Calif, mid-Oct; 7-day conclave just held in Perth, Australia, represented S. Aust., W. Aust. & Pacific Sky-Watch of Sydney. Big one coming next summer, conjointly with Seattle World's Fair - will have Saucer booth at the Fair..... London's Geo King (esoteric) who was crusading in U.S., then Australia, is returning to America soon.....Dutch & French publications quote letter from Desmond Leslie: "Tell your NATO people that my friend the ex-Minister for Air in England . . . has written me of his conviction" (in reality of UFOs). D.L. also wrote his friend Lord Mountbatten about the landing at Mountbatten's home in Romsey, Sussex, & latter confirmed it - as did also the Queen's ex-Secretary....(This has just come out, tho it took place in 1956.)

*"UFO" MOVIE: In N.Y. LLP checked & found the 90-min. blockbuster documentary titled simply "UFO" - which made the movie theater rounds since '56 - was recently sold to TV, & is going strong on a city-by-city basis (Balto., Palm Beach, etc). Re-enacts '52 Washington flap & ends with Tremonton films (color) which AF could not explain away. Film, very damaging to AF's (phoney) position, doing much good for public, says Washington observer; he believes average man seeing film would be convinced of Saucers' reality. (Call YOUR local TV station & ask them to show it!)

*SKY NEWS: NBC says in 6 yrs or less U.S. intends to accomplish Project Apollo: Man on the Moon (2½ days going, 6 days there exploring, 2½ days returning). GE Corp now working on remote-controlled vehicles for travel on the Moon - could be manned or unmanned.....Coming, 60 mil \$\$ Moon lab to be in Texas.....NASA has named D.B. Holmes as "Moon Czar".....A NY hotel owner is taking reservations for "Honeymoon on the Moon" - if not available by '71, you can stay in his hotel free!....."Nimbus" (U.S. weather satellite) will be in action in '62 - progress against age-old problem of whims of weather.....A British astronomer has found 2 tiny "natural" satellites ½ mil miles out, vic our Moon; made 4 photographs. Head Hayden Planetarium, Intl Astronomical Union & "Sky and Telescope" have taken note. (Their sudden appearance & unusual behavior suggest they may not be natural).....Russia's Prof Krasovskin says next logical step into Space would be communication (code & pictures) prior to actual travel----certain scientists suggest we send rockets equipped with tape recordings about ourselves (with wireless transmitters operated by energy derived from light) in hopes they would be picked up by inhabitants on other planets.....Coming, Int'l broadcasting thru satellite system - UN may be world-televised; also there'll probably be global surveillance of launchings, so that sneak rockets can be detected.Planet Earth now has more than 25 satellites sweeping around it, each beeping in its own key, "as if hands were fingering up & down the keys of a great organ..." From this area, says Reader's Digest, the sky is deep black, & stars--some red, some yellow, some white--shine like unblinking spotlights. The Sun is a huge, round fire, with tongues of flame thousands of miles long leaping into the velvet blackness. With no air to carry it, sounds out yonder are unheard.

*LLP ATTENDS 12TH ANNUAL CONGRESS of Int'l Astronautical Fed, early Oct. Held at fantastic new Marriott Hotel, with its Windjammer Room, etc. (betw Pentagon & Airport). 600 spaceminded top scientists from all over world - 44 fluttering flags bespoke the colorful concept of the Planet's new dream----SPACE! 8 delegates were from Russia, incl IAF Pres. Sedov....2 delegates were NICAP members. Papers on "Venus," "Jupiter," "Lunar Landing Guidance," "Possible Existence of Intelligent Living Beings on Other Planets," "Mars as an Object of Exploration & Settlement" etc. Yale's Prof. Lasswell spoke on "Encounters with Living Forms" - much serious batting around the subject of Outer Space Law---these all-but-insolvable problems looming large....England's globe-trotting Arthur Clarke (now of Ceylon) - manytimes visitor at LLP, told us he's now done 26 books - has a condensed book coming out in Reader's Digest - recalled time when he told LLP, "To the Moon in 25 yrs," to which we countered, "English conservatism"-----he's now revised it in our favor & predicts, "5 or 6 yrs"...Says, "Watch great social implications of World telecommunication via Satellite! Probably result in a World language"....Conclave was graced by presence of Prof Hermann Oberth from Germany, "father of rocketry" - also student of sky phenomena...Told us he's doing a book, to be released later - nature of it will startle our readers....After intensive 5 days, which included superb entertainment (Space is in BIG MONEY bracket, you know) delegates hied to NY where they carried on another week under Amer Rocket Soc, incl "Space Report to the Nation" at the Coliseum.....Our Planet is surely hellbent for -----SOMETHING!

*THE EVOLUTION OF WAR: There is now talk of a device to match the guiding code of an enemy missile, & so send the missile right back where it came from (Newsweek) - could be Battle of the Robots!.....A Witch-Doctor sends the "hex," which is a hate-thought or energy, back to the one who sent it out, & it sometimes kills the sender. This was verified by a nationally-known Univ in DC which studied the phenomena -it follows a law in Nature----LLP sat in on the big study.....A guided missile is acting as the extension of Man's mind, & has built-in "will power"...A magnetic counter-command could reverse it (life is patterned on the plan of a circle)....This is only one step below long-range Telepathy, on which our Military has been at work for some yrs as a hoped-for means of directly influencing the mind of an enemy country's leader...War was once glamorous: uniforms, march music, glory. With WW2, men crawled on their bellies & lived in foxholes. Glamor was gone...War now merges to the Mental level. Watch it step-by-step!.....LLP asked a profound philosopher: "If war were to be totally dissolved, what would Man do for excitement?" Quick came the answer: "Oh, there will always be war on the mental plane!".....When Man evolves to the stage of courtesy, then the warring of IDEAS will be the greatest of exhilarating sports..

That is why LLP has always pleaded: fight over Principles but leave out Personalities. Let the World beware----America's "Special Forces" - the new guerillas now in training - toughest of the tough! Here - there is a Fed Radiation Council watching fallout & reporting to JFK. U.S. & Russia studying how to fight each other by anti-crop warfare (microbes, insects & chemicals could wipe out each other's food sources) Tragic commentary on our times is the endorsement of home bomb shelters-----by the Institute of Better Living! Coming: China will soon join the exclusive Atom Bomb Club. Russia's 50-Megaton blast called "a violence unheard of in human history" Kennedy says, "The events of the next 10 months may well decide the events of the next 10,000 years."

*VISITOR TO THE LLP was Eloise Mellor from Calif (in work of White Brotherhood); she is introducing "The Second Book of Azrael," from which the following is quoted: "Man will be in touch with the etheric world...voices coming out of the ether...Man will have learned how to raise his vibratory rate and hold communion...Colored lights seen in the Heavens - these are the forerunners of the return of Jesus - they will see Him as He promised 2000 years ago...Before long, there will be one great Church formed, The Church of St. John the Beloved. Perhaps then, the New Age now forming will come in full force...Then we can hold communications with loved ones on another plane and commune with man in any part of the world." (See circular enclosed.)

*LLP GOES TO N.Y., checks up on NY Saucer Info Bureau (NYSIB); they have mailing list of 800, have monthly meetings, yrly dues of \$4, bring lecturers & hold Discussions; expect Adamski soon, also Ric Williamson, who they say is returning from lecture tour of Japan & Hawaii. N.Y. has new dance, "The Twist" - a step down from Rock & Roll, a step above jungle ritual. NY Times says it has caught on among the Social Set, by a process of mass hypnotism (one more phase of Mass Mesmerism at work) In NY, the increasing Tension on people's faces was very evident, & in the eyes of many others was sheer bewilderment - some strange, wild momentum that has lost the power to decelerate.

*BACK HOME, The Little Listening Post garden had turned to gold! Under the spell of the Harvest Moon, it has lain white like magic. Have you gotten your picture of THIS MAGIC GARDEN? A colorphoto will be sent you in exchange for a gift to The Little Listening Post.

*MAILBAG: Mrs. J.F., Ariz, writes a letter on the subj of our onion sandwiches; adds "it's too long between issues" Karl Viedt, head of UFO work in Germany, sends us lengthy report - they are very active there. H.O'D., Calif, calls LLP "best little publication I have ever seen. Before removing my hat & coat, I read it thru; next, lend it to friends, later study it further" R.L.S., Victoria, Aust., air-mails, "How can I subscribe to LLP?" C.B., Washington, writes, "The song 'God Bless America' should sweep the country!" B.L., Calif, passes LLP around to a doz friends. A.H.B., No. Car., is touring World; postcards from India, says he'll keep an eye open for our kind of news. R.S., NY, says, "Don't you dare drop our names from the most sought-after New Age news - when LLP comes we drop everything, get in a chair & devour it - yes, we too 'know' when it is coming" H.H., Colo., "I find LLP super as usual - takes me a while to catch my breath!" P.F., Calif, says, "This last issue is a WOW!!" J.L., Texas, a big radio Ham, plans long "chats" with us - is sending photos of his powerful set, which can reach anywhere in the world; planning worldwide Ham network. BRAVO -Ed. (What magnificent possibilities the Hams have for getting the "Gospel" to this tottering World----let's hear from more of them - quick!!!!)

*THE LITTLE LISTENING POST is issued every few weeks, when the news "boils over," from Washington - news Capital of the World. It is listening on a Far-out Front, which is getting more confused & noisier every day. The World is sickened by Russia's latest performance, says British Ambassador. On the Far-out Front, "Ultimate" piles up on "Ultimate"! Keep watch! Listen in with THE LITTLE LISTENING POST!
