THE NEWS IN CAPSULE

*FLYING SAUCERS ARE THE WORLD'S "INTERROGATION" TODAY! Why have they come? Their sweeps through our skies beckon us upward and outward. Ridiculed by all forms of Orthodoxy, they were - notwithstanding - the great harbingers of the Space Age. They exhibit a form of power new to Man and his vaunted learning. "FREE ENERGY" is the Hinge on which swings open the Gate to the New Age. Empirical Science and the Powers That Be would keep this gate closed----but, by pen and persuasion, those who "understand" must force it wide.....With millions soul-sick, and sunken to Sex and to Sate, there is a yearning for new food for the Spirit. Charles Fort calls Earthlings "a bunch of antisocial shut-ins," but now many are hearing the clarion call of the Skies, even as the fledgling hears in the winds the call of the Upper Reaches----the surge toward the GREAT ADVENTURE. Those who have felt the Universal pulse-beat can no longer be confined by the egg of Night. The vastness of emergent humanity being born into Space was shown thus by a magazine: a miniature astronaut is being dangled - head down - by the huge hand of an obstetrician.....We are entering a WHOLE NEW OCTAVE----it shakes and shatters every former "Absolute" related to this planet. "Truth and right are under siege," says Edward R. Murrow. "When organized crime and the police work together, this is the beginning of the end," asserts Albert Burke, of Yale. "Chaos is increasing," adds another writer; "only those who can work in the midst of confusion can be used by the Higher Powers." H.G. Wells said: "Great movements in the racial soul come at first like a thief in the night----(so came the Saucers)----human history becomes more and more a race between Education and Catastrophe." Mrs. Roosevelt interprets the Youth of today as working under some shadow of World's End.....Humanity is in the No Man's Land of its evolution----who will lead us out of this 3½-D wilderness? Voices cry, "LO, HERE! LO, THERE!".....Ignorance is the cause of this planet's suffering; what perpetuates it is man's Arrogance and his Inertia. "Mankind is on the brink of un-dreamed-of discovery," said President Kennedy recently. But, with the greatest of all discoveries----free energy----being exhibited by UFO's in our skies, Science and World Governments have turned their backs! A British magazine derides Parliament for squabbling over bus fares when it "should be studying the motive power of the Saucers;" the editor cries, "Wake up, everyone!".....Long-time researcher Coral Lorenzen, in her new book, "THE GREAT FLYING SAUCER HOAX", states: "The earth is being observed by intelligent beings from outer space, but information reaching the general public promotes an opposite impression. A HOAX has been perpetrated. We, the people, are the victims of that hoax..." THINK for yourself! DON'T be misled! We are NOT ALONE in the Universe!!!

* * *

THE WORLD'S GREAT HUNGER TODAY IS FOR HOPE.....
THE WORLD'S GREAT NEED IS FOR INTERPRETATION.

*HERE & COMING: Here, fallout shelter firms have thrown in the towel! - "no demand". (Can you explain Rockefeller's elaborate one built in Wash'n?).....Here, juvenile delinquency is growing 5 times faster than juvenile population----a sobering statistic.....Here, talk of ways to establish many U.S. Negroes in Africa; free land said to be already waiting for them there.....Here, in Russia, "Religion now more openly observed;" many of Russia's top scientists are urging a return to a spiritual concept of the Universe. Signs of the New Age----if true!.....Here, 18 mil people added to China's population every year.....Here, 3 out of every 5 people on this planet still can't read or write, but more are learning.....Here, estimated 150,000 drug addicts in Hong Kong.....Here, much ado about proposed Fed withholding on your personal savings accounts!----"even the cost of extra paperwork will be outrageous." It looks too much like "BIG BROTHER is watching you!".....Coming, in Washington on the Potomac, World's largest planetarium - to cost \$1½ mil.

*STUPENDOUS CHANGES IN THE FIELD OF COMMUNICATION: Talk of ways of transmitting messages that will be impervious to any form of "tapping".....Communication satellite, now in the making, will bring one of the greatest speed-ups in human progress; much confusion over who will control it.....And now, a GE spokesman tells us they are working on "burst communication"----using a LIGHT BEAM to transmit a vast amount of information in an instant of time; they say it could transmit the entire contents of an encyclopedia in 1/1000 of a second, using computer codes! Jumping Jehosephat!! - have we crossed the border into 4-D already??

*TELEVISION: Last LLP Editorial told of Congressional housecleaning re TV programs, & one man in particular who was called on the carpet when we were there. Soon after this he was yanked by his Network. Finger of blame was pointed at him for gore on American TV. Forthwith, one of the leading producers of TV "action" programs snapped him up to supervise their work as they expand their sex-&brutality films to a world-wide market. Thus does EVIL unerringly manipulate her pawns.....FCC Chairman Minow is working hard to improve TV. Most cities now have only 1 or 2 stations, & network TV is virtually in the hands of 3 men (heads of each network). Minow proposes all new TV sets be required to receive the 70 UHF channels - a simple gadget on your old set would do it. Would greatly stimulate versatility & give CULTURE a chance.

*LECTURERS & AUTHORS RECENTLY AT THE LLP: Col. Arthur Burks, now on nationwide tour; Dr. Dan Fry, on speaking trip because "people have a right to know;" George Adamski, "on special mission to Washington;" Hilda W. Smith, nationally known in Labor Education & other fields, much beloved for her humanitarian work; Bryant & Helen Reeve, back from West Coast trip (10 continuous years in Saucer research, now working on new book); Neva Dell Hunter, known to many groups over the country.

*WAR: Air Force commanders of Atomic Weapons Units were recently ordered to screen their personnel every 6 months to reduce chances of an ACCIDENTAL NUCLEAR BLAST; aims to weed out the emotionally disturbed, who might set off a bomb without orders..... A prominent free-energy researcher recently told LLP he'd had occasion to visit NORAD at Colorado Springs (N. Amer. Air Defense Command)---called it extremely frightening! NORAD keeps constant watch on 200,000 planes in our air space, satellites, ships at sea, even planes over Siberia. Daily it spots suspicious planes - fighters are then scrambled to identify them, usually learn the pilots are lost or radios broken..... Coming, mobile missiles - portable by train or truck - enemy can't locate or pinpoint them, so a surprise attack to wipe them out would be futile.

*ARE "VISITORS" HELPING TO SAVE OUR PLANET? Remember the Bikini underwater nuclear tests years ago? A scientist supposedly in the know just told LLP the reason the deeper explosion was never carried out was because an obscure seaman aboard the official test ship finally succeeded in getting audience with the project's top man, & gave him profound scientific reasons why it might ignite the planet & turn it into a blazing sun. "THE TEST WAS STOPPED AT THE 11TH HOUR"----also hushed up! Later, when this seaman was sought, he could not be found. "No one even knew his name."

*PROPHETS OF DOOM: From the early '80s there have been those who set dates for some great & final showdown on Planet Earth. Some groups have disposed of earthly goods & literally perched on high places, waiting----but nothing happened! History shows (as the Bible states): "No man knoweth the day nor the hour." The significant thing today, however, is the current AMOUNT of expectancy, plus man's newly-perfected MEANS of self-annihilation. Also, stepped-up momentum of everything seems due now to whirl us into the 4th Dimension.....(HAPPY 4-D COMING!!!)

*SKY NEWS: In 1964, when Earth is again close to Mars, NASA plans to launch "mother ships" to orbit Venus & Mars 5000 mi. from their surface. From these will be launched 300-lb "baby ships" to nose down & parachute to the planets. What they see & feel will be transmitted to the "mother ship" for relay back to Earth. Thus does man begin to copy what our photographs of Saucers have already taught us. Yet the Gov't has denied & pooh-pooed the subject----what ridiculousity!!.....Mars' MOONS were first seen in 1877. Many observatories saw them then -- yet the same telescopes, operating previously, had not picked them up. Theory is they were constructed by Martians close to that date; one is changing its speed of rotation, is thought to be hollow. Why do modern textbooks & encyclopedias ignore them??.....A Russian astrophysicist reports discovery of oxygen on Venus.....Russian astronomers have found a "heavy planet" rotating around the double star "61" in Cygnus - called first orthodox proof of planets beyond our Solar System.

*THE BIG HOLE IN SIBERIA: According to a recent Russian newsmagazine, millions of Russians are now arguing over the 800 sq mi HOLE in Siberia - say "it was not made by a meteorite." Think it is evidence of "supernatural" visitors; think the Bible prophets came here in space ships. Russian scientists now doing serious research on it. Hundreds of young investigators taking "vacations" there to explore the region.

*THE "BEAST" ON THE BEACH OF TASMANIA: A wellknown Saucer researcher, visiting the LLP, thinks he has the answer to the 18x20-ft turtle-shaped, hair-covered MONSTER found on a remote Tasmanian beach. Expeditions went to study it. "It could be new in the animal kingdom," said Curator at the Australian Museum. Our researcher showed us an 8mm color movie film with a creature of like shape & size, which he said was released from a Saucer; claims "space biologists" are experimenting here with life forms from other planets, to see if they can live in Earth's atmosphere. The "Tasmanian one" evidently couldn't!-?-!

*NATURE NOTES: Africa, world's "open zoo," is losing its wild animals; natives, now armed with white man's guns, join the general fracas - much killing of majestic animals for no reason; those keeping the count are alarmed. Where is man's balance? The planet seems to be reeling in these DIZZY days!.....The U.S. Navy, while studying undersea sonic effects to detect enemy subs, came up with a by-product----fish talk! We now plan a sneak-up on whales & porpoises to monitor their conversationThere are some 20 mil licensed hunters in the U.S.; some one proposes we form a "Hunt the Hunters Club".....The bald eagle is on the decline - reason unknown, since he is protected by Fed law, with heavy fine for molesting.....Great increase in number of insect species that become resistant to chemical sprays; man vs bugs----sprays are not the answer. BIOLOGICAL controls really work - birds & friendly insects kayo the bad ones - you can buy praying mantises (\$1 an egg case) - also lady bugs.....In this world of turmoil, Nature is healing; Schopenhauer says, "We do not understand the language of Nature because it is too simple.".....Hoppy-the-Cat-bird is back singing in the LLP garden - proving that birds, year after year, love to return to their "homes".

*ANOTHER ON-THE-BEACH MYSTERY: Two subscribers have just dropped in from Canada & told us a strange story. About a year ago, there was discovered on the beach of the St. Lawrence River a huge chunk of metal which later proved to weigh 3000 lbs. "It had not been there the night before, & it could not have dropped from the sky, since despite its great weight, it made no hole for itself in the sand; no nearby tracks shed light on the mystery." It was simply suddenly there----laid there by some levitating means? The Canadian Gov't took up the mystery & discovered the object was so hard, it was almost impossible to cut off pieces with any kind of torches, etc. The substance fit no known analysis. It had tooling marks & grooves. The Gov't succeeded in trucking it away for further study & later turned it over to a scientist in the UFO field, from whom we expect to hear more in detail by next issue. Were Space People inviting us to study more of their secrets?

*KHRUSH CAN'T CURB CRIME: Massive organized crime-wave in Russia! "Facts have been withheld from public." "Argosy" says they need 10 J. Edgar Hoovers there. Bank robberies continuous (killed 11 in 1 bank, yet thugs went free; firing squad if caught). Moonshining rampant - practised by millions! 5000 juvenile delinquents shipped to Siberia, as Youth revolts at drab outlook.....Evil builds on Evil. "Last days----!"

*THE GREATEST VERSE IN THE BIBLE: "OPEN THOU MINE EYES, O LORD, THAT I MAY BEHOLD WONDROUS THINGS OUT OF THY LAW."

*SAUCER FRONT: X-15 Pilot Joe Walker reported to Sci Conf at Seattle that on his 48-mile-high flight he photographed 5 or 6 "disc-shaped unidentified objects.".....A plane-load of Cape Canaveral technicians, monitoring rocket shots last Nov., were "tailed" for 2 hours by a 200-ft diameter "glowing blue ball", which showed plainly on their radar & in color photos; AF Colonel at the base admitted, "Yes, they've been watching us for some time. THEY SHOW NO HOSTILITY----but, how could you explain it to the public?".....A friend in N.H. says Saucers are being seen all over the skies up there.....During coffee, a guest at LLP reported seeing a Mother Ship and 2 Saucers over an Idaho mountain recently; added, "We see them right along!"..... Buck Nelson holds his 5th Annual Conv, Mtn View, Mo. - June 23-5.....June 24 is the 15th Anniv. of Arnold's 1st sighting; named Int'l F.S. Sighting Day - keep watching!.....Report from Scandinavia says 300 researchers there deplore worldwide secrecy----"a case of those in power WITHHOLDING THE TRUTH from the people."..... On 2 successive nights, over 700 people in Brisbane, Australia, gathered to hear Father Gill tell of the famous Papua Is. sighting, where 4 figures aboard an unknown craft waved openly to a large group on the ground, then took off at fantastic speed; "could only have been EXTRATERRESTRIAL!".....The Ministry of Education in Holland has subsidized 2 documentary filmstrips (including the Adamski photos) of FLYING SAUCERS to be shown in Gov't schools all over the country....."Understanding" for May has unearthed a striking report of a spaceship hovering over Chicago in 1902---- it was seen by tens of thousands of people for 20 minutes; a photograph of it is still in existence; it hung motionless in one area over the center of the city; newspapers front-paged the event for 3 days; when it took off, they found by triangulation its speed was 247 mph. Scientists at once declared no solid object could possibly go that fast - so the happening was soon dismissed as "utterly incredible." An astronomer of the day opined, "The best thing for people to do would be to forget it!"---- and that is exactly what happened. EGAD! WILL SCIENCE NEVER LEARN?

*SAUCER HOURS: A physicist spent the evening (till 2 AM) at LLP & expounded on UFO's; claims they are in 2 categories: time-machine travelers, & space travelers from another time frame, as per Einstein's TIME RELATIVITY. (See also Dan Fry's "Steps to the Stars.") Once "time travelers" tune into our frame of time-reference, they can create 3-D machines & travel about our planet on the physical laws of the Solar System. There is hierarchy upon hierarchy & a veritable INFINITY of Existences....."The problem is so extensive," says Dutch Disc Digest, "that it may take a lifetime to interpret all phenomena which belong to this intriguing question!" Our physicist says man will not travel far from Earth without FREE ENERGY, & our ships are too small for atomic energy. "Man cannot cross the Van Allen radiation belt & withstand the high-energy particles (unless he could possibly get out at the Poles.) With Saucers, their forcefields protect them. Until we learn to polarize matter, we are somewhat helpless. There is proof that we are much nearer to making saucers than the public suspects. The holdup is the upsetting effect on the economy----but an anti-gravity device could be perfected at any time! Once given a vehicle that is anti-gravitic, its owner can control the World. Then spaceflight becomes transmutation---teleportation--the speed of electricity....Spacemen are MASTERS OF MATTER. Billions of light years to them mean nothing!".....More onion sandwiches, please!!!

*RECENT WORD FROM LONDON: In a statement just made to LLP by Waveney Girvan, ed. highly respected "Flying Saucer Review," he said: "Belief in Saucers is growing among what can only be called the educated classes. They realize that the scoffers' position is steadily being eroded by new discoveries & open minds." (HEAR! HEAR! - Ed.)

*A NEW, UNPUBLISHED CONTACT: Dr. Dan Fry, recently at the LLP, told the following: - On an April afternoon in 1961, as he approached Merlin, Ore. (his new development), he was surprised to see a man waiting for him, & nearby a FLYING SAUCER at rest on the ground. The spacecraft was similar to the one that had contacted him at White Sands, N.M., & the man was ALAN, whose voice he recognized from 3 former voice-transmission contacts. Alan was dressed in ordinary "Earth-type" civilian clothing; he was about 5'9", medium build & apparently in his early 30's. During the 20-minute visit, Alan talked about fallout & gave Dan further technical info re the Gov't rocket projects on which Dan was working. Then Alan stepped into the Saucer, & it rose & quickly flew out of sight.....Verily, our Brothers from Space are getting ever nearer!!!

*PUBLISHING NEWS: "Organic Gardening" now has 300,000 pd subscribers----asserts the organic movement has established itself despite the insecticide mongers.....Just out or coming soon - at least a doz new books on UFO's. One by Lt. Col. Salatur of Indonesian Air Force declares UFO's come from an unknown star; he wrote Russian Prof Sedov (head Intl Astro Fed) that Russia's rockets to Mars & Venus will reveal keys to unlock this mystery; asserts, "The future belongs to the Flying Saucers."....."THE WHITE SANDS INCIDENT" by Dr. Dan Fry is due for its 14th printing - it has been printed in 9 languages; name of author is more widely known abroad than in this country. After his contact, Brazil sent staff men from their most popular magazine & printed long story for its 30 million readers. Dr. Fry told the LLP Jiggs Room group that many laughed at the "impossible" rate of travel (from White Sands to N.Y. & back in 1/2-hr, or 8000 mph) but 8 years later we're accosted with the fact that Glenn & Carpenter went 18,000 mph.....Dorothy Thomas, indomitable pioneer in New Age publishing, now at Yucca Valley, Calif, is about due to start her new magazine, "Transformation." The name of it "rings true.".....NEW AGE EXPOSITOR, Box 8151, Foothill Sta., Salt Lake City, is a listing & panorama of New Age activities, operated on donation basis; it goes to 88 countries.....Rec'd at LLP, "The New Age" - a book put out by World of Tomorrow Foundation (Peter Whitman, ambitious Hungarian refugee, heads it)Just out - "Fatima Secret" by Michael X (Future Press, Box 34602, L.A. 34, Calif - 2.00); beautifully told - connects this episode to Saucer phenomena.....NOTE:- We carry circulars but don't sell books; if order is delayed, write publishers.

*MAILBAG: H.C., Calif, longtime subscriber, writes: "Much that was not clear to me when I first read the issue some time ago, is now as bright as day.".....E.M., Conn, begs: "Don't ever give up putting out the LLP - I depend on it!".....J.D.C., N.H., says: "I've kept by my typewriter probably half your copies for 2 years, hoping for time to write some reference given about some things interesting to me.".....A subscription comes in from the now-famous County Judge of Eagle River, Wisc., connected with the widely-known (pancake) Saucer contact story.....Dr. J.S., Ont., sends for another Dynamic Picture, for his son; comments: "The younger generation seems well aware of the signs of the times - else a picture of this type would hold no meaning."Fred Stone, head of Saucer work in Australia, says he's sending more of his paintings to display in our Jiggs Room. Describes his home & the exotic fruit trees on his grounds. Several of us are planting the wildflower seeds he sent us from Down Under.....May Harvey, N.Z., heading world movement, "Heralds of the New Age," feels N.Z. is destined to be a SPIRITUAL power station for the healing of the Nations; adds: "If I had my way, I would shout the New Age disclosures from the housetops; they are so joyous, so hopeful, so grand----to think such a wonderful world will arise on the ashes of the old! Have courage, have faith - the Father is at the helm!".....Saucer Editor in So. America writes: "We trust you will push, punch & pinch forward the Flying Saucer problem"--!!!.....THANKS FOR THE STAMPS you send & any other "help" - times are strenuous here in Washington, & the LLP "fortress" is being held against many odds! Let's not allow conditions to sabotage the New Age work.

*THE MAGIC GARDEN: We are having to re-order this picture - sent in exchange for an appropriate gift to the LLP. Many tell us they "see things" in this picture & in its strange lighting effects....If you want a copy, please hurry.

*WALNUT ACRES (see encl. card) is where LLP gets so-good cheddar cheese & other farm-fresh goodies; its head is a New Age idealist of unusual calibre.

*PLEASE NOTE: There was no May issue of LLP.

*THE LITTLE LISTENING POST is issued every few weeks, when the news "boils over", from Washington, news Capital of the World. It scans the FAR HORIZONS, trying to foresee the effect of sweeping changes, ever in the making. They are coming too fast for smooth absorption, giving many a feeling of being "lost." Watch the oncoming tide of more automation----watch for global TV----watch for Russia's huge, huge H-Bomb----watch for weather manipulation----watch for the revolutionary Communications Satellite, as the next big "shockers"....These things involve too much power to be wielded by unevolved men....OVER THE WORLD, THERE IS AN S-O-S FOR SPIRITUAL LEADERSHIP. Keep watch with us----listen in with The Little Listening Post!

Six Issues for Three Dollars

June--July

1962
