### THE NEWS IN CAPSULE

\*LOOMING OVER OUR OWN GENERATION IS THE CHALLENGE OF THE AGES-----preparation to meet others in Space.....In the order of his Evolution, Man first thinks to conquer Man; next, to conquer the Elements (science); next, he sees that the greatest of all conquests is the conquest of himself. And so enters the SPIRITUAL challenge; this he must tackle before he is ready for a larger Fraternity.....Ever restless and questing-----and at last grown too big for his planet, Man is now invading the home of meteors and auroras; ere long he will have knowledge of other planets. But what of his deportment and his manners? The very worthy Society for Social Responsibility in Science---when it convenes in New York in September---plans to take into full membership those whose field is Social Science. That emphasis is long overdue; wars, big and little, are born for lack of it. In this broad field lies the final answer to human happiness.....Meanwhile, CATASTROPHE AND CHAOS thunder and threaten...We are in the Biblical "last Days"---and only those of the New Age and the New Order can look upon these times without trepidation, for they see the awe-inspiring shape of the grand "Wagnerian climax" rolling up around us, and they believe that the planet's "salvation draweth nigh." Esoteric people have long predicted a return to the Paradise State....That is the keynote resounding from many sources and directions-----echoing and re-echoing over the crowded wavelengths of The Little Listening Post.

\*SAUCERS IN TOP CIRCLES: England's Prince Philip is now on record (in June McCALL'S, 30 million readers) as defending Flying Saucers. At a dinner party given by the Queen, he told friends, "I am sure they exist; all the evidence points to it. So many people say they have seen them. You should read the book, Flying Saucers Have Landed." For many years, Prince Philip has been a close student of UFO's, one of a number in the highest European echelons, e.g., Lord Mountbatten, Lord Dowding and General Chassin. And while men like General Chassin have been exhorting their fellow influentials to help get the truth to the people, the U.S. Air Force has tried desperately to bottle it up. The result, says British editor Waveney Girvan, is that America's role of pioneer in this farthest-out of all fields, is in grave jeopardy---RUSSIA MAY TAKE THE LEAD. "An official campaign is being conducted to prepare the Russian mind for the truth. The Government-controlled press declares, first, that 'other-world intelligences might have visited us in the past'; next, that they 'might visit us in the future,' and finally, that they 'might even be visiting us NOW.' The Russians are at this moment only a hair's breadth away from revealing the truth, and they keep telling their people to prepare themselves for some STARTLING NEWS in the not too distant future.....Herein may lie the greatest tragedy of our times----RUSSIA is bent on opening men's minds, while AMERICA keeps them closed." (O TEMPORA, O MORES!)

\*SKY NEWS: Russian scientist now claims to have discovered breathable oxygen around Venus; by Christmas we should know, when America's miracle Marine II passes within 9000 mi of our mystery-shrouded sister planet.....Here, talk of "space planes" to travel at 10,000 mph, ground-controlled---will cross ocean in 20 mins; will fly at a height of 60 mi, beyond field of friction; will need fuel only for take-off..... U.S. has multi-bil \$\$ plan to put men on the Moon; between us & Russia, it looks as tho we won't have to wait long; this race to the Moon is of the stuff that dreams are made of. Oh, will we then in our lifetime reach this magic orb---great symbol of the unobtainable?....."U.S. will launch 6 biological observatories in space next year---will see if there is life in space, drifting from planet to planet"..... Here, new 85-ft radio telescope now in No. Calif. - & coming, a 150-ft one at Stanford Univ. to explore the Moon & planets---Man continues to point his nose outward from Earth. The 600-ft disk at Sugar Grove, W. Va. will be the world's largest steerable radio 'scope - will listen for signals from invisible stars & galaxies.....a leading designer & manufacturer of Buck Rogerish space vehicles, in scouting for new experts for his firm, has turned to the ESOTERIC---canvassing Borderland Sci Research Assoc.!

\*HERE & COMING: Here, 3 out of 4 human beings on this planet are said to exist in deepest poverty---many recent documentaries on TV showing close-ups (Hong Kong, Cuba, Brazil, etc.).....Here, Arnold Toynbee, British historian, attacks the mechanism of advertising as now being used as a basic EVIL; TV is a tool for mass mesmerism; we are hypnotized to buy, so that a few at the top can wallow in wealth. England & Canada proposing to BAN cigarette ads - claim 40,000 a yr in No. America are murdered by lung cancer. Do you weigh advertising? How is your sales resistance? are you standing up under the deadly barrage of jingles hammered down upon you by advertisers, year after year, without a change?.....Here, possible REJUVENATION VIA TAPE-RECORDING (it recalls sci fiction's "thought-injector machines")---scientists in the Ukraine claim progress on a "bio-electric amplifier" which transmits SKILLS from one person to another, connected by electrodes; it re-educates muscle-nerve-brain pathways---even possible to record impulses from skilled person ON TAPE, to be played & super-imposed on person needing improvement. Thus a skilled pianist could transmit some of his muscular agility to another, strong youths could improve oldsters, etc.....Here, ion microscope that can show atoms on tip of hair-thin needle.....Here, new uses being found for ultra-sonic waves; a "sonic sandman" is now on the market to lull babies to sleep - it emits an electric hum that soothes infants & produces an almost hypnotic effect. And ultra-sonic sirens on factory chimneys are now "coagulating" dust particles in smoke, which are then trapped by filters instead of polluting the air...Here, talk of "Death Satellites" to circle the globe equipped with LASERS, ultra-concentrated light-beam devices which can kill living cells at a distance; could be turned on & off by remote control; is this the ultimate weapon??

\*NATURE NOTES: A rare Zebra butterfly lay in the road for hours before LLP found it; one of its 4 wings was twisted & limp. It was brought to the LLP garden & the wing scotch-taped & left to rest; ere long it was gone. Next day a Zebra fluttered its way thru the garden - we trust it was the same one.....Here in East, "driest summer on record" - many shortages, farmers lose millions; fits with New Age warnings re coming extremes in weather due to tampering with planet's protective blanket..... Yellow rain recently fell over many parts of Bulgaria---so heavy in one region that the earth was completely yellow; same thing in our Midwest, says one Bulletin, due to "pockets of fallout"--!.....This summer Egyptians in the Nile delta have been overrun by hordes of inch-long white ants of the vicious "soldier" type; 10 villages had to be abandoned to the advancing insect armies; they streamed over the beds of sleepers at night---some people now afraid to go to sleep.....The airport in Johannesburg, S. Africa, conducts a self-service flower stall; in the 18 months it has been operating, the deposit box has never failed to contain the exact amount for the flowers that have been taken; verily, the silent flowers preach their own sermons... And a sign in a flower garden in Jackson, Mich., reads: "LOVE 'EM AND LEAVE 'EM."

\*ANOTHER CHALLENGE TO ORTHODOXY: Former chief psychiatrist of a prominent U.S. hospital has just retired to give his full time to actively furthering new concepts, which emphasize the Paranormal; he sees the field as extremely broad - catalogues it in 70 categories, including Flying Saucers as one. He often gives 3-hr lectures to business & civic groups; is much in demand. A genius in the field, he is planning to write a dozen books with revolutionary implications.

**\*HEALTH FRONT:** Tragic epidemic of deformed babies (due to Thalidomide) will hit these shores even harder than we've been led to believe, says Drew Pearson; in Germany, the facts showed up last Nov., but as recently as JUNE the U.S. distributor still claimed the charges against this drug were "mere speculation"!! All over the world, women who took it are now seeking abortions & mercy killings.....Drugs often sell for 30 times the cost of production; WOE, WOE unto those who profiteer on the sick---they are not fit to live on this planet....."New-type pills & drugs are foisted on the market at rate of 1 per day." (What prey we be to the PERSISTENT PREDATORS IN WHITE SMOCKS!) .....Here, 1 out of every 3 Americans is overweight, says report.....A new threat hangs over the Medical profession----AUTOMATION is invading this Ivory Tower; electronic diagnosing machines, computers & ultra-soundwave detectors are now servicing patients with heart trouble, cancer & other diseases more accurately than can humans. .....AMA mercilessly attacking Chiropractors, yet 35 mil Americans place their stamp of approval on this type of treatment".....There are sinister, top-level forces at work to control our intake of vital foods (such as vitamins, minerals & food supplements). All such items---even plain wheat germ---would be tightly regulated; they could be gotten only thru a pharmacist, by a doctor's prescription. Thus the health food store (an oasis in the chemicalized desert) is threatened with extinction. As one "barricaded" fighter cries: "Must we lose the right to decide for ourselves what foods make us healthy? Whose bodies are these----whose minds----whose spirits?" O, shades of Stalin & Lenin! BIG BROTHER IS WATCHING YOU, INDEED!!.....In Britain, they are daringly countering the cigarette promoters; 2 big medical journals blame a wide range of diseases on smoking. Their Ministry of Health recently flooded the nation with dramatic posters which shout: "DANGER! The more cigarettes you smoke, the greater the risk of death from lung cancer, chronic bronchitis or heart disease. YOU HAVE BEEN WARNED." (Bravo to the British for this courageous campaign!)

**\*THE POISON-SPRAY THREAT TO HUMANITY:** A sleeping U.S. public is being rudely awakened to the perils of insecticides---Rachel Carson's bombshell series of 3 articles in New Yorker magazine having wide repercussions; her new book, "SILENT SPRING" will hit in Oct. (Book-of-the-Month Club choice). She gives a sharp picture of what's happening to our innards as the chemical companies strive to outdo each other with more & more lethal sprays for our crops. Why SO MUCH SPRAY? Organic Gardening mag. points out the profits involved: total sales in 1961----2 billion \$\$; new products are promoted with "ballyhoo bordering on hysteria"; amount of pesticides used has doubled in 8 years! To recover from sickness caused (in large part) by these sprays, Americans spent 5.3 bil \$\$ on drugs, 5.4 bil \$\$ on doctors, & 6 bil \$\$ on hospital care last year ----a chain reaction!! Is there a way out--? Yes, says head of a Calif. Comm. on Pesticides in another nat'l mag. "Experts have perfected 'BIOLOGICAL CONTROL,' using beneficial insects to wipe out the voracious pests; less than 2% of all insects are injurious to man; the good 98% are a MORE POTENT WEAPON than chemicals." Tiny wasps (*Trichogramma*) have done yeoman service in Europe, So. America & Russia, as well as parts of U.S., yet Gov't bureaus bow to chemical companies' pressure & say "research has not been completed"--! Concludes writer: "The problem of poison sprays is not technical; it is POLITICAL." (And time is against us. -Ed.)

**\*WAR:** In nearby Md., world scientists are working anonymously on germ warfare, creating deadly super-germs unknown in Nature; would wipe out entire populations before antidote could be found.....The Communist "octopus" has now spread its reach over 1/3rd of the world.....Rev. Billy Graham has just told 70,000 at a mountainside revival in N.C. that the U.S. is heading toward a "final conflict which could take place before the end of this century".....In the Bulletin of the Atomic Scientists, famed physicist Dr. Leo Szilard (co-originator of the A-bomb & now a leader in the fight to ban it) analyzes the Russia-U.S. arms race; on the question of whether the World will get out of this alive, he says, "I think we have a 10% chance"---!!.....Authors Sohn & Clark in new book, "World Peace Through World Law," conclude: "If the peoples are so apathetic as to permit the domination of military & old-style diplomatic thinking, they can expect nothing better than an indefinite continuance of the arms race, & ULTIMATE DISASTER.".....A leading Atomic scientist says, "We are releasing energies which may soon take control over us. It is too late now to retrace our steps."

**\*DEFINITION OF THE ENTIRE COSMOS IN ONE WORD:** God's whole vast creation, from Microcosm to the extreme reaches of Space, is but one great-----"REFINERY."

**\*SAUCER FRONT:** The early-summer Flying Saucer "flap" was worldwide. It started in Italy, where a landing & many close sightings made the papers for days and were discussed far & wide. A 26-yr-old tailor at Florence was dazed by an encounter with "two beings 5 ft tall in shining metal armor." They took him inside their "spaceship" (a metallic disc 28 ft diameter) & then released him unharmed. That same night 4 motorists were "buzzed" by a Saucer which zoomed down & followed the highway ahead of them. ....In Ireland, the crew of a Viscount airliner were astounded by a "strange globe-shaped object with antenna-like protrusions" which streaked by between the plane & the ground....Across the Atlantic in the U.S., NICAP reported a "very high" number of sightings along the East Coast in June & July; "UFO's are coming closer to the ground than ever before, with many details visible"....At Mexico City's airport, a "metallic, reflecting" Saucer was watched for 17 mins as it zig-zagged, rose & fell repeatedly....Then a 4-day rash of sightings broke out in Australia----"a green ball that lit up the ground with a greenish glow," a silvery-white object moving along a hillside, a green rocket-like object shooting across the midnight sky....But the greatest activity was in Argentina; a woman rancher was taken to the hospital in a state of shock after she saw a grounded craft & "two strange men resembling robots"----the grass where the UFO had stood was singed in an 18-ft circle. Later, a doctor & his wife saw a Saucer on the road; two "creatures" emerged & waved their arms; the couple panicked. For weeks, Argentinians reported close sightings, car stallings when UFO's came near, etc., reminiscent of the Nov. '57 Texas "flap." The Argentine Gov't showed an open interest in the doings; a special TV program was carried on a Gov't station, with Air Force officers assisting. Newspapers headlined the stories on front pages; the British Reuters Agency carried the news around the world; many countries printed it, but NARY A WORD penetrated the Silence Curtain which has been erected tightly around the U.S.A. by a willful band of censors who have decided that 185 mil Americans SHOULD'N'T HEAR THIS SORT OF THING....Radio WBZ, Boston, had two big Saucer broadcasts in Aug., with commentator Frank Edwards, researcher Geo. Fawcett & NICAP-man Walter Webb giving the facts....Coming, 9th Annual Spacecraft Convention, Yucca Valley, Cal. on Oct. 27 & 28....A glowing object - "bright as a magnesium flare" - stabbed the night sky over Vancouver, Can. recently & broke up a baseball game in the 12th inning as both teams scurried for the dugout and 100's in the stands were thrown into panic. Traffic downtown was jammed up. To some, the thing appeared to be "a flaming airliner." It was seen over a vast area, at least as far as Alberta. Astronomers called it a meteor---but a U.S. Customs official said it was only 400 ft overhead & moving slowly. ....**FLASH:** A string of 4 bright Saucers were just reported darting across the evening sky between Washington & Baltimore....In the Calif. mountains one night this year, a 7-man engineering party installing a micro-wave system was staggered by a huge "bright blue light" hanging motionless between two 14,000-ft peaks. It moved in close to the men, "blinked out" & then re-appeared; visible for 15 mins. One witness, retelling it weeks later, had goose-bumps over his arms just recalling it....Aug. 10, AP released a photo taken by X-15 rocket plane - shows a bright, mysterious object - titled, "FLYING SAUCER?" This was the 3rd X-15 flight which caught UFO's on film. Paris papers said Joe Walker admitted one of his jobs was to watch for UFO's. French & British press carried the "dangerous" details, which were censored in U.S. (EGAD!!)

**\*A NEW UFO HUSH-UP:** NICAP (the nation's greatest foe of Saucer secrecy) warns that the Air Force has launched a new, vigorous program to "nullify all UFO evidence, discredit NICAP & other opponents of secrecy, & bury the UFO problem from public view by the end of 1962." (Can your blood-pressure take it? -Ed.) AF rejected NICAP's offer to meet & evaluate NICAP's massive evidence. Shortly, the 4500-member civilian group will publish a 128-page summary of its 5-year investigation---complete with photos & diagrams-- "the MOST POWERFUL PROOF of UFO reality & censorship ever revealed." This will go to every member of Congress, the wire services, radio & TV networks, editors, columnists & newscasters. It is expected to trigger Congressional fireworks when House & Senate leaders see documented proof that AF has been steadily & deliberately misleading them re UFO's. (If you are fed up with being treated like an 8-year old, write NICAP at 1536 Connecticut Ave. NW, Washington, D.C., & give them a boost---this heroic band of fighters needs your help RIGHT NOW!)

**\*PROPHECY BY AUTHOR TREVOR JAMES:** "The field of Ufology---stumbling, fumbling, but ever earnestly seeking---is the beginning of a scientific & philosophical revolution more vast than any in the HISTORY OF MANKIND".....!!

\*PUBLISHING NEWS: "The Searcher" mag. for Aug. (Ed. Tom O'Neil; on newsstands nationwide) reprinted an entire recent issue of The Little Listening Post.....The ever-alert publisher Ray Palmer (also Ed. "Flying Saucers" mag.) is now re-publishing such classics as Marie Corelli's "A Romance of Two Worlds" & Lloyd's "Etidorpha".....Analysts & historians doing much conjuring over the eventual destiny of China, this great block of 700 mil souls. It has long been said, "China is a SLEEPING GIANT-----when she awakes, BEWARE!" Now comes "Awakened China" by Felix Greene (Doubleday) - a book which "everyone seriously concerned with the future of civilization should read," proclaims Washington Post. And the SATEVEPOST features Jos. Alsop's "The Coming Explosion in Red China"----says nation's descending spiral must end in catastrophe.....New books about Africa come tumbling from the presses. No erstwhile "dark" continent has been so thoroughly "discovered," says C.S. Monitor.....Not far back, Edgar Sievers of Pretoria wrote "Flying Saucers over So. Africa" in German; book is now to be re-published in English.....Many have been sending for "Fatima Secret" by Michael X, author of a number of esoteric books (note enclosure).....Those interested in "rescue work" (release of Earthbound Spirits by intercession) may write to Box-863, Silver Spring, Md. Material on this subject is available for all who can use it. The work is similar to that formerly carried out by Carl Wickland & his wife, authors of "Thirty Years among the Dead".....Until 3 yrs ago, The Bible was the World's "Best Seller"----now it has been surpassed (in numerical distribution) by the Works of Lenin; what greater proof that we are in the "Last Days"---?....."The Day the Earth Stood Still" (20th Century Fox's startling movie of 1951) has just had its 2nd coast-to-coast TV showing over the entire NBC Network (public requests after late March's telecast brought it back). The star, Michael Rennie, in a personal P.S. after the film, said that at the rate Science Fiction is coming true, this tale of a Saucer landing in Washington may become a REALITY before long!.....The long-awaited "FLYING SAUCERS & THE THREE MEN" by Albert Bender fascinates; our guess----a 1-man, 4-D experience, which swells the TOTAL mystery how much was "real" - how much "astral" sabotage of the whole subject - closing up his worldwide work & casting fear over future researchers---???

\*MAILBAG: Thanks for your letters----glimpses into your homes & hearts; many young - as well as old - show they are homesick for the New Order. But no one can have a problem bigger than God. To those who are suffering, this word: There is no help like finding someone you can help.....Fred Stone, Ed. Australian F.S. Record, sends us a color picture of Ayers Rock, monolith in N. Aust. where strange, unexplained noises are heard regularly.....D.M. forwards large photo of the Monster found on the remote Tasmanian beach.....P.H., Conn., back from long trip to Laos, Hong Kong, etc. says "Everyone in Asia is in the lethargy of the Middle Ages"----sends check for all back issues of LLP.....A man just in from Europe tells us that at an Embassy with which he has connections, the LLP is read by everyone there, including the Ambassador..... Busy Sec. Brit. Interplanetary Soc. writes of how exciting he found America when he attended last IAF Congress here; adds that LLP's longtime friend, Arthur Clarke---dynamic Space writer & idol of all Space Agers---who has more recently been homing in Ceylon & skindiving, met with a serious accident, but we doubt that it can long lay low his 1000-mi-a-min. mind!.....Tom Comella, erstwhile ardent UFO researcher, pens us he is going to start writing again----we knew he would.....Rec'd from a Swami in India----"Yoga Wisdom for the Sputnik Age"; (this World is a pilgrim's hotel..")

\*THE LITTLE LISTENING POST is published every few weeks---when the news "boils over"---from Washington, news Capital of the World. It is listening to Subtle Sounds coming from minority causes as they are gradually forcing their way towards recognition----the HAMMER BLOWS being delivered by the dogged & daring on the poisoned food & water Front, the cancer Battleground & the secrecy-in gov't Scandal---particularly as it applies to UFO's - greatest news story in 2000 years! Constant pressures in these fields are beginning to be felt by those at the top.....Secrecy has become a DISEASE; it is the mechanism by which people lose the power of self-government...FIGHT IT!!! KEEP YOURSELF INFORMED!!! DO YOUR PART.....Listen in with The Little Listening Post
