THE NEWS IN CAPSULE

*PLANET EARTH HAS BEEN CALLED A SCHOOL FOR GODS. Man today seems to be in the "Finishing School" stage. Science smashes one barrier after another---yet when curing one ill, leaves ten new ills in her train. The impact staggers! The picture is getting too big for mortal mind to encompass, for now we see only in sequence. Yet the melting luminosity of the 4-D world is breaking o'er the horizon. The VISION holds us. It adds to Mystery! It adds to Magic! Oft, too, it adds to Mirage! We are feeling our way into realms uncharted. "We are reaching out into a new and boundless frontier," says MacArthur---the Frontier of Space and the great new Frontiers of the Mind. Some are audacious enough to think the latter will include a daring challenge even to Death itself! "I am come that ye may have Life, and have it more abundantly." Death, as Earth knows it, is never the answer! Death is an Enemy---the "Last Enemy"---which, according to Scripture, "shall be overcome." Some people are looking for the appearance of some new kind of transition---"in the twinkling of an eye," as St. Paul said; even now, instances of this are being reported---a going in and out of 4-D at will. One teacher adjures: "Rise in the STRENGTH OF SPIRIT...Take possession of your body and govern its feeling and action." And, foresees Geoffrey Hodson, "All your faculties shall be increased, all your powers enhanced, till life becomes an Ecstasy, till unsuspected beauty reveals itself everywhere...Begone the sunken eye, the withered cheek, the scowling glance---the God within you is struggling to be free".....

"Even a bird must fill its wings with sky, And put its breast against the sun to feel
The air pour into feather, wing and thigh, With heart as restless as a turning wheel.
A bird will track its dream into a cloud, And search the Infinite---its Spirit proud.
A bird must willingly believe in things Beyond the range of its aspiring wings."

Then hold the VISION high; without it, you perish! "Know ye not that ye are Gods?"
.....Ahead lies THE GREAT AMAZE!!!

*PROMINENT BRITISH SCIENTIST HURLS CHALLENGE to timorous colleagues for their silence on Saucers. Leonard G. Cramp, whose orthographic projections of UFO photos (in his book Space, Gravity & the Flying Saucers) jolted Orthodoxy 8 years ago, now presents a detailed theory of how the Saucers fly, & publicly challenges science & the technical Press to face up to the facts. His "G Field Theory"---that these non-Earthly spaceships are powered by a form of gravitational control---fits all UFO close-up sightings to date. In the current "Flying Saucer Review" (London) he presents diagrams & much technical data to back up his case. He concludes that "fear of what our colleagues may think" is the chief reason the scientific Press shies away from "what may well be THE MOST INTRIGUING SCIENTIFIC WONDER" of our time!!

*SKY NEWS: "U.S. plans to land 3 robots on the Moon in '63".....Mariner II probe to date would indicate Venus is "lifeless" on account of its heat; it rotates very slowly, & opposite to Earth. Findings recall that Esoterists have long referred to VENUS-ETHERIA (meaning the "aura" of Venus) as being of a vibratory rate beyond 3-D detection, & believe herein exists a higher-type life, since everything is a rate of vibration. Venus fly-by was the longest distance (36 mil mi) that any instrument has ever obeyed a command from Earth.....Talk that by using A-power on the Moon we may be able to control movement of this satellite to the extent of changing Earth's tides, etc., to our predetermined purposes.....U.S. has electric rocket in test flight stage - (free energy?).....Russia is building a 20-acre radio "eye" to gaze into the farthest reaches of Space - "largest radio-telescope on Earth" - modeled after Australian "cross" design.....British Interplanetary Socy is urging that Space Science be taught in all schools.....A nuclear physicist connected with Yale told an LLP subscriber that our radio astronomers are picking up many non-natural signals from Space, but as yet cannot decipher them.....British Almanac predicts for '63: "We shall hear of space probes resulting in evidence that highly intelligent & amazingly evolved life exists on planets other than our own".....A Dept. of Space Science is being started at Rice Inst. - called 1st of its kind.....Peru tells U.N. it must set up a world authority with FINAL & DECISIVE JURISDICTION" over Space; Britain adds, "No country should be able to claim sovereignty over any celestial body".....Rocketeer von Braun quoted as saying we now have the know-how to "invade" Mars - says it would cost "no more than a fair-sized war".....There is an Int'l Inst. of SPACE LAW - much thought is now being given to the legal Ethics of Space; foremost in this brain-stretching field is Atty Andrew J. Haley of Wash'n.....A Russian mag, "Science & Life," says "the future model of aircraft will be ROUND" - & gives 2 amazing drawings of saucer-shaped craft - even labels them "Flying Saucers."

*HERE & COMING: Here, the femininity now seen in many men is said to be caused by female hormones fed to cattle & later eaten at the table.....Here, a 3-D process for home cameras that promises to make 2-D snapshots obsolete.....Here, 60% in Russia never get to high school, admits Russian mag.....Here, in Japan, "talking letter" that records 5 minutes of sound on a sheet of paper - easily played back on a small, portable machine.....Here, much traveling, moving, shifting of our population - many people getting to be nomads - suggests final "clean-up" of the Planet, as if mankind is preparing to "move" & is searching every last corner of the "house" to see that nothing is forgotten. (Last Days!).....Coming, Nat'l Wildlife Week, Mar.17-23. ("If you want to save our wildlife, fight pesticides.").....Here, new idea for curing city traffic jams - men may run their offices from the home; closed-circuit TV links the house with downtown office bldg, saving travel time, expense - even lives! (Ever nearer we get to psychic descriptions of 4-D type of life).....Here, long-awaited Educational TV has made its "great leap forward" - now has 70-station network..... Here, J. Paul Getty, "world's richest man," nets 1 mil \$\$\$ per DAY----!!

*NEW FRONTIERS OF THE MIND: "Knowledge shall be increased." This is one of the Biblical signs of the Last Days. Here in Wash'n are 2 groups representing the Alpha & Omega of this modern increase of Knowledge. The world has more than a billion illiterates, but the Laubach Literacy Fund, 1424-16th St., N.W., has sworn to change that situation & bring the light of literacy to our world. At the other end of the scale is the Evelyn Wood Institute of Reading Dynamics, 711-14th St., N.W., which came into existence only 3 yrs ago; apparently it is in the field of Phenomena, because students learn to read books as fast as they can turn the pages----& yet retain even more than before. (See circulars enclosed.) When Reading Dynamics started here, the school avoided publicity until it had a large enough teaching staff to take care of future expansion. But the Little Listening Post, hearing of this new Far-out Front affair "inadvertently" gave it a small mention. When we chanced to call in at the school the other day just to see how things were going, we were told to our surprise that our little mention back in 1960 was their first publicity----that it started a chain reaction----that people from several foreign countries (including 12 from N.Z. & some from Australia) threw slippers & toothbrushes into their bags & sky-hopped to Wash'n, where they stayed 3 mos on purpose to take the course. Now the Institute lists among its pupils Senators, Congressmen & top White House officials; & there are branches thruout the U.S.....Yes, Knowledge IS being increased!

*WAR---(AND FLYING SAUCERS LINGER NEAR US): Here, great Cave System in Cuba----some caves 16 stories deep----stored missiles can be brought out in 3 mins, says the Underground. Cuba proves to be a "trap" - only 90 mi away. Russian planes have been flying over Southern States; worst threat is SUBS, for which our Sonar systems are ever listening!....."We are drifting toward the oblivion that swallowed past civilizations," says a noted spokesman of AAAS (a Socy composed of 60,000 Amer scientists). The U.S. is spending 100 mil a yr for hideous germ & chemical warfare. We've stockpiled enough weapons to OVERKILL the Soviet Union 25 times, declares physicist Ralph Lapp. Our defense budget is now 1 bil a week.....Chinese Communist leadership has reached the LUNATIC STAGE of actively desiring an H-bomb war, says Jos. Alsop. The French Minister of Culture decries Earth's destruction of forests, animal species, etc. as being a prelude to the final, complete annihilation of mankind. Another French leader writes, "Science, working for Big Money, is running things like an 'idiot mistress of the world'." And French Minister of Edu blames ignorance of the masses; asks, "What will it take to put the Military in their place-----the Apo-calyptse?".....In our Midwest, a radioactive layer of soil has been found 4 in. under the surface, due to earthworms carrying it down; will contaminate roots of crops. More strontium now found in average U.S. diet, reports FDA from recent samplings; from Aug. '61 to Aug. '62, fallout rate is up from 6% to 13% of the "permissible" level. Based on these figures, a graphic projection shows that by 1975, Planet Earth will be "ON THE BEACH" (total death of all life, as depicted in this movie).In N.Z., efforts are being made to start colonies to re-seed the devastated world, in case of a nuclear holocaust; article in Dec. bulletin of Socy for Social Responsibility in Sci describes "Decontamination Farms," shelter homes & "gene pools" - where a nucleus of humanity can be worthy progenitors for the future; pleads for high-level people to come & join the sobering work.....Young physicist in the Minute Man missile program tells LLP that when his work takes him on trips, he's always relieved to get home, because he doesn't know which trip will be the last; says he is "living life to the hilt" as he goes; thinks the World's NUMBER IS UP..... What does it all add to? Many feel we are at the end of an Age, & that some kind of division of the sheep & the goats is near at hand. Fear, tension, anxiety increase; "And unless these Days be shortened, there shall no flesh be spared," says Bible, but - "I will hide thee for a little while, until the shadow of My wrath be over-passed." Saucers are in our skies, & huge Mother Ships are actually visible & have been photographed in broad daylight with color motion picture cameras. What is their mission? Are they waiting to rescue "The Remnant"?

*HEALTH FRONT: America is now alert to the poison-spray peril----much debate on all levels, touched off by Rachel Carson's "SILENT SPRING". Fed agencies are getting 1000's of angry letters; the spray-makers admit "some instances of carelessness," but claim their program is indispensable - that without it we'd have food shortages, etc. They fail to mention the real solutions----biological controls (gaining in Europe), non-chemical sprays (pioneered by Purdue Univ.) & spot-treatment of insect breeding areas instead of blanket aerial spraying. Gov't is slowly moving into action, with special Boards (President's Sci Advisory Comm, etc.) & a Congressional probe planned - your letters ARE effective-----keep 'em flying!.....JFK's move to take executive action came after Rachel Carson's "command performance" lecture to a group of 40 Gov't VIP's who meet regularly for vital-topic briefings.....Radioactive fallout was so high in Midwest that cows had to be kept under cover.....Sweden has OUTLAWED Fluoridation - by verdict of their Supreme Court - (how long will it take U.S. to see the light? - Ed.).....One drug mfr now being sued for over 1 mil \$\$, due to side effects of their drugs.....News report says 25% of our draftees are being rejected because they can't pass a basic intelligence test.....Genl Fed of Women's Clubs planning a "Project Alert" in Penna.; statewide study of "unknown" poisons in environment.....Canada's Manitoba Province may ban chlorinated hydrocarbon sprays.U.S. Public Health Service warns, "DON'T SMOKE!" Despite this, cigarette sales set new all-time highs----498 bil cigs were smoked in '62! (No wonder industry could spend 207 mil \$\$ for mesmeric adv'g----you MUST support this Big Biz - even if it kills you!).....Drug profits now rank No. 1 of all U.S. products---mark-ups to fantastic levels - some are 20 times cost of ingredients----FOR SHAME!!.....Here, vital new weekly Health Newsletter by Rodale Press, Emmaus, Penna.; all the news you're not being told!

***SAUCER FRONT:** The UFO Crescendo Grows! Sighting reports FLOOD the LLP-----from Tokyo to New Zealand to Buenos Aires to Italy come detailed, dramatic descriptions.Here in U.S., the N.J. area still simmers after autumn "flap"; action was widespread - Officer Geo. Jediny & a doz. Hawthorne (NJ) police saw 2 disc-shaped, solid-appearing objects over a quarry near Oradell. Beams "like headlights" came from one UFO; a police-car spotlight was aimed upward, but the UFO dodged out of range - Geo. Della Penta of NJ State Press shot 18 ft of color film of the disc. The Air Force did its darnedest to hush things up-----parents of 8 schoolboys who saw the UFO's were phoned by local police & were told to keep their sons from talking about what they had seen, because "the Gov't requested a SECRECY POLICY." (Egad & egad!) The influential Newark News stated flatly: "Flying Saucers are seen with great regularity by sane & logical inhabitants of the planet Earth. What they are, where they come from & what their mission is, has not yet been satisfactorily explained"..... Across the globe, in Japan a formation of 7 silvery "Mother Ships" kept passengers on an airliner agape for 30 mins; as plane swept past Mt. Aso, series of photos were taken. The Mother Ships are featured in new slick Japanese Saucer mag, "BROTHERS", a 60-pg beautifully illustrated pub "dedicated to the New Age." It carries "Open Letter to the Gov't of the U.S."---challenges U.S. to end its "pathetic & specious succession of 'official denials' of existence of Flying Saucers." Ed. calls U.S. action a "form of thought control." Chief Researcher Yusuke Matsumura is aeronautical eng'r, was WW2 pilot and aviation writer. In Tokyo a "15th Anniversary" conclave on Saucers was held; 100's of COLOR SLIDES of UFO's over Japan were shown to large, receptive audience; 3-day UFO exhibit in downtown dep't store seen by 1000's. For past 5 yrs, hilltop sky-watch groups have been getting "responses to mentally-projected calls"---with STARTLING REGULARITY. Example: on Mt. Kamisoroi, jr hi students saw an "intense orange disc, football size" which came & went 27 times in night sky! (Are Saucers using Japan as a Proving Ground to show ease with which visual contact can be made---by sincere, open-minded PEOPLE OF GOOD WILL? -Ed.).....UFO's over Indonesia: Col. J. Salatun, Ind. Air Force, writes of action since '53; "peak was reached in Feb. '54, when many towns in Central & East Java reported luminous saucer & cigar-shaped objects"; Dayak fishermen deep in jungles of Kalimantan rowed to within 100 meters of a hovering metallic Saucer that "emitted a strange, high-pitched sound" & shot away. Re UFO's in Russia, the Col. adds: "Many UFO's have been seen & photographed in USSR; Soviet fighter planes have pursued them in vain" (!).....New Zealand's Saucer "wave" still goes on - newspapers tell the facts openly. A Mr. Caley on North Is., who works outdoors at night & whose farm gives him great visibility, has witnessed SO MANY UFO's that he "lacks time to make separate reports on them"... ..Buenos Aires newspapers headlined a jolting incident in Uruguay - 3 officials of the Highway Dept, in a field near Constantia, saw directly overhead an "enormous spherical object, shining like polished aluminum, giving off long rays of prismatic light;" it hung there - swaying slightly - for 1½ mins, then disappeared "in a fraction of a second---at incredible speed".....Italian press playing up 3 recent Saucer "contacts" there - latest is a Gov't man who claims 2 meetings with SPACESHIPS ON MT. ETNA: 1st Visitors, in 46-ft disc, were 5'4", wore helmets & space suits, gave him message - "Desist from H-bomb tests & disarm your hearts"; 2nd Visitors, in 82-ft disc, were 7 ft tall, had similar message. Nat'l mag (Italy) says people from Space "are circulating among us; their intentions are benevolent & pacific, since they consider this planet only a way-station in the Cosmos."

***AT LAST---UFO NEWS FROM CHINA!** A published letter from a Saucer researcher on the Chinese mainland now reveals the VIOLENCE with which the Communist Gov't treats the subject of UFO's---proof in itself of the high nature of this work. The letter says the research group was betrayed by one of its members. "During a meeting, officials made a raid & shot our friends. The activity was marked as unlawful. They took our jobs away & deported us from our own land." Despite this, the researchers found a way to carry on! (Ed. note: let U.S. researchers prize their opportunity.) Writer tells of a close-to-earth sighting he had 3 yrs before. "On maneuvers in Central Asia, we members of the National Construction Troops were surprised by a large, oval-shaped yellow-orange phenomenon that swooped over us, very low. Many areas saw it. Even Radio Moscow reported it in their news broadcast." Tho poverty-stricken, these Chinese are looking forward with great hope "to the establishment of the New Age."

*PUBLISHING NEWS: Such things as the N.Y. newspaper strike are a DISGRACE to the nation---like the stopping of History---like the horny hand of a gangster clamped over the Mouth of America! - the work of a few greedy, egocentric union leaders, who are unwittingly about to bring the whole wrath of Automation down upon their own heads - WATCH!.....Paper in Wiesbaden, Germany, front-pages article from LLP ("Saucers in High Places") - it was also reprinted in British, Dutch, Australian & Japanese periodicals.....Now being printed in Japan, "JUNIOR FLYING SAUCER NEWS" for boys & girls all over the world - FREE for the asking; many UFO photos; write Cosmic Brotherhood Assoc., Naka P.O. AND SLOW DEATH" will shock U.S. - 35% of high school seniors are already "hooked" (for life). Italy has banned all cig adv. Britain now lowering the boom. America - when?.....Coming, another anti-Saucer book by Dr. Menzel of Harvard "to finally debunk them" - (years ago the Air Force told LLP personally that Menzel did NOT have the answer. - Egad!)
