THE NEWS IN CAPSULE

*EDITORIAL.....THE ESOTERIC SIDE OF THE ASSASSINATION: Washington, ever used to "blockbusters" tossed by the hand of Fate, reeled with "unreality". Never was the pressure from the eyes of the world greater, as they bored in from all over both hemispheres! Never was there a more pretentious funeral -- attended by leaders from every important country.....As we look back, certain episodes stand out:- The seventh white horse, the one which led the Caisson, lifted his front feet and kept perfect time to the beat of the funeral march. As one person with "inner vision" expressed it, "To me, that beautiful horse preached the real funeral sermon---he was kindly, he was helping humans with their saddening task, yet through it all his gait was almost a dance. He was so far above and beyond this sorrow, that he seemed to be fresh from the hand of the Creator, and his noble presence shamed Man in his blindness.".....Other episodes are recalled:- On November 11th, Veterans Day, President Kennedy had stood on a certain slope in Arlington admiring the view, and remarked, "It's so peaceful, I could stay here forever." Fourteen days later he was buried near that very spot!.....Much publicity was given regarding the "20-year cycle" of the incumbent dying in office. Kennedy knew of this cycle and knew he was "due" -- but had said he would break it. In spite of this, the precedent held! Preceding him in this cycle were Harrison, Lincoln, Garfield, McKinley, Harding and Roosevelt.....Reports would indicate that many "Sensitives" over the country were tuning in to this event before it happened. An anonymous woman in Los Angeles phoned Dallas police and said, "The President is going to be killed!" He was----15 minutes later.....Jean Dixon, Washington's well-known psychic, was heard to predict his imminent death three times within the final week of his life.....At his last press conference Kennedy declared, "This is a dangerous and untidy world." And within the hour of his death he exclaimed, "How easy it would be to shoot the President."..... There has been much talk that Oswald could have been acting under post-hypnotic suggestion (the same plot was delineated in the movie "The Manchurian Candidate")----- or under mesmeric influence from negative astral beings. Note the accumulating newspaper accounts of arson, murder, etc., whose perpetrators' only explanation is, "I don't know why I did it!" During a one-minute silence in New York in tribute to Kennedy, one man gave forth with a loud, "Hooray for Khrushchev!" His record proved good; he told the judge, "Something made me say it!".....Kennedy was dedicated to the Space movement; so also is Johnson. And it is now of great significance to those with New Age vision that both President Johnson and Speaker McCormack have shown a deep interest in the UFO phenomena.....Now Kennedy himself is "Outward Bound." Now, from the Far Frontier, it is as though he calls back in the same challenging words he used in one of his recent addresses: "TOGETHER LET US EXPLORE THE STARS-----NOR EVER IN THIS LIFETIME BE TRAPPED ON THIS PLANET!!"

*SKY NEWS: World's largest "radio ear" now in action in Puerto Rico -- 1000 ft in diameter; will fire radar beams at Mars, Venus & Jupiter. (We're bearing down on Space & our solar "family" -Ed.).....U.S. has 2 secret satellites going 60,000 mi. high to detect explosions -- 8 more are in the works.....URANUS Bulletin says there are about 240 objects (man-made) now whizzing around the Earth, not to mention a belt of copper needles-----(man's footprints in the trackless void as he dares to test his toddling steps -Ed.).....A "wrong-way" satellite - first noticed in 1960 - is still being seen in U.S. & abroad. NO COUNTRY "CLAIMS" IT. Has reddish color; all Earth-made ones appear silver!Coming, ere long: huge orbiting lab (manned space platform) - large as a house trailer, full of scientists sailing our skies.....Here - Cosmic rays in space near Earth have almost doubled in intensity since '59.....Scientists still puzzled over a ring-shaped cloud 40 mi. in diameter over Arizona last Feb. -- too high for any normal cloud (22 mi. high); pink, green & bluish color inside, like fibrous texture of wood grain.....The Moon has active volcanoes! Telescopes at Flagstaff, Ariz. have picked up 3 GIANT RUBY-COLORED ERUPTIONS, followed by heavy smoke. Scientists now say Moon's craters were caused by exploding volcanoes, not by meteorites crashing onto surface.....More scientists are now openly saying the 2 moons of Mars may be ARTIFICIAL! Dr. H. M. Sinton, astronomer at Yerkes Observatory (Wisc.) told Nat'l Acad. of Sci: "Phobos may be a huge orbiting city filled with men, women & children. The other moon (Deimos) may be one, too." England's renowned Dr. Fred Hoyle (Cambridge Univ.) backs this precedent-shattering theory as being "the only one that covers the mystery of these two moons.".....Report to LLP says Cape Kennedy (Canaveral) scientists ATTEND ESOTERIC MEETINGS at which technical information comes in via a medium! Material thus transmitted is then applied in space projects these scientists are working on----& the answers all fit!.....In an article on current Space research, official Vatican newspaper openly speculates on "possible religious beliefs & chances of salvation of any intelligent living creatures on other planets."

*WAR: In this age of "Overkill," the U.S. spends $5\frac{1}{2}$ mil. \$\$ per hour on Defense!..... Dr. Linus Pauling, maligned & attacked for his fight against nuclear testing, eventually collected 11,000 signers who backed him (all scientists); he has now been given the Nobel Peace Prize.....New secret research is changing modern warfare. Bloodless battles may be in the offing due to "PSYCHO-CHEMICALS" -- gases & powders that block off the senses long enough to make the victims helpless till they can be "taken over." Buildings are left intact. Both U.S. & Russia are said to have enough of such weapons right now to engulf the world in SILENT & FLAMELESS DEATH!..... Drew Pearson reports that on Nov. 4, U.S. was on an "Orange Alert" over Berlin autobahn blockade.....In this split-second world----with such things as the hairspring Cuban crisis----the sum of civilization is "this close" to becoming a cipher, says prominent writer.....Long John program (WOR radio N.Y.) reported Dec. 1 there have been 3 U.S. plane crashes involving airborne H-Bombs; they did not explode on impact only because built-in safety locks "held"; (in one case, of 6 safety locks, 5 failed to hold----disaster was prevented very narrowly when the 6th worked). Guest author declared: "Atomic bombs have become so simple, they are now almost a Do-It-Yourself item----can be a 'one-man' affair!".....Coming, UNDERSEA WARFARE----submarine vs. submarine; subs can now ferret out enemy subs over vast distances & destroy them with powerful "flying fish" missiles carrying A-Bomb warheads.....It will soon be possible (reports noted science writer) to deposit a gigantic bomb on the ocean bottom & then to trigger it at will to RISE & ZOOM OVER ANY TARGET COUNTRY - bathing it with a lethal dose of radioactive spray.....Earthman's mind, driven by the epidemic of acceleration in ALL directions, seems to be building War thought-forms which -- unless overtaken by some other form of energy -- will MATERIALIZE in the 3-D world! Have we reached the Point of No Return-----or are there enough New Age people to meet this, the world's ultimate & final challenge?

*THE REAL ENEMY: It is not the U.S. that is the enemy of Russia or Russia the enemy of the U.S., says Linus Pauling; the real enemy is the "military-industrial complex" that is trying to over-arm us. The Nobel laureate declares that if war were abandoned as a means of creating jobs & we put our full energy into Space travel (to the Moon, Mars & Saturn), these same (war-minded) persons would HELP rather than HINDER the turn toward peace.

***HERE & COMING:** Here, in Tokyo - more illumination than Broadway.....Here, in U.S. - 75,000 Black Muslims.....Coming, hydrofoil ships big enough to cross oceans..... Here, in Calif., they're making ice cream from safflower oil instead of cream - said to be healthful.....Univ. of Mexico now has 80,000 students!.....Here, in Russia, surplus of 10 mil. women (due to WW-2 casualties) -- 70% of Drs. & profs are women, also 30% of scientists & engineers.....Coming, in the heart of NYC - a new, giant Atomic reactor; New Yorkers very apprehensive about it.....In sparsely settled Australia there were once $\frac{1}{2}$ mil Aborigines; now only 35,000 left.....Here, artifacts & tomb found in Glastonbury, Eng., may prove much of King Arthur "legend" to be Fact!.....Coming, IBM machines that can calculate or make decisions in 3/10ths of a billionth of a second! (4-D, here we come! -Ed.).....Here, in Nevada, it is now possible to arrive in the state, get a marriage license & be married----all in 15 mins.....WARNING: Watch Teamster's Union----present maneuvering may give it power to "strangle-hold" the country.....Here, a machine that listens to spoken words, "understands" them & responds to them.....Here, U.S. has nearly $\frac{1}{2}$ of world's wealth.....Russia produces only 1/40th as many cars as U.S. -- private ownership is discouraged there; some wait over 7 yrs for delivery (& a single tire costs \$66!)Here, a very expensive restaurant in NY has on its menu earthworms, fried ants, rattlesnake steak, etc. (Ye gawds!).....Here, West Germany has banned non-solvent detergents that foul the drinking water; bill pending in Congress to make U.S. mfgs do likewise.....In Chicago, 8 teen-agers stole merchandise worth many thousands, for which they had ABSOLUTELY NO USE----"because they had nothing to do".....Here, Washington, D.C. - "nerve center of the world" - now has more psychiatrists per capita than any other city. (Write your own comment - Ed.)

***HEALTH FRONT:** Hospitals are the 5th largest industry in the U.S.!!.....Report says FDA will soon OK preservation of food by Irradiation. (Good-bye Good Food! -Ed.) "It's now possible to cover that bald spot on your head by transplanting hair as you would grass".....Here, proposal by France that the 4 great powers unite in fight against cancer -- "this would give 2 mil \$\$ a day for the research & would ease world tension".....Impact of fight against impure water & bad air beginning to show up. Suits being filed against Fluoridation. Sept. Reader's Digest had big article on our AIR. In some places people's lungs proved black instead of pink -- car fumes worst offender. (WE NEED FREE ENERGY.) Air pollution can be controlled, but it's very expensive.....Canada & Holland have just launched Gov't campaigns against smoking, while official anticigarette drives in England & Italy go "full steam ahead." But not so in U.S. At the AMA's Dec. conference, Drs. listened to details of latest survey -- by one of their own top experts -- showing smokers have a death rate TWICE AS HIGH as non-smokers; then the powerful House of Delegates (AMA's "oligarchy") voted not to condemn smoking just yet, but to begin all over again with a new study! (13 yrs of study were not enough -Ed.).....Major drug firms now being hit hard by lawsuits from victims. One company has settled 25 such cases out of court (amounts not told) & still has several hundred suits awaiting trial -- totalling multi-millions.....The people of Portland, Me., have voted down Fluoridation by an overwhelming 4-to-1 majority. Meanwhile, N.Y.'s mayor & city council blocked all attempts at referendum & rammed Fluoridation down the throats of 8 mil New Yorkers, saying in effect: "BIG BROTHER knows what is best for your insides!" (Citizens' groups may yet upset the decision. -Ed.)

***SCANDAL IN WASHINGTON:** Was Krebiozen "railroaded"? Sen. Paul Douglas took a full hour on the Senate floor to rip into the FDA & Nat'l Cancer Inst. -- accused them of manipulating charts & distorting case histories of cancer patients in order to bury this sought-after drug. In 34 historic pages of Dec. 6th Congr. Record, Sen. Douglas castigates the "medical manipulators" & demands major probe of FDA/NCI. Report reveals that in '51, 2 big drug firms offered 2 mil \$\$ to get control of Krebiozen; this clearly PROVES ITS VALUE. FDA's chemists claimed Krebiozen was nothing but (ineffective) creatine (a common substance); their chart "proving" this was widely published (LIFE mag, etc.). Douglas' science staff shows how the 2 spectroscopic curves were deliberately compressed to make them appear identical....Backing Douglas in battle are 16 Senators & 27 Congressmen. Krebiozen could thus be the hinge on which swings an entire nation's FREEDOM or SUBJUGATION in the shrewdly exploited field of your health!

*SAUCER FRONT: LATE FLASH FROM NICAP'S GHQ:--America's 5000-member UFO Comm., NICAP, reveals that their big, photo-documented Report to Congress is now "ready to roll" -- being held for optimum strategic release date (estimate mid-Jan.) -- after Congress "settles down." Stream of requests still coming in from radio/TV stations across the country. Stations want UFO INFO!! Many carry regular "talk shows" on Saucers & related far-out items. NICAP making tapes for replay in many states..... When Report to Congress "hits", NICAP Board members (incl. retired high Military Brass) will go on TV & radio in their home areas to give public the LONG-AWAITED TRUTH re our outer-space Visitors. Syndicated writer (who is poised to plunge into action when he gets the "Go" signal) tells LLP the Air Force has pretty well muzzled U.S. papers re Saucers, but they "can't bottle up radio & TV!".....Saucers buzzing Western U.S.----Utah, Nevada, Montana, the Dakotas....Carson City, Nev., paper Nov. 14th headlined: "FLYING SAUCER ARRIVES HERE" ---- Blanche Pritchett (who holds a Ph.D.) told reporters she watched the object -- "an enormous disc giving off an odd bluish-green color" -- as it hovered over the foothills near her home from 4:49 to 4:55 AM. A brilliant shaft of light from the UFO shone down on a hill beneath it, "lighting every tree & bush." Mrs. Pritchett's radio (which had been on, playing music) suddenly went dead & she heard a "nerve-shattering vibratory hum" from the UFO. Then, "like a light going out" it vanished - the skies went pitch black & the radio came back on. Reno's TV station (30 mi. distant) was flooded with calls from other eye-witnesses in the area.....Meanwhile, in far-away Australia, a 300-ft. UFO with "square-lighted windows" hovered over the town of Northfield; it was silent - revolved slowly "just under a layer of cloud" for 5 mins, then sped off toward Adelaide. Similar ship spotted over nearby Joslin. Windows glowed with a "bright white light," declared on-lookers.....Kirpal Singh, the great Indian Master (Pres. of World Fed. of Religions) currently touring U.S., told LLP he had seen Flying Saucers many times in the skies of India, WITH JETS CHASING THEM! He added - profoundly - that they are benign (the Saucers, that is).....The press has the MEANS & the POWER to seek & receive - at top Gov't level - the ans. to the UFO mystery - says Ed. of English mag "Orbit" -- he deplors the laxity of the professional journalists.....Letter to LLP from UFO HQs in Japan says scores of Saucer clubs in Japan now total some 3000 members. They have formed a new type Internat'l Network for Juniors, to help the younger generation bypass the "OBSOLETE, HEADSTRONG & UNTRUTHFUL ATTITUDES" which adults have been given by world officialdom; says "Juniors have a right to know the truth." (Free literature: CBA, Naka P.O. Box 12, Yokohama).... Large, illus. Saucer Bulletin from Rio de Janeiro (Walter Buhler, Ed.) says U.S. business tycoon J. M. Belk was in Brazil with scientists from NASA, who came "to study ESP, voodoo & black magic" -- also possible "telepathic contacts with Flying Saucers." Belk, head of Belk Foundation of Miami (researchers in the Paranormal) "affirms the existence of F.S.".....The 3 mystery "space balls" -- 15" in diameter -- found in isolated sections of Australia, have defied welders' torches at last reports. Could they be REMOTE-CONTROLLED DEVICES FROM SAUCERS? Many sightings "Down Under." Australian Senator asking Air Minister to make public the Gov't official DOSSIER on UFO's.....Two officers of Calif. State Highway Patrol reported a pre-dawn UFO over town of Auburn; object was "size of the moon as it appears in 1st Qr"; crescent shape pulsated "white to dark, once per sec." -- hovered, then moved rapidly out of sight, leaving faint vapor trail. State Patrol at 'Frisco & Sacramento saw same UFO at same time -- though 100 mi apart -- & had 3-way radio conference while observing ship; by triangulation they estimated object was at great height & "several miles long" --!

*THE AF & DAN FRY: An Air Force General (stationed in Calif.) visited contactee Dan Fry in Merlin, Ore. - by appointment - got all Dan's books on Saucers (with scientific writings from non-Earth sources.) General told Dan he KNOWS UFO'S ARE REAL because "so many authentic individuals" have told him of their sightings, but he "has not had the 'privilege' of seeing one himself" --! Dan spoke to assemblage of 300 school teachers in Medford, Ore., giving facts on Space. He gets much commendation from Prof's, who write letters to AF in praise of Dan. Service clubs in Ore. are constantly after him to address their meetings. His radio station (bldg nearly finished) will send out a powerful signal over entire West Coast----the world's first "all-New Age" radio----with heavy accent on UFO's!

*CONTACTS IN ITALY: Sr. Eugenio Siragusa, a "thoroughly sane & highly respected" Italian Customs official, claims that Aug. 9, '63 he had a $\frac{1}{2}$ -hr contact with 2 men "from Space" -- met them nr Mt. Etna. Italy's largest weekly, La Domenica del Corriere, featured the story. A 45-ft Saucer hovered a few ft above ground; the Saucerians emerged via a "sort of stairway" projected from under the machine---they were apparently humans & spoke Italian. "From their replies to my questions," said Sr. Siragusa, "it is abundantly clear that they possess a perfect wisdom, a truly vast & prodigious scientific knowledge." They told him, "The constellations which you behold above you TEEM WITH INTELLIGENT LIFE," & made the point that official contact between them & us would take place before '67. The magazine comments: "It is absolutely astonishing what a large proportion of the Italian public now FIRMLY BELIEVES IN THE EXISTENCE of the Saucers," as sightings keep rolling in. (FS Review)

*PUBLISHING NEWS: Just out --- 3 books for the sky-minded: "Intelligent Life in Space" by Frank Drake (Macmillan); "Hermann Oberth, Father of Space Travel" by Helen Walters; "Mars, the New Frontier" (Lowell's Hypothesis) by Wells Alan Webb..... Publisher of "Scientific America" tells of article prepared for his mag by the great physicist Hans Bethe re H-bomb. AEC & Pentagon demanded some of it be deleted; intelligence agents STOPPED THE PRESSES & SEIZED & BURNED FIRST 3000 COPIES -- an act reminiscent of Nazi tactics, says Chas. Wells....Coming, movie of new book, "Fail-Safe" - uses fiction to focus our attention on the naked thermonuclear sword poised over the world.....Last year the U.S. published 16,448 new books & 5456 new editions of older books - which adds to an increase of 21% over the previous year; yes, we are moving into a MENTAL WORLD.....Encyclopedia Britannica now carries an article on FLYING SAUCERS; says Air Force investigates reports of them daily; declares UFO sightings merit serious study & may lead to advances not only in physical knowledge but in area of Human Behavior as well.....Various news mags - in reviews of current novels - seem to center their attention on vicious & degenerate subjects -- & praise the author's treatment. EXAMPLE: "Rapist in Everyman" called by one mag "brilliant, artful & superbly appropriate" --!! (Shades of Sodom & Gomorrah, Fall of Rome, etc. -Ed.).....Sen. Maurine Neuberger's new book, "SMOKE SCREEN", is a hard-hitting expose' of backstage manipulation (in Gov't, TV, etc.) to "distract us from any concern about what cigarettes are doing to kill us." (Last Days mesmerism -Ed.) For devastating clinical evidence of the hazards of cigarettes, read "Consumers Union Report on Smoking"; then you'll quit!

*MAILBAG: The LLP mail includes from 1 to 4 Saucer bulletins a day -- also many loving notes from subscribers, till we wonder at their ever-patience when sometimes the LLP is late, lost or -- as some declare -- STOLEN. Much printed material comes, which we try to digest, tho often we do not have time to respond....M.S., Cal., says, "Am so thankful for such a worthwhile & valuable service as LLP." Many write how they share copies with others. H.C., Can., says he read the last editorial at their club meeting. Other leaders often say the same.....Strong confirmation from readers about our skies becoming noticeably BLUER than in former days. (Many think some raise in planetary vibration may have a bearing on it.) D.M., Ariz., writes: "The blue of Arizona skies has been a topic to madden painters & photographers & to beggar description. And we have been treated to a succession of pyrotechnical sunsets in past months that have outdone anything ever seen!".....Thanks for the ever-welcome postage stamps - & many, many thanks for gifts that have arrived to date. Our first Christmas cards came from Brisbane, Aus. & Japan.

*MIRACLES ARE MADE OF THE STUFF THAT BY-PASSES LOGIC. Perhaps this is what the Master meant when he said, "We must become as a little child in order to enter the Kingdom of Heaven."

*THE LITTLE LISTENING POST is issued every few weeks, when the news "boils over" -- from Washington, "news capital of the world." Crises multiply, said Kennedy. Man cannot absorb the Science he has unleashed. Meany calls Automation a "national catastrophe." We are under surveillance from our skies. And it is as though some STRANGE RECAPITULATION is going on among us. OUR PLANET HAS BECOME THE HOME OF THE FANTASTIQUE!.....Watch the ever-widening panorama. Listen in with The Little Listening Post!!

Six Issues for Three Dollars

Nov. - Dec.

1963
