### THE NEWS IN CAPSULE

\*EDITORIAL.....THE WRONG SIDE OF CHRISTMAS: Nearly 2000 years ago, the great Way Shower came to this planet. He came to show Earthians two things -- the power of Love over Hate, and the power of Life over Death. For nearly 2000 years, all Christendom has celebrated His birth. But in those early days, only a few were enough "in tune" to recognize His coming -- the shepherds who lived close to the stars and to Nature, the Wise Men, and a scant number of others. Year after year, Christendom -- the Churches -- relive the glorious story, fill the air with music (rock'n' roll and other spine-twisting sounds temporarily silenced), and once again we hear the "Herald Angels sing".....Sadly enough, most people fail to see that Time marches on -- that we are now nearing the other end of this great evolutionary cycle!.....When the Master left, a "cloud" (very similar to today's "Flying Saucers", as recounted all thru the Bible) "received Him out of their sight"; but a voice said, "This same Jesus shall so come again in like manner"----and "every eye shall see." (Note at this time the significant emerging of world TV that is about to reach "every eye" simultaneously).....And in our skies are VISITORS, unmistakable tokens of some great impending event. Yet, just as in the days of the Advent 2000 years ago, so today only the few sense the portentousness of what is going on! Two thousand years ago, the Great Messenger of Love, and those who were brave enough to follow Him, were confronted with hatred, prosecution, ridicule. So, today, most of the world is blind to the glorious "GOSPEL" -- the "Good News" -- being WRITTEN OUT BEFORE THEIR EYES by swift, shining, unearthly "Messengers" world-over in our skies. Yet most Churches give out the same prosaic sermons, and our Governments, our Intelligence Agencies, our Air Forces, stooping to intrigue, use the same time-worn tools of denial, distortion and ridicule toward this subject. Back of it, no doubt, stands Earth's great Money God, who cannot brook the exhibition of Free Energy going on above us, which -- once discovered -- would dethrone him along with his greed and exploitations.....That masterpiece, "The Messiah", definitely from an esoteric source, proclaims in the greatest of all CRESCENDOS, "He shall set up his Kingdom, and of it there shall be no end." If you have recently listened to Christmas music with in-tunement, you will have caught on its swelling tide a world Qui Vive. You will no longer be looking back 2000 years, but will begin to hear the triumphant shouts of the Herald Angels in the tempo of Celebration! You will sense a new "Joy to the World" that is near at hand! You will feel this impending avalanche of Gladness and the NEARING OF THE GREAT FULFILLMENT!

\*YOUR HIGHEST GOAL: The ego drives people to try to get ahead of others. The great-est thing you can ever surpass is YOURSELF OF YESTERDAY!

\*SKY NEWS: Here - Space Clock that gives 19 different OUTER-SPACE READINGS, such as positions of stars, Moon phases, planets, also tides, etc. (price \$150.)....We are LITTERBUGGING our skies. There are now 400 satellites or junky pieces of satellites sailing around up there!....More people in Calif. are working in aero-space projects than any other industry....Jan. Farm Journal alerts farmers to fact that our jet stream has been bent out of its normal course----"probably caused by A-bombs." Deeper researchers say these explosions reach down thru the Earth & cause a corresponding vortex on the opposite side of the planet. Many air crashes are said to be caused by planes running into these invisible (magnetic) vortices.....Press of Dec. 8 announced discovery of a helium belt in addition to the Van Allen Belt----scientists don't know where its "neutral helium atoms" originate. "Answer may give clues to the beginning of the Universe".....Oh irony of Fate----a small fiber washer (costing 2¢) is now blamed for failure of our recent 10 mil \$ Venus probe! A better washer will be used from now on.....UPI flash: A "far-out group" of space scientists at Gen'l Dynamics are now planning "POST-LUNAR EXPEDITIONS." Rocket expert Kraft Ehrlicke believes Mariner-2's reading of 800° was due to sun's heating of thick cloud layer & did not come from Venus' surface, which may actually be cool enough to support life. ....Our Space budget is now 6.7 bil \$\$\$ -- 506 \$\$ apiece this year. Our Space-minded President told Congress: "We are focusing on our expedition to the Moon in this decade -- in cooperation with other nations if possible -- alone, if necessary." He reminds us, "There is no 2nd-class ticket to the Moon".....A-bomb-like explosions have often been observed on the surface of Mars, say scientific mags in Russia & U.S. In typical sighting, a bright flare burns for 5 mins; then an ominous white mushroom-shaped cloud slowly expands to full size -- & fades away after 1 hr. Japan's noted astronomer, Tsuneo Saheki, saw first of these in 1951; he was laughed at then, but now he is vindicated.....Radio astronomy - a science only 20 yrs old, has now discovered a new enigma in the depths of space----GREAT FIERY OBJECTS AS HUGE AS A MILLION SUNS. They are "incredibly beautiful" & are producing "unheard-of energies": Excited astronomers held 3-day meet in Texas to conjure on this.

\*HERE & COMING: Coming, in NYC, new 22 mil \$ Film Production Center.....Coming, in Chile Mar 9-15, Latin Amer. Youth Cong. -- Castro-inspired, but Khrush will be pulling the strings. WATCH!.....In Dallas, "at Univ. of Texas, half the boys & 1/3rd of the girls own guns!" Dallas has much higher murder rate than N.Y. or Chi.; says nat'l mag....Here - it is now possible to photograph ATOMS in motion & color & see their interlocking force fields. Not long ago it was a common saying - "nobody ever saw an atom." It now sounds as tho we have reached the ultimate in sleuthing out the 3-D world.....Here, a new type of radio program is coming in----2-way Question & Answer programs (listeners phone in & their voice is heard on the air.) People are getting too intelligent to remain on the receiving end all the time. (LLP has long pleaded for a Clearing House of Public Opinion; such things could eventually smoke out the Exploiters).....Here - this is getting to be a mobile world; everything is in motion - more people live in trailers - in L.A., 70% of the total land area is now taken up by highways, streets & parking lots -- only 30% represents anything static.....Here, an increasing number of Grass Roots Movements such as "People to People", "Big Brother", "Pen Pals", etc. "World Neighbors, Inc.", for example, involves 60 mil people over world; shows folk of other nations how to help themselves. (Conditions in So. America said to be most critical-----11 "World Neighbors" projects going there.) These NEIGHBORS give "greatest gift of all"----themselves. In line with this is a new record album (made with U.N.sanction)titled "3 Billion Millionaires" - proving this can be a good Earth for all of us, if only it is run right. For better or worse, the world is melting together...Here, the Beatles from England have out-Elvised Elvis, have amassed 17 mil \$\$ & are secretly laughing at us. CAN THE NADIR GO ANY LOWER??.....Coming, many atomic reactors thruout U.S. - 100 already - most of them secret - several camouflaged near big cities; special crews trained for emergency blow-ups.

\*BIG NEW AGE STEP: Catholics have "officially" released Jewish race from direct blame for Jesus' death; should relieve some of world's hatred. This document will make it impossible for anyone to instigate hatred for Jews and claim sanction or support in Catholic Church teachings....When will Earthians learn the kinship of all life? "For he who stoops to pluck a flower disturbs the orbit of a star."

\*WAR: "U.S. has 534 Intercontinental Missiles ready to fire on a moment's notice"; now has new missile that will travel 9000 mi. -- could hit China direct (previous range was 6300 mi.)....Prominent researcher with Canadian Gov't tells of seeing photo of Hydrogen Bomb test at Bikini in which tongues of flame 50 mi high leaped out (similar to well-known explosions on our Sun); says photo was suppressed -- it was the beginning of a CHAIN REACTION IN EARTH'S ATMOSPHERE, as Einstein had warned could happen! ("The heavens shall burn with a fervent heat" - Bible.)....Here, a simple device to make your own test of radiation, says Pop. Sci.....SAC HQs (Colo.) is 60 ft underground -- in a tunnel-complex as long as a football field; everything is connected. Powerhouse could supply a city of 10,000. Stored bombs are 100 times the size of the one dropped on Hiroshima. Men never know whether alerts are practice or the real thing! This HQs has an eerie entrance -- a slab rises out of the ground automatically & closes silently after the men have gone down inside....."Our knowledge of how to live is still far below our knowledge of how to destroy one another," Pres. Johnson told U.N.....John F. Kennedy saw us thru the "hairspring" Cuban crisis. "The sum of civilization was then very close to becoming a cipher," said one writer. Here, before the whole world, Kennedy proved himself to be a "Profile in Courage". Courage is not as contagious as fear, he declared. But, he noted, "Crises increase." Fierce energies swell all around us, as more & more nations experiment with the BLACK MAGIC of nuclear fission. Amid the crescendo of Evil, Humanity gropes its way into the unknown.

\*PIONEERS -- THEY ARE A BREED OF HUMANS WHO ARE BORN & NOT MADE: it is not a matter of choice! An example is the Seventh Day Adventists. They have risen from a small, rejected group to a position of world recognition. They are noted for their honesty, cleanliness, vast publishing work & health crusading. In a certain western town (totally Adventist) there are no hospitals, no jails! Today Adventists are spearheading the educational program against cigarettes (now officially named as the culprit in lung cancer.) Their "5-Day Plan" for curing the habit ("each one teach one") is going nationwide & is near 80% effective.....Further along the rough pioneering highway - & not yet out from under the bane of ridicule - are the Saucer Researchers. But - as with the Adventists - their day of vindication draws nearer. Their numbers are increasing, world over. The heavens are writing the signs of our times-----& those with far-focused eyes have caught the vision.

\*SPEED READING SHOWS GREAT PROMISE: A new, scientific method of stepping up the power of the average man to read well, is here; called "Conceptual-Visual", it teaches TOTAL ABSORPTION of printed matter. Classes now being held for priests at Catholic Univ., groups at U.S. Office of Education; & entire public school system of Alexandria (Va.) will use it in regular curriculum this fall. Firm -"Reading Inc."-will soon be able to send instructors to any part of U.S., as needed.

\*HEALTH FRONT: Newsmag tells of big scandal in N.Y. hospitals -- illiterate patients were injected with live cancer cells, to test Dr's theories re cancer cure. Already 12 patients have died of cancer caused by injections. City weighing action against experimenters, who are from nation's largest "orthodox" cancer center.....Some of our Gov't agencies have sunk to such a level, that certain people are now pleading for Consumers' "watchdogs" to be placed in these agencies to monitor them on behalf of the citizens (who are already paying their salaries!).....There is now a rash of TV medical shows, "glamorizing" the Drs. As a result, report says people are going to MD's claiming they have the same symptoms they see on TV. Since any Dr. must know that IMITATION is one of the basic laws of life, it appears that those behind these TV "displays" are promoting them in order to drum up business.....Your Gov't allots 175 mil \$\$ a yr for Cancer Research. Typical of how it is used: investigators say more than 1 mil \$\$ was recently paid to 24 Drs. for a few days' work in "evaluating" (scuttling) KREBIOZEN. Even with all that big money, it's reported 5 of the Drs. avored Krebiozen -- but this fact was suppressed.....A source on the Hill close to the Krebiozen battle tells LLP the issue has been wrested from the field of Science (where it belongs) & dragged into the smoky arena of politics by the AMA; says "the truth will eventually come out----but slowly. Meanwhile, 250,000 a yr in the U.S. 'must' die of cancer, with this widely-tested, effective treatment shelved."

\*ART CRITICS' CORNER: One writer says - MODERN ART looks like the scene of an accident. (Not only looks like it -- it IS! -Ed.)

\*SAUCER FRONT: NICAP's long-awaited Report to Congress ("THE UFO EVIDENCE") is now being set in type---est. release date is mid-March. NICAP members & advisers are being primed to get on the air over local & regional radio/TV, & will keep up a barrage until the full truth re Saucers is made known. Subcommittees in 25 states will take charge of their areas. Special tapes ("The NICAP Report") will be sent to all stations requesting them. A new weekly column on UFO's by science writer Don Berliner is going out to newspapers across U.S. The battle will soon get hot! (You may take part: write NICAP, 1536 Conn. Ave., NW, Washington, D.C.)....Editor of London's Flying Saucer Review, Waveney Girvan, declares: "More & more scientists are coming to our aid. Our readers grow steadily in numbers & in quality. Our subscription list includes several eminent men. There is much going on behind the scenes that makes 1964 one of the most hopeful years in our existence"....Author Aime Michel reveals that the late great French writer Jean Cocteau was a firm Saucer believer - he often said, "The astonishing thing would be if they (the UFO's) did NOT exist!"....A delta-shaped UFO "doing 2000 mph" was spotted in Conn. by State Congressman L.B. Martin; he could make out a row of black markings along the "blunt forward edge"....Venezuelan papers said a "large proportion of the population of Caracas watched the arrival & departure over that city of a dazzling 'flying saucer' with travelers from another world ....Immense crowds flocked around the Nat'l Television Bldg" where the craft seemed to have gone down---"sirens were sounded, official cars dashed to & fro, BUT NOTHING WAS FOUND"....UFO's are on radar again---this time in Philadelphia. Radarmen at Phila. Int'l Airport & nearby McGuire Air Force Base picked up 3 "twisting, turning, looping" objects. At same time, observers & pilots aloft saw the "unknowns"--& radar-scope photos were made. Then a lone "reddish UFO with a flashing red & white light" hung tantalizingly high in the night sky over the city: it too showed on radar, but was out of reach of AF interceptors....Jacques Vallee, in F.S. Review, uses a statistician's skills to compare - point by point - 153 eye-witness descriptions of BEINGS WHO STEPPED FROM FLYING SAUCERS; his mass of detail & correlative methods should shake even the hardest skeptic!....Probing article - "Spacemen in Antiquity" - delves into works of ancient Greek & Roman authors, finds them loaded with documentation of "spaceships in the heavens" & "landings on our earth." Quotes Aristotle, Plato, Euripides, Cicero et al, as believing their "Gods" were actually a race of men who "came from the skies." Historians Livy & Pliny the Elder wrote of "mysterious voices, men in white garments hovering in airships, several suns & moons together, sudden new stars, & superhuman apparitions"....Police at Port Huron, Mich., took off at 75 mph after a low-flying UFO in the wintry pre-dawn; as they drew closer, they could see a "big divided window" on it. They switched on the flashing red light atop their patrol car---the UFO countered with a flashing red light of its own; then it dashed away with a "high-pitched, whining" sound....Callers at LLP told of a Colorado Univ. prof who openly talks to his students about Saucers...told one co-ed that what she saw "was a Mothership"; UFO's are discussed widely & freely on campus....A huge, scintillating cigar-shaped craft hovered over a ridge of the Rocky Mts. at twilight (Feb. 23 '63) -- kept Denver watchers spellbound; hung noiselessly 15 mins, then made slow circular maneuver, rose & "quickly faded away"....Palmer's "Flying Saucers" mag says 1963 was biggest "UFO flap" year of all. U.S., Britain, So. America---even USSR---had great activity; ("our Russian subscribers report to us faithfully," says Palmer.)....Late report from Sweden says UFO activity there is still at high level; many things being observed in central & northern areas. Big city dailies tend to ignore reports, but not so the provincial papers -- they play up the stories, with eye-witness accounts featured. Result: MOST SWEDISH PEOPLE ARE "WISE" TO THE REALITY OF SAUCERS....More word from Argentina----2 ladies of Cordoba Province, out driving, were "buzzed" by a long glowing object; a bit later they came upon the same object parked near the roadway -- "a reddish, HUT-SHAPED thing with windows or portholes"; they left in a hurry....Not far from there, a truck driver was stopped by "3 robot-like beings" who emerged from an oval object landed on the road. He drew his revolver in panic & fired 4 shots as he fled. The ship followed him, overhead, into the next town.

How far should we go in probing this murky realm? The new surge toward things psychic carries most neophytes first into the Borderland areas; they may contact non-physical entities, but the net effect can be MIGHTY PAINFUL, EMOTIONALLY. Oldtimers say, "Proceed with caution!" Publishers must be urged to bypass the fright material & promote the valid Spiritual writings which offer mankind HOPE in this Age of Jitters...Double-day re-publishing F.W.H. Myers' "Human Personality & Survival after Death" -- more proof of the "psychic breakthrough" which this Co. proclaimed recently. (Example:- the "largest psychic demonstration in history" took place in Royal Albert Hall, London, last Nov. -- 7000 jammed the bldg! -- speaker said more of the same were planned for other countries)...Here, way-out tome by Dr. I.M. Levitt, "Exploring the Secrets of Space"....Here, British movie, "The Mind Benders" - deals with effect of prolonged isolation - as in Space....Gray Barker's latest release - "FLYING SAUCERS IN THE BIBLE" by Virginia Brasington - a scholarly work - takes up where Jessup left off.... (SSRS is a small band of brave scientists who accept individual moral accountability for what they unleash upon the world----they even stand up to the huge CONSCIENCELESS Military-Industrial complex.) ....New book that will jolt you----"THE 3½ YEARS" - based on Mormon & Biblical predictions; says the "time of trouble such as never was" will begin in July, 1964, & will continue for 3½ years, thru 1967. (Norman Pierce, 573 E. 27th So., Salt Lake City, Utah.) Many esoteric sources concur on these dates.

Write him for his list of foods: Walnut Acres, Penns Creek, Pa.....H.O'D., Cal., sends the following poem (& with it a gift for Polly): "Dear Father, hear & bless, Thy beasts & singing birds, And guard with tenderness, Small things that have no words"....O.M.B., Can., calls LLP "a veritable mine of information"....A.A., Colo., says "Am sending copy of LLP on to Moral Rearmament HQs: LAST ISSUE WAS REALLY EXPLOSIVE!"....Arthur Clarke airmails from Ceylon that he's working 'round the clock on another Space book ordered by his publishers....
