THE NEWS IN CAPSULE

*EDITORIAL-----"THE GREAT SOCIETY": President Johnson has caught a VISION!..... Acting as a would-be Herald of Hope, he foresees a NEW ORDER OF THINGS-----THE GREAT SOCIETY!.....Can Man build it?...Can this World one day go in for Beauty instead of Bombs? Or are Sex and Sate now the principal direction in which we are driving, since the former is pursued so relentlessly and the latter hangs like a curtain -- ready to fold down over a bored,bizarre and weary world?.....Many live in a maze of confusion, not realizing that our key word is----BALANCE; and that the two great Enemies of Evolution are lack of Vision and----Complacency.....Man must make a -- living -- (achieve, by the proper Distribution of things) and he must make a LIFE -- and the two are not the same. Man must have Sustenance -- he must have Health -- he must have Companionship. Perhaps Telepathy must emerge before he can ever fully adjust his Society. (Esoterists tell us of Yonder Worlds where MOTIVES AND NOT ACTIONS ARE SEEN, AND WHERE HYPOCRISY AND PRIDE DO NOT HAVE A PART. That would be a world where Thought is Visible!).....Educators claim that almost any problem can be solved with enough Research...."God gives to every man the choice between the Search for Truth -- and Repose," said G. K. Chesterton....We can never have a Good Society where there are those who profiteer on the Sick; where there are those who practice unspeakable cruelties on animals, such as take place in the name of "Medicine" and which are said to set up a horrible vibration in the aura of Planet Earth....DISEASE MUST GO! FEAR MUST GO! Man must have rapport not only with his own kind but with Nature. He must have Transportation without hazard (available with the coming of Free Energy). He must have Relaxation. He must have intunement with the Life Rhythms around him....And ever and ever, he must keep learning. The whole Human Race must have PLANNED PARENTHOOD (its equivalent long since practiced by every livestock farmer). He must have birth without pain. And lastly, the Race must emerge from the Forever-Shadow of DEATH as we know it----and resolve the mystery in the light of some greater knowledge; for it is promised that Death is "the Last Enemy" that "shall be overcome".....President Johnson recently told the University of Michigan, "We have power to shape the Civilization we want!" He told of his plans to assemble the best and broadest knowledge from all over the world, to find the answers as to how to build THE GREAT SOCIETY. He said, "This generation has the chance never before afforded any people of any age to lead America toward a 'New Age' and a Way of Life almost beyond the bounds of our imagination."

* * * * *

(THE LITTLE LISTENING POST SUBMITS THE ABOVE AS AN OUTLINE 'BLUEPRINT' for THE GREAT SOCIETY.)

*SKY NEWS: Here, many executives now have their own tiny jets -- cross U.S. in less than 5 hrs -- cost $\frac{1}{2}$ mil.....Latest British Interplanetary Journal digs in on vast new subject of ASTROSOCIOLOGY; alerts scientists to study "social organization of Extraterrestrial man" -- to prepare for colonizing of other planets. (Hmmm-m-m... What if we find people on a lot of them already? Anyhow, looks as tho Earthians are getting serious about going somewhere. -Ed.).....Both Russia & U.S.'s "SKY SPIES" can count the pigeons on the roofs of buildings in Moscow & Washington. (Ye gawds - is our slip showing?).....Another Believe-It-Or-Not: U.S. sent up a "Traveler" Satellite -- weighed 300 lbs. on take-off, but ONLY 125 LBS ON LANDING back on Earth; later, weight dropped even further! WHY??.....NASA has now test-proved that small ion electric engines will work in interplanetary flight & go at speeds up to 200,000 mph!.....Gen. LeMay, head of USAF, says we are now launching a Space Force. The official name for any possible enemy encountered out yonder is a "non-cooperative object". We will be able to determine whether "Unknowns" in Space are a threat. We are planning Rendezvous Satellites, made for intercepting & capturing an object in Space -- "whether of Earth origin or Space origin": A remote-controlled Space Camera has just been unveiled by the AF -- weighs over 100 lbs -- operates from a Mother Ship &, after spying on "unknown objects", returns to its "shelf". Invention is just 12 yrs behind description of "monitoring discs" in Saucer books; they are said to be carried by UFO Mother Ships & to operate the same way; such have been photographed. NOW will the AF learn more about Saucers?.....N.Y. Times says 2 Soviet science writers think Star 61 of Constellation Cygnus has been sending LASER-type signals toward our Solar System since 1882; suggest this star has a planet with a highly-developed civilization.....A rocket above Earth's atmosphere recently discovered "tiny invisible neutron stars" which may set a new chapter in Astrophysics; about the mass of the Sun, but matter packed so tightly that the diameter of each would be about 10 miles & the weight about 1 BILLION TONS TO A CUBIC INCH!!..... Palomar has just seen a starlike object in the sky that is moving too fast ($\frac{1}{2}$ the speed of light); "breaks yardsticks by which astronomers measure Time & Distance." (Some folks never did believe in "light years" anyway. -Ed.).....Coming, 2 remote-controlled ROBOTS will televise MARS in a probe late Oct; great success of Ranger-7 Moonshot is speeding Space program!.....NASA seriously researching a "MANNED MARS MISSION" -- crew of 7, 300-day trip, 40-day "layover" on Mars; now studying shielding against solar flares, Van Allen Belt & cosmic rays....(Real "Jules Verne").....NASA is now starting to invade the realm of COMETS -- may try to shoot a rocket probe thru one! China was recording Comets 4000 yrs ago. Their movements are very erratic; some are larger than the Earth; Halley's had a tail 90 mil miles long! Are they magnetic? Will they be a Space hazard? Can we steal a hint from them by analyzing their means of PROPULSION?

*WAR: "Esquire" mag depicts the loneliness of the Missile Attendants -- out in central Montana, where -- 60 ft underground -- 2 men sit at the CONTROLS OF DESTRUCTION ----- & wait! For 50 hrs a week, their fingers hover over the keys of push-button war...These two men alone can set off 10 missiles that pack more power than the total of all explosives used by both sides in WW-2.....Up on the Hudson, an entire School is devoted to "THINKING ABOUT THE UNTHINKABLE"-----about how the world can survive the Atomic Era. So far, they've found no answer!.....College graduation speeches this month show omenous concern for the future. Pres. of Columbia warns students of stark realities ahead. USC address said, "Yours could be the generation to advance the world more than any other in history -- & yet, yours CAN BE THE LAST GENERATION OF MANKIND!".....Just received, large pictorial book re the Nuclear Age -- a real classic! Quoting Einstein: "The splitting of the atom changed everything save our modes of thinking, & thus we drift toward unparalleled catastrophe." And, said Gen. Omar Bradley, "If I am sometimes discouraged, it is not by the magnitude of the problem, but by the colossal indifference to it.".....The Govt's of the world spend 320 mil a day for Security, yet were never less secure-----yet for the first time in history we have the know-how to utterly transform our Planet for good! "The future of Mankind balances on a razor's edge," says this striking book, titled "LET THERE BE A WORLD" - pub. by Fulton Publishing Co., Box 191, Palo Alto, Cal. \$1.00.... (Those with insight see here a close connection with the estimated 200,000 worldwide Saucer sightings in our past 17 haunted years! - Ed.)

*HERE & COMING: Here, mounting proof that the "snowman" - a terrifying biped - does exist. A Mongolian expedition will try to capture one this summer...In Mich., 9-ft 500-lb "Yeti" seen by many; hunting parties are out to get him!.....Here -- radio 2-way "Talk" Shows are mushrooming over the country; giving people a voice, as opposed to bottled-up Press.....Here -- in the wilds of Siberia, masses of tall pre-fab apartments rising in new industrial complexes.....Here, atomic clock that won't vary more than one second in 1500 years!.....Here, 90 countries now have TV broadcasting -- 1 set for every 22 people on earth; Japan is 2nd in stations & sets..... Here, Russia setting up a new "National Institute for Scientific Atheism"; Red propaganda chief complains that too many Russians still attend church.....Coming, tiny electronic "bugs" to spy on you from anywhere----soon you'll never know when Big Brother is watching you!.....Coming, autos -- & even skyscrapers -- glued together, without nuts or bolts!.....Here, much criticism of CIA: Truman says, "I started it----now I think it should be abandoned!".....Here, 10-oz. shirt-pocket radio (transmitter) powerful enough to send a signal clear across U.S.

*HEALTH FRONT: Rutgers U. observes that most tomatoes, etc., are now grown for size & looks, but lack the taste. About 100 mil Americans have known this for years, but are helpless before the Dollar God.....Great New Age Step:- When it comes to the big battle re poisons in our food (insecticides), THEY'VE GOT THE ANSWER (see Aug. "Organic Gardening" mag.) Fantastic new devices & techniques will do the trick----ultra-violet rays; powerful sound waves (low hum kills larvae, etc.); sex-lure odors that draw insects to the trap; natural predators brought into areas en masse; man-made viruses that infect & destroy insects but don't harm animals or man; carnivorous plants that eat bugs (Venus fly-traps, etc.) Yes, it's Evolution coming in a very vital field. N.J. Agr. Dept. has given up DDT & is leading the way in this new-type control.....LLP has just learned of a man who had cancer, willed himself to live----& got well. ("Be ye transformed by the renewing of your mind.").....Nat'l Health Fed'n told Congress Committee, "All the Health Research money given by the Gov't is spent to research sickness & drugs----nothing is being done to research health & how to keep healthy....."70% of U.S. Drs have given up smoking", yet report says cigarette scare is lessening, & sales are up higher than ever.....Here, new type cigarettes, made from PAPAYA LEAVES -- no tars or nicotine, yet "tastes like regulars". Is this the answer?....."House Beautiful" mag says increasing scarcity of water means you are having to use it over & over, "purified" but in many cases hardly fit for drinking. Cause----too much civilization, too many people, too much manufacturing, too much butchering of forests, etc. Water is the life blood of Planet Earth. If it goes bad, we are not long for this planet!

*NATURE NEWS: Four mil people a yr visit the Washington Nat'l Zoo; it is being widely revamped.....Here -- "Aquaculture" - new method for getting at fabulous resources of the Sea.....There's dangerous widespread drought ahead, warns "Plain Truth", due to man's treatment of soil. Wildlife is on the march northward, trees getting sick because they can't stand the rise in temperature. Many trees in England are dying. England's fish getting scarce. Mag says $\frac{1}{4}$ of world's people are already suffering effects of drought, flood & famine----& there is MUCH MORE OF IT ON THE WAY..... 120 species of birds in the world are said to be facing extinction----"less than 2 doz Condors left" (they eat rabbits that have ingested man's poison spray.) Wildlife Fed'n tells LLP at last count there were 34 whooping cranes, only 2 of which were chicks.....The Lion, Zebra & Rhino may be gone in 15 years, at present rate of loss, say experts; "wildlife in Africa is IN ITS TWILIGHT"; UN working on problem!.....Last year, 45 mil fish were killed by pollution in U.S.!.....There are about 20 mil licensed hunters in U.S.----& 600 Humane Societies, devoutly pledged to serve as the "voice of our voiceless" fellow creatures.....When will we strike the balance & work with Nature rather than let ruthlessness & profiteering wreck the bounty of our beautiful Green Planet?.....Aside from the Bee, man's best insect friend is the little Ladybug, which lives only on other insects. A Calif. firm employs 90 men, who raise & ship millions of Ladybugs all over U.S. (100,000 bugs in a gal. for 7.50).....Farmers find them far more effective than insecticides.....Time for National Mourning? -- Death of the beautiful fireflies? Nat'l Observer front-pages: "FIRE-FLY LIGHTS FLICKER OUT". Chemical Co. in N.J. which bought them by the $\frac{1}{2}$ -million says last year they were scarce, this year none at all.

***SAUCER FRONT: UFO'S MOVE IN ON U.S.!** The "Big Saucer Flap" continues! More landings & near-landings than ever before----reports pour in from all over!..... Egg-shaped objects in New Mexico----oscillating objects in Montana----dome-like objects in Oregon----object with 3 lighted port-holes in Ohio----object with red, blue & yellow lights over Illinois----object rising above apartment court-yard in Mass. ----object hanging over a radar station in Idaho----object merging with "mother ship" in Penna.----silvery object with misty halo over a college in New Hamp.----object "like an inverted dinner plate" floating over Texas.....Flap started with the now famous Zamora case in N. Mex., where a well-known police officer sped to what he thought was an overturned car. Instead it was a Saucer with 2 men in it----one of them TURNED & LOOKED STRAIGHT AT ZAMORA. Craft had 4 legs; left indentations & burnt clumps of grass & greasewood after it rose noisily & soared away. Red lettering on it was "not in English".....Similar reports of UFO's landing & leaving holes & scorched earth came from 8 places in N. Mex. & from Montana, Minnesota, Calif. & Oregon.....In Burlington, Wyo., the County Sheriff turned a spotlight on a UFO near the ground----IT beamed a brilliant light back on the patrol car!.....One night a farmer at Dale, Ind., was watching TV; suddenly the set went dead----he looked out the door & saw a glowing blue-white object land only 50 ft away. After 2 mins it took off with a whine; investigators found 3 small holes, scorch marks & stains.At Binghamton, N.Y., a landed UFO was reported, with "a small being nearby"..... A 20-yr-old fired 6 shots at a UFO overhead & "HEARD THE BULLETS BOUNCE FROM IT"----but it moved away unharmed.....A young farmer at Newark Valley, N.Y. - Gary Wilcox - told Boston radiomen a silvery oval object landed on his farm; as he approached, 2 small figures "dressed in shiny material" emerged & spoke to him in English. They said they were from Mars, were studying Earth's soils; they discussed agriculture & also said our astronauts would not be able to survive on other planets...(The pattern seems to be of a more daring approach. -Ed.).....Gabriel Green, head of 2500-member AFSCA, gives LLP big news via long-distance phone from Calif.-----the 7 color photos taken close-up by A.A. Villa near Albuquerque, N.M., have made a "splash" worldwide! The shots -- of a majestic Saucer with visible "windows" around the rim -- went out via UPI Wirephoto & were printed in 100's of newspapers, with a SERIOUS caption. They were shown over color-TV 3 nights in a row (KNBC-TV, Hollywood) to a huge audience. They were reprinted by Saucer mags around the globe. It's now expected that UFO landing "flaps" will be more frequent - to alert the public - & in due time there will be "mass fly-overs". Some newsmen in L.A. admitted to AFSCA that they had definite orders ("directives") to avoid writing anything about Flying Saucers!.....U.S. Navy reveals as many as 60 UFO contacts are made each month -- over or under the water; many are spotted by subs with special listening devices... ..Editor Rob't Gribble reports about 30 UFO clippings reach him every week..... F.S. Review, London, carries a devastating review of Menzel's Saucer book.

***JAPANESE TO ALERT THE WORLD RE UFO'S:** Japan's huge Saucer research organization -- CBA -- is preparing to spread the word of UFO reality -- worldwide! They staged a rousing "International Flying Saucer Day" June 24th. From a HQs like a military Command Post, they fired off 30,000 miniaturized Saucer handbooks, packed with photos & facts. Day & night, phone calls & telegrams flooded in. Women ran the canteen on a 'round-the-clock' basis. Posters everywhere proclaimed F.S. Day. The public reacted with great interest----& even the Japanese Air Force gave out information..... To commemorate the coming of the space ships, a towering monument (obelisk) is now being erected.....CBA's slick magazines furthered the F.S. campaign. The English-language "BROTHERS" (92 pages, many illus.) featured a dramatic color photo of the "Unknown Fire" of Kyushu -- mysterious lights that shine over a vast distance on the surface of the sea----with no apparent cause. CBA survey teams probed with camera & telescope-- found the "fire" appears in a great circle, is a "magnetic fire lighted from Space", & is somehow controlled by the Saucers! Photos show Saucers hovering in the night sky while smaller "fireballs" fly back & forth between the Saucers & the sea.....CBA's Japanese-language "FLYING SAUCER NEWS" accused the USAF of deliberate fakery & "talking with two tongues"----showed photostats of AF's IBM punch cards, & official sighting reports stamped "DESTROY". Mag said AF keeps its percentage of "Unknowns" to the minimum by pulling out & destroying unwanted cards. Mag concluded, "Despite USAF's debunkery, THE SAUCERS STILL SHOW UP OVER JAPAN!"

*PUBLISHING NEWS: "Australian Flying Saucer Review" (Moorabin, Victoria) now publishing again----1st issue loaded with UFO sightings from "Down Under".....Here - 4 new saucer-zines: "Controversial Phenomena", Woonsocket, R.I.; "Cosmic Science Newsletter", Appleton, Wisc.; "UFO Magazine", Cleveland; "Skywatch", Cambridge, Mass. All good!.....A publishing firm in Denmark has translated the leading UFO books into Danish & is now releasing them. Latest is "European Report" (Adamski questions & answers).....Coming, new play by J.B. Priestley, "The Astronauts".....Here, new book, "The Invisible Government" (our CIA) by David Wise & Thos. B. Ross -- a shaker-upper!.....Here - "This Thirsty World" - re perilous water situation around the globe.....Just out, "The Extra-Sensory Mind" by Dr. Kenneth Walker, noted British physician -- a look at the astonishing un-tapped powers within us.

*SOME OBJECTIVE PROOF OF PRE-HISTORY: Recent excavations throw light on "advanced civilizations of the past". Baghdad Museum has just placed on exhibition an electric engine indicated to be 4500 years old----& it still works, says a Belgian mag. Some astronomical instruments brought up from the sea by Greek fishermen (now in Athens Museum) far supersede today's science! Russian mag tells of ruins of Temple of Baalbek (Lebanon), with 2000-ton stone blocks-----no apparent way they could have been lifted into place; also radioactive beryllium found there. Scientists add it up as "earlier visitations from Space People".....An esoteric source claims that 243 ft below the Great Pyramid is a room containing a giant generator which is still functionable! Watch your papers for the converging of the Esoteric with the Objective world. It looks like the completion of humanity's evolutionary cycle. What a time for us to live!!

*RADIO WBZ, BOSTON sends us 2 tapes of recent 90-min. UFO programs they aired; the producer writes, "This subject is by far our biggest mail puller!" WBZ's powerful signal blankets Northeast U.S.-- bringing UFO news regularly to millions.

*KNOWLEDGE SHALL BE INCREASED, predicts the Bible, describing these climactic times. Radio, TV, & more recently the tape recorder & IBM machine are startling in their impact. "Global TV will be awesome," says head of NBC. "In 5 yrs an audience of a billion persons around the earth may be watching the same program at the same time, & in a world where one-half the people are only semi-literate, no other means of communication can equal TV's impact upon the human mind!"

*WHY WE SHOULD LOVE FLOWERS: Flowers are the most ethereal (the nearest thing to 4-D) of anything on this planet. We can well almost worship at this shrine & let them draw us up to their higher vibration. The Japanese - however poor - "must" have one flower in their home to love & admire.

*MAILBAG: A Calif. publisher writes: "No doubt any longer as to the WINDING UP OF THIS PERIOD OF CIVILIZATION. Whether it will mean total black-out before the New is established, or emerging into the New with a minimum loss of life-----that is the question. But SOMETHING is imminent!" Many letters coming in on same theme..... D.Y.M., Ariz., writes, "Saucer sightings? Yes---all over the West, but many feel they dare not make them public because of the Govt's attitude. They do not wish to be dragged thru the mire of public condemnation".....M.D., N. Mex., a highly-regarded channel, writes: "The Tibetan (mentor) has told me to teach in any way I could about the TREMENDOUS POWER OF THOUGHT; that theme, & information on the fact of survival after death & the continuity of all life, are stressed as primary needs."

*NOTE:- There was no May issue of The Little Listening Post.

*THE LITTLE LISTENING POST is issued every few weeks -- when the news "boils over" -- from Washington, "News capital of the world".....Stashed away at this CRISIS HEAD-QUARTERS, listening to our 10 radios & 2 TVs, scanning some 50 incoming publications a month, not to mention the callers from various places, The Little Listening Post has filtered out one word that seems to fit every situation; that word is CRESCENDO. How to keep up with the swelling tempo of Life-----also, with the increasing threats to life itself! Crime in the U.S. alone has increased 19% in the first 3 months of 1964. "The whole creation groaneth." Truly Earth's hour glass grows full! And Time speeds toward some New Dimension!.....Listen in with THE LITTLE LISTENING POST!!

Six Issues for Three Dollars

June - July - August
