THE NEWS IN CAPSULE

*EDITORIAL-----A STRANGE EXPECTANCY HANGS OVER THE WORLD! It is without precedent in history. We stand on the brink of some great Unknown. Man has reached the time when "Civilization can be destroyed in six hours" -- when "an irresponsible finger can with one move incinerate the world"-----yet, calls out our President, "Come with me into that uncertain day already touched with dawn." What lies ahead? Earth churns with change. Earth's pulse has become a palpitation. There are five million alcoholics among us, and millions are turning to this and sedatives to keep from going to pieces in these tense times, says a famous broadcaster. "Men shall run to and fro, knowledge shall be increased, and these are the signs of the End, cries Paul Harvey. "I rejoice in the sure knowledge that in the very imminent future, Jesus Christ is going to return to this Planet," radio's Herbert W. Armstrong thunders to the world. And, said Billy Graham to an audience of 26,000, "Many of our scientists, our philosophers and historians are saying that the end is very near." Over 300 times, the New Testament says Jesus is coming back again.....We are in the AGE OF ULTIMATES. The "Danger Curves" are all pointing abruptly upward. The Behemoth of Automation sways our social structure. Over-population is now called a worse threat than the Bomb. We have poisoned our Air, Food and Water. (New York City is fluoridating soon.) China, the world's biggest nation, now has the Bomb, and already with us is the LASER (potential Death Ray) and behind a curtain slinks Germ Warfare -- its operation more subtle than a shadow. Moral standards lie tarnished and besmirched.....OH, SCIENCE! WHAT HAS THOU UNLEASHED?.....Dr. Leo Szilard, one of the three originators of the Atom Bomb, has just passed on -- while working vigorously to try to undo some of the damage his work had wrought. In Washington towers the headquarters of the American Association for the Advancement of Science, with its 100,000 members scattered over the world; while in obscure Gambier, Ohio, is the headquarters for the numerically tiny Society for Social Responsibility in Science. Happenings recently showed that the former scarcely knew of the latter's existence!.....An ardent and alert physicist, who travels and closely follows world events, has just called at The Little Listening Post, and begged that some sort of public agreement be written up and subscribed to by every serious thinker -- to the effect that Man has reached his extremity, and that a humble appeal be openly made for the Space People, evident in our skies, to come into the breach....Are we in the position of the nocturnal traveler who found the road home through the black forest by keeping his face turned upward to the star-path above him between the tall trees? And, in the darkness may we remember, "Faith is a bird that feels the light and sings while the dawn is still dark."

* * * * *

*SKY NEWS: The greatest new word in Sky News is the COMSAT (Communications Satellite) ...There was recently born in Washington an "international consortium which will own & manage the forthcoming global Comsat System" -- a multi-billion \$ business. What this means to modern life is at present almost beyond average comprehension. As Arthur Clarke says, "It will take the tangled web of the world's telephone networks & lift them into Space." Next spring Early Bird will be placed 22,300 miles above the Equator & will be the first all-commercial Comsat. Ere long it may be possible to talk to the farthest point in the world for 25¢, & for any 2 people anywhere to chat together. Then will come GLOBAL TV -- & "every eye shall see." Omni-presence -- almost!!.....U.S. test of "ion engines" proves they will work in Space -- small electric engines designed for future interplanetary flights can reach fantastic speeds in Outer Space -- up to 200,000 MPH.....Huntsville, Ala. has the most powerful loudspeaker in the world -- imitates blastoff of giant rockets, to see if astronauts can take the noise.....A special study made by the Air Force - re possible life in Space - is the basis of a new book, "PLANETS FOR MAN" by Dole & Asimov; reaches startling conclusion that we are on the threshold of contacting OTHER SENTIENT BEINGS FROM SPACE. Book names 14 nearby stars which "have a reasonable chance" of possessing habitable planets!

*PSYCHIC BREAKTHRU: Interest in things psychic is sweeping everywhere....UCLA sponsored symposium on "Next Steps in ESP Research". Russia trying to isolate "telepathy waves" with sheets of lead -- it doesn't work. At long last, Science is facing the issue squarely. (Beware orthodoxy----it freezes at its own level.).....Russian scientists are digging into Telekinesis: controlling & moving objects by MENTAL POWER. On display in the Polytechnical Museum in Moscow is a toy train which starts & stops at a "wish command" of the lady operator.....A "Church's Fellowship for Psychical & Spiritual Studies" is active in England. They delve into clairvoyance, spirit communication, etc. We are entering a New Age, says the founder, in which there will be a more scientific approach to religion. Half the Bishops in England concur with this new group, counterpart of Spiritual Frontiers in America.....Univ. of Rajasthan, India, now seriously investigating about 200 cases of people who have shown an astounding ability to recall details of "former lives" -- much of it verified by OBJECTIVE EVIDENCE.....Nat'l Fed of Spiritual Healers, HQs in England, now has branches in 6 other countries----has over 2000 members.....A man in Britain photographed his 5-yr-old girl against a plain background of grass & blue sky; yet the developed picture showed a tall man standing behind the child -- wearing headgear like an astronaut's. Was it an inter-D spaceman? Photo lab said there was no double exposure----they were at a total loss to explain it! Police are quite concerned, because the locale is near an atomic base.....Over radio WOR (N.Y.) newscaster Frank Edwards revealed an apparent breakthrough in the field of ASTRAL PROJECTION-----camera verification of the Projection!! Mentalist Ted Serios travels "astrally" to foreign countries; while he's "away", a Polaroid camera snaps him sitting in his quarters in Chicago. The photos (developed on the spot) show a series of foreign scenes looming up behind him -- scenes of the places he claims to have just visited astrally. Frank Edwards eye-witnessed 3 "flights" & authenticated the background scenery (an airport in Rockville, Ontario, had recognizable signs, etc.) Vice Pres. of Polaroid Corp. checked it, said "this would be impossible to fake" -- !!

*THE NEW REALM OF PSYCHEDELICS: There is now much emphasis on LSD & other "consciousness expanding" drugs. While under their effects, one is apt to view his whole life "path" and time-track, see the Cosmic Light, Great Colors, also Blackness, hear the "Om" note of creation -- in short, gaze on the raw material of Creation itself! The drugs are taken under special supervision only. The Ego floats in the universal oversoul -- thought to be a preview of what happens at death. "When one rises superior to the body, any need for rebirth is superseded." "I am the Captain of my Soul, I am the Master of my Fate!" Goal of all forms of spiritual healing! Students of Psychedelics say WATCH IT -- may prove to be still another breakthrough on the Esoteric Front -- a glimpse of the higher world which may help to clarify the MORTAL RIDDLE. As a lab experiment, it may do these things, but it is unnatural, since one must gain the heights by personal growth. Note:- U.S. Gov't (FDA) frowning on it.

*EVEN OXFORD IS AROUSED: Staid old Oxford Univ. has set up a new Psycho-physical Research Unit to probe the mystery of ASTRAL PROJECTION-----scientifically!

*HEALTH FRONT: LIFE mag (Oct. 9) has l-o-n-g article downgrading famous Dr. Ivy & his Krebiozen, the cancer drug with the long record of wonderful case histories. Several writers voice opinion that this heavily-slanted article indicates how desperate the opposition (AMA, etc.) has become...And here in Washington, "the most FANTASTIC BATTLE in medical history" roars on-----27 cancer victims - martyrs - staged all-night sit-downs in the office of Sec. of HEW, & nocturnally picketed the White House with candles, because their "life-saving drug" Krebiozen has been taken away from them by "small men in 'pompous' positions in Gov't." They risked jail, but said without the drug they will not survive anyway. A Wash'n writer asks, "What demonistic maneuvers, what witches' brew, can concoct so weird & Stygian a situation?" Last report says State of Calif. "may give Krebiozen a fair test -- which U.S. has refused to do".....By July '65 all cigarette ads must warn that "smoking can cause cancer. Will tobacco industry cancel their prodigious advertising -- or find a way to beat the regulation, somehow?.....Look quick!-----deadly insect sprays (DDT, chlordane, dieldrin & endrin) have been banned on all Gov't-owned lands ----over 550 mil acres of Nat'l parks, etc., by order of Sec. of Interior....Also, Gov't cancer expert finally admits some pesticides do interfere with normal cell function & eventually cause cancer. (WOW).....U.S. Dept. of Agriculture starts CRASH PROGRAM to find NON-POISONOUS insecticides, says "Health Bulletin".....Soviet scientists now claim every cell in our bodies is a kind of "receiver" tuned to certain forces generated on the Sun. Cosmic energy may be as vital to us as is food, air & water....."Organic Gardening" mag shows that mountain streams - which were things of idyllic beauty 15 yrs ago - now carry dead fish, soap bubbles, sewage & every color of the rainbow----from what is dumped into them. This mag has for 22 yrs tried to educate the public re a way of composting garbage & refuse, so as to turn it into useful & even salable fertilizer; says FINALLY big cities are now - one by one - beginning to adopt this method. Elmyra & Houston are pioneering.....
....FLASH!! Fluoridation has just been BANNED in DENMARK!!

*"LIFT": There is one little 4-letter word that - more than anything else - represents the need of everyone. That is the word "lift". Perhaps it is partly because of the pull of Gravity on this planet----since Physics & Metaphysics are part of a whole. We need to keep the organs of the physical body "lifted"; (Yogis stand on their heads for this purpose -- others lie on a slanting board). We need to help lift each other's burdens (Jesus said, "My burden is light"); we must lift our motives - lift our confidence - lift our vision - lift our Expectancy. The greatest need of all is for the lifting of the SPIRIT----so lift, lift, lift!!!

*FOUR BIG QUESTIONS: (1) Why do such End-of-the-Worlders as the Billy Grahams, the Armstrongs, the Adventists & others -- radio dynamos who shout about proof of the "Last Days", signs in the skies, etc. -- conspicuously fail to mention the MOST BIZARRE SIGN OF ALL----FLYING SAUCERS? (These have been photographed world over, for years.) LLP asked Armstrong this question, & he replied that he takes the Air Force's word for it. (Hah! -Ed.)

(2) Today we are doing brain-stretching in 2 great new directions -- Inter-galactic Space - & Things Psychic (particularly Transmutation - the how & why of Death, & what is the realm of the deceased). Saucer bulletins usually by-pass this subject; & psychic publications generally go light on the subject of Saucers. Yet it is more & more evident that Saucers are INTER-DIMENSIONAL. Both Demise - & the UFO subject - deal with some kind of big OUT from 3-D Planet Earth. LLP has repeatedly put the question to Spiritualists, mystics & Saucer researchers:- What is the relation of Space People to Earth's deceased? It is often remarked that mediums, who used to have Indian guides, are now more likely to have "Space Men". Isn't it time we had some hypothesis or comprehensive coverage of this question?

(3) In the words of the Nat'l Health Fed'n, we wish to ask----"If Healing is not important, why did Jesus spend so much of his time doing it?" When will Churches face up to this great challenge?

(4) If we are in some kind of "Last Days", do you have a philosophy that will carry you thru?.....LLP would like to have your comments on the above 4 Questions!

*THE WHOLE THESIS of the Little Listening Post is that on this planet there is the raw material with which to make an Ideal World. The tool with which to do it is the Mind. The basis for it is the Vision of it. The method is persistence in following the Vision.

*SAUCER FRONT: THE "FANTASTIC 1964 SAUCER FLAP" IS STILL ON! U.S. has had 6 solid months of UFO sightings -- many at close range -- several landings, with clear evidence left on the ground!.....At Glassboro, N.J., the night of Sept. 4th, a red glowing UFO was seen in the sky over a wooded area. Next day investigators found, in a small clearing, a cone-shaped crater 30" in diameter, 20" deep, & 3 hard-packed square imprints (9" sq., 8" deep) spaced in a triangular pattern, each one 12 ft from the central crater. State police - quickly at the scene - found the earth "severely scorched, with many shiny metallic particles fused to the sand"---evidence of a great "ground level blast of heat". Imprints were "caused by extreme pressure" ---oak leaves were compressed into the sides of the holes. Near the imprints, a large tree was partially uprooted -- its branches crushed "as if STRUCK BY A HEAVY WEIGHT FROM ABOVE".....Near Flemington, N.J., a "white, egg-shaped thing about 30 ft long" landed late at night in farmer Jack Hall's field; Hall walked toward it, then it moved toward him, he retreated quickly into his house----his wife & his daughter saw the glow from the UFO.....Strange events at White Sands Missile Range (N.M.)-----a B-57 pilot, in flight, radioed that he had in sight a white, egg-shaped UFO "with the same markings as Socorro"; minutes later he said, "It's on the ground" -- & the radio went silent. Two weeks later (May 15) radar tracked 2 UFO's just north of the base -- in "precise flight maneuvers"; radarmen saw the objects in plain view. Then came the big shock -- the UFO's began answering the CODED IDENTIFICATION SIGNAL being sent from the base -- with the CORRECT CODE REPLY ON THE SAME WAVELENGTH!!!Powerful Radio KYW (Cleveland) shook up the Midwest with 2 lively 90-min Saucer shows. Local girl told how a large UFO followed by 10 small ones came "right into my driveway" at 3:00 AM, lingered 20 mins, gave off a dazzling light that "woke my mother in her bedroom" - then vanished without a trace...Next a Cleveland couple related their 55 MPH highway chase of a "lighted globe" that hovered, spun, changed color & trajectory, finally shot up & away-----AF probes said it was "only a meteor" (!)...KYW's long-distance phone circuit put on-the-air 2 UFO witnesses from Portsmouth, N.H., who were buzzed by a Saucer in open country; it hung "100 ft overhead" -- a huge disc with a glowing band of light & a series of "glass windows". Thru 7x15 binoculars, observers could see "SEVERAL UNIFORMED MEN LOOKING DOWN AT US thru the windows." The panicked pair fled in their car----later found shiny spots "like silver dollars" on trunk of car, which caused compass needle to spin wildly...On same program, a Waukegan Minister described an 80-ft Saucer that soared silently over Lake Michigan for 15 mins - seen by 200 people - had 2 rows of square windows around the periphery - bright lights inside, ceilings clearly visible.Japan's "International Flying Saucer Day" (June 24) was a smashing success -- Saucers were seen in every section of the country on that one day! Sky-watch teams in 37 areas kept records; final tabulation - on 5 long sheets - shows 220 UFO sightings in a 12-hr period. On Hokkaido, 300 people saw "Mother Ships" appear & reappear 10 times in 1 hour. In Aomori, 200 watchers had 4 dramatic sightings. In Tokyo, one came in under a cloud layer; in Nagasaki, one appeared in a downpour; & in Hiroshima, 16 people saw one as big as the moon. Pages of sharp photos in the CBA magazine give documentation!.....Just in - report of a "Space Platform" over Cleveland - hangs in sky, out of reach of our jets, does not move; a telescopic photo of it has been made.....Pay no attention to absence of UFO sightings in your newspapers. News-clipping services are full of reports in local papers!

*IMPACT OF THE NICAP REPORT: NICAP's documented Report on its 7-yr UFO study (187-page book "THE UFO EVIDENCE") is being taken very seriously-----copies ordered by high Pentagon offices, the Library of Congress, "Time" magazine, the UN Library, scientists at NASA, etc. Special radio shows in U.S. discuss it; in Canada, an afternoon program of the CBC Network carried it coast-to-coast! Big city newspapers are backing it editorially. One aviation editor wrote, "NICAP has proved its point. The Air Force should lift its veil of secrecy, make public its investigations & stop trying to kid the people." In Congress, support grows for an open hearing on UFO's. Sen. Douglas (Ill.), Sen. Williams (N.J.) & Cong. Wyman (N.H.) were strong in their praise of NICAP----about 50 Congressmen now favor a real probe.....Air Force is worried about the Report; an AF Colonel declared PUBLICITY ON IT SHOULD BE STOPPED "in the national interest", since the public is "getting suspicious of the Military". NICAP expects a hostile barrage from the AF soon & has briefed its 5000 members on how to strike back with the truth!

*PUBLISHING NEWS: "Solve the UFO propulsion problem," says Gordon Evans in FATE, "& you open the whole universe to Man." Evans (an LLP subscriber) is writing a book on this general subject, has 2 degrees from Columbia Univ., & is appearing on N.Y. radio shows re UFO's.....New far-out book - "WE ARE NOT ALONE" - by the erstwhile orthodox Science Ed. of the N.Y. Times, Walter Sullivan; covers our search for intelligent life in other worlds & what may happen IF we contact it!.....Watch for big UFO article by Maj. Keyhoe of NICAP - in early issue of "TRUE" magazine..... How can a picture actually shed tears? Hundreds have seen it! (See circular re this "Weeping Angel".) What is coming by '67? This monograph by Michael X. reveals our nearness to the 4-D world, etc.....Just out = "The Third Book of Azrael" - 22 chapters. Order from The White Lodge, Del Mar, Calif.; use circular. Clairvoyants calling at this beautiful Lodge claim to see "Masters" walking nearby.

*FASHION NOTE: It being against the law to carry concealed weapons -- & weapons being increasingly necessary for survival on our streets -- the shoe mfrs have ingeniously turned shoes into "weapons". Women's heels are ideal for braining anybody, & the toes are sharply pointed for giving potential mashers the quick-kick.... And now male shoes are sprouting points as DEADLY AS THE FEMALE!

*IT'S TIME FOR FREE ENERGY: The family car has killed 1½ mil people, says radio. Accidents continue to climb----figure has jumped from 40,000 to 50,000 (per yr) within a short time. Coming, 8 mil more autos in '65! Coming also, more poisoned air, bigger population, more wrecks. Avalanching piles of junked autos are now being dumped in coastal waters, where they still do some good----said to improve fishing by giving small fish a place to hide. (Ha! -Ed.)

*MAILBAG: H.H., head of N.Z. Saucer research, writes, "Heavy earth tremors & quakes have been building up here, particularly in areas which were supposed to be quake-free. Also, UFO sightings here are building up again - & more spectacular than before".....Mrs. S. C., Idaho, opines, "LLP is a very exciting news media -- where else can one get so much for so little?".....And Mrs. S., Carmel, Cal., writes, "We are so grateful for the Little Informer (LLP)".....G.L.B., Cal., writes of the flowers she raises at her home in the desert, & adds, "I keep flowers around me; their colors give out 'notes' -- they are music in bloom to me".....H. & F.W., Penna., declare, "Heavens, we wouldn't want to miss this publication!".....A.A., Cal., says, "I get more information from the LLP than from any other news media."

*LETTER FROM THE HON. BRINSLEY TRENCH (LONDON): Tells of his coming (3rd) book -- "Forgotten Heritage"; says history shows Flying Saucers have been coming to Earth for thousands of years-----"there are accounts of UFO's in the legends, histories & scriptures of nearly all races & religions on earth"-----yet we are still here. Now they are here in numbers. He quotes Chas. Fort: "When humanity is ready for something, it arrives." Trench epitomizes, "When humanity is ready for the Sky People, they will arrive & be accepted. THE TIME IS NOT FAR OFF."

*FOR A CHRISTMAS SPECIAL: LLP is offering its now famous Big Dynamic Picture for \$1.00. Also our sets of four New Age Mottoes for \$1.00, plus whatever you want to add for postage or for a gift to the work of the LLP. (Each has sold for \$2.00).... These original Mottoes are silent sermons of an unusual type! And the 11" x 14" picture is an inspiration forever. It is "the Picture without a name" & carries real power. It seems to have a different meaning for different people. Mailing costs for the picture have proved high -- mailing tubes must be used for safety. Our supply of the Pictures & the Mottoes is limited----so order now!

*THE LITTLE LISTENING POST is issued every few weeks = when the news "boils over" - from Washington, news Capital of the World. Here, one is forever caught in the cross-current of opinion, but amid the constant confusion of voices there is yet another Voice.....Someone has said: If you listen rightly, Nature can teach you about all you really need to know. Nature is the backdrop on which the Eternal writes its laws. Here at the Capital, in the time of the harvest moon, in the time of the owl & the pumpkin, Nature speaks with silent grandeur. She mocks Man's little mutterings!.....Yes, there is more than one kind of listening.....So, listen in with The Little Listening Post!!

Six Issues for Three Dollars

Sept. - Oct.

1964
