### THE NEWS IN CAPSULE

\*EDITORIAL-----YOU ARE SITTING IN AT THE DRAMA OF THE AGES! The plot of most plays is, in some form or other, the triumph of Good over Evil. So, today, two parallel forces grapple with each other: Good is the real force -- Evil the pretender. Around 100 years ago there came -- Christian Science, Unity, New Thought, Theosophy and many modern versions of "Ancient Wisdom". Today we are under the searing scourge of modern Existentialism, the nadir of Philosophies. Recently a strange-looking little man -- Jean Paul Sartre -- was given the Nobel prize for his daring writings based on THIS WEIRD AND GODLESS VIEWPOINT. Many of our most vaunted authors and playwrights are copying his style, and the youth -- the colleges -- the masses -- are lapping it up like werewolves.....Spawned in the darkened recesses of lonely or distorted minds, Existentialism is reflected in plots based on murder, mental illness, perversion, hospital operations-----anything abnormal or nauseous. It is reflected in the Fear that stalks our streets like silent shadows and makes prisoners of many city dwellers after dark -- that makes Broadway actresses companion themselves with big dogs, and makes men like Rudy Vallee carry a strong cane for protection.....Televised Science Fiction has DEBAUCHED THE SUBJECT OF SPACE, and turned every Star Visitor into a monster from some nether world. Gun holsters are now built into ladies' bras; the style is spreading all over the world, says Paul Harvey. We now have teenage clubs known as Non-Virgin Clubs-----"found even in churches"!...."The Great Society shall remain a myth as long as it is impossible to tell men from women without a score card," asserts Inez Robb. Evil -- now swollen to bursting -- is reflected in Modern Art, which even monkeys are turning out with success. It blares at you from the sadistic covers of pulp books on the newsstands. It is born of the "gray, gluey mass" which Sartre claims is "the basis of human consciousness".....Where are the relaxing and altruistic plays of yesteryear? Gone is the innocence; gone literally is the flavor and fragrance from much of our fruit and flowers-----gone, oh gone, the "blush on the rose" of our world. For "where there is no mystery, there is no magic." Where is the beauty of pre-Beatnik days, before the debauchers overrode us with their slime and sludge-pots? Today, as never before, the World needs Love-----oh, the whole World needs a lullaby!.....As in some Wagnerian opera, it is as though Earth's Masters had stepped aside and left Earthlings to their bitterest and blackest Fate-----only that the great and glorious climax could come thundering in....For awakened souls hear the tread of "Angel feet". They see and photograph SKY SHIPS -- SOME KIND OF FORERUNNERS OF THE HOSTS OF HEAVEN in our skies! The birth pangs of Evolution are upon this generation. Verily, the Earth groaneth as one in travail... is it any wonder that the concept of a New Age had to be born? One needs only to get this picture to see how desperately those with Vision are needed to bring in the NEW ORDER of the Ages!

SKY NEWS: There was a "startling but temporary" worldwide increase in radar echoes during mid-'63; Canadian & N.Z. scientists - who maintain regular "radar patrols" of the heavens - were baffled by an estimated 300 million echoes-----CAUSE NOT KNOWN.... Big Space convention in Houston -- planning "Manned Mission to Mars", "How to Steer Around Venus", and farther & farther-out things!! (Yes, we're on our way out. -Ed.) ....Italy has now launched its 1st satellite (254 lbs) -- giving very clear signals ....Here - newly discovered radio signals from Constellations of Aries & Pegasus are believed "artificial", says high Russian astronomer N. S. Kardashev; he believes detailed study will yield proof. Thinks any info we can decipher will have VAST SIGNIFICANCE, as they "may be the beacons of super-civilizations". Gordon W. Creighton, erstwhile British consular official, adds: "It looks as tho Russia is still the only gov't that is doing anything at all to prepare its people for the enormous shocks that may shortly be administered to Earthman's conceit".....Something has recently happened "way out" in Galaxy 3C2, says Mt. Palomar; deals with recently discovered QSF's (quasi-stellar forces) - said to be trillions of times brighter than our sun & emit prodigious energy. Only 34 such have been identified -- most of them in past yr. Recent photo seems to show an explosion out there. (A great many sources say our Planet is being stepped up; only those "equal to it" will be able to adjust. Could quasi-stellars have anything to do with the cause? WATCH! - Ed.).....Dr. Harrison Brown, Caltech space scientist, says radio telescopes now indicate that EVERY VISIBLE STAR has, in orbit around it, "dark objects which are very likely planets". In each of these solar systems, at least 2 planets would be at the proper distance from their "sun" to support life as we know it. Thus, he concludes, the probability of life "out yonder" is far greater than scientists have thought!.....An American aviation directory has over 1100 pages of names of firms in U.S. dealing with Space-----the aerospace industry is the biggest single industry in the U.S.....The strangest race in history is ON---U.S. & Russia's rockets to Mars. Who will win the long-distance Sweepstakes?

HERE & COMING: Here - Krebiozen cancer patients suing U.S. Gov't for withholding their drug from them. (WOW!)....Coming - TV sets with fantastic MICRO-MINIATURIZED circuits; entire set (minus screen) will be the size of a half-dollar! Also coming - electronic gadgets operating by voice command -- refrigerator door will open when you say, "Open!" etc....Here - Dead Sea Scrolls are now being exhibited over the country. "The discoveries are still coming in & expanding, to the point where it blinds us," says LIFE magazine. "They will steadily enrich our knowledge of all Biblical times, places & beliefs. But this enrichment is not an overthrow of the Bible. It is like adding instruments to an orchestra, or deeper chords to a musical score." (Note: -This amazing discovery came in '47 -- the same year as the Flying Saucers arrived...."Nothing shall be hidden....." -Ed.)

\*IT-WAS-WHISPERED-TO-US-DEPT.: It was whispered to us -- THAT - Wright-Patterson AF Base (HQs of Air Force's UFO investigation) has witnessed many Saucers overhead in recent years; the base even had a club made up of Airmen who had seen Saucers..... THAT - very soon a major religious group will have speakers giving to the public knowledge of space people, etc....THAT - a high Gov't Committee is talking seriously of inviting a well-known Saucer contactee to appear before them & "bring a Spaceman along" ....THAT - a disabled Flying Saucer landed on White Sands Missile Range last May & was "captured" by U.S. military forces; an Alamogordo resident in-the-know told LLP that FBI men were flown in from Washington in a big hurry....THAT - 2 yrs ago a UN correspondent on a radio "talk" show was phoned by a listener & was asked if the UN had given consideration to the subject of Flying Saucers. The UN man replied, "Yes" & added that a committee of 21 nations planned a meeting on that subject just a few weeks hence. Later the listener wrote this man, but received nary a word of reply! ....THAT - there are disappearances of ships & planes in which they have been picked up by UFO's, a high authority who is studying these things tells LLP....THAT - at Buckingham Palace, England, a special room contains "every Saucer book written". LLP has seen original letters (from highest sources) requesting certain of these books.... THAT - our Gov't has let multi-million-\$ contracts to 3 big Co's to discover methods of communicating "beyond physical ways" (i.e.ESP)...THAT - in the Telepathy Race between the U.S. & Russia---while Russia is advanced on Research, we have the upper hand, because the West has the top psychics - Russia has very few!

\*DAN FRY SPENDS 3 DAYS AT THE LITTLE LISTENING POST: Dan Fry, pioneer rocket scientist, author & UFO researcher, travels thousands of miles a year, mostly at his own expense, & lectures - because he feels "the people have a right to know"....Like thousands of others, he expects some BIG CHANGE SOON! Says science now accepts "life on other planets". He addressed 600 at Long Beach, Calif., Rotary -- half were engineers & executives of North American Aviation Corp. After every lecture, many come up & tell him of their own sightings...He confirmed story of Eisenhower at Edwards Air Force Base & the "landed Saucer". Says Flying Saucers will make real landings as soon as the majority (of Earthlings) are ready to accept them....Says every geophysicist confirms imminence of an earthquake disaster in area of San Andreas fault, Calif. Says evil is fighting harder than ever, because it is being exposed world over; will reach its peak in 2 to 3 yrs. If Armageddon comes, it will set us back 5000 yrs...Dan says in the Cuban crisis of '62 we came within a hair's breadth of total disaster. Now Russia can knock out 95% of U.S. & U.S. can destroy 98% of Russia...Says the end can come ANY HOUR OF ANY DAY....He brought 2 artifacts "not of this earth" -- they are now being tested at a top Gov't agency in Washington...Dan has been on 900 radio & TV programs in past 7 yrs. Is soon to go on the air with his own radio station -- to bring New Age news & UFO developments directly to listeners up & down the West Coast!

\*HOPI INDIANS VISIT LLP JIGGS ROOM: Three top members of Hopi Tribe (one chief over 100 yrs old) held a meeting at LLP, garbed in colorful tribal dress. They told of their ancient prophecies & "things that the Hopi knows". Hopi means "peace", they said, but we are now at the cross-roads of destruction. "The Great Spirit has been holding back Great War, but now the DAYS OF PURIFICATION are upon us." Long had they known of "talking thru cobwebs" (telephone lines) & in the sky "a ball as powerful as the sun" (H-bomb). "Great Spirit will send messengers to watch us" (Saucers). "We cannot change the plan of the Great Spirit." "They are preparing for that final day when "things in the sky will go in all directions"... (There are 5000 Hopis -- these the most esoteric of all tribes remaining in the U.S.)

\*"PEACE PILGRIM" COMES A'CALLING: Tells our Jiggs Room group she has walked over 25,000 miles in the interest of Peace. Her slogan: "I will walk until I am sheltered, I will fast until I am fed." Has been asked to fill pulpits & address many groups en route. Has had many rugged experiences. Once in a swirling snowstorm she thought death lay just ahead, when a "face" appeared before her & signalled, "No." She trudged on & under a bridge found a huge packing case; this sheltered her until the storm was past! Like the Hopis, she believes we are in the time of the End....She says Man now walks a KNIFE-EDGE -- must soon fall either side -- to destruction ... or a New Age!! (Her personal belief: no holocaust...)

\*LOUISE MORSE OF MORSE FOUNDATION gave a session at the LLP Jiggs Room; says Earth's redemption draweth nigh; spiritual ones will be gathered. Celestial ships surround the Planet...Says each one of us is a body of atomic energy, now being accelerated at a greater & greater rate; we will gradually rise with the tide of Vibrations, as each body cell is "speeded up", until we are finally "absorbed" into 4-D.

\*LLP ATTENDS LECTURE ON PROPHECIES FOR 1965 BY WORLD EVANGELIST: "We are now in the Last Days. The End is close. All the prophecies for this period have already been fulfilled! We will live for the next 12 months (if Jesus tarries) in the greatest peril. So. Africa will explode, till Stanleyville will look like a tea party by comparison...Nature is in revolt, evidence in extremes of all types: earthquakes, floods, crop failures, etc. Tidal wave in Pacific will kill thousands. Moral decay will reach such heights, it will shock & terrify the masses. Crimes will increase to where the papers will not write about them for fear of panicking the public....Our only hope will be that each person will be raised to internal awareness, or that Jesus will soon appear 'in like manner as ye saw him ascend'....THERE IS COMING A MINISTRY TO THE SPIRIT OF MAN. It will involve prophecy & the laying on of hands. The people are now demanding action from the pulpit!"

\*AUTHOR TREVOR JAMES COMMENTS: "Mankind is entering an era when direct perception of the etheric will become a common property of human beings. The 'fireflies' seen by our astronauts, along with numerous other bewildering etheric fauna already photographed in our skies, herald AN EVOLUTIONARY EPOCH THAT IS IMMINENT.....And the resources with which humanity faces it are slender indeed!!"

\*SAUCER FRONT: UFO'S FLOCK OVER U.S. -- AIR FORCE ALMOST ADMITS IT!! As the USA's UFO sighting wave sweeps onward into its 9th amazing month, the AF's tune is changing! The updated "Project Bluebook" Report - just out - says the AF is keeping an open mind about the possibility that our planet is under observation by visitors from Outer Space. It requests anyone who has "evidence of extra-terrestrial vehicles operating within the Earth's near-space envelope" to notify HQs USAF, Washington.....Close observers told LLP it looks as tho an ESCAPE HATCH is now being readied "just in case the current Saucer flap gets out of hand". At the rate the discs are being spotted all around the country, they said, it won't be long before a majority of Americans will know the truth first-hand & will demand straight answers from the Pentagon.... On Dec. 16th, the Jan. issue of "TRUE" magazine hit the stands -- with a barrage of 2½ million copies. Its cover proclaimed Maj. Donald Keyhoe's blockbuster article -- "U.S. AIR FORCE CENSORSHIP OF UFO SIGHTINGS". It charged the AF has had a "massive blackout on UFO facts" for the past 15 yrs. It told how NASA scientists watched with open mouths last Apr. 8th as the test-shot of the Gemini capsule blasted off from Cape Kennedy; 4 "spacecraft of unknown origin" surrounded the capsule & WERE TRACKED ON RADAR FOR ONE FULL ORBIT OF THE EARTH; then they "pulled away & vanished into the unknown". Since '62, Keyhoe declares, UFO's have stepped up their worldwide scrutiny of rocket test ranges, airfields & satellite orbital pathways. He says UFO activity is now at a peak equal to the mass incursion of 1947-52. Article spotlights (with photos) 6 aviation experts who say Flying Saucers are real & 6 leading lawmakers who say UFO's should be investigated (Sens. Dodd, Dirksen, Goldwater, Symington; Speaker McCormack, Cong. Lindsay). Keyhoe concludes, "Sooner or later the truth has got to come out. A secret this big, with SUCH ENORMOUS IMPLICATIONS FOR ALL OF HUMANITY cannot possibly be kept forever"....Reaction to the article: still greater support for NICAP on Capitol Hill; "a prominent Senator (name withheld) contacted NICAP & is considering an investigation of the UFO problem." Article brought NICAP an avalanche of mail-----over 3000 letters, & still coming!.....Across the globe, Japan's UFO flap parallels USA's! Japanese slick monthly mag - "Flying Saucer News" - continues to be loaded with documentary photos of flying discs & Mother-ships; time exposures of star-filled night skies show large stationary objects against the wheeling streaks made by constellations as the Earth rotates. One exposure at Kyoto -- from 8:36 to 9:06 PM Oct. 25th -- showed 20 clear, sharp UFO's; largest was twice the diameter of the Moon!.....South African papers report scores of UFO incidents. Two men traveling to Vereeniging were accosted at 1:00 AM by a round, 50-ft object that "turned night into day" with a brilliant blue light. It swooped low over their car, shot upward, then came back & hovered for 2 mins directly overhead, before disappearing.....Just before dusk Dec. 26th, a "monstrous cigar-shaped object ablaze with lights" flew in a slow, criss-cross path over Los Angeles; 3 eye-witnesses agreed the UFO had a "great many individual bright lights" over its entire body....Big Canadian weekly, "SAMEDI", Nov. 14th gives 3-page spread - bold headlines, 4 photos - to Saucer landing 30 mi from Montreal. Farmer Nelson Lebel saw a "large luminous disc" hovering over the trees about 2000 ft from his house near St. Alexis de Montcalm; he thought it was a hallucination, but later searched the area & came upon a 30-ft circular imprint on the ground; nearby a tree was scorched-----but only on the side facing the depressed circle. Investigators are baffled...."Contact" show - radio KYW, Cleveland - had a phone caller who witnessed a "very large UFO with about 30 windows on its side" -- silvery, like a blimp -- could see "shadowy figures moving around inside"; said many saw it.....A recent man-in-the-street poll of 200 people, at Oyster Bay, L.I., N.Y., shows 1/3 believe Saucers are real objects from other worlds; 1/3 ans'd "Maybe"; 1/3 said "No". 80% believe intelligent life exists outside our solar system.....London's "Flying Saucer Review" is scoring heavily in its long-time jousting match with the British Air Ministry. As '64 ends, the pro-Saucer faction is stronger than ever in Britain, due largely to the steady, sober probing of this strong-minded journal. (LLP deeply regrets the passing of Editor Waveney Girvan--the impact of his good works will long be felt!)....NEWS JUST IN tells of 5 astronomers at Flagstaff, Ariz., who watched for 1 hr 15 mins as "31 gigantic spacecraft moved across the face of the Moon" Nov. 27'63. Dr. J.C. Greenacre said the UFO's were white & ruby red - were in 5 geometric formations (1 oval, 2 circles, 2 "U's") & were each over 1000 ft in diameter!

\*PUBLISHING NEWS: Just out -- "Space Industry, America's Greatest Giant" by editors of "Fortune" mag. Very lively style; mentions inter-stellar TV; says we'll relieve our overpopulation by COLONIZING OTHER PLANETS.... "Report from Europe" (re Adamski tour, etc.) -- issued in English by Denmark's UFO organization -- now being widely sold; shows the great interest in Saucer subject over there. Danish magazine "UFO-NYT", started in '58, has grown to 40 pages, is now translated into French & soon into other languages.....Out soon -- another vital, significant book by Bryant & Helen Reeve (authors of "Flying Saucer Pilgrimage"); a broad add-up.....Almost completed -- novel re Saucers, ESP, etc. - by J.W., Nev.-----weaves in about LLP!....Japan's fine pictorial paper -- "International Jr. Flying Saucer News" -- a big hit with Japanese young people -- will soon go to all corners of the globe; will be published in ENGLISH, GERMAN, FRENCH & SPANISH; full of real pictures of real UFO's sailing over Japanese cities!.....Just out -- book by U. of Cal. scientists -- "Biological Control of Insect Pests & Weeds" - ed. by Dr. Paul DeBach; over 800 pp. Shows clearly & simply how we can END OUR SUICIDAL FLIRTATION with poison sprays on our crops....New book coming by Dan Fry - "The Curve of Development" -- combines material from spaceman - ALIAN - with Earth doctrines "from Aristotle to Einstein". Concludes: we are about to pass into the New Age -- a state of total understanding.....Here - "Born Free" by Adamson - a study of lions - book now being made into movie in Africa shows "the great barrier between man & creatures of the wild is caused by man's innate hostility towards all around him." Animals kill for food -- man kills for fun. Man is called the only animal who kills his own kind.....And what does the public read? Mickey Spillane, founder of the graphic school of literature on brutality, announces he's sold 80 million copies of his books around the world -- one of the top-translated authors of all time!!!

\*MAILBAG: B.R., Cal., writes, "I can't find your good type news in our local newspaper, so I cancelled it in favor of the LLP!"...M.D.L., Conn., declares, "I couldn't be without all the authentic information which the LLP contains"....J.D., Cal., says reading the LLP is like getting an ASTRONAUT'S VIEW of everything that happens on the planet; adds, "I've had a feast reading the back numbers!"...L.B., Ore., asks our permission to reprint a 2-page condensation of last LLP & send it to hundreds of Ministers in his area...Townsend Brown (now in Fla.) writes he's still working on space propulsion -- has formed a new Co....In ans. to our query, "Have you a philosophy that will carry you thru these times?" -- R.W., Cal., says, "Yes, to read the LLP!... Subscription from Harold Sherman, well-known author; he comments, "A friend loaned me your breezily written LLP -- you seem to be a terrific bird-dog when it comes to having a nose for news!" He will soon make radio & TV appearances re his new best-seller, "HOW TO MAKE ESP WORK FOR YOU"; called by one reviewer, "greatest book written on ESP in past 100 years"....Fred Stone, Australian leader, sends us his majestic new song, "The Great Morning" - named for one of LLP's printed mottoes. (Don't forget to send for your set of these original mottoes --- only one dollar for a set of four. Play your part in displaying these Silent Sermons. Help usher in the New Age!)..... Thanks -- thanks for the stamps, little gifts & beautiful cards; you made it a cheery Christmas!

\*BEATLEMANIA: Four nice boys - but vendors of inane "music" - have revealed the power of man's hypnotism & the degree to which our younger generation can be MESMERIZED! In the past year, they have thrown these Beatle idols an estimated 12 mil \$\$\$; publicity has broken all records; they rank high as (weird) PHENOMENA.

\*THE LITTLE LISTENING POST is issued every few weeks -- when the news "boils over" -- from Washington, news Capital of the World. It is listening to everything on the Far-out Front----to the onrush of opinions -- to the complaints, the clamor, the crescendo of "talk" shows -- as everything becomes more vocal & the very ethers are getting jammed with human arguments & urgencies....One teacher says of these great testing times: "Your rate of vibration (inner attunement) will automatically determine your survival----nothing else! No bomb shelters or other precautions.....If you can take the higher frequencies that are now coming in, this alone will chart your path thru the mists & the maze ahead.....Listen in with The Little Listening Post!!

Six Issues for Three Dollars

Nov. - Dec.

1964

\*FLASH!!-----FLYING SAUCERS BUZZ WASHINGTON, D.C., & MANY CITIES IN VIRGINIA!

The ubiquitous UFO's are zeroing in on the Nation's Capital! Sighting reports from low-state Virginia reach the LLP almost daily. Our tally for Jan. '65 shows 44 separate incidents within a 200-mi. radius of Washington. Whoever is on board the Big Discs, they're scanning everything from the peaks of the Blue Ridge to the Atlantic shores..."EPIDEMIC OF UFO'S IN VIRGINIA", headlines the Washington Daily News. AP & UPI spread the word far & wide. Radios hum with the latest sightings -- newscasters handle it "straight". The Pentagon watches with no visible emotion. There is no panic anywhere----even where the Saucers are the thickest.

\*UFO'S OVER THE CAPITOL DOME: At 4:20 PM Mon., Jan. 11, a dozen "white, oval-shaped objects" appeared suddenly in a clear blue sky, about 15,000 ft above the Capitol Bldg. They zipped & dipped -- with a butterfly motion -- quick, short moves, almost faster than the eye. Twelve highly-placed Gov't men watched from their office windows along Constitution Ave. All agreed they saw 2 delta-wing jet planes swoop in to chase the UFO's. THE UFO'S PLAYED CAT-&MOUSE WITH THE JETS. One UFO was above a jet, then in an instant it was beneath the jet! The UFO's were apparently the same size as the jets. After 2 minutes of this rapid maneuvering, the Unknowns flew off to the south, with the jets in close pursuit. Radarmen at Washington's National Airport said they saw no blips on their screens -- but FAA officials admitted they had many phone calls, starting just after 4:20, asking about UFO's.....The Air Force denied the whole thing. Next day, witness Paul Dickey, Jr., went on TV in Washington. "This is what we saw!" he declared as the screen showed a large, cavorting UFO, dancing in & out BEHIND TREES & OVER A HOUSETOP. It was a film made last Oct. by author George Adamski on a visit to Washington (with 2 eye-witnesses present). That film -- in 16mm color, running 5 mins. -- has now been shown to an important Gov't committee; they studied it soberly but made no public comment.

\*THE BLUE RIDGE FLAP: From Dec. 21 to Jan. 29, Saucers skimmed the stately Blue Ridge Mtns. from Woodstock to Staunton to Roanoke to Marion, Va. Horace Burns, a gunsmith, was driving on Hwy 250 between Staunton & Waynesboro about 5:00 PM Dec. 21 when a "large metallic object" came out of the sky, crossed the highway only 200 ft ahead of the car & landed in a field about 100 yds away. The car's engine went dead, & Burns got out for a better look. He saw a strange craft "LIKE AN UPSIDE-DOWN ICE CREAM CONE, about 125 ft in diameter & 80-to-90 ft high." It looked like "spun aluminum" -- no windows or doors -- & around the base was a band of bluish glow. It rested in the meadow 1 to 1½ mins. -- then with a soft "whooshing" sound, rose suddenly & zoomed away. A Geiger counter brought to the site Dec. 30 showed high radiation -- over 60,000 counts per min. AF investigators flew in from Wright-Patterson, were nonplussed.....It was evidently the same object that was sighted a month later over the city of Staunton. Three high school girls were gazing out their school window when one cried, "What's that?" All gaped as a "big greyish-white thing shaped like an ice cream cone" dropped slowly & silently down behind the tree line. Later that day, Staunton radio carried reports of the same UFO, seen clearly by many at vantage points around the city.....In nearby Waynesboro, a woman in a taxi -- & the cab driver -- saw a "ROUND, ORANGE-COLORED OBJECT WITH SILVER-LIKE PRONGS" in the night sky. A few hours earlier, about 6 PM, 8-yr-old Bruce Hogshead ran into his home on Rte. 2 & shouted, "Mama, do you want to see a flying saucer?" The entire family - 7 people - went into the woods ¼-mi away & came upon a "round, bright object hovering above the ground"; they stared at it 5 mins; then -- "LIKE A SNAP OF THE FINGERS" -- it vanished .....Ten miles north - at Harriston, Va. - just before twilight, a teacher & many school children had a good look at a "large, round disc" as it floated slowly toward the ground, then - gaining speed - sailed upward & away .....Staunton made national headlines when the County Sheriff proclaimed that anyone "shooting at little green men from outer space" would be arrested. Three boys said they saw - & chased - a "small green man 3½ ft tall" near a rural road. Other citizens claimed they saw "little Martian types wandering around on the ground," said the AP wire story, carried coast-to-coast. (No Martians were hit.)

\*AS JANUARY ENDS, THE REPORTS ARE STILL ROLLING IN-----from cities like Richmond, Petersburg, Williamsburg -- from suburban areas around Washington -- from Baltimore -- from Wallops Island....At Manassas, Va., 14 people saw UFO's in the past 7 days & all descriptions were -----/////--- There goes the phone again...tell you the rest in next issue!!
