WENDELLE STEVENS IMPRISONED

Wendelle Stevens' credibility with regard to the "UFO... Contact From the Pleides" has been on shaky grounds for some time. It is now shattered, as Stevens has been convicted of rather serious crimes involving sexual misconduct with minors, and he is now incarcerated in an Arizona prison. As distasteful as this news brief is, MUFON policy is to obtain the facts and to expose charlatans and hoaxes, and it is in that vein that the Newsletter includes this item.

REGARDING GOVERNMENT CENSORSHIP

According to an article in the publication Federal Times, dated 9/12/83, in a few weeks 2500 U.S. Justice Dept. employees will receive and sign a 5-page form that will commit them perpetually to government censorship. This is in accordance with President Reagan's March 11 directive on govt. secrecy. Next, up to 200,000 people working in other areas of the govt. may face a lifetime of censorship. This is a definite clue that obtaining documents through a Freedom of Information Request will very likely present greater obstacles.

1984 Dues Due

Massachusetts MUFON dues for 1984 will be due by Dec. 31, and may be sent to our Treasurer, Mr. Bob Taylor,

ARCTURUS BOOK SERVICE NEEDS HELP

Bob Girard, of Arcturus Book Service has indicated that recently sales from UFO books and publications have not been sufficient to warrant his continuing to maintain this valuable service for UFO researchers. Arcturus is the only book service of its type, and it would be a devastating blow to UFOlogists if this service were to cease to exist. It is important for us all to support Arcturus and to attempt to purchase our UFO materials and books from Arcturus.

BENTWATERS WITNESS TOLD TO BE QUIET

Art Wallace, as he has been dubbed by investigators Barry Greenwood and Larry Fawcett, has been contacted by telephone and told emphatically to keep his mouth shut. Art Wallace is one of the main witnesses of the RAF Bentwaters UFO landing, and he notified Larry Fawcett recently that he received a phone call from a person who knew his name and serial number. The person informed Wallace that he had previously signed three secrecy documents, and that he was currently embarrassing the Air Force. He was further told to keep his mouth shut or they would shut it for him. When he questioned the person as to who he was, Wallace was told that he did not need to know that.
