DR. HYNEK'S DEATH LEAVES VOID IN UFO FIELD

Quick guesses or wishful thinking will not do -- only well supported, well-executed research will eventually yield answers.

J. Allen Hynek

Dr. J. Allen Hynek, "Mr. UFO" passed away on April 27, in Scottsdale, Arizona, after suffering from a brain tumor. Dr. Hynek's death came just 5 days before his 76th birthday. The May issue of the MUFON UFO JOURNAL will include a memorial tribute to this pioneer in UFO research who dedicated 38 years of his life to resolving the UFO phenomenon.

Expressions of sympathy may be sent to Mrs. Mimi Hynek at 7239 East Vista Drive, Scottsdale, AZ 85253.

Did you know?

That Halley's comet made its last appearance in April and May, 1910. Dr. Hynek was born on May 1, 1910. Also of note is the fact that Dr. Hynek passed away on April 27, 1986 during the tail end of the present journey of Halley's comet.

Don't forget...

The 1986 MUFON UFO SYMPOSIUM will be held on June 27, 28, and 29, at the Kellogg Center at the campus of

Michigan State University

This symposium promises to be one of the most informative ever offered by MUFON. Airfares are at an all-time low. Take advantage of the opportunity. DON'T MISS THIS IMPORTANT EVENT. SAY "YES" TO MICHIGAN!

Books

"UFOs OVER MODERN CHINA", by Paul Dong, Public UFO Photo Archives, Box 17206, Tucson, Arizona 85710

"THE ADDRESS BOOK" (subtitled: How to Reach Anyone Who is Anyone). This is an excellent research tool. It has addresses of many famous people, scientists, movie stars, etc. Perigee Books, Putnam Publishing Group, 200 Madison Avenue, New York, NY 10016

Needed!

MUFON Historian, Barry Greenwood, is requesting that each member send him a listing of every television program you are aware of which has aired on the topic of UFOs. Barry's address is:

P.O. Box 176
Stoneham, MA 02180

Barry is hoping to compile a file of all of the television programs which have been aired locally and which have been aired nationally on the subject of UFO phenomenon. Thank you for your assistance in this matter.

The highest rank in the U.S. Navy is that of fleet admiral.

Plaudits

CONGRATULATIONS MASSACHUSETTS MUFON!!!!

The Field Investigators exam has been graded and the average score for Massachusetts members was 96%. Here is a list of those who passed with excellent scores: Barry Greenwood, Marge Christensen, Walter Webb, Dave Webb, Joe Santangelo, Karen Holmes, Diana DeSimone, Jim Melesciuc, Rick Giordano, Steve Firmani. Massachusetts had the 3rd highest response next to California and Texas.

Directors

The Section Director meeting for the 18th of May has been postponed. It is tentatively scheduled for June 8, 1986. I will have further information at a later date concerning this meeting.

In Search of

I am searching for a volunteer to be in charge of the bulletin board, (i.e., post messages, updates, New England News, etc.)

Introducing

I have initiated a New England newsletter. This will hopefully bring us closer to the other New England States by having better communication concerning sightings, public information, presentations, etc. I am planning to publish the first issue by June 1.

Please Note

The next meeting will be June 14, 1986. There may not be a formal meeting in July, so please make every effort to attend this meeting.

Suggestions for meeting agendas are welcome.

MOST UNUSUAL

Worcester Section Director Jules Vallincourt has been researching reports from Washington State of huge chunks of earth that have been cut out as if by a 'cookie cutter'. These chunks have been measured up to 10 feet long and 7 feet wide, and 2 feet thick. They weigh tons. These chunks have been found up to 75 feet from where they were removed. There are no marks to indicate that machines have been used. Also investigating this phenomenon are Interior Department geologists.

Best of luck to Jules on this endeavor. We hope some time in the near future we will be able to hear a more detailed description of his research.

SAD NOTE

Marge has informed me that due to her relocating commitments this summer, she most likely will not be able to attend the Forum in August. I know Marge will try her best to attend, and maybe with some gentle persuasion from us, she will.

Now you know!

Chandler's Wobble

As it rotates, the earth wobbles on its axis. This deviation, known as Chandler's Wobble, reaches its peak every seventh year.
