We will be showing the new **Travis Walton** movie called "The True Story of Travis Walton." When the first Travis Walton movie was made called "Fire In The Sky" Hollywood changed several things in that movie that were not true. So Travis wanted to make a movie that depicted the true happening which he did in this recently released movie.

*Note: we need one or two men to carry in the projector, speakers, and screen at 5:30 pm*

### KC MUFON West

May 11, 6:30 pm meeting 7:00 pm speaker.

1814 Westport Rd., Kansas City MO at the Google Fiber meeting space.

\$5 at the door. No children under 14 please. Public invited.

#### Richard Dolan

will be our guest speaker via Skype Live! Richard Dolan is one of the best known authors of UFO books, and is an international speaker. He is taking time out of his busy schedule to be with us on this evening so don't miss it!

**Richard Dolan** is one of the world's leading researchers and writers on the subject of UFOs, and believes that they constitute the greatest mystery of our time.

He is the author of two volumes of history, *UFOs and the National Security State*, both ground-breaking works which together provide the most factually complete and accessible narrative of the UFO subject available anywhere. He also co-authored a speculative book about the future, *A.D. After Disclosure*, the first-ever analysis not only of how UFO secrecy might end, but of the all-important question: what happens next?

KC MUFON West is planning to have meetings this location every two months. We can't have the same day every month due to their scheduling rules but we will try to keep in near the same time and day.
