Missouri MUFON Newsletter

Its July and its time to watch out for the dreaded Sky Lanterns that are often mistaken for UFOs!

MUFON always receives a lot of UFO reports that turn out to be these objects. They usually float along with the breeze, and burn out within 20-30 minutes. People report seeing a flickering, which is due to the flame, and the color is usually red or orange.

But keep your eye to the sky because people do see a lot of UFOs during this month! And keep the camera handy.

KC MUFON Meeting
July 10, 2017

LOCATION TBA THIS WEEK

Social 5:30 - 6:30. 6:45 pm meeting, 7:00 pm Presentation

Note: Mike was scheduled to speak last month but due to technical difficulties we were not able to get Skype to work. It is fixed now and Mike will be our July speaker

Speaker: Mike Clelland via Skype

Mike Clelland book "The Messengers" Owls, Synchronicity and the UFO Abductee. Mike Clelland has collected a wealth of first-hand accounts in which owls manifest in the highly charged moments that surround alien contact. There is a strangeness to these accounts that defy simple explanations. This book explores implications that go far beyond what more conservative researchers would dare consider.

But the owl connection encompasses more than the UFO experience. It also includes profound synchronicities, ancient archetypes, dreams, shamanistic experiences, personal transformation, and death. From the mythic legends of our ancient past to the first-hand accounts of the UFO abductee, owls are playing some vital role.

This is also a deeply personal story. It is an odyssey of self discovery as the author grapples with his own owl and UFO encounters. What plays out is a story of transformation with the owl at the heart of this journey.

This is a dinner meeting. We meet in the private room
 (go to your left when you enter the front door).
 \$5.00 at the door.
