DATE: October 1986

Director's Message

This year was a slow year for UFO reports as was last year. Usually when the number of reports is low, interest in the subject by the various media is also low. This was not the case this year. I was asked to do a slide lecture for Tuesday night at the Tech in Concord. We also did a seminar in Keene to try and get more data on the 1984 Keene sighting. No luck however. We will do a slide presentation November 13, 1986 at the Portsmouth library. Start time will be 6:30PM. We should finish by 9:00PM. I will include all the latest data and slides.

New Hampshire Public Television has taped a show on UFO'S for New Hampshire Crossroads. It will include an interview with Sergeant Jack Zeller of the Keene police department. Producer Chip Neal also interviewed me and will use my drawings of the Keene sighting. The show is scheduled to be aired October 25 at 9:00PM, October 26 at 5:30PM, and October 28 at 8:00PM.

October 1986

The programming seen on New Hampshire Public Television is to a large degree dictated by the input received from the viewing audience. If you enjoy the show or would like more of this type of programming please write:

New Hampshire Public Television
Box 1100
Durham, NH 03824

I feel the more credible exposure the UFO subject receives the better chance we have to uncover sightings. The more sightings we investigate the better we will understand this most complex subject.

We have several new members to the New Hampshire MUFON group. To the following, Welcome aboard!

Roy Lemieux
Newmarket, NH

William Mc Kim
Hancock, NH

Michael Scadova
Keene, NH

Rose Ciesla
North Hampton, NH

"Quick guesses or wishful thinking will not do -- only well supported, well-executed research will eventually yield answers." - J. Allen Hynek
