RYE, NH 03870

ISSUE NO: 11

DATE: Jan. 1990

Directors Message:

I am pleased to announce our first state meeting of this year will be at the Manchester Public Library. The date is Saturday February 17 at 1:00 PM. I urge everyone to attend. We have several exciting projects under development and NEED your input.

As you can see from the Activity Log on page two, the sightings continue. We have several cases in work involving everything from strange marks melted in snow to probable abductions. We may have uncovered a correlation of the same piece of medical equipment used during separate abduction cases. All this and more. Briefings will bring you up to date. We may even have a surprise or two. Plan to attend and invite a friend.

Ballot result:

Our thanks to all who responded to our ballot requesting a \$5.00 surcharge per year to help finance our Newsletter. The vote was almost unanimous in favor with one opposed. Checks payable to New Hampshire MUFON will be gratefully accepted at our Rye P.O. Box.

Request:

Mr. Edward Sanborn the Mass. MUFON State Director has indicated a desire to correspond with members of NH. MUFON. You may write to Ed at 175 Cross St. Lowell, MA. 01854.

Welcome Aboard:

Leo F. Brady Jr.	Amherst
John H. Brown	Portland Me. (Associate)
Donald Bump	Ashland
Brenda Daniels	Derry
Kevin MacLeod	Portsmouth

Many Thanks:

I wish to thank the Investigators of New Hampshire MUFON for a job well done. This past year was a busy one with much more work than usual. You did a great job !!! Thanks also to the professionals who volunteered their time and expertise in search of the all too elusive UFO data.

See you in Manchester !!!

Peter R. Geremia
Director

Date	Time	Class	Place	Witnesses	Description
26 Aug 89	10:00 PM		Portland ME	2+	Radar Visual- Pease AFB and Portland Approach radar tracked an unknown target. UFO observed over Portland Airport. Private pilot vectored to target. Authorities debrief pilot at Airport. FAA audio tape of controller conversations during vectoring of private aircraft obtained by freedom of information request.
21 Sep 89	9:00 PM	CE I	Madbury	1	Curved string of white lights. Hovered over field with horizontal beams of light.
