

PA MUFON NEWSLETTER

April 2, 2008 Vol.1 No.4

PA MUFON would like to welcome all the new members. We have had a 20% increase in our membership since January. We have also added two new Field Investigators and one STAR Team member. That brings our Field Investigator staff to 8. We also have a number of members taking the course right now and we hope to bring our FI staff to 15 by the years end.

We are still in need of Field Investigators in the western part of the state, so if you live in that area and would like to become a Field Investigator for MUFON email Chief Investigator S. Witkowski at butch221@dejazzd.com or mufon11555@dejazzd.com.

PA MUFON has investigated 21 cases since January and have 5 in progress now. As far as national standings go, we are still in the top 10 in CMS . That standing is due to the fine group of Field Investigators we have out there.

PA MUFON State Director John Ventre will be hosting a UFO-Paranormal Conference, October 25 2008 at Westmoreland Community College . See www.12-21-2012-a-prophecy.com or email John at jventre1@comcast.net for more information.

PA MUFON and S.E.A.R.C.H will be hosting a public UFO Awareness Day on May 17 2008 at the East Shore Library in Harrisburg PA from 10AM to 5PM . For more information contact C.I. S. Witkowski at butch221@dejazzd.com or mufon11555@dejazzd.com.

everything from the Paranormal to Bigfoot and UFO's along with many other strange happenings in our state. For information on how to join their group contact sgroff@paonline.com

PA MUFON is still engaged in the investigations of the Kecksburg and Carbondale crashes and anyone with information can email mufon11528@epix.net or mufon11555@dejazzd.com

TO FIELD INVESTIGATORS ONLY: We will be adding a secure page to our website in the near future. It will be for FI use only and will need a password to enter it.
