October 25, 2008 saw PA MUFONS first Paranormal / UFO Conference held at the Westmoreland Community College. A day filled with interesting speakers and topics ranging from After Death Experiences to UFO's.

It was the last of PA MUFON programs for 2008 and our Field Investigators and speakers met some great folks and helped promote some understanding of the UFO Phenomena.

The first scheduled UFO Conference for 2009 will be held at the Bucks County Community College, January 24, 2009 from 12pm to 5pm. Speakers will include John Ventre, PA MUFON State Director, William Birnes, from

UFO Magazine and the hit show UFO Hunters. Dr. David M. Jacobs and Bucks County UFO personal eyewitness testimony.

Please watch the Discovery Channel, November 24, 2008, at 9pm to see the show "UFOs over Earth" It features the Bucks County, UFO Flap that took place this past summer in Pennsylvania.

Awareness Day planning for 2009 is underway and anyone interested in having one in there area please contact butch221@dejazzd.com

PA MUFON personnel are also available for presentations to groups throughout the state. Please give us at least 30 days notice if you are planning a program.

Anyone having information on the 1974 Carbondale Crash / Lantern / UFO incident or the 1966 Lake Erie, Presque Isle incident please contact: butch221@dejazzd.com or rfisher@paranormalpa.com

Pennsylvania sighting reports are nearing the 300 mark for 2008. It's been a busy year and I again would like to thank our Field Investigators and State Section Directors for their time and dedication.
