

PA MUFON MARCH NEWSLETTER

I would like to thank the owner and staff at Infinity Design Studios for the great job they have done with our new web site. They made a difficult task very easy. We anticipate some additional features in the near future such as a PA MUFON Store, and a recent sightings report page. I've looked at hundreds of UFO related web sites and I truly believe we now have one of the very best looking sites in the field of UFOLOGY. Again, great job Patrick.
