SITE OF THE MONTH

UFOWEEK.COM MAGAZINE, Comments, Headlines, News and a host of information for anyone interested in the UFO phenomenon. Find it at www.ufoweek.com

AWARENESS DAYS

Both the Harrisburg PA and Philadelphia PA events have concluded and we would like to thank all the members and Investigators that helped out and presented on those days. The next Awareness Day is being scheduled for the Northeast and Northwest parts of the state and information will be posted as soon as a date and location are obtained.

SPEAKERS

We also want to thank our quest speakers at the Awareness Day events, Dennis Balthaser and Peter Robbins. Great presentations by both.

STAR Team Impact Project

a bold and aggressive step forward in tracking the ufo presence among us

MUFON has now taken UFO Investigation to its next level with the STAR Team Impact Project (SIP Team)

MAJOR INCENTIVES:

- First time creation of a rapid response SIP team with highly trained Field Investigators equipped to go anywhere in the USA that a high-impact UFO event occurs
- Sparing no expense to furnish deployed SIP teams with the necessary technology and equipment for successful retrieval of hardcore data for

scientific analysis

- Financial compensation! A major incentive for the SIP team members, including travel expenses allowing them to take time from their regular jobs
- First time creation of new Civilian UFO investigative research team with their own unique esprit de corps as an extra motivating factor

This is possible through a funding arrangement between MUFON and BAASS (Bigelow Aerospace Advanced Space Studies). MUFON is the largest UFO research organization in the world and is the logical choice to carry out this mission. MUFON is the only UFO Research organization that can muster such a wide-scale grassroots effort, moving us closer to resolving the UFO mystery.

For more information on becoming a SIP Team Member, go to www.mufon.com.

KEEP YOUR EYES TO THE SKY

Thank you for your time and dedication
