IN CASE YOU MISSED IT.....John Schuessler

By Barry Roth, COMUFON Newsletter Co-Editor

Well, 2004 has come to a close and COMUFON had another successful year in bringing to our members a thought provoking series of speakers. We promise in 2005 to continue to provide our members with upcoming speakers that will take ufology to the edge of extreme possibilities.

Our final guest speaker in 2004 was our very own International Director of MUFON, John Schuessler.

John's theme for his presentation was "UFOs in December."

UFOs have been reported as early as December 1387. Throughout history we've had December sightings of anomalous objects over atomic installations to the Hopkinsville, Kentucky encounter where a family allegedly shot at gremlin looking aliens that were crawling all over their home.

Reports of alien abductions and fetus removal have been steadily decreasing over the years. However, a new disturbing abduction trend is emerging. John has been fielding calls on the UFO reporting hotline from 25 – 40 year old men who are articulate, well educated with upper level management careers who feel they are experiencing UFO abductions. One call John received was from a

(Continued on page 4)

Symposium Pictures Salvaged!

By Alejandro Rojas, COMUFON Newsletter Editor

We have had a lot of computer problems lately, and the Symposium pictures were trapped in a hard drive, only to be recovered this month. I was originally hoping to get these pictures in the September newsletter, but unfortunately that didn't happen. There were still some great stories and information in that edition, perhaps it was all for a reason.

Our newsletter was also obviously affected by the outage, as well as our membership data. We apologize for the delays or

if you have had any problems with your membership information. The website files were also on that computer. And then our hosting company had problems for the first time since I have been using them. Fortunately, all things should be working better now, and we are very excited to get things back in gear.

To better improve all of these services we could use a little help if you have the time. We could use volunteers to be investigators, to help with the website, to post a couple fliers

around town, or any number of other things. We would greatly appreciate the help, and we are already very grateful you subscribe to the COMUFON newsletter.

I hope you enjoy the pictures. They are on pages 6 and 7. For those of you that were present, hopefully they will conjure up some great memories.

MUFON International Director and Symposium speaker, John Schuessler

COLORADO SPRINGS COMUFON MEETINGS

Colorado Springs has its very own, separate series of meetings, organized by CO MUFON Assistant State Director Ed Burke. CO Springs meetings are held at the **Gold Hill Police Station (705 South Nevada)** from 1:00 p.m. till 4:00 p.m. on the first Saturday of "even-numbered" months. (Feb. 5, Apr. 2, June 4, Aug. 6, Oct. 1). Meetings are free, and open to the public.

GREELEY COMUFON MEETINGS—For information on Greeley area meetings, call Clifford Clift at 970-302-9118.

WESTERN SLOPE—DELTA/MONTROSE COMUFON MEETINGS—For information contact Davina Ryszka at nightsky25@juno.com.

Colorado MUFON General Meeting

Admission:

*CO MUFON members admitted FREE**

\$5 non-members \$8 per family

(kids age 10 & under free)

*(*An annual CO MUFON membership is only \$20. If you attend more than half of our monthly meetings, it's cheaper to become a member — so why not join?)*

All CO MUFON meetings are held the second Saturday of every month at the **Glendale Community Center (999 S. Clermont, Denver CO)**.

*Before the 1– 4pm Meetings, also at the Glendale Community Center
(See the schedule on page 3 for General meeting Times and Dates):*

Board Meeting—9:00AM TO 10:30AM All Welcome!
Investigator Training—11:00AM TO 12:00PM All Welcome!

For up-to-date agenda info, visit www.comufon.org

Next Meeting: January 22nd!

Ron Russell

Crop Circle Researcher

Ron Russell is a crop circle researcher and tour guide. For more information go to: www.cropcircles.org.

**UPCOMING COMUFON
MEETINGS:

Wanted: Colorado Field Investigators

To become a certified Field Investigator, you must pass the Investigator's Exam with a score of 80% or above.

The exam, available from MUFON HQ, is a take-home exam. It is an open-book exam, and can

be completed at your leisure.

The *MUFON Field Investigators Manual* is available from MUFON HQ for \$25. It is essential for taking the exam, and is an invaluable reference tool in conducting field investigations. COMUFON's ongoing investigator training classes, while not mandatory, are also very useful in preparing for the exam. **Check them out!**

John Schuessler, Dec 04 (Continued from page 1)

Florida man who was in Halifax, Nova Scotia on business. As he was driving back to his hotel room he noticed a glowing object was following his car. After he arrived at his hotel he says he was abducted from his room where insidious procedures were performed on him by non-human looking beings. This respected businessman was not looking for notoriety or publicity. John said he appeared to be genuinely frightened and upset and needed to tell his story to someone who would listen.

John also spoke about the book he wrote on the Cash / Landrum incident. On December 29, 1980 two east Texas businesswomen witnessed a diamond shaped object that flew within 135 feet of their car. The object was surrounded by what appeared to be military helicopters as it drifted over the horizon. Both women could feel the intense heat of this object even inside their vehicle. Both Cash and Landrum ended up suffering tremendous hair loss, nausea, skin disruption and common symptoms from radiation exposure.

John lastly told the story of two brothers who on

December 21, 1994 drove from California to spend Christmas in Texas. As the brothers drove over the Texas state line they noticed an object was following their car. The object continued to closely follow their vehicle until it actually bounced off the roof of their car. The next memory the brothers had was that they were sitting in the middle of the woods inside their car stuck in the mud. One brother ran out of the car screaming into the woods. After a search party carefully scoured the area unsuccessfully, he mysteriously appeared and walked out of the woods three days later. He was discovered wearing just his shorts and a T-shirt and his arms, legs and feet were horribly scratched and bleeding. If he had been wandering in the underbrush for three days, how did the search party miss him in the narrow wooded area?

As there is a national and global increase in UFO evidence and sightings of triangular and disc shaped aerial objects, will our new year bring us any closer to getting finite answers on the UFO phenomenon and alien agenda? Maybe our 2005 guest speaker series and international symposium will help shed some light on these subjects.

A New Stan Romanek Artist Rendering

Stan Romanek recalled these beings under hypnotic regression. He called them possum people. If you are not familiar with this case, it is incredible. Symposium speaker Deborah Lindemann, CHT, performed the regression. She went over the case in her speech, which can be purchased in video or audio using the order form on the next page. Other aspects of the regression are also discussed on Rense.com by people like Richard Hoagland. A general search on the web via a search engine should also bring up more information. Stan had given this picture to us at the Symposium, and has given us his permission to put it in the newsletter. He says he will keep us informed of further developments.
