Buying or building a pyramid? These things you should know about!

There are three electromagnetic planes of consciousness:

PHYSICAL MENTAL SPIRITUAL

WITHIN 20 YEARS: The electromagnetic frequencies of the earth will change:

They will change from the physical plane to the mental plane!

Man's consciousness will have to change. Only those that seek the true knowledge of wisdom, THE HEAVENLY FATHER - will be able to make this change! It is by His grace. You are made of His spirit.

The pyramid was given by the angel Hermes, to help Mankind raise his frequencies to the electron spin of the mental plane. It is an electromagnetic antenna.

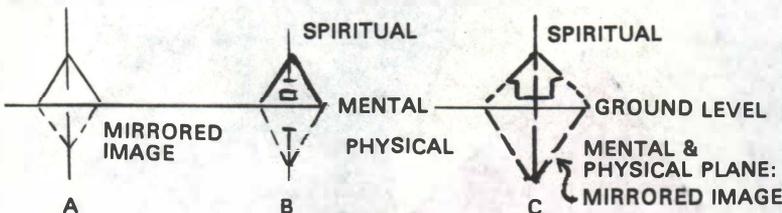

NOT ALL PYRAMIDS ARE CORRECT ANTENNAS FOR THIS TIME AND SPACE!
PYRAMIDS MUST CREATE A VORTEX OF LIGHT THAT CAN BE SEEN AND FELT.
FRAME PYRAMIDS DO NOT DO THIS. Jesus said: I AM THE LIGHT.

ILLUSTRATION

A **AS ABOVE, SO BELOW!**

B Cheops has three frequencies or planes of consciousness. This is the reason why there are THREE chambers. To benefit from the pyramid, you cannot mix the frequencies! Most pyramidologists do not understand this.

C The pack-up-and-go pyramid that Ken Killick designed has ONLY the spiritual frequencies built into it! The mental and physical planes are NOT designed in the physical structure of our pyramid!

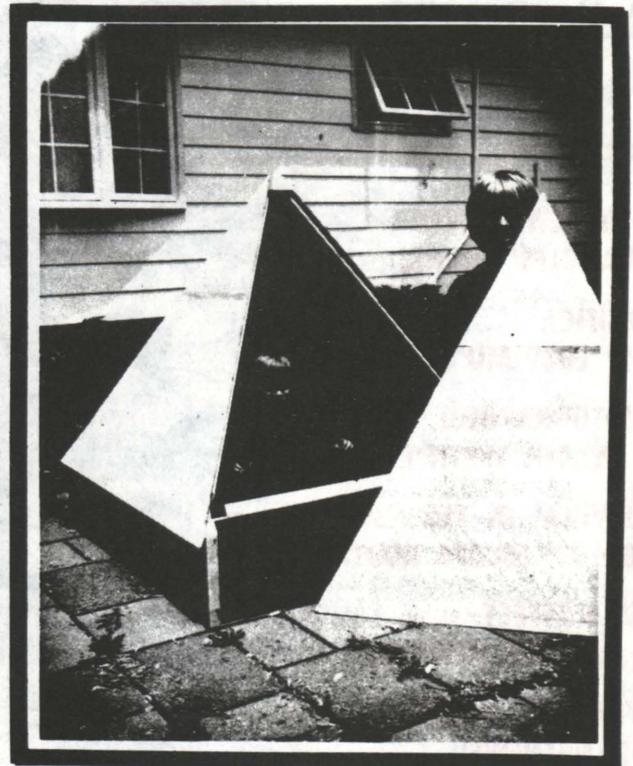

That's why our pyramid works! It was designed right! Pyramids are antennas! They help us advance into the MENTAL frequencies or planes of consciousness. WILL YOU be ready when the Earth advances into this plane of consciousness 20 years from now?

Will YOU be among those humans who will have made a start on the long road to overcome Matter?

You don't have to wait 20 years. Start today! Send today for blueprints that will enable you to build a pyramid that will develop ONLY the spiritual plane: INDOOR MODELS - \$10; BACKYARD PYRAMIDS: \$20 (all three planes - SPIRITUAL, MENTAL, PHYSICAL: see Illustration C above).

Letters to the Editor

Dear Joan: Please say in the June issue that I am "back", and that the rumors regarding me (grabbed by the MIB, at one of my Lost Cities in S. A., gone to Venus on a UFO, etc. etc.) were all wrong and that I have continued to work and conduct research for 20 years since my last book ROAD IN THE SKY. My new book, THE VISION QUEST - ENCOUNTERS WITH OTHER REALITY-OTHER SPACE, is a bombshell of info on the 1950's and the Adamski contact, etc... On p.32 of your March, 1978 issue, CAVE PHENOMENA CIRCA 1889... Bix Cox and I believe it is a real "put on". One of the main reasons is that if you will read the "hieroglyphics" BACKWARDS - you come up with: "ROSENBOURG'S ELIXIR OF LIFE". I think someone is, or very probably WAS pulling someone's leg... Dr. George Hunt Williamson.

* Hey! What's wrong with finding an ELIXIR OF LIFE? I think it sounds great! Oh well, another dream down the drain! JOC

Dear Joan and Pat: Regarding the article "Cave Phenomena - Circa 1889" in the March '78 NAJ, I noticed some purported hieroglyphics on page 33 found on the parchments in the cave, given as "efil fo rixile S' gruebnesor". Read backwards and bringing the c in the 1st word forward we have "C. Rosenburg's Elixir of Life" - probably "snake-oil" circa 1889. Aztec alchemists, Bosh! Secondly, your reader Vivienne Verdon-Row of L.A., Ca., can hardly do better to find out more about earth-changes in 1982-84 than to read THE JUPITER EFFECT, a \$2 paper back by British astronomers Gibbin and Plagemann, Vintage Book - V-574, from Random House, NY. Thirdly, in the same issue, the article by the Bennetts about the Coral Castle, suggests an important clue to a possible source of knowledge of the megalithic culture. Those who have read Gurdjieff, the Sirius Mystery, A. Bailey, or Robert Anton Wilson's Cosmic Trigger (reviewed by Pat O'Connell) know that occultists consider the Moon, Mars, and Saturn to be the prime portals whereby energy or entities originating from the Sirian star system enter this solar system. On the grounds of the castle there are only 3 celestial bodies obviously portrayed: Moon, Mars, and Saturn. So, could it be the aliens said to have helped Leekskalsin were the Sirians, and by extension, they supplied knowledge for the construction of the world-wide megalithic cultures and its earth-energy-grid support system?

Sincerely, Michael C. Heleus

Dear Patrick: It is with interest that I note your article on Radionic instruments on page 20. And, as "Ripley would have said," Pat, I have a rare and very valuable collection of such instruments... In this collection of mine is a rare and unusual instrument from the De La Warr laboratories, which I had imported many years ago at great cost to me. In fact, Pat, I don't suppose that you'll find another such instrument in these our United States. Additionally, I own (but do not operate) one of the original models of L. Ron Hubbard's "E" meters! Pat, I do have a tentative engagement for a workshop and lecture at St. Pete, would you be interested in my stopping at Pinellas Park? - Dan Moran, Marion, Ohio...

* Dear Dan: Stop by whenever you are in town, we would love to see you - and your collection! PAT

Dear Joan & Pat: Until the March, 1978 issue of the Journal you had the best publication in the country, now it is just very good. What brought down your rating? The article by Peter Kor titled The Making of the Saucer Mystery. It read like an article anyone can read in almost any newspaper or hear on any radio news program or even TV. I sincerely hope you don't print any more of that trash. Mr. Bernard Gotaut - 182 S. 500 W, Valparaiso, In. 46383.

* Dear Bernard: We appreciate letters on all our articles in the Journal - pro or con. Each one has their own opinion, and we print it - either way. Any "pro's" out there in our readerland for the Kor article? YOU have a sayso,too! JOC

Dear Friends, Joan & Pat: Because of the last issue of the NAJ for March, I am motivated to send a communications your way, and must say that even though I have been alerted to the Bigger and better change in the NAJ, to be made in the March issue, I didn't realize the extent of this. But in learning of this, I received a whole New magazine that contained in it a whole New learning, as I am sure it will be for many, who seek of the Unknown, or is it really?...

Earl E. Gambrel, D.D., The Church of (7), San Diego, Ca...

*Dear Earl: I have read many of your letters, and found them ALL fascinating reading, and with information that I have never heard before. Especially the UFO kidnapping cases, the genetics involved, etc. I have passed on your letter to the lady in question in our last two issues, and will leave it up to her to hear if she wants to communicate. Thank you for your sincere comments on this case. Just when I think I am beginning to know something, I find out I don't know anything at all! Our readers are the Most! And they share their knowledge. What more can I ask?

BOOMS! SCHROOMS! Sonic? Chronic? Bionic? This mornings' newspaper brought the latest 'theory'. Now you can sleep at night, Kiddies - it was only that ole meany the Concorde -- AND -- an "unusual Atmospheric condition" that carries the sound for hundreds of miles further than it's supposed to -- NOW - this theory also states that it is this VERY condition that is also causing the 'lights in the skies' that have been associated with the Booms.

For one thing, many unknowledgeable people will buy this inanity, and for another thing, for those who ARE knowledgeable, who among us has the courage to tell the early American settlers (who also heard the same 'booms') that is WASN'T THE SENECA WAR DRUMS - or - EXPLODING GARBAGE GAS? For that matter, who is going to tell the Senecas??? They must have thought all along that they had the most powerful Pow-wow drum in existence???

So much for the Funnies... Just what IS this 'unstable atmospheric condition'? And - don't hand me that old cliché - air temperature inversion layer - this phrase (stock number 29 Air Force saying) - or the airwake from a 'flock of high flying geese' (stock number 30) OR 'sundogs', lens flares, or the Aurora boring anything. I will refuse to 'buy it' (another worn out phrase)! I thought for once 'they' were really getting original calling it (the booms) the Seneca War Drums, as they have been heard for hundreds of years along the same areas where they are being heard today. The Indians have been robbed again - it is not the 'Drums' explanation, it is an "unstable" explanation. WHICH IS NO EXPLANATION AT ALL.

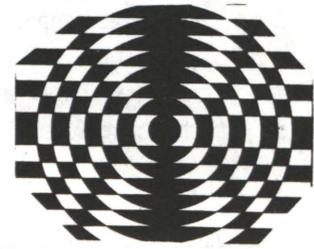

There are many in the New Age field that have advanced their own theory that we, the Earth itself, is moving into a new 'phase', or vibratory shift'. The actual physical moving of the Earth into a different frequency, that will raise our own physical vibrations, whether we like it or not.

COULD THIS POSSIBLY BE THE "UNSTABLE ATMOSPHERIC CONDITION"?
THINK ABOUT IT!

TWO NEW "DEATH TRIANGLES" FOUND!

Compiled from: The Las Vegas Sun,
and The Star Magazine. by JOC....

The headline reads: "DEADLY 'TENNESSEE TRIANGLE' HAS KILLED 11 IN TWO MONTHS". It goes on to say that the area, covering the Great Smoky Mountains National park, is swept by winds that reach up to 80 mph, making it a deathtrap for small aircraft. The "Tennessee Triangle" stretches over 2,400 square miles of densely forested mountain terrain, about 35 miles from Knoxville. We would suggest that if you are interested in the full article, you can obtain it from THE STAR MAGAZINE, dated Feb. 14, 1978. Apparently it is the fact of strange winds, moving horizontally, that are the main source of trouble in the mountains, and reports of optical illusions. But, this theory will NOT hold true for the following reports of another "Triangle" area in Nevada!

The headline reads " " THIRD AIRCRAFT MISSING IN "SAGEBRUSH TRIANGLE", and it is taken from the newspaper date of Feb. 4, 1978. The story was well written by their correspondent, Jeff Adler. "The Sagebrush Triangle" swallowed up a third aircraft Friday morning to compound the mystery surrounding the disappearance of two other planes missing since Monday.

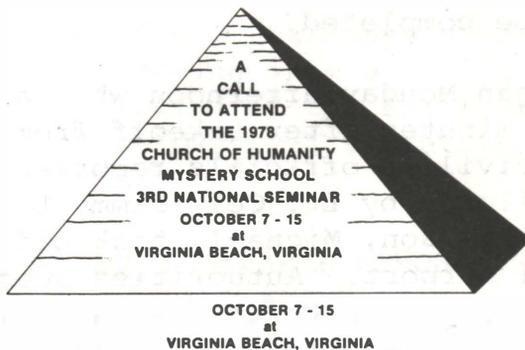

In the latest disappearance, an Air Force O-2 Skymaster spotter plane, identical to the one it was searching for, was declared overdue about 11 am Friday by Nellis AFB personnel. The spotter plane was one of 36 aircraft searching a 2,000 square mile area around Mount Charlston, dubbed the "Sagebrush Triangle" because of its high aircraft mortality rate, for another O-2 Skymaster missing since Monday and a Piper Warrior missing since Thursday. The twin-engine spotter plane took off from Nellis about 7:50 am with a five hour fuel supply and was scheduled to return about 11 am... Following the loss of the second O-2 this week, Air Force officials grounded all the O-2's involved in the search until a safety check could be completed.

The original search began Monday afternoon when a Skymaster disappeared from radar contact 11 minutes after takeoff from Nellis on a training mission... Thursday, civilian officials reported a Piper Warrior missing. The Warrior, piloted by Lt. Col. Jimmy L. Helton, an off-duty Nellis officer... and his son, Michael, took off about 8:30 am from McCarran International Airport. Authorities speculated Helton and his son went up in the plane either to make an unofficial search for the missing spotter plane or to survey one of several Boy Scout camps...

Thirty six aircraft, including 18 Air Force planes, 10 Civil Patrol and eight airplanes from the Sheriff's Aero Squadron participated in the 'very thorough search' friday... Additionally, two ground parties, one consisting of Nellis airmen... were conducting searches... The disappearance of the three planes has really perplexed searchers.

The LAS VEGAS REVIEW JOURNAL, for Feb. 6, 78, reported: that AF Col. Billy Helton, came out of his close encounter with death in good condition, but his injured son remained stranded Sunday in the swirling snows ... presumably inside a wrecked plane... He stumbled across the crew of an AF rescue helicopter about 3 pm Saturday. Those airman were working through the wreckage of an O-2 Skymaster plane which had crashed Friday and claimed the lives two AF pilots... At the time he was sighted, Helton was wading through the mountains, seeking help for his injured son. The crews of two other aircraft which crashed during a bizarre, unexplained week of nearly daily reports of missing aircraft weren't as fortunate. Nellis ground troops and air crews hauled off the remains of the crew of another O-2 Skymaster ... Air Force officials said they could not identify the remains. However, since the plane was reported missing, officials have said the plane carried Capt. A.J. Rosa, and Capt. Victor Villelunga... All three missing planes were located Saturday, a day which also brought ANOTHER crash. This time, an AF UH-1-N helicopter went down on Mount Charlston while it worked the Skymaster recovery area. All five members of that crew were listed in stable condition...

While some accounts have dubbed the search area, Nevada's "SAGEBRUSH TRIANGLE", after the infamous Bermuda Triange, other watchers considered the series of disappearances more reminiscent of the movie, "Close Encounters of the Third Kind:. In that film, military aircraft and their crews, lost mysteriously for decades, are returned to earth by beings from another planet. In real life, however, the ending was not like in a movie for the crews who crashed on Mount Charleston, Nevada's Devils Tower.

UFO ABDUCTION: KENTUCKY STYLE!

(Reprinted from: Commonwealth Journal,
Somerset, Ky. - 2/8/77)

Liberty, KY. Three Casey County women have made public a story about not only seeing a UFO, but being captured by its occupants. They're backing up the story with such proof as testimony from a clinical psychologist and a lie detector expert and they claim they were held prisoner about 13 months ago for about 75 minutes.

One of the three claims "they pulled my eyes out," a second said the eye of one of the beings had "scales around it, like a turtles's", and the third described the beings as "about four feet tall." The descriptions and comments came during separate sessions of hypnosis administered by Dr. Leo Sprinkle, director of counseling and testing at the University of Wyoming.

Hypnosis was used on Elaine Thomas, 49, Louise Smith, 44, and Mona Stafford, 36, because they couldn't remember what happened to them after they spotted a UFO one night more than a year ago. All three remember seeing the object in the sky as they drove home from a restaurant where they had had dinner. All three also recall that it seemed to be controlling their car. "I couldn't hold the car on the road," Mrs. Smith said. "It was shaking back and forth. The speedometer showed 85 and Mona and Elaine were screaming at me to slow down, but my foot wasn't even on the gas pedal," she said.

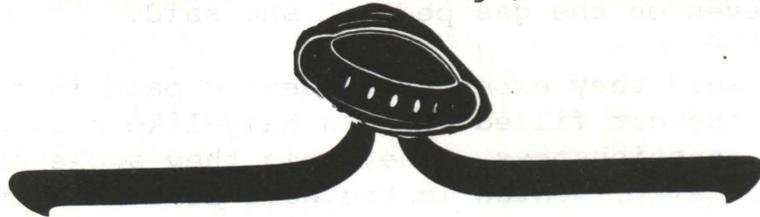

The three women said they experienced severe pain in the top of their heads and after the car filled with "a hazy-like air, sort of like a fog," they lost consciousness. They said they awoke about 75 minutes later eight miles away, seated in the same positions in the car as they had been earlier. They could not remember what took place during the missing time.

UFO researchers in Cincinnati became interested and a national tabloid hired Dr. Sprinkle to use hypnosis. After their sessions with the psychologist, the women were given lie detector tests by Detective James Young of the Lexington Police Department and his report says he found "No indications of deception." Under hypnosis, Sprinkle reported, the women told an eerie story, one the psychologist terms "similar to other reports over the years." "Something was over my face," Mrs. Smith said. "It was so hot in there I could hardly breathe. I was restrained on a table.

"The pain was so bad. They poured something over me and when they pulled it off, it came away like tape, like they were making a mold of me. "Then I saw one of them. It was about four-feet tall and wearing a hooded thing. All I could see was its eyes. They were bigger than human eyes and slanted. "They were so piercing. It never said a word, but somehow when it looked at me, I knew everything it wanted me to do.

"They pulled my eyes out," Miss Stafford said. "I mean they drew them right out of my head and laid them over my cheeks. "I was on a white table as big as a bed. I couldn't move, but nobody was holding me down. It was some sort of power doing it, a big crystal with lightning coming out of it." Mrs. Thomas said she was put in a chamber. "I fit there perfectly -- couldn't move a finger. There was something wet on my face and something pressing into it. "I could see them. They floated in the air around me. I could tell they didn't want me to talk. I could understand their thought waves," she continued. I saw one close up. There was a big, pale blue eye with scales around it. Like a turtle's eye".

When they regained consciousness after the incident Jan. 6, 1976, the women said each of them had a fresh burnlike mark on their necks, each about three inches long. Miss Stafford said she had acute pain in both eyes and a new blister under one of her rings. After driving back to their homes, Mrs. Smith glanced at her watch and almost became hysterical, she said. "I've never seen anything like it. The minute hand was turning as fast as the second hand. I thought I was losing my mind." The three, along with Dr. Sprinkle, will appear on national TV (NBC) to tell their tale in public for the first time. "I want to help other people be aware of these things," Mrs. Smith said... ..

Film purports to show Bigfoot

A 16-mm film made by Ivan Marx is shows what is supposed to be the legendary Bigfoot cavorting in the hills of northern California. The three-minute, 10-second film is being promoted by Marty Ingels, a TV comedian turned businessman, who thinks the film can earn millions. At left is a still photo made from the film.

PHENOMENON

SPACEMEN MAY HOLD HOFFA! Source: Warner Robbins, Ga. "Sun"- 3/22/77/-
Area of landing: Mitchell County, SW Georgia...

... According to the account, the craft landed Aug. 6, in full sight of retired automobile dealer, Tom Dawson... The local hospital, which examined him and treated him for a case of well-deserved hysteria, backs him up, reporting no sign of mental illness, lapse, drugs, or alcohol...

" Like a flash from heaven, the strange circular space ship set down in front of him, hovering 2 feet off the ground... Immediately after the ship stopped, the hatch opened and five strange looking humans marched out; two women and three men. Their skin was white as a flour sack, their noses were sharp and turned up. They had pointed ears and their heads were sitting right on the shoulders. One of the men and one of the women were completely nude. They were hairless.

"The first one, stepped on the ground, tested it, and then motioned to the others, at this point, two more men came out of the hatch and took their position at the entrance of the ship. Mr. Dawson described their clothing as being very beautiful. Males and females dressed alike. The shoes seemed to be made of silk material, and the toes of the shoes pointed and turned up. Dawson said they approached him, and began what seemed to be a medical examination. A skullcap sort of thing was placed on his head. On this was attached several cords... They proceeded to remove his trousers and lift his shirt over his chest. As the examination was in progress, Mr. Dawson said that a loud voice came from the ship: "I am Jimmy Hoffa. I am Jimmy Hoffa. I am Jimmy Hoffa. I am ..." A fourth try at shouting his name was cut off and the voice was not heard anymore.

"The examination complete, they removed the cap and walked away about 10 feet and went into conference. They had high-pitched voices - very shrill - and at one time it seemed that one uttered something like 'Jupiter'. Dawson said that the two males talked to each other and he had a feeling that they were discussing taking him with them. Then they returned to the ship, closed the hatch and took off. He said he got a glimpse of the ship when it was about 75 ft. off the ground, and then in a wink, it was out of sight. Dawson then said that he was free to move around... he managed to secure his pants and then ran as hard as he could to Linda Kolbie's where he tried to relate his experience but was too excited to talk"... The account goes on to testify to Dawson's sober habits ...

SAND SPRING, OK. - While digging in his back yard for a waterline, C. L. Hufford uncovered an object that looked like a hand. His wife took it to the University of Tulsa..."It has five fingers, nails similar to ours, and some fur, but seems to be webbed between the fingers"... "It was as flexible as your own hand and was flesh-colored." One doctor said it was a duck's foot...

IMAGES OF BLOOD - A statue of Christ in St. Luke's Episcopalian Church, near Philadelphia, has been bleeding from the hands since Nov. 1975. Tests are said to have shown the blood to be human, although of great age. The solid chalk hands continued to bleed copiously even after investigators removed them from the statue in order to examine them...

A NUN'S VISION - of a body of a 23 year old woman who died in 1976 after undergoing exorcism was exhumed because a nun had a vision the body was mystically intact... The body was found to be "normally decayed".. in this north Bavarian city a police statement said. (Aschaffenburg, W. Ger,)

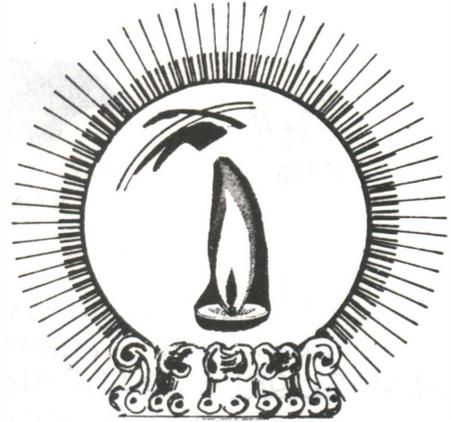

SYDNEY, AUSTRALIA - 12/23/77 - A part-time travel entrepreneur and millionaire, Mr. R. (Dick) Smith, is going ahead with plans to offer a holiday on a ship towing an iceberg. He has set the project for next March... Mr. Smith has said he wants to tow an iceberg as big as a 4 storey building into Sydney harbor, tie it up at Circular Quay, and sell pieces of it as novelties called "Dicksicles"...

IS THERE A CLIMATE CHANGE IN STORE? - The temperature on the surface of the sun fell 11 degrees last year, the first time such a drop has been recorded, and it is a change that could trigger variations in the Earth's climate in the next few years. An 11 degree drop in surface temperature of the sun is a change of only 0.5 percent, said Dr. Wm. C. Livingston of the Kitt Peak National Observatory in Tucson, Az. where the changes were measured. But scientists have said that a 2 percent decline in the sun's surface temperature over a period of as little as 50 years would be enough to "glaciate" the entire Earth...

'ATLANTEAN' PREDICTIONS

by REV. THOMAS ALLEN LONG

(Received and noted in September, 1977)

A new source of energy will be discovered by several men of different nationalities researching within their own countries, but will take several years to develop. This will lead to the KEY to all the worlds energy needs in the future. As they learn to arrange the CRYSTALS into PRISMS, and the prisms into a CYLINDER in a proper manner and order; so that the arrangement brings about the proper receiving of Universal energies in proportion to the earth energies; then they will discover they have constructed a TRUE GENERATOR of unlimited capabilities!

Other sciences will discover that this technology and this GENERATOR has already existed in a prior civilization! INTUITIVE ARCHEOLOGY will be an assist in these information finds. Within a few years it will be found that this huge GENERATOR, IN ITS DOMED POWERHOUSE, is what is the cause of the "BERMUDA TRIANGLE" in the Sargasso Sea off the coast of the island of BIMINI! It was turned under during that 2500 year period of cataclysms that cleansed this prior civilization from their violations of natural laws. We will find that this CYLINDER OF CRYSTALS arranged in many prisms so as to receive Universal creative energies and correlate them with the earth energies of gravity and electrical flow; is responsible for the deadly phenomena this Triangle has had for so many centuries upon third dimensional matter and life. We can then understand how at certain periods when there is a proper aligning of earth position in relation to planetary and Universal elements, that there is a triggering of the mechanism within this CYLINDER in the position it is now lying. This brings forth that great beam of electro-magnetic and electro-static energy that is the primordial electricity in its original state!

This BEAM of Ultimate Power will be found to actually disrupt the Laws of Time and Space which governs human life and its technology in this present third dimension age which is rapidly coming to a close. It is a product of a Higher Dimension many will call a FOURTH DIMENSION, and they will be right in the fundamental sense. We will further learn that this electricity of a higher vibrational frequency than any known element or activity ever encountered in this age of our present sixth earth civilization. It is of such a frequency that it has the effect of literally disintegrating the atomic structure of our third dimensional matter. It explains the heretofore mysterious disappearances in the Triangle area.

Since the protective sheilding was disrupted that sealed off the bottom of this CYLINDER with its dome, the BEAM now exits from both ends when activated. This causes the "Devils Triangle" off the coasts of the Phillippine Islands and Japan in the Pacific Ocean. The components of that sheild alone will open up a whole new discipline of science when it is analyzed! As this source of energy is studied in all its vast implications, many scientists will begin to understand why we have not been able to PERCEIVE the HIGHER LIFE FORMS that exist in all of the Universe and its Planets and their galaxies. These LIFE FORMS are of a higher vibrational frequency than our present third dimensional physical senses can recognize. Does this explain the "puzzle" of 'life' found by the chemical experiments on Mars that is stumping our most advanced minds as they try to apply third dimensional reasonings to a higher dimensional REALITY?

1977 will see drought conditions spread through-out the U.S. and increase even more in other countries. Be certain, Dust Bowl conditions are only a few short years away. Store your foodstuffs, America! As the natural forces on Earth continue their accelerating patterns of movements, so does the movements within the Solar System become more influential. The alignment of the Planets that are now moving into a dynamic line of force that meets in 1982, will bring about changes of such magnitude as to see the Earths axis become aligned to true North, or an even more drastic re-alignment. At the same time, these solar system energies bring about a changed orbital order for earth and its planetary neighbors. These do not happen all at once; but rather, these changes occur in a proper order of sequence from 1982 to 1998... The "magnetic" flow we now know will be changed; it may even be reversed as it happened before in other ages! There will be new stars and planets discovered, with far reaching implications in all branches of science. These discoveries will lead to the reconciliation of the differences between science and true spiritual beliefs. Science will find ALL LAW is based on immutable Universal Laws just as their research has been trying to tell them for centuries. There is an Intelligence in this Universe that MUST be recognized!

It will be discovered that these changes influence the human organism in a dramatic fashion. Only the exertion of personal will against this natural phenomenon can prevent this heightened spiritual awareness among the Survivors of this Period. It must be stressed here, in this type of forecast there is no religious connotation; rather, these changes lead to a bring a Higher Dimension of Human life to Earth!

THIS WILL PROVE TO BE THE TRANSION PERIOD OF ALL HUMANITY! THESE CHANGING TIMES ARE THE TESTING GROUNDS for each and every individual to either raise their consciousness in the New Knowledge being revealed - or - to continue in the third dimensional consciousness that is OBLITERATED in the climax of these changes... Those who study, seek, and apply what they understand in their everyday activities in a selfless manner; will be those who rise above the false values of our present third dimension materiality. This is what they will carry into this SEVENTH AGE: the New Age of what we may call fourth dimensional ACTUALITY!

This forecast ends on the note that it is only then shall the Survivors know the real REALITY with their heightened senses that brings the peace never found in this third dimensional world!

ANCIENT DAYS

© 1978 by Dr. Arlan Keith Andrews, Sr.

Lost worlds of the ancient ages
 Sung by poets, scorned by sages:
 Aerie towers age-stricken down
 Becoming part of Earth and ground
 Palaces once abodes of kings
 Lie deep in sea, remembering.
 And pyramids of earth and stone
 Stand now like mountains overgrown
 With root of plant and roots on Man:

There was a Pattern and a Plan.

Throughout the world in massive stone
 In standing circles and alone
 The ancient wise erected high
 Their instruments to measure Sky
 To mark the moves of Moon and Sun
 And Stars to show the seasons' run.
 Size, Form, and Shape helped them to tap
 The Mother Earth's magical pap
 For rites of gods and rights of Man:

There was a Pattern and a Plan.

THE FLORIDA RESEARCH REPORT!

We have many exciting announcements to make to you in this issue! We are very proud of three new people on our Board of Consultants - AND- we are participating in a fascinating venture - a movie! Prof. Hans Holzer, author and producer, is in the process of preparing a theatrical film dealing with UFO landings and humanoid contacts. Partly based on his Fawcett book, THE UFONAUTS, and partly on new, largely unpublished cases, the film will be a nonfiction retelling of some of the most amazing cases of this kind. Pat and Joan O'Connell are the coordinators in the Florida area, and filming here will commence sometime this spring.

The film will be in general release by the end of the year. Many of the leading investigators of UFO phenomena and scientists working in the field will appear in it. Hans Holzer was writer/producer of IN SEARCH OF... 1976/1977 and now has his own production company in New York. We understand that Holzer had the opportunity of coproducing a television film with Dragnet's Jack Webb, but could not agree to the dramatic treatment the latter's current NBC series, "Project UFO" followed. Instead, Holzer chose to do it "his" way, with real witnesses and without make-believe effects. Those who have seen the current NBC series will understand why. Full details and photos in a future issue of the Journal!

The first person I want to welcome to our Board is Dr. George Hunt Williamson! He needs no introduction to many of our readers, and all I can say to the new ones who do not know of him -- get to know his works. He has written "OTHER TONGUES OTHER FLESH" - "SECRET OF THE ANDES" - "ROADWAY IN THE SKY" - and other works on our subjects of the Ancient Ones. He is currently publishing a new book, and title and details will be given shortly! A controversial person - YES! A fascinating person - YES! Look for his new articles in future Journals!

The second person I want to welcome is Dr. Arlan Keith Andrews, Sr., a registered Professional Engineer, and author, who has been published in FATE, UFOLOGY, and other national magazines. His wife, Joyce, is a practicing psychic counselor (an article about her is upcoming in the May/June issue of BEYOND REALITY concerning a haunting that the Andrews investigated). Dr. Andrews is also a consultant for APRO and MUFON, a member of SITU and ASPR. We look forward to working with this delightful couple!

The third person we wish to welcome is Dr. Buryl Payne, author of the book GETTING THERE WITHOUT DRUGS and BIOMEDITATION and director of the Institute for Psychoenergetics, who founded the first biofeedback company in the sixties. He holds the patent on all Galvanic Skin Response apparatus with a variable pitch tone feedback. His major research interest is in the development and transformation of energies (Life, solar, planetary, etc.) He lectured at the Conference on the Technological Application of Cosmic and Telluric Energies that was held in May. He was also the director of Science Communication at Boston University.

We would like to thank Ron Kelley, for his 'clipping' abilities, he is fastest with the most, and we appreciate his help in getting the news to us while it is still news! Mary and TAL Levesque, who are now in New Mexico, are not strangers to the majority of our readers, and will be keeping us up to date on all the happenings in the great West. Bob and Margaret Bennett have now moved to Camp Wood, Texas, to set up a new homestead, both for themselves and for others (in the future) and will send all reports from that area! Much more later about these two New Agers who had the guts to do what their inner feelings told them to do! This is something we all must face - sooner-or-later.

COMPARATIVE STRENGTH OF PYRAMID ENERGY PRODUCTS

In the September 1977 issue of this fine publication, I outlined a quick and simple method for measuring the comparative strength of various Pyramid Energy products on the market, some of which carry no guarantee whatsoever for claims made for their efficiency. Not only as a dedicated researcher, but also as a distributor of tested products through my firm - Pyramid House, Inc., 4017 S.W. 95 Avenue, Miami, FL 33165 - I HAD to know the value of a product before taking it into my line and selling it under an open guarantee. The old lengthy controlled tests are inaccurate, inadequate, and essentially impossible. The result: poor products, exaggerated claims, big prices -- fraud.

To test products offered to my firm, I had developed a very satisfactory and reliable, albeit unscientific, method. I used crude divining rods made from coathangers, and a pyramid pendulum we distribute, to which a longer chain was added. Further work has led to improvement of the test outlined earlier. A 50-centimeter chain attached to the pendulum provides more accuracy for the stronger devices. It was found that CUBING the arc induced by PE in the pendulum produced good ballpark results. Refinements still must be made; we ARE breaking new ground.

At least temporarily, a 'pyren' (p) is defined as the PE required to produce in the described pendulum a maximum circular arc of 1 centimeter in diameter when held steadily 1 centimeter above the apex of the pyramid. For smaller or larger arcs, cube the diameter. Thus, a 2 cm. arc indicates a strength of approximately 8 pyrens ($2 \times 2 \times 2 = 8$); a 3 cm. arc = 27 p.

** Despite claims that these devices are the equivalent of up to an 18' pyramid, no PE whatsoever could be detected. They are NOT guaranteed.

*** These results compare very poorly with those obtained with open-frame pyramids constructed of 'charged' aluminum tubing, which apparently does indeed create an 'energy skin' for the pyramid, thereby making it function as if it had solid, material sides.

"The Solar Lotus"

Title: "THE SOLAR LOTUS"

Author: Rocky McCollum

The Pharaoh Akhenaton shook the establishment of his time when he began the worship of the sun whom he referred to as "Aton-Re." As a matter of fact, he even changed his own name, from Amenophis IV to Akhenaton, to match that of his new belief, or at least, his newly proclaimed belief. He built a city, complete with sun temple, near Tell el Armarna, dedicated to the Sun-God. It was named... "Akhetaton," meaning "horizon of Aton." This caused a break with the priests of Amon at nearby Thebes, on the east bank of the Nile just north of Luxor. Thebes is also called El Karnak. Thus begins the story of the classic conflict between the Atons and the Amons. A struggle that lasted seventeen years and ended with the death of Akhenaton in the 14th century B.C.

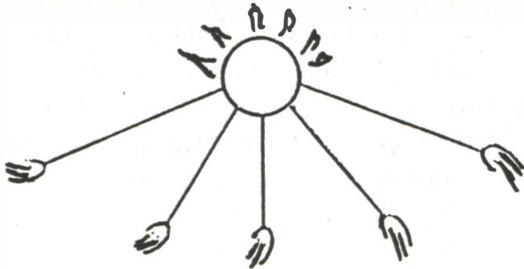

The Amons tried to erase all the marks of the Atons, and, ...to some extent, succeeded. But, ...enough remains of Akhenaton's works for us to try to piece together the parts of the puzzle. This essay attempts to do just that by presenting to the reader the theory of "The Solar Lotus."

The title Pharaoh means "Lord of the Earthly Orbit." All Pharaohs, including Akhenaton, considered themselves as rulers of the world, as demi-gods of this planet. Akhenaton at the same time considered himself as a child of the sun and viewed the sun as a god and a father. Akhenaton extended this view to include all of his subjects and proclaimed it to them. This caused concern among the priests at Thebes, the fact that Akhenaton was letting the citizenry in on priestly secrets. This is what they sought to suppress, the world-wide distribution of higher knowledge.

In all probability, the priests viewed the sun as a god and worshipped him too. Both the priests and Akhenaton recognized the Ankh as the symbol of life and revered it accordingly. The Ankh played a prime role in religious functions in Egypt for centuries preceding and following Akhenaton's reign. It will always be a central theme in any true esoteric philosophy. Akhenaton was trying to put higher learning into a democratic, popular form. This, the priests opposed, maintaining that it should remain secular and secret, the exclusive property of the priesthood. As a cover-up, they offered to the Egyptian citizens gods with human bodies and heads of animals, birds, and reptiles. When a citizen asked, "Who are the Gods?" The priests replied, "These are the Gods, and they will devour you if you don't behave, work, and pay your taxes!" This kept the populace in fear and confusion but under control. No one, but no one, who understands the real meaning of the Ankh would ever believe in such monstrous gods. Therefore, the populace may have carried their Ankhs around with them, but, they never knew the true meaning or symbology of it. The master's knowledge belongs to the master only, this was the priests' creed.

Both viewpoints can be understood and appreciated by the learned reader and student. My viewpoint is this...there are many worthy souls who by fate or for some reason or another...have not yet heard of the rewards that esoteric or higher knowledge has to offer and that these persons can be cultivated and brought into the fold, so to speak, and by so doing, their lives will be enriched, they will be thankful and appreciative, many will become devoted teachers and masters on their own, and the world as a whole will benefit from the entire process. Therefore, my feelings and sympathies are with Akhenaton and not with the priests. Higher knowledge is ignored by the unworthy and profane just as water rolls from a duck's back. Truth can be withheld but it

cannot be damaged or changed in any way. If it could, then it wouldn't be the truth.

Aton-Re, the sun-god is also referred to as "Aton" or as the "Aton Disc." In the disc form Aton is often shown as having many long slender human hands. The symbology here is two-fold, first of all, Aton reaches out to all of his children to caress them and warm and nourish them. Secondly, the rays symbolize the Seven Rays as taught in Yoga. The term Yoga as used here means the summation of religious discipline of Oriental religions. Oriental and Egyptian religions have common roots which can be demonstrated, but space here does not permit.

A distinctive color is associated with each of the seven rays. Each ray has a rank, strength, and a set of individual properties of it's own. The higher the number of a ray, the higher is it's order.

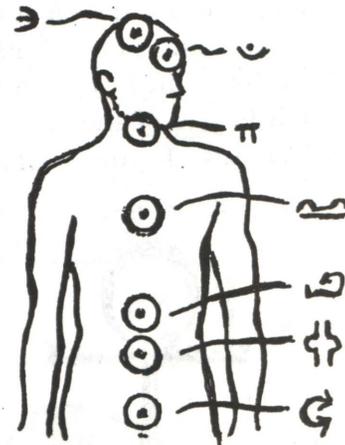

THE SEVEN RAYS

Ray	Color	Symbol
(7) Judgment	green	☘
(6) Intellect	yellow	☼
(5) Harmony	orange	☽
(4) Ego	red	☿
(3) Love	violet	♆
(2) Will	blue	♁
(1) Body (physical)	white	♄

These rays go under the collective term of "Energy." They all represent energy of some sort. The lowest of these, the physical ray, is distinguished from the other rays in that the others are non-physical, they are mental rays. We could also call them the "emotional" rays. The basic color of each ray is given in the chart above, but Alice A. Bailey tells us that each ray can vary considerably in color de-

pending upon emotional stress or elation. The white physical ray can be broken up into an entire spectrum of colors. It is this division and dispersion that lends variety and complexity to the subject at large. I shall try to deal with the simpler aspects.

These rays converge within the human body to form seven energy centers known in Yoga as "Chakras." Also known as "whirlpools" or "wheels" of energy. They are situated as shown below.

Three of the energy centers reside in the head and neck. For this reason, the head and neck are sometimes known by the collective term "triple-warmer" or "triple-heater." These are formed by the highest rays, (7) Judgment, (6) Intellect, and (5) Harmony. Meditation and "synchronization" of these three energy centers brings warm and soothing life-forces that flow throughout the entire body. This trinity of chakras is also known as the "God-head." Sometimes symbolized as a circle, since three points determine a circle, so says my geometry teacher.

There are four bodily chakras, according to Yoga, they are: (4) the Ego chakra in the spleen, (3) the Love chakra in the gonads (or at the base of the spine, according to some authors), (2) the Will chakra in the breast, and (1) the Body chakra residing in the stomach denoting the Physical ray. There are various ways of depicting all seven chakras as they exist in the human body. One simple way is shown on the next page.

The god-head, with it's three chakras, is the circle, then the spine hangs vertically from the head with four cross bars on it depicting the four bodily chakras. Many variations of this form will be found in Egyptian hieroglyphic signs. The Ankh is one of these and is one of the most significant. Below illustrates a simple Ankh.

The numerology associated with the Ankh is very interesting. Divisions in the Ankh and additions to it provide a very unique set of numbers. Incidentally, the Ankh is also known as the "Cross of Life" or the "Crux Ansante."

Refer to Cosmic Chart # 7 on page 23. This chart is entitled "The Ankh." The location of the seven chakras will be noted. The three head chakras are in the oval, Will and Love form the arms of the cross, and Ego and Appetite (Physical) form the body of the cross. The Ankh is divisible into four parts vertically and into two parts horizontally. The vertical parts are (4) the God-head, (3) the arms, (2) the upper body, and (1) the lower body. The horizontal division divides the cross left and right along it's major axis into a male part (right-hand side) and a female part (left-hand side).

Additions to the Ankh will be noted, the five-pointed star in the center of the cross is called the "Aryan" star or Arabian star. In Krishna Consciousness, this star is called "Krishna's Star of Love." Krishna devotees paint this star in the center of their forehead. Within the five-pointed star is a four petaled lotus. This is the lotus of love symbolizing the gonad (sexual) chakra or base of spine chakra.

The horizontal division of the Ankh into male and female parts is called the "Polar" division of the cross and the lateral divisions dividing it into head, arms, and upper and lower body is called the "Gamma" division. Four separate parts are thus produced, and the product of these two divisions, the Polar and the Gamma, gives us eight parts to the Ankh. Thus, there is a male-female God-head division;... a male-female arm division, and a male-female upper and lower body division. This division, according to the Egyptians, symbolizes the four main root races or people. The uppermost (4) were the Children of God, (3) next were the Children of Will and Love, (2) then the Children of Ego, followed by (1) the Children of Appetite (physical).

PACIFICA? or - THE 'LOST MU'?

Mountain chains bordering the Pacific Ocean may hold the remnants of a lost continent that once existed in the South Pacific, according to a new theory by two geologists. Dr. Amos Nur of Stanford University and Zvi Ben-Avraham of the Weizmann Institute of Science in Rehovot, Israel, call the theoretical continent 'Pacifica' and believe it existed 225 million years ago where Australia is now. The two scientists suggest that the geologic forces that are constantly reshaping Earth's crust split Pacifica into fragments which slowly migrated across the Pacific.

... The scientists said, for example, that a continental block called Wrangellia which is now part of the Coast Range in Alaska and Canada may have once been part of Pacifica. The Andes in South America may also hold fragments of the lost continent. Continental chunks in Japan, East Siberia and China may have had similar origins. Some biologists have suspected for years that the ancestors of now widely distributed plants and animals were once close together. The breakup of Pacific would explain this pattern. Nur and Ben-Avraham said their idea also would explain why magnetic studies indicate that large fragments in the Western United States, Canada, and Alaska were near the equator in Triassic times 200 million years ago... THE TESLA EFFECT: A POSSIBLE WEAPON?

Reprinted from: SPECULA - Tom Beardon, Editor.

Address given.

... Speaking of Andrija Puharic, we should point out that he will shortly have a book published on Tesla's work. Andrija has also been instrumental in calling attention to the probability that the Soviet Union has weaponized the Tesla effect, using one or more of their large over-the-horizon radars of great power to test out the effect.

E.G., some very strange atmospheric effects have been introduced in Canada not far from Ottawa, and also some very strange effects in people living in that area. A marked increase in heart attacks, e.g. was picked up by the Canadian New media. Tom Beardon gave a 1-hour interview over a Toronto radio station, giving his views on the Tesla effect and Soviet psychotronic weapons. Simply put, an electromagnetic signal of certain frequencies (which Puharich has calculated) can be broadcast or transmitted through the earth which, when introduced into the earth at certain multiples of 30 degrees, will form standing waves in the earth itself.

This much is acceptable by ordinary theory. What present theory does not include is the fact that, in certain incidence angle cases, the standing wave also induces another strange phenomenon: coherence to the standing wave is formed in the molten core of the earth itself, and a tiny fraction of the vast, surging electromagnetic currents of the liquid core begin to feed into and augment the induced standing wave. At this point one has established a sort of giant triode; the inducing signal one is putting into the earth is the grid signal, and the vast energy in the molten core of the earth is the cathode and power supply. The established coherence serves as an amplification factor for the grid signal, and much more energy is now present in the standing wave than the miniscule amount being fed in from the earth's surface. By interferometer type techniques, multiple - "giant resonance" - waves of this type can be combined so that a "beam" or focussed effect of very great energy now exists inside the earth. Depending upon the frequency, focussing, wave shape, etc. one can apparently induce a variety of effects such as earthquakes induced at a distant aiming point, severe disturbances in the middle and upper atmosphere over the target area, "free power" taps to produce energy outputted directly from the earth's core, anomalous biological effects in the target area, and anomalous weather effects if the "beam" is played back and forth over a sufficiently wide area in a mode which introduces appropriate atmospheric changes. This is the so-called Tesla effect, originally discovered by Nicola Tesla.

WHY A THREE-SIDED PYRAMID IN CHINA?

by MARY HARDY

This is my own speculation and theory as to why there is a large, 1700 foot high, three-sided Pyramid in China. Why a three-sided one? To accurately transmit data. A wave-length wags from side to side - 120 degrees of a CIRCLE. A RECEIVING pyramid is a four-sided antenna; a TRANSMITTING pyramid is a three-sided Tetrahedron. We have built BOTH types in our backyard.

If a wave-length is to be TRANSMITTED into the etheric, it must have occilations of 120 degrees. A friend, Kenneth Killick, of Stittsville, Canada, designed both of our pyramids. It is this psychicist that has taught us a great deal about pyramid antennas, and why they were brought to Earth. After a period called the Lamerian period and before the time period called Atlantius, the Galactic Confederation restored order to our Solar System... The Solar System was close to self-destruction, and that is why the Heavenly Father took control of the situation. His angels, sometimes called the White Brotherhood, Sons of Light, Galactic Confederation, in essence the Police Force of the Universe were called to reconstruct order. After this was done they left a large Antenna system to monitor. That is why there are pyramid antennas on the Moon, Mars, and Earth. It is my theory that you will find them on every planet in our System. With these large antennas the Brotherhood can stay at home and watch from afar what is happening to the structural surface of the planets.

THIS PSYCHIC SONG

This amazing psychic song can change your life quickly. An astonishing combination of light and sound work together to insure a safe permanent removal of fears, tensions and emotional problems.

Do you believe in past lives? With this combination you can experience them. Many have experienced past life scenes and reawakened lost talents. At the same time, they found that troublesome problems and feelings from past lives were finally resolved.

A helpful combination of light and sound creates energies which harmonize many inner centers. This energy is freeing you from unwanted personality traits and all kinds of problems so you can be as happy as you would like to be. Frankly, we don't feel a product exists to match its ability to bring peace, joy, and happiness.

It's easy to use. A cassette tape of the remarkable sounds and elementary music plays while a beam of light from a slide projector focuses on the body. The projector contains a special color slide pattern that causes the release of inner problems when combined with the taped sound recording. While meditating, you will experience astonishing changes within as the negative is destroyed by positive energies.

This unique system was prepared entirely from psychically-channeled information by a well-known psychic in the Virginia Beach area. Don Danylyk, the founder of this new age organization, psychic and educator, has been featured in newspapers and on television. These light and sound methods have been used by a preferred society of psychologists, professors, and other psychics. These authorities recommendations state that it really works and the personality changes are amazing. An owner reports, "I've used it for months. I get better and better every day."

The combination tape and slide are priced to help form a non-profit organization and research foundation to establish these methods in the coming times. Order now - send a check or money order for \$25 postpaid for the cassette tape and color slide pattern with complete instructions. Satisfaction guaranteed or your money will be promptly refunded.

The Cheops has data mathmatically figured into its design that will measure the density of the Earth, the weight of the Earth, the Sun's distance from the Earth, the number of days it takes the Earth to go around the Sun, the volume of the Earth's crust above sea-level, and the ocean level of the Earth. It is obvious this knowledge was built into the Cheops for a reason. That reason may be that the Cheops was built to monitor the structural changes of the Earth. It is a tool to measure the changes on the surface so that the police force of the Universe, the Galactic Brotherhood can watch over us. They will not interfere with our development or the development of mankind, but they will not let us destroy our solar system by blowing ourselves or the Earth up.

Why the three-sided pyramid in China with a 200 foot Crystal? It is an antenna to transmit data to the center of the Universe. It may well be that the four-sided pyramids found nearby may monitor the structural changes in the Earth and this large transmitter sends this information... When something goes wrong, like an atomic blast that could cause damage to the structure of the Earth, the Galactic Brotherhood is told of the destruction so that action can be taken, so that the whole solar system will not be destroyed by the foolishness of a few Earthlings.

As you reported in the Atlantean Journal, the Hardy family felt that circa 1968, we were picked up by the Brotherhood. From this experience we were told we had to build a pyramid to help our sons. Since 1963, I have been able to go back into past lives and see what the Earth has been through. My life has changed. I now know that we are part of the Brotherhood of the whole Universe. Now Mankind must grow to this understanding. In the next twenty years, mankind will be able to step out of the Physical and enter the Mental Plane. In November, Asteron, one of the Brotherhood, came over British TV, broke into their transmission and warned that if mankind doesn't change they will be shipped off the planet. You have now a choice, learn the ways of the Heavenly Father, or be shipped to another school in another Galaxy. It is time for the Earth to advance in Evolution... ..

The Spectrum Mirror is triply amplified. It is armed with radium (not harmful) in its cavity. Its fibre optics point acts as a wave-guide for the gamma ray emissions which fire out the end, connecting with the Earth's magnetic field. It thus becomes an extended and vastly powerful pendulum. Its mirror surface reflects away all interfering waves, including negative thoughts. Its third amplifier is its vertical shape, which makes it selective of vertical waves.

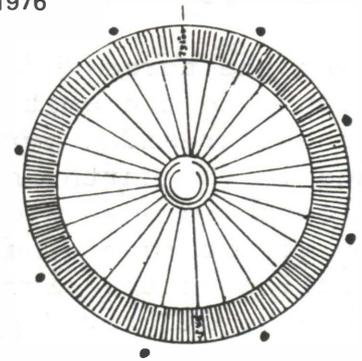

Every object radiates in some part of the spectrum. If you want to know whether something is suited to your individual vibration, a food for example, first set the sliding cursor on green for a neutral reading. (When set on any other color, the pendulum becomes selective of that color's frequency.) Ask with each color in turn whether its frequency is in resonance with your own vibration, or aura color. After you find out what your color vibration is, set the cursor on that color and ask if the sample (food, medicine, etc.) is good for you. If you resonate with two colors, ask the questions with the cursor set on first one and then the other color.

The Spectrum Mirror is used along with the Hills' Positive Green Pendulum by Dr. Robert Massy (of our faculty) for professional aura balancing. With the cursor set on red and the pendulum held over the red (or base) energy center, it will swing positively or negatively (clockwise or counter-clockwise) or a combination of these. This shows the condition of that person's physical energies. A positive swing greater than ten revolutions indicates a healthy person. The lower the number of positive swings, the less healthy the person is. Likewise, the number of negative swings indicates the degree of poor health: two swings is a mild problem, like a cold; four swings would be worse, like flu, and so on. At the higher numbers over 20 negative swings there is disintegration taking place somewhere in the body. With the cursor set on the other colors, the same results can be obtained with the etheric wave fields of color interpenetrating a person. The following diagram gives these equivalencies:

 SUPERSENONICS 1976

BACKGROUND

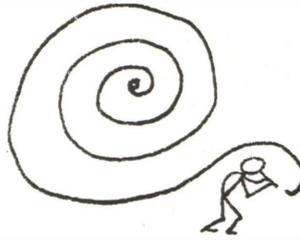

This instrument was invented by T. C. Garland, an architect and surveyor, for dating archeological objects and historical research. A group of radiesthesia enthusiasts used it to date temples, pyramids and artifacts. The disc was based on the radiation of an object being transferred to the precession of the equinoxes on the disc. The disc is a psychic representation of a total period of 25,800 years -- the approximate periods required for the precession of the equinoxes.

PRECESSION

Most astrology and astronomy students know that the precession of the poles causes a wobble which describes a cone in space which requires 25,695 years for the conical orbit to be completed. In this present century this polar axis is about 1° from the pole star. In another 13,000 years the earth's axis will be pointing to Vega and then it will return to its present position in 25,695 years from now. These events are written magnetically in the rocks and atoms of the objects when they are formed and they write their story in their radio-magnetic wave fields which can be read by Supersensonic man. The human nervous system can register a resonance phenomenon upon the disc when the pendulum reacts to the correct angle corresponding to the precession of the object's orbital atoms which were fixed at the time of construction.

THE CALL OF "THE FOUR CORNERS"

by TAL Levesque

Psychics have seen catastrophic Visions in connection with Earth's Purification, as we are raised to a New Vibration. It is a time of Great Initiation to another plane of consciousness. This increased Rate of Vibration will profoundly affect everything; whether it be Mental, Physical, or Spiritual.

Sky Crafts belonging to Beings from other Existing Conditions, are playing a vital role in the present changes. Also, some 'sensitive' persons are tuning into the Library "CRYSTAL" RECORDS in the deep, underground Empire of Inner Earth civilizations. From these Interactions of surface dwellers with other Beings, we have learned that certain areas of this Planet are now being revealed to be Sanctuaries and INNER retreats during the coming changes. Through the many channels the "CALL" has gone out and many are being drawn to these "Safe Areas".

In 1961, the book "Secret of the Andes" by Brother Philip (G.H.W.) stated: "The United States will be submerged, except for a few of the mountain places on the East and West Coasts. Parts of Four States - Colorado, Utah, Arizona, New Mexico - will remain." (Note: G.H.W. is Dr. George Hunt Williamson, the newest of our co-workers just placed on our Board of Consultants.)

Seeress Clarisa Bernhardt, whose accuracy has been remarkable and who credits her incredible ability to foresee future events to her contact with alien Beings, now predicts that the West Coasts' physical configuration will change enormously. Phoenix, Arizona; "Will be known as the port city of the West. A beautiful Riviera, a marvelous marina will stretch across the Southwestern U.S." The period of seismic trauma and turmoil will span 10 years (1973-1983)

Another contactee, has been told that a "Safe Zone" exists within a 100 mile radius area around the only point in the U.S. common to four state corners. The 4 Corners of Arizona, Utah, Colorado and New Mexico! What lies within this 100 mile radius circle? This magical - "Equal Armed Cross." For over 11,000 years this territory has been inhabited. Even today there are Remnants of the "Anasazi" people, (The Old Ones) living in or about the same area. The Navajo have a tradition that they 'emerged' from womb caverns near what is now Silverton, Co. In Arizona, the HOPI Indians joined the Survivors of the three previous cataclysms after the people emerged from the protection of their subterranean world. The PAJARITAN PUEBLO Indians say they emerged from the Underworld near a lake in the sand dunes north of Alamosa, Colorado.

Dr. Ron Ritchey, chief historian of the U.S. Department of Interior, Bureau of Land management, recently discovered the Ancient alphabet of OGAM - a type of linear script cut in grooves in stone (a system used by the ancient CELTS who populated much of western Europe and the British Isles) inside a cavern in Colorado! The OGAM engravings closer to the entrance are more weathered, those deep in the cave, "are as clear as the day they were cut". Are the subterranean caves of this area inhabited by the Ancient People who have disappeared underground? Do we dare believe the Indian "Witch Man" who disclosed contact with the Little People in the subterranean kingdom? Does there exist in these underground caves, a peculiar light which affords growth to the grains and vegetables and long life without disease to the People?

We are now in "The Land of Enchantment", looking for further clues to this great mystery (V.I.T.R.O.L.). Also in the 4 Corners area, the mysteries surrounding the people who lived in CHACO CANYON, in NW New Mexico, 1,000 years ago, continue to tease scientists. Where did they learn to build their impressive masonry buildings? Some up to three stories tall! Why the wide roads? More than 300 miles of them... The Chacoans had a comprehensive, visual communications Network of Line-of-sight stone circles and towers. These "Strange Sites" - dotted Chaco Canyon and outlying areas as much as 100 miles away. They could be operated by day with smoke signals and by night with signal fires. Maybe even telepathy! Timeless, remote and vast; this ancient land has absorbed all invaders from Mastodons to Missiles... If you feel the "CALL" - if you would give up and come to an Enchanted Land known to the Ancient Dwellers and join the Immortal Guardians of the Arcane Knowledge, -- Look Within. Look to the Secret Places, where Mother Earth will bring forth from her womb a knowledge that has been protected and care for within her for Ages. We do not have long to await our own personal appraisal of these Predictions, for a NEW AGE... ⊕

THE FORCE CAN BE WITH YOU!

by Don Wilson

More and more people today are uttering a strange greeting: " THE FORCE BE WITH YOU." This new saying-perhaps the most commonly used of our time - was born out of the movie STAR WARS. In that science fiction film the idea is presented that the "Force" does exist.

What is the "Force"? In the film Obi Wan (Ben) Kenobi refers to it as that "energy field that all living things generate". Amazingly, more and more scientists are discovering evidence that such an energy force field actually exists. It is generated by and surrounds all living things - from plants to animals.

THE FORCE EXISTS IN YOU

Dr. Harold Saxton Burr of the Yale Medical School proved through sensitive voltmeters that such an electrical force emanates and surrounds all living things. Decades ago he and colleagues at Yale measured and mapped these electrical energy fields which he called "life" or "L" fields. Burr's work which extended over many decades, covered nearly a half-century of exhaustive research work. But he established not only that the force fields of life are electrical in essence but that since they are a part of the greater electro-dynamic fields probably extending throughout the Universal.

These "life" fields in your own world permeate you, surround you, act as a mould, furnishing the organization of life that makes you, you. No matter how much of your material body is changed, no matter how much protein and atoms "turn over" making the "old" you into the "new" you (which scientists have evidence occurs every year) you still remain essentially you. This is due to the invisible all-controlling force you and every other living being possesses. (THE FIELDS OF LIFE) Perhaps the most startling personal fact about the "force" fields of life are their dominance over you. Not only do they make you, you, but everything that happens to you, is reflected in changes in this "life" field whether it be a scratch or cut on your body, or a flickering emotion flitting across the threshold of your mind...

Amazingly, about a century earlier another serious researcher, Dr. Webster Edgerly similarly proved that the human being is essentially electrical in operation who if he or she could maintain a high electrical state would not only feel great but would reach a high level of either perfect or near perfect health. (LIFE ELECTRICITY, Ralston U. Press). But - how attain such a goal?

Dr. Edgerly worked out such a system or program for attaining and mastering this vitalelectrical energy of life. Even more remarkable, Dr. Edgerly, who taught at several universities in the Wash. D.C. area, actually taught his unique system for mastering "the force" to some of the leading men of his time: people like Prime Minister William Gladstone of England, as well as many outstanding American political leaders like Senator Charles Sumner. In fact, more than a thousand congressmen and a hundred senators were enrolled in his private courses of instruction. Many leading churchmen of the time turned to him for private instruction including Cardinal James Gibbons, leading prelate of his church, Dwight Moody, magnetic Biblical evangelist, and Rev. Henry Ward Beecher.

His clientele further ranged from people like Alexander Bell, father of the famous inventor of the telephone, to great actors like Edwin Booth, brother of the infamous John Wilkes Booth. The great Edwin Booth is perhaps his most famous student. Being the elder brother, he had to overcome tremendous public resentment against him caused by his brother's dastardly deed. Finding himself being booed and even pelted off stages, Edwin Booth turned to Edgerly who taught him how to acquire the electrical "force" of like, enabling him, as Booth himself testified, to project his powerful magnetic personality to win worldwide acclaim, earning for himself that title by which he became known as "Prince of Players". In our book THE FORCE IN YOUR LIFE we present the Edgerly system for mastering the force. We are convinced that this work is of utmost important, for it deals with the secret of Life itself, and shares that secret that Edgerly fathomed so profoundly and presented so eloquently. Follow it and we are convinced that THE FORCE WILL BE WITH YOU!

NOW THE FORCE CAN BE WITH YOU!

NOW for the first time A COMPLETE MANUAL ON THE FORCE is available in book form. THE FORCE IN YOUR LIFE incorporates his teachings. It is filled with scientific studies that not only prove that THE FORCE EXISTS but teaches you the once secret system for mastering the FORCE!

THE "WHAT EVER BECAME OF IT" DEPT. Do YOU know? If so, tell us!!
 The item below was sent to us by a reader who wanted to 'know', and it was such an exciting item that we reprint it here in the hopes that someone will have an update. This first appeared in FATE magazine, December, 1966.

What ocean scientists speculate may be a baby sea monster has been found in a deep trough off the coast of Peru. The find was reported by a research team headed by American Dr. Robert G. Menzies, returned to Lima, Peru, in the expedition ship Anton Brumm, after a six week cruise over the Peru-Chile trough, which is 2 miles deep. Among items dredged up from the trough by scientists was a specimen of eel called Leptocephalus. The specimen was a baby, which measured about 12 inches. One of Dr. Menzies' assistants, Alec Ibanex, expressed the opinion that if the Leptocephalus has the same growth rate as European eels, it would conceivably attain a length of 100 feet. Thus, sightings of the adult Leptocephalus might explain some sea monster reports. However, adult specimens were uninvestigated and unknown... Another intriguing result of the trough survey, was a routine underwater photograph which apparently showed several stone columns. He said it seems possible that the columns are manmade.

-OTHER WORLDS, OTHER UNIVERSES-
THE MEANING OF EXTRATERRESTRIAL CONTACT!

by JOHN WHITE

The UFO scene is getting hotter all the time. In 1974 the Agllup Pool estimated that more than 15,000,000 Americans -- 11 % of the adult population -- have seen a UFO. The number of contactees is much smaller but nevertheless is in the hundreds, with many of them saying that they have regular links (telepathic) with space.

Most sensational of all are the public announcements by several well known figures in the field of Ufology and psychic predictions saying that Planet Earth should prepare for a mass landing of UFOs. These people also say that the occupants are benevolent and are here for the good of humanity.

Before responding directly to these claims, let's briefly consider the matter of UFOs in relation to higher consciousness. In studying the UFO question, physics and psychology come inextricably together. As the study of inner and outer space merges, consciousness becomes the key to it all -- the meeting ground of Inner and Outer reality. All our perceptions and conceptions, all our knowledge and values and beliefs -- all are mediated through consciousness. We can be aware of them only because we are first of all aware - conscious. Ideas, emotions, hopes, fears, are the contents of consciousness, not consciousness itself. Our state of consciousness constantly shifts, and with it, our perceptions, abilities and understanding of reality. Whatever we are aware of, consciousness itself remains the basic means by which we know what we know.

The UFO phenomenon, then, turns out to be only a wedge into the larger questions: What is reality? How can we know it? These questions about cosmology and ontology bring us slowly but surely to the realization that only by understanding the essence of ourselves can we understand the nature and structure of the cosmos...

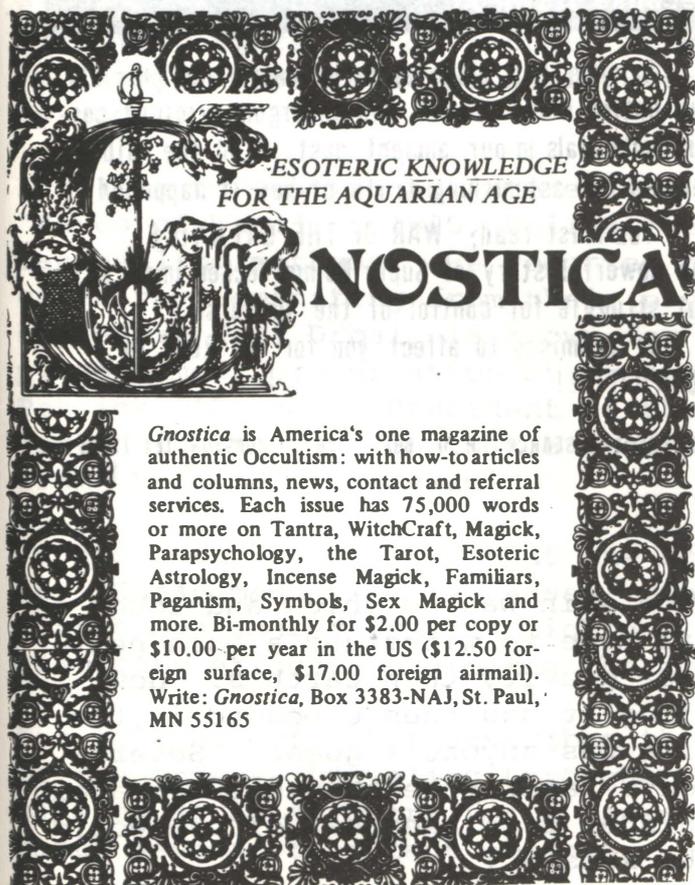

The emerging discipline termed parapsysics gives us an example of this by pointing to the previously unrecognized factors influencing our thought and behaviour -- factors such as geomagnetism, lunar cycles, solar radiation, galactic and even inter-galactic influences... Tie that in with the study of consciousness -- which suggests that where life is, consciousness is -- and it becomes quite plausible to consider the possibility of superhuman and non human forms of consciousness whose existence may be on a similarly grander scale from which they influence and even guide human affairs. (One astrophysicist speculated recently that pulsars --- pulsating neutron stars -- are intelligent beings, bringing to mind Edgar Csyce's statement that the sun may be an angel in another dimension.) If this is so, then there may exist a hierarchy of consciousness leading up, as the mystics have maintained throughout the ages, to the source of consciousness itself -- God.

Such beings have been reported throughout history as ultraphysical, extradimensional entities who can materialize into our three-dimensional space-time continuum from higher sets of dimensions. Traditionally they have been called guardian angels, ascended masters, devas, spirit guides, etc. Since the coming of UFOs, they have also been called Space Brothers, Ufonauts, ultraterrestrials and Ancient Astronauts.

Conceptualizing the higher dimensions that these entities inhabit is difficult. The ancient Greeks had become conscious of three dimensions to space, but it was not until Einstein that awareness of a fourth dimension to real space was achieved by official science. More recently, there has been an accelerated investigation of this notion by a host of physicists and parapsychists who are eager to create a model of the cosmos that will allow and explain the sort of paranormal events that many of them have seen psychics and UFOs demonstrate.

"TRUTH IS STRANGER THAN FICTION"

(Reprinted from Trenton, Fla. Journal. Dated: March 3, 1977)

On Feb. 10, 1939, in the Artic Ice near the Russian border, an object came to light that astounded the scientific world. A small vessel anchored near a glacier saw a dark form embedded in the ice. They set about to release it from the huge iceberg... Closer examination, once it was aboard, disclosed that it was something of a humanoid shape and well preserved... They quickly decided to return to port and give it to the local authorities... When the ship docked, the object was turned over to the Russian government... It was shipped to laboratories in Moscow for identification. The newspaper, Pravda, carried a small article about it, and then ceased all mention of the find. Nothing was heard until the world science fair in 1954, at this time the Russian government gave special permission for scientists from several countries to view it.

The figure was humanoid in shape, with a head much larger than the rest of the body. They could readily see that a complete autopsy had been done on it. The autopsy had revealed a much larger brain than human. It had in the chest area two hearts, one on each side of the chest, and the circulatory system was vastly different. The body also yielded several other organs unlike anything known to medical science.

THE DORJE --- A KEY TO THE STARS
by DR. RON ANJARD

The Dorje is more than just a simple instrument used by Buddhist priests. True, they have their simple implements such as a butterlamp, food bowl, robe and sacred knife. But the Dorje has been called "the Heavenly Rod". Some have even theorized that it is a "psychotronic generator".

The Dorje looks something like sceptors of medieval kings. It is small and has two globes at each end. These represent lotus buds -- the symbols of spiritual purity. These two bulbs are fixed to a solid rod. Some Tibetan Dorjes are made of an alloy of five metals while others vary from brass and iron to silver and gold. Because some of these scepters contain tin and copper, scientists have theorized that the Dorje is an electrical device. It is far more than that:

Lamas secretly talk about "recharging the Dorje". In ancient Buddhic scriptures there are unusual passages including "after washing his Dorje with holy water, it shed a brilliant radiance." Others provide veiled descriptions of lama initiation rites in which the robes were illuminated by the glowing Dorje. In the famous Tibetan Book of the Dead, "a fire-mist aggregate of matter" is discussed. Only a carefully instructed lama is capable of producing very strange phenomena with this "heavenly Rod."

I'd like to mention an interesting finding which uniquely relates. In "Waves of Warm" in 1926, Belizal described years of research into Egyptian healing methods. He reported that the Egyptians used a "negative green ray" emanating from their psychotronic devices. A famous Czech engineer, Karl Drbal, is known for his pyramid studies. He once did a pyramid-meat preservation study applying a constant ray of green light. Patrick O'Connell, President of the New Atlantean Research Society, reported in January '78 that a positive green energy beam radiates upwards from the apex of a pyramid.

It has been hypotesized that the Dorje is charged by psychic-mental force. Human magnetism is raised by means of deep breathing; ultrasonic vibrations caused by very high and very low tune chanting and unknown chemistry effects by dipping the metallic rod in a special liquid.

The folklore of Tibet describes the Lung-ta, a winged horse -- messenger of the gods -- traveling throughout the Universe. Lung-ta has been considered as an allegory for a "spaceship". Reportedly it brought to the Earth several important objects.

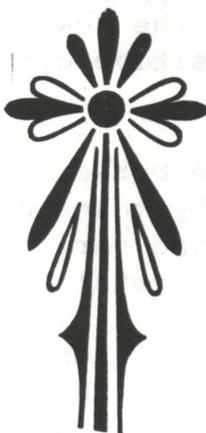

According to tradition, several Dorjes came from the sky many centuries ago. One fell in Darjeeling. Darjeeling in Tibetan means "the Place of the Dorje". The most famous celestial Dorje was kept at Sera Lamasery, but moved later to the Gadden Monastery near Lhasa. The Dalai Lama is known as the Holder of the Dorje.

There's been interest as to how Tibetan astronomy know about the heliocentric theory, rotation of the earth and others during the Dark Ages in Europe. The Tibetians even then considered life in space as a reality. In Timeless Earth, Peter Kolasimo described a situation in 1959 when a high lama used a special instrument, no doubt the Dorje, to explain their source of knowledge. The Dorje produced a humming sound, a luminous mist appeared in the lamasery cell gradually taking the shape of an unearthly human being. In front of this figure, a three dimensional model of the solar system came into view, formed by lights rotating around a glowing ball -- our sun. The observers were surprised to find that the model had ten planets, with an unidentified planet orbiting beyond Pluto. In "Akhenaton's Secret, the Solar Lotus", R. McCollum reported that Pharaoh Akhenaton in 1367 BC described astronomical symbolisms of the famous Ankh cross. In his planetary alignment, the Pharaoh also indicated a yet undiscovered planet past Pluto. About two years ago, incidently, it was announced by Russian astronomers that they had found a new planet past Pluto and I have personally communicated with a noted Russian Astronomer in Leningrad (U.S.S.R.) to verify their finding.

Andrew Tomas, in Ancient Skies, reported that he saw ancient books in the Dalai Lama's Library in India in 1976. He reported that these "contain records of visitations of ancient astronauts to planet Earth and these 1300 old lines quite clearly allude to visitors from space who returned to their distand planet, leaving "...only legends and" ... "the Dorje scepter." Thus the Tibetians have not only unusual "tools", but important keys to science. They also have essential insight into earth's curious, ancient past and present.

UFO UPDATE: SUBJECT - CATTLE MUTILATIONS -

by Joan O'Connell - Source: GAZETE TELEGRAPH,
Colorado - Dated: September 6, 1977.....

The carcasses of three mutilated cattle, one appearing to be alive when cut on, have been investigated by the Logan County Sheriff's Department in northeastern Colorado. The incidents, confirmed as mutilations by investigating officers, brings to 76 the number of animals that have mysteriously died and suffered disfigurement at the hands of unknow butchers since the scourge began in Logan County in August 1975. Almost nightly sightings of unidentified flying objects have been reported to Sheriff Harry L. "Tex" Graves, whose policy is to investigate anything that might have a possible connection with cattle mutilations...

...Officers said the mutilations appeared to have been done in the pattern that has become characteristic of cattle mutilations in some 23 states. No tracks or clues were in the immediate area of the animals... Residents of Logan County in November 1976 began noting the frequent activity of UFOs which is still continuing... At the start of their frequent appearances, the UFOs were generally seen between 8 pm and 10 pm; but recently sightings have been reported up to 4 am. From a vantage point 30 miles west of Sterling early Thursday, officers watched UFOs flying "very low" in the sky. "There were several of them that kept flashing bright for a few seconds, the faded out"... An additional report, from the La Grande, Or. OBSERVER, dated August 23, 1977, states: "... (concerning a mutilated cow, and an observance of a UFO) "The object landed on tripods, the imprints made by the landing were 6 ft. by 5 ft. and 1/2 ft. apart. The pod prints were 14 inches across." From the left side of the object a smaller tripod object had emerged, with suction cup-type pods 28 by 28 by 28 inches. Grass in these tracks was dead. Valdez said they showed the smaller object chased the cow about 400 feet, did its work, and went back. But, he said, the object had landed twice. There were tracks, he said, on top of tracks made by the rancher's truck when he discovered the cow."

The animal, Man, is dumb if he thinks he is ever going to 'catch' BigFoot!) **** This one is from SPECULA - Vol.1 - No. 1 - Tom Beardon, Editor ... "Al Bielek dropped by and shared some information with us which may prove startling indeed if it turns out to be valid. Briefly, a fellow in Arizona believes he may have found the crash site of a fantastic interstellar spaceship, and he has been engaged in digging out the evidence. Al showed us pictures of petrified human hearts, tongues, kidneys, a breast, and a recognizable thumb or toe complete with nail..." All kinds of goodies in this new publication and you can write them at 1902 Willis Rd SE - Huntsville, Ala. 35801. **** A man who suddenly became agitated and then spent two weeks in apparent agony in the hospital may have died under a voodoo curse, according to a report in a leading U.S. Medical Journal. An autopsy could find no biological cause for the death... The strange case was discussed in the American Journal of Psychiatry by Kenneth Golden, instructor at the University of Arkansas... ****

Strange, plasmatic fauna, invisible to normal human sight, cavort above the summit of Mt. Wilson, California in January 1959. The author used a Praktica FX-2 camera, exposing at f1.9 and 1/100 second, using highspeed infrared film. These organisms, according to the author, pulsate and change form when spuriously visible and account for numerous UFO reports.

Communicating With Aliens

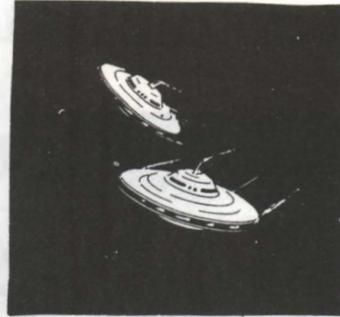

Cross-sectional drawing of a ventla-type spacecraft made and published by George Van Tassel in his *Proceedings* issue of 1 December 1953. Transduction of the positive primary radiation from the sun into propulsive power takes place in the "light motor" sectioned here in the middle of the craft. Infrared photographs of vehicles of this type made by the author directly from the invisible state are consistent in what they show with Van Tassel's description of spacecraft propulsion, obtained by telepathy nearly 30 years ago.

High in the mountains of Georgia, down a 2½ mile dirt road, lives an unassuming, humble biophysicist, Dr. Carey Reams. People from all over the world beat a path to his door... although there are no signs to indicate where he lives!

Why? Because Dr. Reams has an impressive track record of saving those who medical doctors have given up all hope on and pronounced "terminally ill." Dr. Reams is NOT a medical doctor, nor does he diagnose or treat disease.

How? Through a simple, ingenious urine/saliva test. Dr. Reams is a mathematical genius. This test gives him the proper information to mathematically analyze the entire body chemistry and detect, with remarkable accuracy, both the location and severity of most physical ailments. With a unique 3-day fast and special lemon-water, distilled water diet, Dr. Reams is able to restore body chemistry to its normal range and suggest a diet for an individual's specific body chemistry.

The author, to report accurately and without bias on this revolutionary method, went through the fasting program and spent 10 days with Dr. Reams. Dr. Reams had a sheet which contained the author's urine and saliva equation analysis. There was no physical examination. Dr. Reams did not ask the author what symptoms he had. Simply by looking at the chart, he indicated to the author the present physical problems he had (to the author's amazement) and what future health problems would develop if a proper diet was not followed! In **HEALTH GUIDE FOR SURVIVAL** you will read what Dr. Reams said was the author's health profile upon his arrival at the retreat, and how this health profile improved after the special fast. It will surprise you!

Truth is stranger than fiction! Cancer, heart trouble, arthritis, diabetes, hypertension, leukemia, hypoglycemia, breast cancer, glaucoma, multiple sclerosis, emphysema and even leprosy—people with all these diseases and many more have passed through Dr. Reams' retreat and responded to an individualized diet!

To your loved ones and friends who are terminally ill or have a serious disease... you owe it to them to at least read **HEALTH GUIDE FOR SURVIVAL**. It may prove the key that will return them to perfect health and a long, full useful life!

Revealing Quotes from Health Guide for Survival

The doctor may pronounce you in perfect health. You can feel well and yet be in imminent danger of a fatal heart attack!

We welcome a challenge... whenever one takes enough time and interest to make the tests, we have never been wrong!

I do not claim to have a cure of any kind. We make no claims of any kind. We make tests and using the mathematics of body and food chemistry, compute a diet that can bring the body back towards the mathematical formula for perfect health. Whatever healing takes place is done by God and the life forces in the body.

In one two-year period alone I tested and designed nutritional programs for over 24,000 people. Over 10,000 of these people were given up to die by their doctors. Yet only 5 people out of those 10,000 terminally ill failed to respond to diet!

There is one single mineral that is of the greatest benefit in the prevention of breast cancer!

Vitamins are only a crutch. They can aggravate your problems.

People have come here bedfast by arthritis and drive away in their own car three weeks later.

I am the advisor now on diet for many, many medical doctors. I am an ordained minister teaching the health message as written in the Bible

Cobalt cooks the flesh. Chemotherapy destroys the liver. I think the use of these is murder!

Hypertension in children and adults can be corrected quickly without the use of tranquilizers!

Gall bladder problems in the early stages are very easy to solve.

Dr. _____, a dentist, had leukemia. He was 81. I did not think he would live through the night. He had been hemorrhaging from the lips and mouth for 6 months. The medical doctors had given up on him. In 10 weeks we were able to send him home with the proper diet and he went back to his dental practice.

We have had children come here with leukemia and we have had 100% success! Leukemia is one of the easiest things to correct!

If you follow the rules of good health your weight will stay where it is supposed to be. Weight clubs treat every person as though they are obese, and they are not!
