

The REALL News

The official newsletter of the Rational Examination Association of Lincoln Land

Volume 1, Number 1 -- February 1993

"Science is best defined as a careful, disciplined, logical search for knowledge about any and all aspects of the universe, obtained by examination of the best available evidence and always subject to correction and improvement upon discovery of better evidence.

"What's left is magic. And it doesn't work."

-- James "The Amazing" Randi,
in The Mask of Nostradamus
