**THE UNPUBLISHED FACTS OF LIFE**

Behind the tales of the miracles and mysteries of the ancients, lie centuries of their secret probing into nature's laws --their amazing discoveries of the hidden processes of man's mind, and the mastery of life's problems. Once shrouded in mystery to avoid their destruction by mass fear and ignorance, these facts remain a useful heritage for the thousands of men and women who privately use them in their homes today.

## THIS N' THAT

Now they are saying that the 'people from Clarion' are attending meetings in Hollywood and San Diego....A New York columnist recently stated that the Pentagon is showing considerable anxiety about the increase in 'actual' flying saucers.....Ohio Northern University's latest report on their investigation of flying saucers state that they are ceasing all efforts because of the lack of reports of sightings, and that they are doing so voluntarily and without any influence from any branch of the government.....

Re the Aphrodite Project, Supt. of Documents, Govt. Printing Office definitely states that the project is classified and not for public information. They refer all questioners to the Naval Rocket Research, but Naval Rocket Research insist they know nothing of the matter???????

Clipping from French newspapers tell of near panic caused by low-flying saucers with one actual landing witnessed at a French Airport around the first of February by a lone airport worker. Metal debris of some Type is purported to have been left behind by The Saucer.....Pan-American pilot William Nash has stated that the Air Force has "hardware from outer space" received very recently.....

Dr. Benoff, a ranking seismologist, stated recently continued on page 2

that the Kamchatka earthquake of 1952 momentarily twisted the whole earth out of shape. Dr. Benioff said the quake jolted the earth so hard on one side it bulged out a little, then sprang back into shape. The evidence was produced by ultra delicate equipment built by Dr. Benioff. He stated there has been no other quake that strong.

A compound in which the secret of higher forms of life is locked has been isolated and purified. This was announced by scientists at Princeton U. who stated 'when the chemical, Acrasin, is added to a culture of single-celled amoebae they speed to a central meeting point and join up'. They are now attempting to identify the compound chemically. The scientists think primordial slime - possibly 1 or 2 billion years ago - produced this magic compound to inaugurate such great states in development of life as many-celled plants and animals; The specialization of cells and tissues, and possibly - this is debatable - sexual reproduction. They do not feel the amoebae with which they work are necessarily the ancestors of human beings.

A new type gyroscope, capable of such minute jobs as measuring off the width of a city block on the moon, is being mass produced by Minneapolis-Honeywell Regulator Co. Officially called The Hermetic Integrating Gyro, the device is capable of detecting motion 3,000 times

slower than the movement of the hour hand of a watch. A spokesman said that if a man standing in Los Angeles could read a newspaper held up in New York, the gyro could detect the angle of change of his eyes as they traveled from the first column to the eighth.

And now it's nerve gas . . . Lt. Col. S. J. Efnor, deputy commanding officer at The Rocky Mountain Arsenal, confirmed that the arsenal is manufacturing GB gas, a deadly nerve gas. It is stated the gas is so lethal that one drop of the liquid from which the gas is made will kill a man in 30 seconds. The gas from a single bomb the size of a quart fruit jar could kill every living thing within a cubic mile . . .

Astronomer Clyde Tombaugh, the discover of the planet Pluto (1930) is looking for a second satellite of the earth. He refused to give any details and refers questioners to the Army Ordnance in Washington. It seems the Rocket-Boys are interested as to the significance it may have on any proposed space flight. Could this second satellite be the planet Clarion?

The "High Command's" atom-age "Underground Pentagon" built inside of a mountain is finally ready. Started 3 years ago it has been completed at an original estimate of 35 million dollars. There are five micro-wave towers in connection with this project in and around Washington.

## E.S.P. MESSAGES

Charles A. Laughead M.D.

(Editors note - Dr. Laughead has granted permission to publish the following messages with this reservation: 'They came through an acquaintance of mine and therefore I cannot vouch for the purity of transcription. I personally had nothing to do with receiving it, although portions of it were directed to me personally. Certain portions of the messages are prophetic in nature and therefore tricky and apt to be misinterpreted by uninformed people, especially when dates are mentioned. Due to the human element in psychic transcriptions, errors are apt to occur and the Medium may color the message by his own preconceived ideas. Also, it is always wise to follow the New Testament admonition of First John 4:1: 'Beloved, believe not every spirit but try the spirits whether they are of God: because many false prophets are gone out into the world.'")

So you think it is a joke that we are coming to see you people on Earth! So you think it was a matter of remembering what someone told you concerning August. This has nothing to do with what he said or what we said. It then shows merely your again coming closer to complete consciousness for this date you knew ages ago. although you

cannot believe your own conscience you place faith in us who are actually subservient to you. Wake up! Be no more underestimating of yourself and say that because you thought a thing it is not true. Know you this about yourself-when you think purely on your own plane (thought), there is no room for error as there is none being a part of who you are!

Now concerning our visit, O thou faithless Son of light, we are coming in August of this year and in groups of 160,000, not the 50,000 as earlier assumed. We will upon arrival, scatter over the face of the earth and instruct your immature souls of the earth concerning the most perfect application of the love principle, truly, in reality, this is all we do. For as we give away our lives from all selfish interest and egotistical desires we find our true reverence to the rest of God's great creation.

We have so perfected the love principle we need not adapt the policy of loving our enemies and blessing those that curse us for there are no enemies and there is no one that curses. Truly here is where the spirit of God can move freely and give unto us unimaginable blessings on us. This too is one of our great missions here, as it is only when Love reigns that it is possible for God to give you more than he

has. This is not because God is unwilling to give unto you--it is just in your ignorance you refuse to receive that which is already given you (Human Race).

Upon our arrival be ready to receive us and welcome us--not that we are demanding, but that in order to fulfill our mission here it is necessary that we intermingle as much as possible with you who know about us. You then can help us by aiding us with information we still have not received from our short momentary visits on your planet. We mingle with you and people like purposely because although you look human, yet are you divine--even more so than we by far.

You remember meeting a stranger just the other day--and yet he was not a stranger at all, but one of us whom you met while working in our realm to build us up as you are now to build up the earth. Grant us that when we come to cooperate whole heartedly--be not fearful of telling of our coming for the world must know of our coming to be prepared. The time is therefore short, work well and preach the truth until we come!- - -

**'GOD IS WITHIN YOU. WHAT ADVANTAGE IS IT THAT ANYTHING IS HIDDEN FROM MAN, WHEN WE LIE OPEN TO GOD, AND TO HIM MUST APPROVE OURSELVES.'** --SENECA:

THE FOLLOWING WAS RECVD. 1-25-54

To all of you here on earth now. You are all doing well in searching for the truth. I tell you that all you have found is true and know this, that what you do know is nothing compared to the whole truth--this also is in short, saying that you already know this.

Again, be of help to congregate people as often as possible and tell them of the truth of the present coming of the Saucer People--this you have done but tell them and emphasize the true doctrine of the world and how soon the waters shall cease--this will bring you persecution but bear all, you are needed.

Soon there shall come a storm greater than the world has known-- this will cause mountains (now unknown) to erupt and a whole new world shall open unto humanity. This storm will be different than all others too in the respect it will not destroy but create and soon it will be helping to bring about the new heaven and earth.

The concept of the new heaven and earth has been wrong. There shall be no destruction, neither is there ever a destructive force, only the manifesting of a new and greater world.

Be now more satisfied by finding and preaching the truth, but also LIVE it.

You must deny yourself--this must occur--you have heard of this before but you too, with many others, leave the world that you too may serve it. Here too, this will be like Jesus saying to the rich to sell all he had and give to the poor. To give away (metaphysically) not literally is to find yourself as you really are.

More later and in more detail.

ARCHERS' COURT, HASTINGS, ENGLAND

COMPILED FROM THE CHICAGO PUBLIC LIBRARY  
MICRO FILM DEPT.

Chicago Record Fri. Apr. 2, 1897 dateline Kansas City, Mo.

SEE GREAT AIRSHIP! Kansas City people excited--mystical black object casting before it red light, startled whole of Kansas City for the last two weeks! At last descended--10,000 people swear they have no hallucinations!--Scoffers and disbelievers claim the people have been seeing the planet Venus or Evening star even though according to the almanac, the planet Venus should have set below the horizon at least an hour before! Object appeared very swiftly, then appeared to stop and hover over the city for 10 minutes at a time then, after flashing it's green blue and white lights, shot upwards into space--light twinkling away and looking like a bright star--time 8:15 PM.

Everest, Kansas also sighting strange airship, competent reporters state that this must be the airship that was built in Oakland, Calif. and broke away at launching time--This giant airship hovered one half hour at a time and descended at regular intervals very closely to the earth. Giant searchlight flooded the whole city with light from this aerial monster. The beautiful ship with velocity of an eagle, darted up and away. Power source must have been attached to the light

for it dimmed as the ship went up and away.

One observer said there seemed to be a basket or car beneath a great, dark object overhead. The car was shaped like a canoe and had four wings, two on each side, fore and aft. The light was greenish or blue against a yellow light of a locomotive in the railroad yard. Colored lights seemed to be all around the car.

Chicago Record Apr. 3, 1897 dateline Niles Mich. Apr. 2:

**FLYING MACHINE NOW IN MICHIGAN!** people of Galesburg saw a brilliant white light approach from the s.w. The object appeared large and black, with a crackling sharp sound, hovering closely to the earth, reporters state they heard human voices from aloft--from the airship! when the ship went off, it seemed to be tipped with flame (local comment was that the airship caught on fire!).

**AIRSHIP OVER CHICAGO AND EVANSTON! - - -**  
People are tripping over themselves these days trying to get the best look at this green and white lighted, giant airship that has had the people all over the mid west in a dither. Some people think the end of the world is near. Scientific minds have explained the whole thing away by now. Mystery will surely be cleared up in a few days. Mr. Carr, an aeronaut has built an experimental balloon and is financed by a New York theatrical wig mfg. co. Mr. Carr states that his machine works marvelously but can not go against the wind. Power is a storage battery with a propeller!

Prof. Hough of Northwestern University and head astronomer of the observatory when asked to train his telescope on object said "I am busy with sights on Jupiter and it would be too troublesome to change." Next day Hough said "The thousands of people who are reporting on this so called strange airship are in reality looking at ALPHA ORIONIS OF THE CONSTELLATION ORIONI"

Chicago Record April 12, 1897

**GIANT AIRSHIP CONTINUES OVER CHICAGO AND ENVIRONS! - -** People all over the city are in an uproar and while everyone is viewing this grand sight on the south side-two amateur photographers saw the airship-their

photo shows the railroad station and above it, a purported airship! This airship was seen to come in over the lake and traverse the whole city for several days.

Same report datelined Milwaukee April 11, 1897.

The residents of Milwaukee cannot be talked out of what they are seeing. Thousands report the authenticity of a giant airship with colored lights. The police records are full of the story for they have been called to explain this object!

John Otto, thoroughly enjoyed the hours of ferreting out these tasty morsels of spacecraft that have been in our atmosphere and note the men of science and thinkers of the day were no different then than now.

#### THE SOCIETY OF METAPHYSICIANS LTD.

"Our research group at Archers' Court has utilized newly developed biometric methods of Dr. Benham to test the radiations absorbed by the Adamski and also the Coniston flying saucer photographs, and has compared the results with various metals, etc. It is most interesting to notice that the saucers without exception are metallic; that life indications are present in most; that certain appear to be negative - such as the 'Saucer' leaving the rocky ridge, as shown in 'Flying Saucers Have Landed' by Leslie and Adamski.

"Initial tests also suggest that the energy inherent in the saucers transcends most earth-bound materials - and these characteristics were particularly obvious in a saucer photographed near a cigar-shaped 'mother-ship'. In view of the fact these results are the first of their type in the world, we feel sure that their importance will be of great interest to 'saucerites'. The full biometric report and its easily understood summary (35 cents, post free) can be obtained from Archers' Court, Hastings, England. Specialised tests continue and many further fascinating results emerge."

#### FROM 'THE LITTLE LISTENING POST'

From a recent letter from a London Editor: "My own view is that I. F. S. B., was closed down under pressure from the American authorities because their bulletins were getting too close to the truth. In a similar way our Air Force pilots have been dissuaded from talking about the subject in public. A meeting is being held over here when some of the more daring spirits are going to make a try and break down the secrecy.

"I have a strong feeling some news some where is going to break possibly this year. The interest here is growing very solidly, and people who were sceptics before are now showing great signs of curiosity even if they have

not been converted. I can assure you that this is remarkable over here, and I will say something on behalf of my countrymen, namely their reasoning powers are pretty strong, Mr. Adamski pointed this out before we published his book, and he has confirmed the reviews in England have been more carefully reasoned than they were in America. This goes for the sceptical reviews as well.

"I am enclosing a cutting from the Daily Mail showing a photograph taken in Lancashire." (It was a large full face view of a saucer over a hill, apparently nearby. Shadowy outline yet very striking.) "The two boys have been interviewed by Desmond Leslie, and although their photograph is out of focus their description leaves no doubt at all what they saw was an object very similar indeed to the one photographed by Mr. Adamski. As you will see, the Daily Mail was rather nervous at the last minute and published the photograph with what almost amounts to a disclaimer. However, I can tell you that behind the scenes they were considerably shaken."

READERS " " QUOTES

Dear Sir:

In one of your releases loaned to me, someone asked how the public could be converted, or enlightened, about occult matters and the new approach to religion.

I think 99 percent will have to be changed by Bible quotations with the allegorical meaning. If we had one reformation, we can have another by explaining the Bible passages as allegorical instead of purely historical.

It will be quite some problem to have people cultivate the Christ within instead of worshiping the historical Jesus. But there are many passages in the Bible which justify this.

K. L. R.

Dear Sir:

I encounter so many SAUCER FANS who feel the human race is backward-slithering toward doom-and not to be counted upon. BUT THANK HEAVEN, you agree that it is the most in "potential" of any race of the universe. When I think of the Deva evolution, and how much easier it may be for them because they apparently do not take INDIVIDUAL responsibility, and when I think of what is hinted at in Gerald Light's material in R. R., about the MORAL attitude of some of our star neighbors, I am indeed humble.
