# WE WELCOME YOUR IDEAS

## MANUSCRIPTS AND PHOTOS

ALL manuscripts will be carefully evaluated, but the SBI cannot be responsible for loss or damage. (KEEP A DUPLICATE COPY FOR YOUR RECORDS) Absolutely no manuscript, photograph(s) or sketches will be returned UNLESS accompanied by a stamped, self addressed envelope with correct postage. Manuscripts should be mailed to: Scientific Bureau of Investigation, 23 MacArthur Avenue, Staten Island, New York 10312.

## ANALYZATIONS

The SBI is a non-profit organization and devoted to finding a solution to the UFO phenomena within our own lifetime. ANY photograph(s); artifact(s); soil, liquid or metal analysis, pertaining exclusively to the phenomena known as "Unidentified Flying Objects" shall be tested without cost to the owner/finder. ALL investigating and documenting of a related UFO report shall be without cost to the person(s) reporting such incidents.

WE URGE ANYONE WISHING TO HAVE A UFO RELATED ITEM ANALYZED BY OUR LABORATORIES or WISHING TO REPORT

A UFO OCCURRENCE to either write to: Scientific Bureau of Investigation, 23 MacArthur Avenue, Staten Island, New York 10312 ---or call:

(201) 254-1224 (in New Jersey)  
(212) 356-6696 (in New York)

ALL investigations, documentations and analyzations will be handled with CONFIDENTIALITY.

# Radio Shack introduces its second TRS-80™ computer breakthrough. A small-business\* computer for people who like to pay less than the "going price"

*Why Radio Shack's "going price" is so much lower than theirs*

There's TRS-80 Model I. Systems start at \$499. Last year they started at \$599, but now we're down the learning curve while others are just starting up. This ad, of course, is not about Model I. It's about Model II. Model II systems start at \$3450. And here's what's so incredible: comparable systems (like IBM 5110) cost roughly 33% to 66% more. We said we'd tell you why; it's a mix of three possibilities: (1) they have higher selling costs, (2) they have higher manufacturing costs, (3) we have lower gross margins.

*\*A small business may be a small part of a large business, right?*

Most businesses, small or large, have a tendency to buy too much computer for their job. We learned about this with TRS-80 Model I; in fact

Model I is too little computer for many business applications. So we designed Model II to be "just enough computer" for most micro/mini applications. And here's a promise: we'll sell you what you need, not less, not more, and you will SAVE MONEY.

*Does a retailer belong in the business-computer business?*

The competition would like you to believe computers can't be sold over the counter like typewriters. They're right! Business computers like TRS-80 Model II have to be sold where computers and software are sold, where computers are serviced, where computer advice is available directly from the manufacturer. That, friend, is exactly what Radio Shack is all about.

*How we sold over 100,000 TRS-80 Model I Systems*

This is probably the most interesting computer story never told. We did not know — repeat NOT know — there

was a big market for personal computers. So we put 20 people on the job. Shortly thereafter we had over 700 people on the job. The over 100,000 system sales came from getting off our behinds FAST and meeting demand by building computers (instead of talking about them).

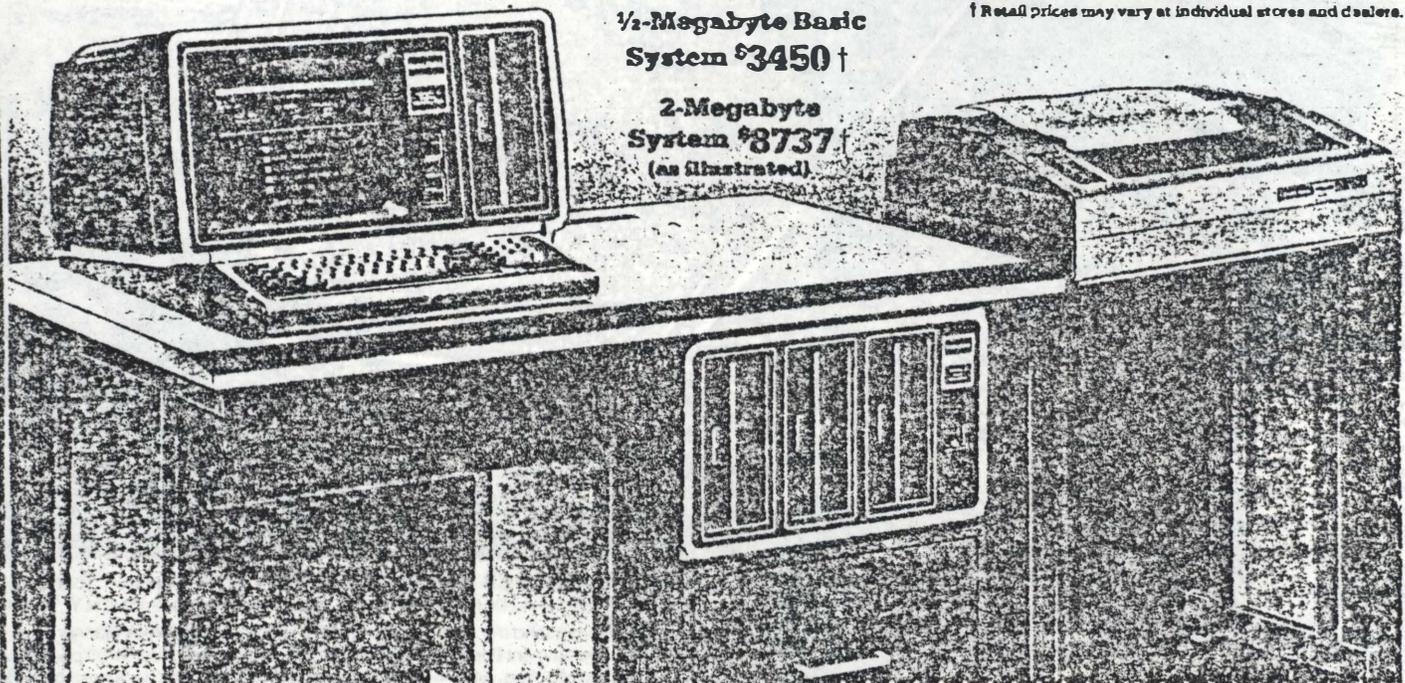

*Radio Shack deserves to be your small-computer company!*

Simply because we offer 5-figure computing power at a 4-figure price — with five business software packages ready to "go to work" immediately. — with your existing personnel. Plus, modular design means easy expandability with plug-in printers, additional disk drives and more! You can order a TRS-80 Model II (or I) in over 7300 locations worldwide. And, over 100 USA Computer Sales/Service centers are ready to stand behind your computer with service (and training classes, if you wish). There's so much to tell about TRS-80 II, we urge you to come in today and get all the facts, firsthand!

† Retail prices may vary at individual stores and dealers.

# GIVE THE BUSINESS GIFT THAT MEANS BUSINESS.

The 1980 Business Week Planner plus matching pocket-size Appointment Book designed to help executives manage time more profitably.

Give the gift that's used daily and your customers and associates will be reminded of you through the year. Not only is the 1980 Business Week Planner a handsome addition to any business environment, it's a practical business tool designed by executives for executives.

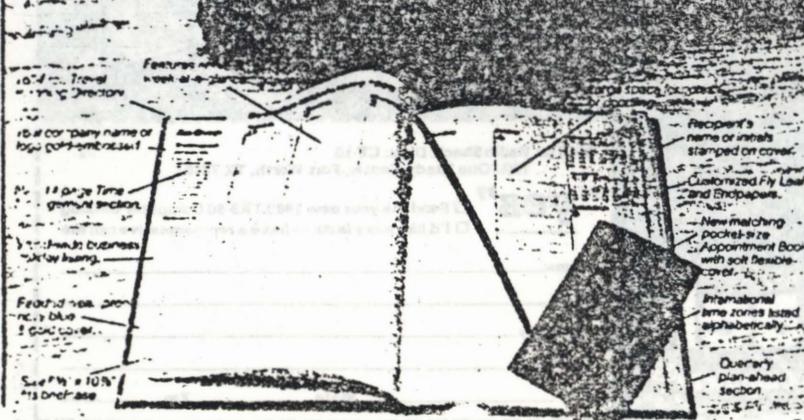

**New Time Management Section.** Business Week's best-selling Planner now includes a new Time Management Section making it more than a recording and reminding diary. The new 14 page section explains Time Management, how it works and how to

get the most out of your busy day. Time is Money: the more efficiently you use it, the more profitable your activities become.

The Time Management section includes graphic aids such as a standard 5-year calendar to special six-month and yearly planning pages. Learning to get the most out of your time can save you the cost of the Planner set the first day you use it!

**Order Now:** Individual copies of the 1980 Planner plus Appointment Book \$24.50. Add 1.50 per set for postage. Personalized with your name or

- recipient's name gold embossed on cover. Add 1.00 for each name.
- 2. Multiple copies: 1-10 sets @ \$24.50 ea. 11-50 sets @ \$20.00 ea. 51-100 sets @ \$18.50 ea. 101-250 sets @ \$17.00 ea. Over 250 prices on request. Submit on purchase order.
- 3. Customized with your company name or logo (instead of Business Week) embossed on cover, add \$50.00 for die stamp. Personalized with recipient's name (in addition to your company's), add \$1.00 per name.
- 4. Regular delivery after July 30, 1979. Drop shipments for special purposes available.

More than 250 executives helped us re-try to make it a Planner.

# STRAIGHT TALK

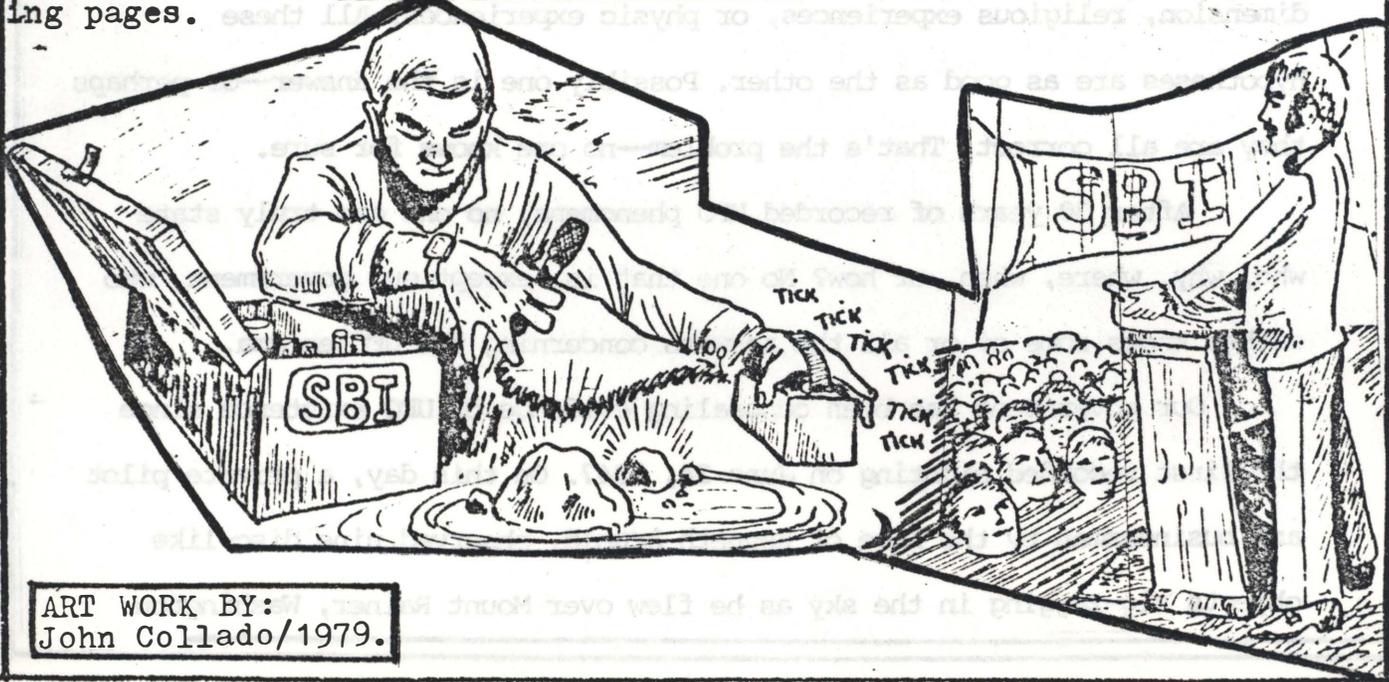

by: PETE MAZZOLA

A host of members have, over the last several months, inquired as to how my book is doing? First of all, the book is as yet not published. The manuscript has made its rounds to various firms for publishing and has failed, somehow, to make an impression with editors of the book world.

The process involved in writing a manuscript of any kind is virutally unaccountable when trying to determine time spent as a whole, energy exerted, researching, awaiting permission letters for copyright usage, money spent and copyright certification of one's work from Washington, D.C. As it can be assumed when trying to write a book, family life and social life combined are totally disrupted for a long period. With all these little problems kept in mind, it is very disheartening to receive a REJECTION letter from a publishing house.

What keeps a writer in search of a publisher going through dispair? I cannot speak for everyone concerned, but I do know why I do not give up. The reason being that famous writers have all began their published works careers with tremendous hardships. Writers such as: Edgar Allan Poe, Lord Byron, Elizabeth Browning, Alexander Pope, Walt Whitman, T.S. Eliot, Rudyard Kipling, Nathaniel Hawthorne and many others have all been rejected numerous times by publishers. Many of these, now well-known, writers had to subsidizes their own works in order to be printed. Why then should I, an unknown writer, have any less problems than they?

Therefore, I shall wait patiently for a publisher to accept my manuscript at face value. If in the event this does not occur, then I too will venture into the subsidiary publishing houses to have the book printed. For your reading pleasure, it has been suggested my work be reproduced in the SBI REPORT. Therefore, beginning with Chapter ONE (skipping the Preface), INTRODUCTION: Silence Is Golden from my manuscript entitled, THE BEGINNING OF THE END, is reproduced on the preceding pages.

ART WORK BY:  
John Collado/1979.

The primary concern of this book is to show the reader that sightings, landings and abductions did not cease to exist in 1969 just because the U.S. Air Force ceased investigating UFO reports. The Condon Report, which led to the abandonment of the Air Force's Project Blue Book, claimed almost all the UFO reports were explainable, concluding the sightings to be either natural explained phenomena, hoaxes, or figments of our depressed imaginations. However, as it will be seen, since the year 1969 and up to the present, UFO reports continue to plague us worldwide.

Numerous books have been written on the subject of UFO's. Some theorize aliens inhabiting the Earth before the birth of Jesus Christ, during Biblical times, or after Christ's death. Others claim aliens aided ancient man with modern technologies and seeded the Earth with humans. Many speculate on aliens surveying the Earth for a future invasion, while other authors state space aliens are monitoring Earth in order to help us become more civilized and advanced. In each of these well documented books there arises the hypothesis that UFO's and their alien occupants derive from either outer space, inner space, a different dimension, religious experiences, or psychic experiences. All these hypotheses are as good as the other. Possibly one is the answer—or perhaps they are all correct. That's the problem—no one knows for sure.

After 30 years of recorded UFO phenomena, no one can truly state who, why, where, when, or how? No one that is, except our government, who either knows some of or all the answers concerning the UFO enigma.

Our government has been concealing evidence of UFO existence since the first recorded sighting on June 24, 1947. On this day, a private pilot and businessman by the name of Kenneth Arnold, observed nine disc-like objects zig-zagging in the sky as he flew over Mount Rainer, Washington.

Due to Mr. Arnold's description of the UFO's to the press, the term "flying saucer" was introduced to the American public. From that day on, our government with the aid of the Central Intelligence Agency (C.I.A.) and the support of Air Force, managed to conspire in covering up evidence on UFO's.

Not until recently, when the 1975 Freedom of Information Act was enacted, was the public made aware of the Air Force's role in such a conspiracy. Author Brad Steiger, who edited declassified Air Force files under this act, superbly documents how the Air Force attempted to debunk all UFO reports presented to them during their Project Blue Book investigation, in his book entitled, Project Blue Book.

Due to our government's attitudes and policies on public knowledge of classified UFO data, national security and widespread public panic, it refuses to admit and/or prove to the American people UFO's exist. If we analyze each of these policies individually, we are able to see how outdated and ludicrous these attitudes are in today's twentieth century world.

First, let's analyze public awareness of information presented in today's modern society. Was the American public aware of World War I, World War II, the Cuban crisis, the Korean War, or the Viet-Nam War? Was the American public aware during the "A" or "H" bomb tests? Was the American public aware of the "Watergate scandal"? Is the American public aware of today's energy crisis? To tell you the truth, it doesn't matter if the American public is aware or not, whether the subject is classified or declassified—the government does what it wants and not what the tax paying American public wishes it to do.

Secondly, let's analyze the government's policy on national security. Our government protects U.S. citizens and our allies from being attacked, injured or subjected to any other form of government against our own free

will. Primarily they accomplish these defenses through strategic military strength, such as: large trained armies, supersonic air-forces, powerful naval fleets, sophisticated sonar and radar detection systems and the newly innovated space satellite surveillance techniques. When an unknown object enters either our or our allies oceans or air space, U.S. military planes or ships are immediately deployed to the area of the unknown object. Their mission is to locate the object, attempt to identify the object and to protect the U.S. and its allies at all cost.

Back in 1969, the Air Force proclaimed they were disbanding their UFO investigations and would not investigate any further UFO reports from the public nor would they maintain any files on the subject. The Air Force claimed, "UFO's present no threat to our national security." It's interesting to note, the Air Force who spent 22 years time, energy and money proving UFO's did not exist at all, suddenly contradicts itself and tells the American public these objects are not a threat to us.

Getting back to national security, the question arises, why does the government want us to believe UFO's do not pose a threat to us? If the Air Force's statement is a correct assumption, why has our military forces tracked UFO's on radar and sonar and deployed jets to the area in order to protect us? If UFO's indeed do not present a threat to us, why have military pilots noticed these objects sometimes act in a hostile manner? Why have our military pilots, as well as those from other governments fired at UFO's in order to force one down? Why is it agreed by both private and commercial pilots around the world some sighted UFO's act in a hostile manner where evasive action is necessary?

Finally, the last of the policies--widespread public panic. Did the American public panic when they witnessed the assassinations of President John F. Kennedy and Lee Harvey Oswald on live television? Did the

American public panic through countless disasters of earthquakes, floods, hurricanes, fires, terrorists bombings, airline hijackings, meat and gasoline shortages, financial crises, soaring costs of living, racial riots and looting, senseless crimes, power blackouts, dozens of political scandals and the present day energy crisis?

Americans, as a whole, do not panic. As a matter of fact, the public has endure so many crises within the last decade they have become immuned to panic. It appears the public blends into any crises bestowed upon them, standing their grounds and helping one another cope with the situation until their original order of normality is once again obtained.

As you can readily see, our government controls our public awareness, controls our national security and virtually contends the public is unable to comprehend a serious situation, face reality and make critical decisions. These governmental policies and attitudes are indeed ludicrous and out dated after all the American public has seen, heard, endured and survived during the last decade.

#### STAND-UP AND BE COUNTED

We are the public and the public pays taxes. Taxes pay for our military defenses, scientific research and for our elected officials salaries. Why is it the public elects these officials to office, pays their wages and pays taxes which contribute to our defense systems and future technologies, but has no control or say on government policies?

Our latest Gallop Poll survey indicated that 57% of our society believes UFO's exist and over 20,000,000 persons admitted seeing a UFO. These are overwhelming high statistics, considering in the early 1950's - the same poll showed only 40% believed UFO's existed. After such a complete turn - a - round of public opinion in the last 25 years, why can't we, the public, coerce the government for the truth about UFO's?

The American public is able to do just that--coerce our government into giving us all the answers it has on UFO's. With a little initiative, imagination and dedication the American public is capable of any goal it wishes to obtain. The key to remember is unification. We, the public, must unite with anyone and anything connected with UFO investigation or research. We must unite to form a more perfect union in order to become more powerful and obtain our goals or we will defeat our own purpose by arguing amongst ourselves.

#### UNITED WE STAND

There are many national and local UFO organizations throughout the U.S. Each of these organizations investigate countless numbers of sightings, landings and abductions annually. Their organizational duties consist of:

- \* documenting statements from UFO witnesses
- \* investigating areas of sightings and landings
- \* proving the credibility of witnesses statements
- \* lecturing on UFOlogy
- \* publishing periodicals on world wide UFO encounters
- \* introduce new investigating techniques and equipment
- \* pressure government agencies into releasing UFO data
- \* arouse public awareness on UFO's through news sources, T.V., books and movies.

My personal esteem goes out to all these organizations dedicated in finding the truth. They are non-profit organizations funded solely on memberships and donations. Naturally, there is not enough money in their individual treasuries to investigate all the UFO reports throughout the U.S. Each organization has trained field investigators to respond to areas and obtain information, but once again, each organization has to few investigators with limited funds to investigate. Although each UFO organization

has financial difficulties, each performs as efficiently and as effectively as their funds permit them.

All of these organizations are under constant harassment from the government for persistently pursuing their UFO interests. All of these organizations are thought as publicity seekers and crackpots by non-believers. Each of these organizations have lack of cooperation from one another, due to animosity, enviousness, or different investigation procedures and hypotheses. All these problems tend to diminish their goals, discredit their witnesses and bring skepticism upon themselves.

The directors of these organizations are all highly respected persons, usually possessing a degree in science or previously working with the government on projects involving UFO's. Each is an intelligent individual, a master of UFOlogy and motivated by an inner drive to overcome the government's secrecy on UFO's. Unlike the heads of these organizations, our elected politicians lack this type of inner drive in pursuing one issue. Our elected politicians are afraid to pursue one issue that other politicians do not believe in or which may lose them public support.

#### ALL FOR ONE—ONE FOR ALL

What are the answers? How can we unite to overcome these political and organizational set backs? The answers lay within the UFO organizations themselves. These organizations are so powerful and have such an enormous amount of documented data, their members take for granted their status. The members take for granted just how well informed they really are. But, the C.I.A. doesn't take these individual organizations for granted. Either by infiltrating agents as members or by using other devious tactics, the C.I.A. obtains names, addresses and other pertinent data on UFO victims.

In order to make progress in the UFO enigma, in order to gain public support for an official UFO inquiry and in order to manipulate our elected

representatives for our own purposes -- UFO organizations must merge their individual datum, skills, finances and members.

There should be established a Central UFO Control Center, whereby all individual UFO organizations, groups, analyzing institutions and magazine sources relay their encounters, witnesses, investigation results and theories. The Central UFO Control Center would be able to elect members from each individual organization to form a control panel. The panel would have the authority to manage all the finances from the individual UFO organizations, thereby combining all the money into a centralized treasury. For investigative purposes, the panel would selected several members of each individual organization to investigate a sighting, landing or abduction. These selected individuals will then investigate, draw their conclusions, document their findings and relay the information back to the Central UFO Control Center.

What would this Central UFO Control Center accomplish that has not already been accomplished? The answer is unity! Each organization would be united as one. The combined funds would enable <sup>the</sup> Center to receive more interest from a banking institution. The combined funds would also actually save money, by joining forces to investigate an encounter, substantial savings can be obtained from non-duplication of traveling expenses, equipment, investigating expenses, testing of witnesses, paperwork and computer expenses.

The Central UFO Control Center would enable the individual organizations to pool their resources, investigators, clerical personnel, equipment, skills and theories in order to investigate more frequently and more effectively.

Not only would the organizations themselves benefit from such a system, but the public as well. The organizations could finally become harmonious, working together to prove and/or solve the UFO mystery, which is their individual goal anyway.

The Center, through the news media, could make the public more aware of UFO encounters and of government suppression of UFO data. Subsequently, the public could be approached for tax deducted donations, for membership and for their support by signing petitions requesting the government to release suppressed information on UFO's.

The American public is well aware of the government's lies, scandals and coverups. The public demands answers and wants changes, but does not know how to go about it. The Central UFO Control Center can acquaint the public on ways to apply pressure on the politicians we elect to office. Petitions, letters, telegrams, telephone calls and even demonstrations demanding the truth on UFO's would undoubtedly show great public concern.

Believe me, public opinion is essential to a politician. They would have to respond to the majority of public opinion whether or not they themselves believed in the opinion. They would have no choice in the matter, either they go along with the majority of the public's view or they would face not being re-elected to office.

Public opinion has changed the attitudes of many politicians, as could be seen during the Viet-Nam War. The public wanted the U.S. to withdraw our troops and leave the fighting to the Vietnamese. Pressure was applied to the politicians, who in turn, applied pressure on the President, who in turn, withdrew our troops. In another application, the public favored the legalization of marijuana and therefore, applied pressure once again to our elected politicians. The outcome now has many states of our country with legalized marijuana statutes.

Public opinion can change the course of our future. We, the public, can demand an intensified international study of the UFO phenomena. We can demand our government to unsuppress UFO data. We can demand our government disclose the truth about UFO's.

The Central UFO Control Center can accomplish all of these tasks

keeping three main objectives on hand. One, to merge all the individual UFO organizations for one goal—proving the existence of UFO's. Two, arouse public awareness and opinion. Three, subject our politicians to public pressure demanding the truth about UFO's.

The overall potentials of a system like this, or one similar, are to numerous to mention or conceive. For example, perhaps we can find the answers to these questions:

- \* Who are we and where did we come from?
- \* Did aliens have prior contact with ancient man?
- \* Where do these aliens come from?
- \* How are UFO's able to travel?
- \* Why do aliens avoid open contact with us?
- \* Why are the aliens secretly monitoring us?
- \* Are the aliens friendly or hostile?
- \* Do the aliens have any relationship to the "Bermuda Triangle"?
- \* Do the aliens have any relationship to "Bigfoot"?
- \* Do the aliens know the secret of eternal life?
- \* Do the aliens know the cures for the diseases on Earth?
- \* Do the aliens know how to conquer our energy crisis?
- \* Are there other civilizations in the universe?
- \* Have the aliens conquered famines, wars, crimes, disasters and prejudices on their world?
- \* Why do the aliens subject humans and animals to physical examinations?
- \* Are certain missing persons from our planet living on alien worlds voluntarily?

"WHAT DO WE HAVE TO LOSE?"

UFO's and their occupants actually hold the key to our past, present and future existence on Earth. Why don't we use that key to unlock the

door and find the answers to these and other questions, before we become extinct in our own time?

Subsequently, the answers we find will unravel man's past and change the course of our future. Perhaps, that future will give us a more spiritual, peaceful, eternal life that will rid our planet of wars, diseases, crimes, famines, pollution, natural and man-made disasters, and prejudices.

What in heavens name do we have to lose? In 35 years of my existence I have not seen our government achieve one step in the right direction for a peaceful, civilized, non-polluted, disease-free society. Chances are you or I never will. Maybe, the government really doesn't know how to accomplish these miracles or perhaps, they really don't care to.

If we, the public, unite, we can achieve our intended goals. We can find out once and for all about UFO's. We don't have to search far and long for the answers. If we look in front of our own noses, we will be able to see our government has some or all of the answers already. Either they have learned the answers through their own investigations or from the aliens themselves.

You, the public, can do your part to help us defeat governmental suppression of UFO data by writing the UFO organization of your choice listed in Appendix "A" of this text. Request the organization to merge with the other UFO organizations for the good of all concerned. You could also join the membership of one or all the UFO organizations, thereby showing your interest and support. If neither of the two suggestions above suit your desire, send an affordable donation to one of the listed organizations which is tax deductible and will use the money wisely. You can not sit idling on the side lines. You must participate — your future depends on it and it may be the last chance you get to get involved in a cause to better mankind.

If you feel foolish getting involved with UFO's, don't worry, higher

either authorities than you or I are getting involved with the phenomena. The Prime Minister of Grenada, in the West Indies, believes in the reality of UFO's. He is currently applying pressure on the United Nations General Assembly to investigate UFO's. Prime Minister Sir Eric Gairy suggested the U.N. concern themselves with solving the mystery by having scientists from every nation join forces and investigate thoroughly. According to the Prime Minister, he felt the U.S. was withholding information on UFO's in which the world is ready and willing to accept.

#### PROOF BEYOND A REASONABLE DOUBT

It is thought by me, "repetition is the key to remembering". So, it is imperative I repeat myself to indicate the essence of their importance. In order to solve the UFO phenomena, the public must:

- \* urge UFO organizations to merge as one
- \* join or donate to a UFO organization
- \* support UFO organizations by voicing your opinion
- \* Pressure politicians with petitions, letters and demonstrations demanding the truth about UFO's.

There are literally thousands of computer analyzed UFO photographs, thousands of documented UFO cases from credible trained observers and law abiding citizens, and proof beyond a reasonable doubt a coverup is taking place within our government to suppress evidence on the existence of UFO's.

The following chapters contain some well documented UFO cases compiled by UFO organizations, the news media, UFO periodicals, U.S. Air Force files and from my own private files. Whatever conclusions you draw, from only a handful of true documented cases obtained from thousands of cases similarly just as real, is your opinion. However, 50 million believers and over 20 million actual encountered persons can't all be wrong and seeing

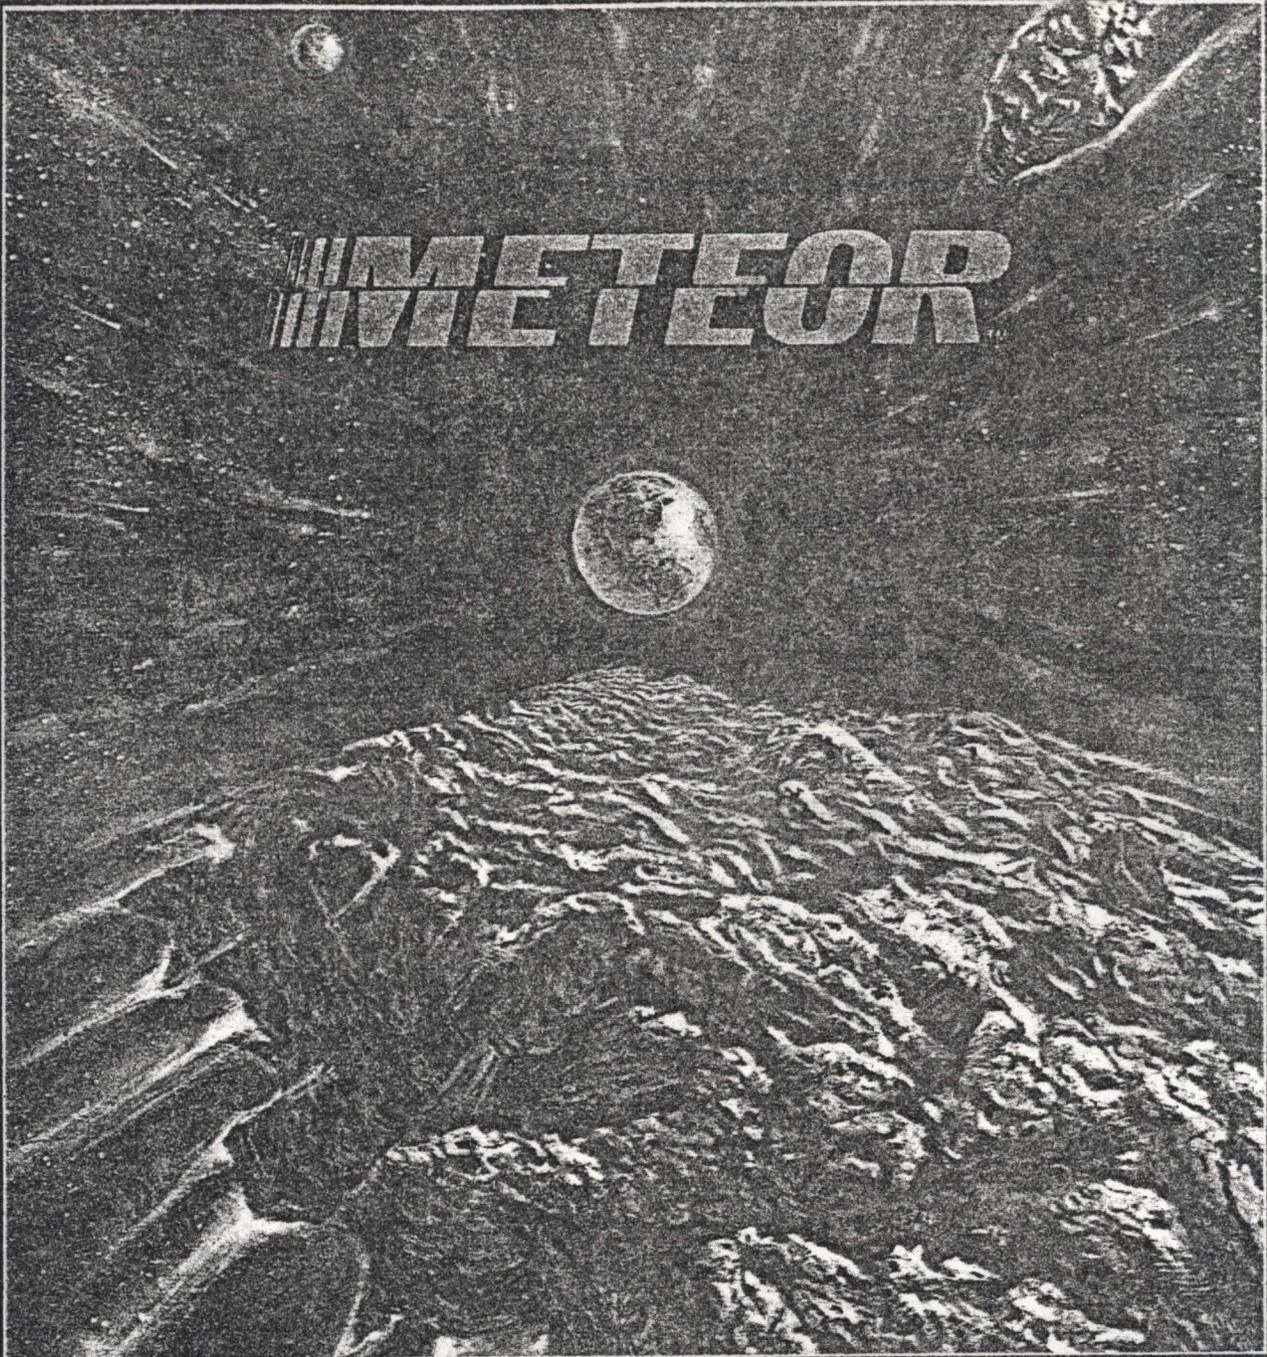

a natural explained phenomena.

My hypotheses are also irrelevant. Whether or not the reader agrees or disagrees with my points is immaterial. My only hope is that the reader understands something strange is taking place in our skies for over 30 years and we as American citizens have every right to know what that something is.

# Fact or Fiction

*by Jim Fallow*

The telephone rings in the wee hours of the morning and a sleepy figure tumbles out of bed. He recites his name and organization and awaits the customary response. The caller identifies himself as a police officer. In most cases it's a desk sergeant working the graveyard shift. The caller is experienced in his position and so is the man who just woke up a UFO investigator.

There is no time for exchanging pleasantries — the conversation is curt, automatic. The officer explains that there has been a UFO sighting in his town — a close sighting by one of his own men. The investigator asks was the witness injured? How long did the encounter last? Were there any photographs taken? He slips on some clothes, grabs his ever-present briefcase, and drives off into the dark of night.

This scene could easily be a Hollywood movie script but it isn't. It's from real life, and it's a scene being repeated more and more frequently across America.

It's no surprise that police officers see UFOs. It's also no surprise that they report them. Police officers are good observers and credible witnesses. What is surprising, however, is the fact that law enforcement officials have a greater chance of having a UFO sighting or encounter than people in any other profession.

In now, a continuing tradition, we present the second of Jim Fallow's articles as read in the New Jersey magazine, Central Jersey. We hope you enjoy the reading material and gain some new insight about the UFO phenomena.

By the very nature of his job, a policeman is a trained watchman. He takes and keeps notes of unusual occurrences throughout his tour of duty, little things another person might not notice or remember. The police patrol 24 hours each day, 365 days each year.

I have a theory about the relationship between UFO sightings and police officers. The theory is part speculation and part fact.

Let us speculate that UFOs are intelligently controlled flying objects not manufactured on this earth. Now suppose the intelligence responsible wanted to make contact with an authoritative per-

son. Whether that contact would be physical or psychological in nature is debatable. Which authorities are highly visible and available around the clock? — the police.

Police travel in highly identifiable automobiles, easily discernible from the sky. They also have sophisticated radio equipment that operates on a higher frequency than anything we have around the house. UFOs have been reported with unusual lighting displays aboard them. Could there be a relationship between the lights of an alien craft and those on a police cruiser?

Let us further suppose that the intelligence aboard these UFOs also wanted to monitor our media and the reporting procedures that take place following our sightings. Would they make themselves visible to the military knowing that in all probability the military would hush-hush the incident, or would they make themselves known to an authority that interacts with the general public such as a police officer?

One of the most fascinating of all UFO reports and one that both scientists and the United States Air Force admit they cannot explain is the sighting of an egg-shaped craft that landed and took off in central New Mexico on April 24, 1964.

At 5:30 p.m. that day, Lonnie Zamora, five years an officer on the police force in Socorro, chased a speeder toward the southern part of town. The offender entered a dead end street and Zamora stopped his patrol car and waited.

At that moment the officer heard a loud roar to the west of a gully in an unpopulated area covered with sage brush. He drove his car on a bumpy road to the top of the hill for a look. Slightly more than a half-mile away, nestled in a ravine, was a white object that appeared to be an overturned car. The policeman stated:

"All I could see from that far away is what looked like two sets of white coveralls beside the object. I really couldn't make out any features, just two figures that were small and in the distance. They looked to be about four feet tall."

Zamora radioed that he was going in to investigate, then drove along the bumpy road losing sight of it while in a dip. He stopped his car on top of a mesa some 100 yards away from the object and got out.

In the gully about 20 feet below him sat the "thing" as he described it. The two figures had disappeared and Zamora went closer. The officer described the object as "resting on uneven terrain on four legs." Suddenly, in a roar that almost deafened him, the craft took off. Thinking that it might explode, the officer ran for

cover. He dove into some bushes and covered his head, and then peered out. As he explained it, "There was no noise then. It was about twenty feet off the ground and was absolutely silent. It was just hovering."

The object remained stationary for several seconds, and then flew off toward the south, following the contour of the gully. Zamora raced back to his patrol car and tried to call headquarters but the radio failed to work.

"Approximately 60 seconds had passed since the object took off and my radio suddenly started working again. I asked the State Police to send out a backup," Zamora said. Sergeant Sam Chaves arrived in minutes.

Chaves found Zamora in an emotional state, visibly upset. Both men went down to the gully where the object had been just minutes before. A mesquit bush was smouldering and the ground bore four imprints, each approximately 10 by 16 inches. Chaves summoned military personnel to the scene. They examined the ground for radiation, taking samples of the soil and the brush. No radiation was found.

Two years after the sighting, officer Lonnie Zamora retired. The exact reasons were not divulged, but the ribbing and ridicule that he received for his "sighting" was most assuredly a contributing factor.

On April 9, 1966, in the pre-dawn hours of a quiet Ohio morning, Portage County Sheriff's Deputy Dale Spaur and his partner W. L. Neff were involved in an incident that changed their lives.

While on a routine call to investigate a suspicious automobile, Spaur noticed something hovering above the roadway. He tried to contact headquarters for assistance, but his radio failed to work. A disc-shaped object began to move slowly, emitting a faint hum. Spaur and Neff followed it. According to the officers, the object seemed to want to play tag with their police cruiser, but it soon began to accelerate.

Spaur tried the radio again and this time contacted headquarters. He reported what was happening and was instructed to keep within sight of the disc and maintain radio contact with headquarters. Spaur obeyed those orders from Ravenna, Ohio, to Conway, Pennsylvania. The chase ultimately involved four police cars and six police officers, before the elusive craft sped off into the sky.

These are just two of the better known encounters police have had with UFOs. The Scientific Bureau of Investigation (SBI) has a membership of almost 1200 people. Forty-seven percent of its investigators come from law enforcement agencies throughout the United States. Perhaps they too believe UFOs have a curious affinity for their profession.

In now, a continuing tradition, we present the second of Jim Fallow's articles as read in the New Jersey magazine entitled, Central Jersey. We hope you enjoy the reading material and perhaps, gain some new insights into the phenomena known as UFO's.

In our last issue of the SBI REPORT (Vol.1;No.7), requests were made to readers to support Jim's effort to acquaint the New Jersey public on the truth and history of UFO's. In doing so, we asked you write your views suggesting a more lengthy feature story in care of the publisher of the magazine. Apparently, so many responses were received, Jim's normal one page article was lengthened to two pages. Which goes to prove the SBI is capable of making public opinion and concern count.

NOW WE ASK YOU WRITE THE PUBLISHER AGAIN!!! This time to ask that the feature article Jim produces each and every month would certainly bring more impact if authentic UFO photographs were used to give the story more color. And we will wait to see what affect our letters have this time...

Below you shall find an order blank for subscription to the magazine if you so desire. You shall also find the name of the publisher in which to direct your letters attention to.

The Headquarters Staff of the SBI wish to congradulate Jim Fallow on the work being performed to write these articles. We'd also like to personally thank all our readers for their support and correspondences to the magazine.

**AMAZING & HARD-TO-FIND  
SCIENCE BUYS!  
ALTERNATE ENERGY  
SPACE AGE HOBBIES**

**SUPER POWER FOR ANY AM RADIO**

Antenna assist has pulled in stations 1000 miles off! No wires, clips, grounding. Solid state—no elec. batts., tubes. No. 72,095EH \$19.95 Ppd. **ULTRA SELECT-A-TENNA (OVER 1000 MILES)** No. 72,147EH.....\$24.95

**ELEC. DIG. STOPWATCH: \$39.95**

New low price for -0.002% accuracy! Start, stop, reset compact hand-held 6-ounce w/ one hand. Time to 59 min., 59.9 sec. (1/10's). (5-digit dis.) No. 1671EH.....\$39.95 Ppd.

**SPLIT ACTION WINICADS, RECHARGER**

No. 1569EH.....\$79.95 Ppd.

**SEE MUSIC IN PULSATING COLOR**

3-Channel Color Organ lets you modulate 3 independ. strings of colored lamps w/ intensity of your music. "Audio" light show flashes, responds to rhythm, pitch! No. 72,309EH (ASSEMBLED).....\$18.50 Ppd. No. 42,328EH (UNASSEMBLED).....\$15.95 Ppd.

**NASA-CHOSEN FOR APOLLO/SOYUZ**

The Astronauts used this super 20X60 binocular (modified) to view Earth! Big 60 mm objective lenses; 173-ft. field of view at 1900 yds. Relative brightness, 9.0. Fully coated optics, more!

No. 1556EH (9 1/2 x 5 1/2); 47.5 oz) \$99.95 Ppd.

**110V FUEL MISER RECLAIMS HEAT**

Save your 40% wasted heat to warm a basement, garage, rec. rm. at no extra cost! Direct it your way instead of up the chimney. Fan-forced clean hot air via easy ducting!

No. 19,194EH (5" DIA.) Shpg. 17 lb. ....\$121.50 FOB  
No. 19,195EH (8" DIA.);

**KNOW YOUR ALPHA FROM THETA!**

For greater relaxation & concentration, monitor your Alpha/Theta brainwaves w/ aud. or vis. sig. on Biosons II. Feats. of \$200-up units incl 3 feedback modes! 4-lb.

No. 1683EH (9 1/2 x 5 1/2 x 4 1/2).....\$149.95 Ppd.  
No. 71,809EH (FOR BEGINNERS).....\$59.95 Ppd.

**ELECTRONIC DIGITAL RAIN GAUGE**

... never needs emptying, measures rain up to 100-ft. away by tenths of an inch up to 999.9" and empties itself. Push indoor counter's reset button, start new counting period. Req. 5v batt. (not incl.). No. 72,185EH \$49.95 Ppd.

**DIGITAL WINDSPEED/DIRECTION**

Instant, acc. readout: 1-99.9mph wind (nearest 1/10) in red LED; 1 of 24 circular red solid-state lamps shows direction. Indoor console plugs in to 120v AC. No dials, calibrations, calculations! No. 72,204EH.....\$199.95 Ppd.

**CAN'T SLEEP, RELAX? TRY THIS!**

Electronic sound conditioner simulates 4 kinds of soothing sounds of ocean surf & rain; "white" sound helps mask unwanted noise. Medical tests proved analgesic effects! No. 71,997EH \$89.95 Ppd.

**QUALITY DETECTOR UNDER \$40**

Our fully transistorized BFO unit can locate a quarter at 18". Powerful 6 trans-oscillator-amplifier circuit. Comp. to others priced 50% more! Aluminum, just 2 lb. No. 80,222EH \$39.95 Ppd.

THERE IS NO OTHER TELESCOPE LIKE IT!

**THE NEW EDMUND 4 1/4", f/4  
NEWTONIAN WIDE FIELD  
REFLECTOR TELESCOPE**

Clear, bright, spectacular wide angle views of stars, moon, comets... easy to use... portable!

IN SECONDS YOU'RE SCANNING THE ASTOUNDING UNIVERSE, able to see and study the breath-taking cosmos as perhaps you never have before—a awesome vastness, unbelievable orderliness, stark silent beauty. All the fascinating heavens mystify as you enter and explore. This new reflector telescope makes it easy for everyone to span a thousand light-years to space-age enjoyment of the heavens and outdoors. No complicated set-up! Just insert the eyepiece, focus, and its big 3 1/2" field of view gives you more stars in a single view than any other type of telescope. Bright, crisp, finely resolved images to capture your interest and imagination. It's probably the easiest to use telescopes ever... over your shoulder, in your lap, on a tripod. Or just rotate the spherical base on its own mount for use on a table, car hood. Take it anywhere (only 17" x 10 lb.). Top quality optical system: 4 1/4", f/4 parabolic primary mirror (1/2 wave, 17" F.L.); prealigned 1/2 wave diagonal on a coated optical window seals optics from moisture and dust; 28mm Kellner eyepiece (gives 15X, higher without other eyepiece or Barlow). Fast focusing (25" to infinity). Bright Scharfian red (doesn't impair night vision); adj. carrying strap. A "first" scope must!

There is no other telescope like it. NO. 2001EH \$149.95 Ppd.

**FOR GREATER RELAXATION, CONCENTRATION,  
listen to your Alpha and Theta brainwaves!**

Do it with an amazing biofeedback monitor. This ultra-sensitive sensor detects brain signals, lets you monitor (hear and see) your Alpha and Theta brainwaves. Great aid to relaxation, concentration. This portable (8 x 3 x 4") lightweight (24 oz.) metal unit has a unique electrode headband to slip on or off in seconds without messy creams or solutions. Hooked to amplifier, it filters brainwaves, and signals an audible beep for each Alpha or Theta wave passed. You get both audio and visual (L.E.D.) feedback with this reliable, completely safe unit. It operates on two 9v transistor batteries, offers features comparable to many costlier models. A comprehensive instruction booklet is included.

No. 1689EH JUST \$99 Ppd.

Do-It-Yourself Kit #B1069EH.....\$37.50 Ppd.  
Low Cost 'Starter' Unit #71809EH.....\$59.95 Ppd.

**LOW COST, HIGH QUALITY  
INFRA-RED EYE**

Binocular Style, \$329.95; Standard, Only \$299.95

A must for Infra-red crime detection surveillance, security system alignment, I.R. detection, laser checking, night-time wildlife study—any work requiring I.R. detection and conversion to the visible spectrum. Self-contained scope (11 x 14 1/4 x 3") includes I.R. light source (for up to 90' sight at night!), 6032 I.R. converter tube, 1/3.5 telephoto lens, adjustable triplet eyepiece, an adapter for use with your car's cigarette lighter—more! Bright 1.6X image (Binocular style gives super-bright 2.5X). Focuses from 10' to infinity, runs on 6 or 12v DC.

Not for sale to Cal. residents other than authorized by U.S. Armed Forces, law enforcement agencies or solely for scientific research and education purposes.

STANDARD STYLE, STOCK NO. 1683EH ..... ONLY \$299.95 Ppd.  
BINOCULAR STYLE, STOCK NO. 1685EH ..... JUST \$329.95 Ppd.

# A SPECIAL REPORT

**it's TRUE!**

by: BARBARA ROBBINS (Member/Subscriber)

December 28, 1977 should have been like any other day in my life if it were not for my inability to fall asleep. Tossing and turning in bed, I decided to get up and try to tire myself by walking about my house. Sitting down, for a moment, on my living room couch I looked to admire our family Christmas tree displayed directly in front of our living room window. "How lovely", I thought to myself as I watched the ornamental decorations reflect within the pane glass.

The reflections being produced from a street light outside the house, striking against the ornaments was almost hypnotizing as I watched from my darkened living room. At one point while gazing I noticed, what appeared to be at first glance, tinsel from the tree moving about due to a draft from the window. Not paying any mind, I continued to daydream at the window reflections. Suddenly I noticed the movement once again from the corner of my eye. Turning my head in the direction of the movement, I was astonished to realize the movement was outside rather than inside.

Getting up from the couch I went to the window for a closer view. I observed a bright object in the sky that looked to me like an airplane. Watching intently, the object kept getting closer and closer. At this point the object, once thought to be a plane, was clearly evident to be disc-shaped. "Oh, my God!", I thought aloud, "a flying saucer!" For a moment I thought to myself, "I'm asleep and soon I will awaken and realize this is a dream." However, this was not the case---I WAS TOTALLY AWAKE AND NOT DREAMING.

I quickly thought of my husband asleep in our bedroom upstairs. Running as quickly as I could up the stairs, I woke my husband Lee. Lee listened to my observation, mumbled something or another and laid his head back on the pillow. Accepting the fact my husband thought me nuts, went back to sleep and just wouldn't believe me enough to get out of bed, I went back downstairs.

In amazement the object was still there, hovering over the trees opposite my house. By some magical means, I was not frightened at all by its presence and decided this was a-once-in-a-life-time event. I decided to get even a closer look at the strange, yet enchanting UFO. Going out the front door to the porch, on that cold and early morning of December, I saw an object which shall be remembered in my mind for as long as I shall live.

The disc-shaped object was silver in color and had what appeared to be a domed top. Lights which engulfed the craft were constructed or resembled portholes. As I watched mystified, the huge object that appeared to be 35-45 feet in diameter (as compared to a school bus) suddenly lit several multi-colored pulsating lights on its top and bottom. As I watched the rhythmical lights, I began to acquire a strange sensation that I was being observed by someone or something within the craft. This is where I finally admit being a little scared or at most not alone.

Thinking once again of my husband asleep upstairs, I ran to his bedside to draw his attention to the object. I don't know if I did this in order to prove to myself I was not imagining something or to convince him I was not going crazy. Once again I was confronted with Lee's skepticism and his returning to sleep.

Returning back to the porch, I was in time to observe the object slowing moving across some telephone poles and high tension wires. It moved slowly and silently, yet more graceful than a swan, over the house and the rear yard. Having the opportunity to look at the object from underneath, I saw its underside that resembled a thick glass or heavy plastic only it was illuminous. Enticed to the point of no return, I wanted and wished to observe it forever. I ran through the house to the other side in order to catch up with it.

There it was again, hovering and lit-up more than any Christmas tree could ever reproduce. It was truly something to behold as the object lit up the rear yard as if it were daylight. Suddenly without warning, the object sped passed the house and once again hovered over the telephone poles in the front. As I watched confused I wondered to myself, "are you watching me?" and "I'm not sure this is really happening, but you better not take me anywhere!" Why I even thought of these things, I do not know.

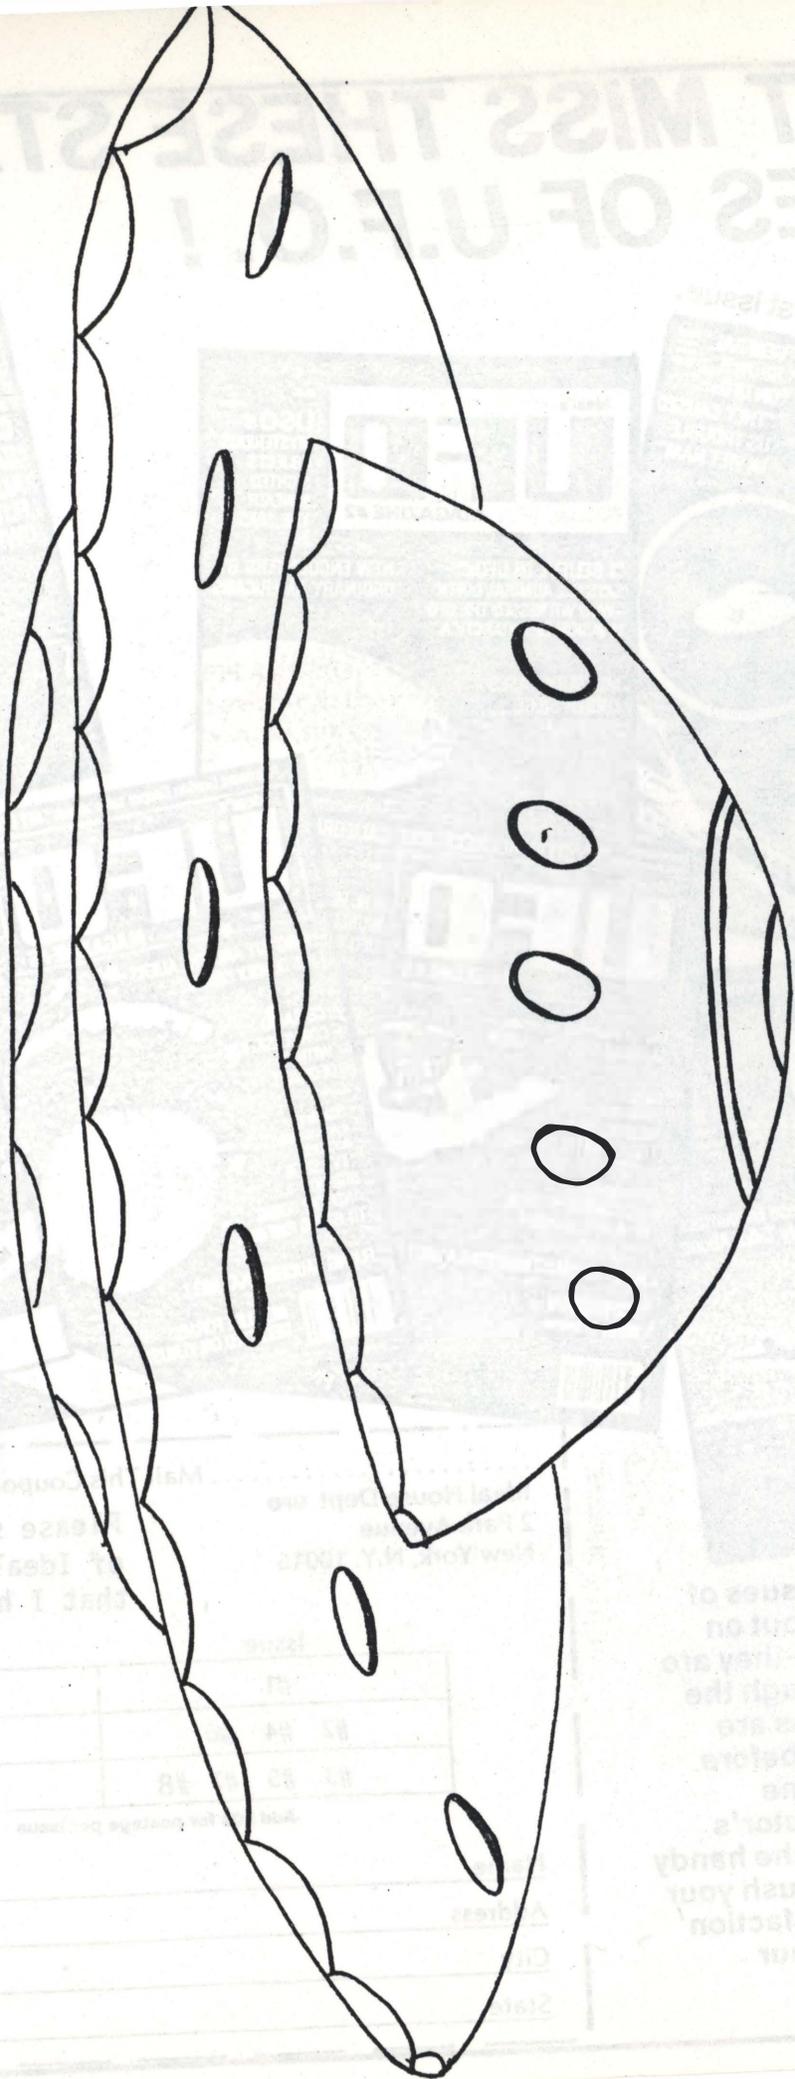

Then very quickly and smoothly, the object sped away from the house and disappeared from view in seconds. Other than a faint hum at this point the UFO was very silent while maneuvering. Acting very quickly I remembered about our CB radio. I ran to the set, turned it on and turned to a local station. Hearing several men conversing about a strange light in the sky, I interrupted and asked them to tell me about it. To my surprise, the CB became quiet and no other comments of any kind were heard. In dispair I shut down the CB and returned to the porch. Low and behold--to my liking, the object was visible in the sky once again.

The object came closer, as it did previously, and sort of zig-zagged from left to right above the high voltage wires. It followed the general direction of the wires for a second or two, then as before it streaked away with tremendous speed. I stood there waiting and watching for I don't know how long. Finally, realizing I had seen probably more than the average everyday person, I returned inside. I remained in the dark living room for some time trying to make sense out of what had transpired.

It was now about 4 a.m.; one hour had elapsed from the time I had first observed the object. Although I was very tired from all the excitement, I waited (like a child waits up for Santa Claus to come on Christmas Eve) for the UFO to return. Of course, it did not. Since this day I have become increasingly interested in the UFO phenomena. I know I can not account for what transpired or even begin to realize how important my encounter may have been. All I know is I saw what I saw, no matter what anyone else may think or say. The day shall come when the UFO dis-believers of the world shall learn they have been wrong in their assumptions.

\*\*\*THIS IS A TRUE EVENT OF A UFO ENCOUNTER BY BARBARA ROBBINS WHICH IS ON FILE AT SBI HEADQUARTERS. THE FOLLOWING PAGE IS BARBARA'S SKETCH OF THE UFO SHE OBSERVED.

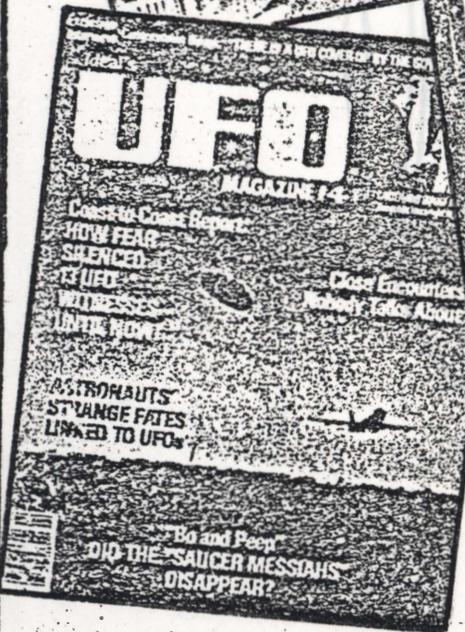

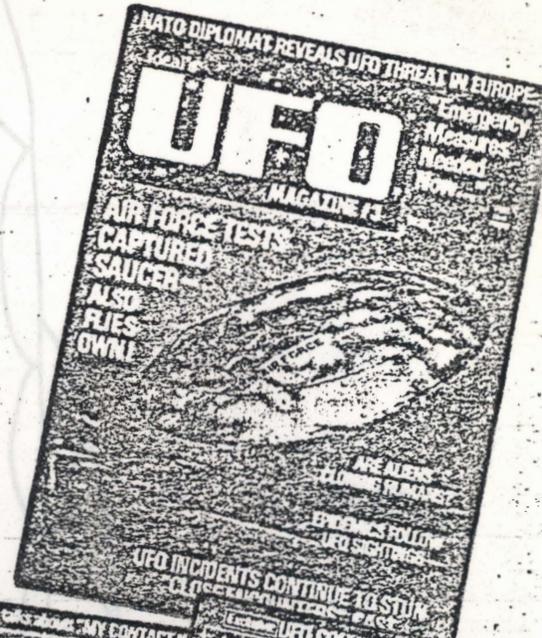

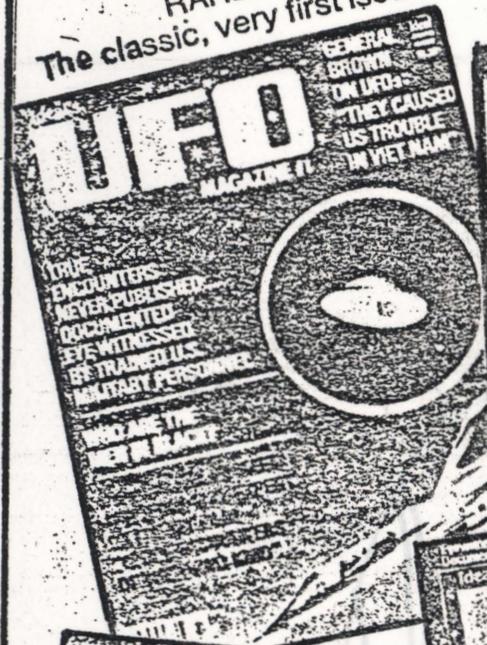

Date of Sighting: Wed. Dec. 28, 1977 - 3:10 a.m. to 4:00 a.m.

# UPDATE

INTERCONTINENTAL U. F. O. RESEARCH AND ANALYTIC NETWORK

## Young French UFO Pioneer in USA

On October 14th, Thierry PINVIDIC from Paris, France, a promising new, young French UFO pioneer generation visited ICUFON headquarters and presented Major Ret. Colman S. VonKEVICZKY, MMSE, Director, his first book LE NOEUD GORDIEN OU LA FANTASTIQUE HISTOIRE DES O.V.N.I., France Empire Editions, Paris.

Pete MAZOLA and Jim FILOW, directors of SBI; Antonio HUNEEUS, Representative of the Latin American press; Walter ZABAWSKI UFO Consultant of the American TRUE UFO Quarterly Magazine; and Peter N. TOMIKAWA UFO researcher and journalist of the Japanese UFO and SPACE Magazine were invited to the ICUFON Press Conference to interview Mr. Pinvidic about his book and the progress of the UFO research in France and Europe.

THE SBI REPORT next issue will cover the full interview with the 23 year old French writer and international UFO researcher whose book is an unusual presentation of the UFO created global security problem within the frame of the United Nations; decades long hazardous diplomatic gambling and political acrobatics to thwart the solution of the Galactic Powers earthbound operation's, created acute international security and scientific problem.

## First Milestone in UFO Research

The first realistic international voice, based upon globally analysed military, scientific and technological visual evidences, - which knocked first on the door of the nations government, referring for their own and all the nations common interest the earliest solution of the UFOs created problem was

the

**SILENCED**

**SUPPRESSED**

**CENSORED**

### MAINZ U.F.O. RESOLUTION.

From November 3-6, 1967, In MAINZ, Federal Republic of Germany, the 7th International World Congress of UFO Scientists and Researchers had confronted in the first time to USA, and the mighty powers cover up policy, wilfully suppressing and thwarting the nations and the United Nations Organization efforts to solve the UFO problem for the benefit of all the nations.

The historical RESOLUTION of 24 nations, which in principle outlined the guidelines, the solution of the UFOs induced international problem by the supreme orders of the appointed governments were censored before the public and silenced by the UFO organizations in USA. The "sensationalized" news media and the German Press shamefully tried to discredit the congress and its world-wide respected Scholar-President, the "father of astronautics and rocketry" Prof. Dr. Engr. HERMANN OBERTH.

The featured speaker of the Congress and the originator of the Resolution was Maj.Ret. Colman S. VONKEVICZKY, MMSE Director of ICUFON.

The Historical Resolution Sounded as follows:

## RESOLUTION OF THE 7th INTERNATIONAL UFO CONGRESS

November 3-6, 1967 Mainz, West Germany

Hon. Chairman: Prof. Dr. Ing. HERMANN OBERTH, rocket scientist

### CONSIDERATIONS:

*Governmental authorities*, i. e. USA. — USSR. — Canada, Czechoslovak Republic, Brazil, Argentina, etc. have established research bodies investigating the existence or non-existence of outer space intelligence.

*Many Scientists* of international repute on the basis of physical evidence of observation have urged immediate government and United Nations investigation of this global problem.

*In consideration* of this the International UFO Research and Analytic Network, represented by dir. Colman VonKeviczky MMSE, maj. ret. representing the United States of America main speaker at the 7th International UFO Congress of researchers at Mainz, Germany, Nov. 3—6, 1967 offered conclusive, scientifically analysed proof of the existence of intelligently guided devices in our aero-space and test-landings originating from outer space.

### RESOLUTION:

THE 7th INTERNATIONAL UFO CONGRESS UNANIMOUSLY STATES AND PROCLAIMS THAT UNIDENTIFIED FLYING OBJECTS — UFOs — ARE IDENTIFIED VEHICLES FROM OUTER SPACE, AND THAT IT IS A QUESTION OF A VITAL PROBLEM CONCERNING THE WHOLE WORLD.

ALL NATIONS MUST UNITE IN MUTUAL RESEARCH AND SCIENTIFIC COOPERATION TO INVESTIGATE AND SOLVE THIS PROBLEM FOR THE COMMON CAUSE AND FOR THE MUTUAL ADVANCEMENT OF OUR PEACEFUL RELATIONSHIP IN OUTER SPACE.

### PART »A« *The UFO Question as a Global Problem.*

#### I.

*During the past two decades*, certain governments, statesmen and some of the world's leading scientists have identified the UFOs as of physical appearance, as aerial vehicles „not manufactured by any nation on this Earth“ and originating from other celestial bodies.

This statement has support in the United Nations, but despite this facts not even one single customary Note of Protest had been filed with the UN Security Council which refers to the UFOs as a known or unknown power endangering the territorial sovereignty of any state.

It is a regrettable fact, that after 20 years of observations no official explanation regarding these extraterrestrial space-ships has been made available to the anxious population of the world.

#### II.

CONSEQUENTLY, during the last two years and parallel with our space explorations, the greatly increasing UFO reconnaissance activity combined with continued testlanding on the Earth's surface has resulted in a dangerously misinformed public, fear of panic as to the „unknown“ — and the nations' „highly confidential“ files have grown rapidly in number and have created even more of a problem.

The present alarming situation calls for immediate and expert investigation in order to calm the public, *before it is too late.*

#### III.

The above-mentioned global reconnaissance actions originating from outer space appear to observe, and sometimes to endanger, the nations' outer space —, atomic and military installations, air-, water-, and highway networks and public service and communications systems. To some, their behaviour seems to show a rather more unfriendly than friendly approach to our Earth and its nations, as they give no hint as to their assignment nor apparently have they made any official attempt to contact our governments.

Global security requires as an imperative measure an internationally organized, expert and scientific evaluation and research of all UFO sightings for the sake of:

- a) *mutual information*,
- b) establishing *official contact* with extraterrestrial beings and their governments,
- c) for preparing a *global emergency* in case of eventual landing of planetarians.

#### IV.

UFOs and their occupants on occasion seek contact with the population but avoid facing the nations' armed forces.

Consequently a world wide observation activity must rely fundamentally on the population and work in close cooperation with the governments, scientists and with those pioneer UFO researchers who have, for decades, been voluntarily working for the cause of humanity.

No private organization or individual can monopolise the investigation of a global problem for its own or any other nation's benefit.

#### V.

Through expert investigation of UFO and contactee cases THE FACTS must definitely be separated from SCIENCE FICTION, thereby serving the welfare of mankind.

#### VI.

Global UFO investigation has to stay apart from all temporary hostilities among nations, differences of race and religion or political or governmental structure.

For public and scientific registration of UFO activity and for any eventual official contact with representatives of outer space powers, the nations should ESTABLISH AN INTERNATIONAL INSTITUTE LOCATED ON GROUNDS DECLARED BY ALL NATIONS AS EXTERRITORIAL.

**PART »B«** UFO Problem Related To The United Nations.

The representatives of the nations and the organisations at the 7th International Congress of UFO researchers in Mainz, Germany — take the liberty of calling the attention of the United Nations' Assembly to the following:

I.

The Constitution of the United Nations must primarily provide for the security of our globe and its 3 billion inhabitants, representing a highly developed civilization, against any action which could eventually originate through our peaceful exploration of outer space, thereby endangering our lives and our planet.

II.

The United Nations should be constitutionally authorized as the supreme authority in outer space. Astro-cosmonauts must be the legal representatives of the General Assembly in outer space and on celestial bodies.

III.

The Ionosphere of our Planet, between 50 miles 80 km) Theodor von Karman Line — and 550 miles (880 km) should be declared SOVEREIGN SPACE TERRITORY OF THE EARTH (SECURITY BELT TO OUTER SPACE) UNDER THE JURISDICTION OF THE UNITED NATIONS, to be appended to the 1919 Paris Convention of

Aerial Navigation and the International Civil Aviation Convention in Chicago, 1944, or to any other relevant treaty.

IV.

The Intercontinental UFO Research and Analytic Network as a non profit making organisation proposing the Resolution, issues its Global Security Project, which outlines cooperation amongst nations, their UFO researchers, scientists, governments, and through the United Nations a world wide and centrally organized

**INTERCONTINENTAL RESEARCH INSTITUTE:** the same to be constructed on publicly donated ground, *declared exterritorial*, in order to achieve the aims detailed above.

With this world-wide Resolution, the Intercontinental Network respectfully requests:

Heads of States, Government Leaders, Church Authorities, military, air, naval and security forces, scientific, educational, industrial, trade and agricultural establishments, private foundations, international enterprises, individuals and the United Nations for MORAL, INTELLECTUAL, FINANCIAL AND ALL NECESSARY SUPPORT AND ASSISTANCE in the establishment of an  
**INTERCONTINENTAL UFO RESEARCH INSTITUTE.**

\* \* \*

As a result, the Congress, represented by UFO scientists, among them Professor Hermann Oberth, and leading researchers of 24 nations, urged the Intercontinental Network to submit the following resolution to 131 legal world governments; His Excellency the Secretary General of the United Nations, U Thant; the General Assembly of the United Nations;

UNESCO; the Ambassadors of the United Nations Missions and Observers; to His Excellency Dr. Kurt Waldheim, Ambassador of Austria to the United Nations and Chairman of the Outer Space Affairs Committee; prominent scientists; UFO researchers and the distinguished representatives of the Press and other News Media.

# GRAPEVINE

by: MARTY CANNON

DATELINE: Queens, New York: Maj.(Ret) Colman VonKeviczky, director of I.C.U.F.O.N. has been invited to London to present evidence/lecture to the House of Lords (Parliament). He has recently sold UFO photos for publication to Margaret Sachs ("Whose Who-UFO Encyclopedia Registry?") and been interviewed by IDEAL-UFO magazine for an up-coming article in late October--LOOK FOR IT ON YOUR NEWS STANDS. (SBI mentioned). In between all this, the major is near completion of his 2nd memorandum, which is rumored to be explosive in nature. "STEP ASIDE DR. HYNEK and MAKE WAY FOR COLMAN."

DATELINE: Staten Island, New York: Besides VonKeviczky's feature interview in IDEAL-UFO, the SBI has been interviewed exclusively by staff reporter Antonio Huneeus for another up-coming article to be on sale sometime in November/December. WITHOUT A DOUBT---BUY A COPY. On the home front, the SBI is waiting patiently for a story of a recent case to appear in the weekly tabloid, the NATIONAL ENQUIRER. Come on Enquirer, give the SBI a break!

DATELINE: Fultonville, New York: SBI Chief Investigator in Upstate New York has planned for a seminar beginning on November 4, 1979. Chief Dan Lowenski intends to divide the seminar into three parts during the day; consisting of lectures/discussions detailed by slides, records and tapes. Training techniques of triangulation, practical field work, use of geiger counters, photography, magnetic mapping and other topics will be employed, including Dan's observatory. We all wish Dan luck and advise anyone wishing to attend the seminar to get in touch with SBI Headquarters by phone immediately.

DATELINE: New York City, New York: UFO Update, the NBC/AM radio show, produced by UFO researcher Lee Speigel has been taken off the air. The program, formerly broadcasted Monday thru Friday in the evening hours, was "canned", "scraped", "Ka-put" by the executives of NBC. A call to NBC radio revealed the show had been dumped because of an effect on the public's ears. It seems the public was not ready TO HEAR such nonsense. For this reason the public was spared any further agony. We know Mr. Speigel has failed as a producer; it is suggested he now try his hand at the acting profession. He certainly belongs on a stage and there is one leaving for Tombstone in an hour! Oh well, he can always go back to country music singing whence he came from.

DATELINE: NEW YORK: THE SBI, ALONG WITH ICUFON, HAS RECENTLY HAD THE PLEASURE OF SPEAKING WITH A FRENCHMAN (nameless for the present) WHO WORKS WITH GEPAN (similar to the USA's N.A.S.A.). THE INTERVIEW TOOK PLACE AT ICUFON HEADQUARTERS WHEREBY, JIM FILLOW OBTAINED EXCLUSIVE INFORMATION FOR AN UP-COMING ARTICLE FOR CENTRAL JERSEY and REPORTER ANTONIO HUNEEUS DID LIKEWISE FOR IDEAL-UFO MAGAZINE. THE SBI/ICUFON INFORMAL MEETING MANAGED TO MAKE CONSIDERABLE PROGRESS BETWEEN THE USA and FRANCE IN THE EXCHANGE OF GOVERNMENTAL DOCUMENTS RELATED TO UFO'S. PHONE CALLS and DOCUMENTS WILL TRANSPIRE ON A MONTHLY BASIS. BY BOTH USA/UFO ORGANIZATIONS and THE FRENCH/GEPAN UNTIL A TOTAL EXCHANGE OF UFO DATA OF BOTH COUNTRIES IS EXCHANGED. THIS IS A FIRST CLASS MILESTONE IN AN INTERNATIONAL EXCHANGE OF DATA ON A UFO SCOPE. LOOK FOR MORE ABOUT THIS BREAK THROUGH IN THE COMING MONTHS IN THE SBI REPORT, AS SOON AS TRANSLATION INTO ENGLISH OF DOCUMENTS OF FRENCH NATURE IS COMPLETED -- NEARLY 50 IN ALL AND MORE ON THE WAY....

## Couple Reports UFO Sighting

A young man and woman reported to Asheboro Police Saturday night that they spotted a UFO (Unidentified Flying Object) over north-eastern Asheboro.

David L. Jordan of 1849 Sewell Street, Asheboro, said that the airborne object was brought to his attention by his date, Louise Chriscoe of Route 1, Box 137-A, Seagrove, as they were sitting in the Kiwanis Ball Park about 9:42 p.m. Saturday.

Jordan told Patrolman Timmy R. Lee of the Police Department and Dispatcher D. W. Lawrence, that the two of them observed the flying object for about 30 to 45 seconds before it disappeared behind some trees.

In a written narrative report of the incident Jordan described the object as "circular."

"It had a definite thickness about the circumference with approximately six white spot-light type of lights around the edge and one red light on the left side, off center. No beam could be seen from any of the lights. No engine sound or other unusual noises could be heard. I watched it for roughly 30-45 seconds. When I saw it, it was slightly lower than the top of the radio tower and disappeared behind the trees."

The police department said that they were aware that there was a plane in the area about the same time, but this one had yellow lights and a lighted screen underneath.

The couple also was advised to report their UFO to Seymour Johnson Air Force Base and also to the State Bureau of Investigation in Greensboro.

## UFO spotted

Sandpoint police received a report Tuesday of a UFO spotting over the Sandpoint area. Two girls reported seeing a round, silver object over North Boyer Avenue north of the airport. The UFO was reportedly seen about noon.

The witnesses said the UFO looked like a satellite with antennae on the top and bottom. The craft was oscillating and later traveled at a high rate of speed at a 45 degree angle downward.

The UFO appeared to land between the airport and south of the Schweitzer cut-off road. No smoke, explosion or sound of any kind was witnessed by the two individuals.

There were also reported sightings near Cocolalla. Anyone who saw the reported UFO in the area is asked to contact the newspaper.

## Lordsburg Residents Report Seeing UFO's

By The Daily Press Staff

Several Lordsburg residents have had a few close encounters with unidentified flying objects over the past three weeks.

As recently as Monday, a Lordsburg couple reported the sighting of three unknown objects. The objects have been described as being triangular in shape and projecting red and green colored light.

Rudy and Berna Arambula both said they saw three unidentified flying objects on Monday around 9:20 p.m. They reside at 1209 Animas Street in Lordsburg.

Rudy, who is 34 and is employed by Phelps Dodge Corporation, said he and his wife were in their front yard when they saw the objects. He said he viewed the objects with his binoculars, and that he kept his eyes trained on the objects until they disappeared.

The couple called several neighbors to the scene who also have confirmed seeing the strange objects. Several witnesses said they saw the objects, but they did not want their names mentioned because they were afraid nobody would believe them.

"I would like to go on record, but I'm afraid that people would think I just walked out of a bar," one eyewitness said.

But the Arambulas were not afraid to make public their sightings. Rudy's wife, Berna who works at Western Auto, said they called the Lordsburg Airport to see if there were any planes in the area, but her check proved to be negative.

Monday night's sighting was not the first in Lordsburg, as the Arambulas say they saw similar objects on July 12 as well.

Rudy says at the July 12 sighting he didn't need binoculars because the object was much lower in the sky and he saw it, "as plain as day."

He said the object was too big for a plane. He said the hovering object had at least a 300-foot wing span and was shaped in a triangular formation, "It sort of resembled a pointed boomerang," he said.

Rudy said the July 12 sighting also occurred around 9:30 p.m. According to Arambula he heard the object which made a noise, "like a far distant engine."

"The one I saw on July 12 was not a plane," he said.

The Arambulas said they did not report their observations to the Hidalgo County Sheriff's Department. Hidalgo County Sheriff Gene Moore said his department has not received any reports of unidentified flying objects.

## Fishy tale of UFOs

WORCESTER fisherman Ken Sawyer has a strange tale to tell of the ones that got away on his latest fishing expedition.

For, while quietly sitting on the river bank at Worcester Ken spotted five UFOs.

Ken, of Park Street, Worcester, was doing a spot of early morning fishing off the bridge near the old power station.

At around 1 a.m. yesterday he looked up to see five white flashing objects converging above him. They moved off in formation over the city, heading south east.

Worcester's UFO spotters, Skyscan, are investigating the sighting and have already discounted the possibility of satellites.

Reports collator Tony Green today appealed for anyone who may have seen something similar to contact Skyscan at 12 Hazel Close, Tunnel Hill, Worcester.

## UFO enthalls Filipinos

MANILA. Filipinos were enthralled for about 10 minutes last week by a disc-like Unidentified Flying Object (UFO) gliding across the sky in Legaspi city, southeast of Manila, it was reported today.

The flying object, about the size of a man's fist, appeared to hang from the sky for a few minutes before it streaked across the horizon towards an island near Legaspi, about 344 kms from here.

## UFO sighting claimed in city

LUCKNOW, June 21—An unidentified flying object (UFO) was sighted in the north-eastern sky here this evening.

Mr. B. N. Niyogi, Director of Engineering, Geology Division of the Geological Survey of India, told UNI on telephone that at about seven in the evening just after sunset, a very bright object emitting bluish-white light was seen by him at about 40 degrees above the sun horizon.

Mr. Niyogi, himself a keen astronomy enthusiast, claimed that the object remained stationary in the sky for about twenty minutes and that he could see it clearly with his powerful binocular.

It moved very slowly south-eastward in an arc of twenty degrees and then moved upwards very fast and disappeared in about ten seconds, he claimed. —UNI.

## UFO falls in Jordan

AMMAN, July 9: An unidentified flying object (UFO) emitting a red light and a trail of black smoke, fell last night in the Zarka area north of here the head of Jordan's national weather service said here yesterday.

In an interview with the Jordanian news agency, ALP Abanda said the flying object had been sighted soon after midnight north-east of the town of Zarka.

He added that the UFO was moving at a very high speed toward the ground and that its colour grew redder and redder as it neared the ground.

He also said all traces of the UFO had been lost when it hit the ground.—AFP.

UFO in Philippines: Filipinos were enthralled for about 10 minutes last week by a disc-like unidentified flying object (UFO) gliding across the sky in Legaspi city, southeast of Manila. Similar sightings of UFOs have been reported in various parts of the Philippines in recent months.

## U.F.O. DESTROYS SCHOOL ROOF

From Our Calcutta Office

JULY 11—An unidentified flying object (UFO) emitting a bright red light, was seen flying at a great speed over a Government farm colony, 2 km from Islampur town, in West Dinajpur, last night.

The object hit a school building of the colony and destroyed its roof and another building on the campus.

According to the Superintendent of Police, West Dinajpur, at about 9-45 p.m. the villagers of the colony saw the object coming out of the overcast sky from the north-west. They first took it object as a chunk of the Skylab and took cover. But the object did not fall. It hung over the school building for some time, then moved towards the south-west and disappeared in the sky.

The corrugated tin sheds of buildings were sucked in by the object like a magnet during its departure. A villager, who took shelter inside the school building, was injured. The fire brigade and police cordoned off the area.

Scientists of North Bengal University have been requested by the district administration to investigate the matter.

## Mystery lights

Three bright, slow-moving white lights were spotted high up in the sky over Market Drayton on Saturday night by husband and wife, Les and Olive Whalley, of 38, Windsor-drive, Market Drayton while they were out walking.

Said Mr. Whalley: "The lights were far too high up to be conventional aircraft and they were moving too slowly to be meteorites. They appeared like stars but stars do not move like that. I have never seen

anything like it before."

Mr. Whalley who has reported his sighting to the U.F.O. Research Association, added that the lights were travelling in a north-easterly, easterly and south-easterly direction.

"My reaction when I saw the first light was that it was a satellite but then we saw the other two lights and it seems unlikely that three satellites would be in the same area of the sky. We watched them for about five minutes before the lights disappeared from view."

## Mystery UFO starts Sydney Skylab scare

SYDNEY, Australia, Tues. — Hundreds of local residents saw a bright object trail across the sky tonight and many thought it was Skylab plummeting prematurely to earth.

The control tower at Sydney airport, the Sydney observatory and newspapers received dozens of calls reporting a bright yellow-orange explosion as the fiery object crossed the skyline.

"Most observers were convinced it was Skylab's final moments they were witnessing," an airport controller said.

There were no reports of objects reaching the ground.

A Sydney observatory spokesman said the object was "almost certainly some kind of space vehicle re-entering the atmosphere."

"This would account for the trail it left and the fact that some reports indicated it was still in sight after the explosion," the spokesman said. — AP.

### U.F.O. SIGHTED IN LUCKNOW

LUCKNOW, June 22.—An unidentified flying object (UFO) was sighted in the north-eastern sky here last evening, reports UNI.

Mr B. N. Niyogi, Director of the Engineering Geology Division of the Geological Survey of India, said that about seven in the evening just after sunset a very bright object emitting bluish white light was seen by him about forty degrees above the horizon.

Mr Niyogi, a keen astronomy enthusiast, claimed that the object remained stationary in the sky for about 20 minutes and that he could see it clearly with his powerful binoculars.

It moved very slowly south-eastwards in an arc of 20 degrees and then moved upwards very fast and disappeared in about 10 seconds he claimed.

# UFO shock for couple

BUILDER'S labourer Stephen Brown and his wife, Christine, had a shock while out gardening — they spotted a UFO.

And now both they and the Nottingham Flying Saucer Discussion and Research Organization are anxious to hear from anyone else who saw the object yesterday afternoon.

Mr. Brown, of Wheatgrass Road, Chilwell, said the object — sometimes cylindrical and sometimes globular in shape — appeared to be trailing a jet aircraft.

He and his wife watched it for several minutes as it dodged in and out of clouds before finally disappearing.

At times the silvery coloured UFO rose and fell,

increasing and then decreasing in size, said Mr. Brown.

"It was fascinating. I have never really believed in these things — and I am still a bit dubious as to whether it was a UFO. I would love a full explanation."

### Stargazer...

Mrs. Jenny Sallis, secretary of the discussion and research group, would also like anyone who saw the object to contact the organization on Nottingham 781808.

Mr. Brown does not think he could have mixed up the craft with a normal heavenly object. "I am a bit of an astronomer, out every night stargazing," he said.

### Spot UFOs near L. Michigan

Witnesses reported seeing as many as 20 brightly lighted, unidentified objects Monday in southwestern Michigan and northern Indiana, it was reported today.

The lighted objects, described by one witness as "like putting diamonds and rubies up to a very bright light," were observed near Lake Michigan.

Benton Harbor, Mich., police said they have received several other reports of the strange lighted objects in recent weeks.

J. Allen Hynek, director of the Center for UFO Studies, is investigating the sightings.

### UFO seen

I saw an UFO (Unidentified Flying Object) on May 21 at 11-45 p.m. in Dharwad. The head of the UFO was like a big star. Its light was greenish blue, track or tail was white. It was seen just for less than five seconds. It came from the sky at an angle of 60 deg. towards the earth. This UFO was seen moving in the opposite direction to that seen a few months back. The previous one was seen passing through from South-West to North-East. It was also bigger than the present one, for it was flying near the earth.

## Flashes from UFO reported

DAVAO DEL SUR, Sun. — An American scientist said today he and 600 villagers saw an unidentified flying object (UFO) emit flashes of light over the nation's highest peak and land near their huts.

Ron Kruppa, 36, of the American-based Film and Research for the Endangered Environment told Davao officials he saw the strange round object at Mt. Apo, which is at the edge of this city 600 miles south of Manila.

Kruppa said the UFO appeared at 8 a.m. and was in view for 20 minutes as two Filipino assistants, 600 residents of Upper Baracatan village and he watched.

The village is at the foot of the 10,311-foot mountain where Kruppa has been living for two years observing the life-style of a rare monkey-eating eagle.

"As I looked into the sky to find out why the eagles were making an eerie sound, I noticed an unusually bright starlike object in the north but almost directly overhead," said Kruppa.

The object was "perfectly round like a big balloon".

He also said he noticed objects moving inside the UFO with his binoculars as if pictures of the surroundings were being taken. — UPI.

## Silv'ry and round

SOMERVILLE — Two borough women who saw something hovering above Hamilton Street yesterday morning aren't sure it was a UFO (Unidentified Flying Object), but then they're not exactly sure it wasn't one, either.

"Me and my neighbor were outside about a quarter to 11 this morning and we saw this big round aluminum thing in the sky," related the woman who phoned the M-G right after their sighting.

"At first we thought it was a kite, but when it got closer we saw it was aluminum and round like a bowl, with openings underneath," she continued.

The resident declined to give her name, saying with a laugh, "I don't want people to think I'm crazy."

No other sightings of any strange objects were reported in the area yesterday morning, a police dispatcher said.

Sunday Tribune  
(E. Malaysia)

## UNIDENTIFIED FLYING OBJECTS

There are so many theories about UFO's that many people regard the subject as a colossal joke. It is hardly surprising when the vast majority of sightings - such as the recent much-publicised New Zealand UFO sightings - turn out to be merely false alarms. People have been misled by balls of dust, reflections and even swarms of insects. But UFO buffs remain steadfast. They say that the American Government has dramatic information which is being kept under lock and key for fear of causing a general panic. All over the world, it is claimed, both government supported and independent organisations have on record many sightings which cannot be explained away even by the best minds. Science-fictionologists say that despite piles of evidence at their disposal it is almost impossible to convince people because a subject of this nature requires such a turn about in long-held belief that people will be convinced only when they come face to face with a UFO. Unless of course the American Government coughs up information.

### SIGHTINGS

So who sees UFO's? Jimmy Carter says he has. So have ordinary people from all walks of life. According to the British UFO Research Association (BUFORA) there are between 500 to 1000 sightings per year and statistically you are more likely to see UFO's if you are under 30 and happen to be in lonely places between the hours of 11 p.m. and 4 a.m. Details of sightings vary; from the ubiquitous cigar of saucer shaped craft to ones such as that seen in Las Palmas in the Canary Islands in

that a UFO had been sighted by several other people and that for inexplicable reasons that victim suffered a massive overdose of radiation that could not have been produced by natural causes. All this is laughable, you may think, but many people with the best recommendations take it seriously.

### RELIGIOUS IMPLICATIONS

One recently formed British research organisation, CHUFORA, concerns itself with the religious implications of UFO's. While most religions do not hold official lines on the subject, many respectable Christian thinkers see a link between evil and UFO's. CHUFORA tries to draw attention to the demonic qualities of UFO visits and thinks there is a connection between them and matters related to the occult, such as spiritism. Many of its supporters think there is a connection between UFO's and governments experimenting with the spirit world with the aim of using occult power (e.g. out-of-body travel, telekinetics) for military purposes. A CHUFORA publication by John Weldon (UFO's, What on Earth is Happening? Regency Press) is an example of this type of thinking. The writer believes that UFO contacts transform the consciousness as part of a plan to move millions into accepting or supporting the occult in preparation for the coming of the Anti-Christ. Heavy stuff this, but stiffle the giggle because even the House of Lords recently held a debate on the subject. Perhaps this, as non-believing critics will say, is a sure sign that UFO's are not to be taken seriously.

by: DOROTHY SOULTANOKIS,  
SBI Office Manager.

It comes time once again to honor and welcome to the SBI those who have become members that actively participate in the organization's research and documentation. First, there is DAVID WATERS, recently accepted as a Field Investigator.

David is a 32 year old graduate of the School of Modern Photography (Conn.), the DeVry Institute of Technology (Ill.), and now attending classes at Schenectady County Community College (N.Y.) for Math used in Engineering Technology. Dave is employed as an electronic technician whose duties include construction, testing, and operation of new turbine and generator facilities. His experience in the UFO phenomena are vast due to his former membership of The Society for the Investigation of the Unexplained. Glad to have a pro on the team, welcome aboard Dave.

Secondly, we have WAYNE GUILD, recently accepted as a Field Investigator. Wayne is a 26 year old resident of Louisiana. His overall resume is extensive & impressive. His B.S. in Ocean Engineering from Florida Institute of Technology has earned him employment as a Corrosion Engineer who has responsibility for safety of cathodic protection systems. Besides this and essential to his line of work, Wayne is a certified suba diver and maintains a current CB license. Without hesitation, it is believed Wayne will be a valuable asset to the SBI in the coming years and essential to the State of Louisiana as an Investigator in UFO research. Thank you Wayne...

Finally, there is Allen LaSalle. Allen is a 45 year old self-employed contractor, specializing in carpentry. Allen who is married and a responsible citizen in Upstate New York has no special talents or impressive qualifications, other than his extreme demand to pursue the UFO phenomena in order to obtain logical answers for many mysteries. Having two (2) encounters himself, Allen feels he is a more observant person than most and not prone to imagining things which do not exist. Allen's open-mind towards the phenomena will most likely make him an excellent Investigator for the SBI. In this sense, is the reasoning of approving Allen's application for an investigative position. This goes to show the SBI does screen each and every candidate for a qualified position rather than merely look for important referral and qualificational data. Good luck Allen, we believe some pretty important cases will involve your name in the future and look forward to reading about them.

**NEWS ABOUT BADGES**--coming in shortly and will be distributed immediately. With the badges are the SBI's new investigating body ID Cards. They will be mailed to various Directors and Chiefs for review for recommendations of approval or disapproval. We'll keep everyone posted.

**PSE EQUIPMENT**--the SBI is currently awaiting a new, inexpensive and easily usable machine to arrive. The machine built by Telestar, Inc. has been allotted to the SBI for in depth use (free-of-charge) for a period of thirty (30) days. You can rest assured the SBI will put the machine to a most rigid testing program. The results of the testing

will be published in a future edition of the SBI REPORT. If the machine is all that it is claimed to be, the SBI will purchase several for research use and recommend to the Investigators the purchase of one for their usage (machine cost approximately \$149).

LECTURES--Pete and Jim are going to be lecturing for Union College in New Jersey. As soon as all the final details are in, the membership will be informed as to where, when, and what time the event will take place. All those in the area who would like to meet Pete and Jim and hear one of their lectures will be invited.

UFO DOCUMENTARY--the SBI, mainly Pete and Jim, is currently engaged in making a UFO documentary for PBS (Public Broadcasting System). The 2-6 hour (possible serial) will then be aired on T.V. for all to enjoy, as well as sold to colleges. A copy will also be maintained on file at Headquarters and shown to various people during public relations endeavors.

GOOD NEWS--Pete and Jim, as it is know, are members of the American Institute of Aeronautics & Astronautics and now have been accepted as members of the Smithsonian Institute. On the lighter side, it is rumored Regional Director on the East Coast, Pete Spangler and New York State Director Tom Dawiczowski are thinking of lecturing exclusively in the Long Island, New York regions. Both Spangler and Dawiczowski are Police Officers in New York City for over a decade each and extremely important figures in the future progression of the SBI. According to some eavesdropping I had the opportunity of listening to, Pete Mazzola was talking casually to his co-director, colleague and friend Jim Fallow about the plans of Spangler and Dawiczowski. Pete explained to Jim, "Spangler and Tommy "D" want to lecture in behalf of the SBI. But, the only thing wrong with this is--they have to be trained to deal with the public in this new capacity." Jim quickly replied, "no problem, we'll train them and lend them our slides, charts, projectors and sound equipment." After some more talk of the matter both Pete and Jim plan big things for Spangler and Dawiczowski in 1980. Pete Mazzola, who works with both Spangler and Dawiczowski, keeps mumbling something to the effect, "I refuse to lend Spangler my suit" and "how the heck is Tommy "D" going to find an audience, when the man has trouble locating a criminal in a penitentiary?" But, it's all in jest since both Pete and Jim know the new lecture duo will do splendidly in captivating membership within the Long Island areas.

BAD NEWS--For a change it is pleasing to inform our readers there is absolutely no bad news to report for the month of October. With this great moral booster I'll bid everyone good-bye until the next issue. Our November issue will not be distributed until the first week in December, so, we at the SBI would like to wish all our readers and members a HAPPY THANKSGIVING...

NEW INTRODUCTION LETTERS are enclosed with this issue. Our old introduction letters are now obsolete and may be discarded. The new, double-sided page may be photocopied/reproduced by any means by the membership for future distribution purposes. The new form is certainly an improvement from our very first and makes the interested individual reading it learn all there is to know about the SBI. We hope you like them!
