LEADERSHIP AWARDS

HAPPY 2nd ANNIVERSARY

THERE IS NO OTHER UFO ORGANIZATION IN THE WORLD THAT HAS ACQUIRED THE REPUTATION OF BEING THE MOST INGENUOUS, MODERN AND FASTEST RISING INSTITUTION TO DEAL WITH THE PHENOMENA OF UFOs. ALL OF OUR MEMBERS, REGARDLESS OF RANK, SHOULD BE PROUD OF THE FACT THAT YOU HAVE MADE A ONCE THOUGHT OF DREAM BECOME AN OVERNIGHT REALITY. AND WE LOVE EACH AND EVERYONE OF YOU FOR MAKING IT POSSIBLE.

THIS REALITY HAS EVEN MADE IT POSSIBLE FOR THE SBI TO GIVE AWAY EACH YEAR TWO INCENTIVE AWARDS IN THE FORM OF "MONEY." As per our SBI's Constitution and By-Laws, the Board of Officers select, from all the yearly documented cases, suggestions and possible candidates who have shown above average dedication and loyalty to the SBI, many members for consideration for the awards. However, only two can be allotted each year, so it is quite a difficult task for them to chose the winners. Yet, they have made their decision and on the following pages you shall read about them and why they have been selected for the awards. Each award is in the sum of \$150.00 (one hundred fifty dollars) which apply to the following categories: BEST CASE FOR 1980 and THE MOST DEDICATED MEMBER FOR 1980; both awards are made clear and referred to in our ARTICLES OF INCORPORATION, article XV/section 2 and article XV/section 3. As for the year 1980, the same conditions followed suit and the Board of Officers found more than one member for each category that fit the requirements for winning the award. So, as in last years case, several candidates were selected and the award incentive fee is hereby shared equally among the chosen. May I personally add my congratulations to all the winners for a job well-done in 1980. But, to those who did not win this year's awards, please, do not take it personal, there were hundreds of members who were selected. THERE IS ALWAYS THIS YEAR... **1981**

BONITA ROMAN

**FOR OUTSTANDING AND DEDICATED

***SEVENTY-FIVE DOLLARS (\$75.00) & PLAQUE: for her dedication and loyalty to the SBI. She has enrolled SEVEN (7) new members solely by herself, which inturn enrolled more members, and gave leads to some very important radio & media personnel who have become Consultants for the SBI. Bonita has even contributed greatly towards the SBI REPORT and in the future we shall be reading much more of her works. And as a Chief Investigator in the State of Ohio, she often speaks on many radio and TV talk shows in reference to the SBI. Her efforts to have the SBI publicized in Ohio has payed off immensely & succeeded in getting the SBI attention in that state. With all these assets in her favor already, she still persisted in doing her investigative role and submitted at least four (4) UFO documented cases for the state of OHIO; two of which have definite aspects of an abduction (will be written about in a future issue of the REPORT). Her goals and total motivation for the year 1980 exceeded itself beyond human comprehension and as Bonita has vividly stated to us recently, "I expect to do at least ONE thing for the SBI EVERY MONTH." Yet, all we ask for is for every member to do at least one thing for the SBI in a year. The SBI is sure to hear about her future ventures in this year of 1981. Since her enrollment in January of 1980, she was quickly promoted to the rank of CHIEF INVESTIGATOR and justly deserving of it as can be seen by her accomplishments for the SBI in 1980. CONGRADULATIONS AND WE THANK YOU FROM THE BOTTOM OF OUR HEARTS.

****SEVENTY-FIVE (\$75.00) & PLAQUE: Her suggestion to issue a form of GIFT CERTIFICATE VALUED AT \$2.00 for each new member enrolled by another member has certainly proved to be the most ingenious and rewarding suggestion by far since the SBI's creation. From the time the SBI first spoke about these certificates back in December of 1979, members of every rank of the SBI have taken advantage of the opportunity to sort of get a rebate just for enrolling another new member. Many, many members have even gone to the extreme to enroll 6 or 7 new members in a years time, thereby giving them a FREE RENEWAL for themselves. This creative idea has unfolded to be one of the best of its kind in UFO organizations--and in fact, nearly doubling the old membership of 1979. She was only a SUBSCRIBER to the SBI, yet, fulfilled her duties to the SBI almost in the capacity of an investigator. Judith never dreamt her suggestion was ever even going to be considered, nor could she have any foresight in the future of winning an award for that suggestion. Not only is the SBI thankful for the suggestion, we intend to use her idea of gift certificates for the duration of the SBI (which is forever), and when need be, raise the value of these certificates in accordance with our fees/dues and the cost of living. Since the time of suggestion being accepted by the SBI, she has changed her classification to that of STAFF ARTIST and produced the front & rear covers presently used by the SBI REPORT. Needless to say, Judith's artwork has made the SBI known around the world as a UFO organization comprised, basically, of law enforcement officers from around the USA. GREAT WORK, EXCELLENT IDEAS AND ALOT OF DEVOTION TO THE SBI has won her this award and we greatfully CONGRADULATE HER FOR HER SERVICES.

**FOR OUTSTANDING AND DEDICATED

***ONE HUNDRED FIFTY (\$150.00) & PLAQUE: for his remarkable assist in the investigation/documentation of the MC ALISTER-SOUTH CAROLINA SIGHTING. Although at first, he was only able to allow for a primary investigation of the sighting-viewed by 29 persons from several different towns-due to a previous paid for vacation, his later follow-up aided greatly in concluding our findings/report in reference to all the physical, psychological and pysiologocial effects of this case. He further assisted in promotion in that state for SBI involvement of the case through radio, TV, and the newspapers. When it finally came time for ABC (That's Incredible) to film the episode for television viewing, that shall be aired sometime in April of 1980, he performed as quickly and as professional as he could to set-up all the arrangements, full publicity and what ever else was needed. Besides this, he is a great photographer and therefore, photographed the events of the day for us and later passed over to the major tabaloids and UFO periodicals for usage in their stories. Due to his efforts after learning of the case (after the SBI learned of it from Chief Investigator Dan Lowenski-NYS, who was informed by his sister-in-law Elizabeth Johnson) and after-the-fact help, the SBI acquired the services of another consultant and a few more subscribers and investigators. THE SBI THANKS HIM FOR HIS HELP, PROFESSIONALISM, PUBLICITY, AND PHOTOGRAPHY AND CONGRADULATES HIM ON HIS WELL-DESERVED AWARD.

GRAY BARKER AT GIANT ROCK

By GRAY BARKER

GRAY BARKER AT GIANT ROCK By Gray Barker

In the fall of 1970, Jim Moseley, Barbara Hurison and Gray Barker flew to Los Angeles and attended George Van Tassel's Flying Saucer Convention at Giant Rock. Barker gives you a run down on famous "contactees" he met such as Van Tassel, Trevor James, Orfeo Angelucci, etc.

He describes them and their stories of meeting people from outer space. You almost feel you are right there with Barker under the hot sun on the desert. Ten UFO personalities are interviewed and their favorite sighting is described with a dramatic full page treatment by the noted UFO artist, Hal Crawford.

Also lavishly illustrated with photographs and other artwork throughout. A six-page section is devoted to strange writing, objects and faces that turn up in NASA photos of the moon and Mars, including an incredible map of the U.S. on the face of the moon. This book is Barker at his best! He has preserved the atmosphere of this and past conventions he has attended there so that UFO fans of the future can vicariously experience these fabulous meetings as if they were there themselves.

UFO WARNING

By JOHN STUART

UFO WARNING By John Stuart

First published in 1963, the first edition of UFO WARNING sold out quickly. Because of its shocking and terrifying nature, the publisher did not reprint this book. Things have changed, however, and students of the UFO mystery are more knowledgeable and mature. Also, a wave of strange happenings, similar to those described in UFO WARNING has recently developed, and sincere researchers should and must have this information.

So the publisher has decided to make a limited re-printing of what is probably THE MOST FRIGHTENING AND HORRIFYING BOOK ever published on the subject of UFOs. It tells the strange story of John Stuart, head of an Australian group, "Flying Saucer Investigators". He and his pretty co-director, Barbara, discovered what they felt was the secret of the discs, after which they were beset by strange occult forces and terrible warnings. Their failure to stop their work resulted in the appearance of a vile, lecherous monster. "UFO WARNING" will tell you what NOT to do in UFO research and what subjects to avoid, lest you too, be given the WARNING.

OUR PLANETARY HOME, OUR PLANETARY PROBLEM

A n I n v i t a t i o n

--X--

AS WE ENTER THE NEW YEAR of 1981, this small blue planet we call Mother Earth and its inhabitants are beset by an array of unprecedented upheavals--atmospheric, geologic, social, economic and emotional. Nations snarl at each other in open warfare and simmering antagonisms. We see the miserably impoverished and the hungry subsisting on the same revolving globe that houses the decadent super-rich and the gold-crazed oil gluttons. And we see the conniving political jackals who prey upon the bewilderment and impotence of the masses, all too ready and willing to strike a fist at any convenient "foe".

Meanwhile, the gravest threat from the most formidable enemy goes unnoticed--the alien interplanetary UFOs and the extremely cunning, technically advanced Spacemen who control these craft.

With this first issue of the PPCC Bulletin, the successor to the EDEN Bulletin, a group of concerned Planetary Citizens announce their commitment to focusing attention upon the single most important problem confronting all existing Life on Planet Earth: The UFO-DOR threat to our mutually shared atmospheric orgone energy, "the Principle of Life itself," as Wilhelm Reich termed it. We will do everything possible to find ways--if any are available--to meet this real and present danger. This will require great sacrifices (as it always has in the history of mankind) for the pioneering few. We ask you to support this vital endeavor--by subscribing to our new PPCC Bulletin, by joining with us as a PPCC Member, and by assuming as much responsibility as you can.

Earth is our mutual planetary home. Before his death in 1957, Reich predicted severe desert development in twenty-five years. The handwriting is plainly written in the skies for all who have eyes to see: the chaotic weather, increasingly powerful seismic spasms, killer-"smog" blankets paralyzing urban, and now even rural, areas. How much time do we have left?

Originally, life on this small blue planet was created aeons ago without bellicose national posturing, without divisive creeds and antagonistic ideologies. It may very well be destroyed--from within and without--by our failure to relinquish the irrationality that divides us and to focus, finally, upon our common Planetary Problem.

THE PLANETARY PROFESSIONAL CITIZENS COMMITTEE

By Sean Haldane, Ph.D.
Chairman, Membership Committee, PCCC

I suggest to establish a Planetary Professional Citizens Committee with sufficient work democratic organizational and statutory power to take over the responsibility for and direction of the Social Reconstruction of the Planet Earth and of the Ea Operations of the Future.--Wilhelm Reich
(From Contact With Space, 1955)

Wilhelm Reich wrote these words in the face of growing evidence of a planetary emergency: the prevalence of increasing atmospheric infestations of DOR (Deadly ORgone energy) with attendant drought and desert development, and the disturbing observational link between these conditions and the sighting of what Reich called "Ea" ("Energy Alpha" or "Enigma") his term for the UFOs which interfered, either deliberately or inadvertently, with his efforts to clear the atmosphere of DOR through Cosmic Orgone Engineering (CORE).

The situation in 1981 has not changed for the better. DOR prevalence is exacerbated by increasing nuclear-energy uses, and by the proliferation of nuclear wastes and other manmade pollution. Deserts continue their relentless advance in many countries. It has been estimated that our planet loses an area equivalent to the State of Maine each year to desert encroachment (Cf. "The Ungreening," by Kenneth Brower, OMNI, Dec. 1980.) Weather conditions are chaotic, volcanic and other seismic activity are increasing, and sightings of UFOs have also increased to the point where they have been seen by millions of people throughout the world.

The few who have responsibly pursued CORE work consistently report UFO activity and even UFO interference. This may represent a grave planetary emergency which at the very least is a serious and frightening problem. But its existence is not officially recognized, and in the absence of a coherent theory of primordial-energy functioning, such as that provided by Reich in the new science of orgonomy, these phenomena are readily dismissed as random or bizarre.

UFO organizations collect data on sightings but tend either to mystify them or to operate within a mechanistic frame of reference which prevents any perception or study of the association between the sightings and specific atmospheric conditions. Orgonomists and others who use the methodological framework of orgonomic functionalism which Reich originated are often so absorbed in dealing with another, parallel emergency--that of the emotional and biopathic diseases which plague humankind--that they do not turn their energy to what seem to be insuperable dangers to Earth's biosphere.

A few people have undertaken responsible CORE work; others have played with it or undertaken chaotically destructive operations. The most contactful CORE operator, Jerome Eden, has conducted successful

CORE projects in North America, written and published the only books which take up where Reich left off in facing this planetary emergency, and continued this emphasis in EDEN Bulletin. He has become the focus for requests, from concerned citizens of several countries, for information and for CORE training. At a preliminary meeting in Careywood, Idaho, on 28th November 1980, it was decided to take the step of inaugurating the PPCC (Planetary Professional Citizens Committee).

The PPCC which Reich envisaged was more broad in scope than any such organization can be at this time. We have planted one small but hopeful seed. Our ultimate influence will depend upon our factual functioning, upon the willingness of others to accept the responsibilities for this work (or at least support it). We see ourselves as serious workers in new and dangerous terrain, not as saviors, martyrs, or dictators. At this point we are concerned that PPCC be functional, work democratic and planetary, and that it grow slowly and organically. Thus, PPCC was organized out of an organic condition for its existence the desire of concerned and responsible planetary citizens to join forces in factual work on the DOR-UFO problem.

The goals of the PPCC are:

- 1/ To establish a CORE training program leading to the certification of CORE Operators under the directorship of Jerome Eden;
- 2/ To provide a center for coordination of planetary CORE operations;
- 3/ To provide a center for the study of the atmospheric orgone energy and the DOR-UFO problem;
- 4/ To encourage international awareness of this crucial problem;
- 5/ To publish a PPCC Bulletin which, in the tradition of its predecessor, the EDEN Bulletin, will publish articles and reports on the UFO-DOR enigma in expanded form. Jerome Eden will continue as editor of the new PPCC Bulletin whose pages will be open to its reader for suitable manuscripts.

Participation in the PPCC--

Participation in the PPCC can be at three levels:

- 1/ Through subscription to the PPCC Bulletin, issued four times a year at a cost of \$16 per year. Subscription is open to everyone but does not constitute membership.
- 2/ Through membership at an annual fee of \$50 and upon completion of a simple (and confidential) questionnaire and approval of the Membership Committee. Membership confers the right to attend PPCC general membership meetings, a subscription to the PPCC Bulletin (included in the annual fee), and notification of educational functions open only to members. A membership card will be issued. Membership in PPCC is a valuable contribution to and support of this work. All members may exercise the privilege of appending the initials "PPCC" after their names.
- 3/ As a candidate for the CORE training program (see details this issue). Admission to this program is restricted, and those interested may write requesting a more detailed questionnaire. A personal interview will be required--either initially or during the course of training.

It should be noted that while PPCC falls within the general field of orgonomy (the study of the life energy as detailed by Wil-

helm Reich) it has no formal affiliation with any other organization, nor is it involved with medical or psychiatric orgone therapy, although persons who work in these fields will be most welcome to join with us.

PPCC will be incorporated as soon as possible. Although the international coordinating center for PPCC will be based in Northern Idaho, USA, members will also work from their own addresses.

Address all communications regarding membership to:

THE PPCC BULLETIN--Subscriptions and Manuscripts

After 7 years of publication, EDEN Bulletin has now developed into the PPCC Bulletin, the official organ of the Planetary Professional Citizens Committee (PPCC).

As explained in the previous article by Dr. Haldane, PPCC Bulletin will continue in the tradition of the EDEN Bulletin by placing its main focus of attention on the DOR-UFO enigma under the editorship of Jerome Eden.

In addition, we encourage all readers to submit suitable manuscripts for publication consideration. All manuscripts should be typed, double-spaced; figures & drawings should be in black ink on white paper; photographs should be black-and-white, glossy prints. All manuscripts must be accompanied with a return, self-addressed stamped envelope, or they will not be returned. Published manuscripts and artwork become the property of PPCC unless other arrangements are formally agreed to in writing between the editor and the author.

PPCC Bulletin will be published quarterly (January, April, July and October) with an increase in pages over its predecessor to broaden its presentation of the UFO-DOR scene and other pertinent information regarding PPCC itself.

New Subscribers: A subscription to PPCC Bulletin is \$16.00 (U.S.) for four consecutive issues delivered via surface mail, for domestic or foreign subscribers, or \$24.00 for foreign Air Mail delivery.

Member-Subscribers: Those who are accepted as a Member of PPCC will receive an annual subscription to the PPCC Bulletin which is included in the membership fee of \$50. Overseas Members who desire Air Mail delivery are asked to add an additional \$8.00 to cover Air Mail costs, otherwise delivery will be by surface mail.

EDEN Bulletin Subscribers: Current subscribers to EDEN Bulletin will receive the new PPCC Bulletin on a pro-rated basis: An \$8.00 subscription to EB will bring 2 issues of PPCC Bulletin; a 2-year subscription to EB, brings 1 year of the PPCC Bulletin, etc.

Communications regarding subscriptions should be directed to Editor, PPCC Bulletin, Box 34, Careywood, Idaho 83809, USA.

Queries regarding PPCC may also be directed to Roland Frauchiger, PPCC Organizing Chairman, 8380 Melrose Ave., Los Angeles, CA 90069, USA.

A CORE TRAINING PROGRAM--

Under the direction of Jerome Eden, PPCC is establishing a training program to train and certify suitable applicants as cloudbuster operators in its CORE (Cosmic ORgone Engineering) Program.

Since Reich's death, many hundreds (if not thousands) of irresponsible people have been "playing around" with this most powerful discovery, creating additional chaos & misery to a planetary atmosphere that has been driven berserk by repeated nuclear-bomb explosions. Oranur & DOR infestations continue to worsen world-wide. Our planetary Life Energy--The Principle of Life itself, as Reich called it-- is being destroyed. Total weather chaos can be seen everywhere, with unprecedented heatwaves where it once was cool, torrential rainfalls upon desert regions, with global crop failures & accelerated drought development continuing unabated. If we read the signs correctly, the summer of 1981 will continue the DOR-drought pattern throughout our planet. The major concern of PPCC is to train CORE candidates & combine our efforts in finding ways to reverse this deadly march toward planetary death.

This is a most serious program which requires the most serious & responsible people. All CORE Candidates will be expected to complete a strict training program before they may be certified by PPCC as a CORE operator.

Applications for the CORE Program--

Applications for the CORE Program are now being accepted by PPCC. A candidate for the CORE Program must either have completed orgone therapy, or be undergoing orgone therapy. Anyone who has not undergone such restructuralization will be required to present himself for examination before the PPCC Membership Committee, & for final approval from the CORE Director.

Applicants for the CORE Program should furnish the following:

- 1/ A letter or resume giving details regarding education, background, work, organomic study & experience, and the motive for desiring to enter this Program. A questionnaire will be sent to each.
- 2/ A current photograph;

Initially, the CORE Program is being established as a 3-year training course. The fee is \$1,000 for the first year, and \$500 for the succeeding years. (The initial fee may be paid in one sum; semi-annually at \$500; quarterly at \$250; or monthly at \$100 per month. Currency should be in U.S. dollars, payable to PPCC.) An initial payment must accompany all applications. Fees will be returned to those applicants not accepted.

Accepted Candidates--

Those accepted as CORE Candidates will receive instructional material (a CORE Manual has been completed & is now undergoing review). Each CORE Candidate's work will be carefully examined & critiqued throughout the course. Those who do not perform suitably will be dropped from the program and no fees will be returned.

Every Candidate will be expected to attend on-site CORE training seminars, to be arranged by the Director, and pass a final examination for certification.

Please address all applications to:

ALIEN MANIPULATION OF CONTACTEES--From Our "Friendly" Space Brothers?

In past issues we have presented several reports indicating that the Soviets were zapping American embassy personnel in Moscow with microwave radiation (EB:3,4, Oct. '76) which induced blood changes, cataracts, heart attacks & possibly cancer. Despite the fact that this electronic bombardment had occurred since 1960, the State Dept. took no action until nearly 10 years later, when protective window screens were installed & warnings were issued to personnel.

Well, to rephrase the words to a well known song: "Anything we can do, the Spacemen can do better!"

Recently we received information from a credible source (who requested anonymity) which indicates that Spacemen are and have been actively interfering with UFO-research attempts to regress contactees & thus find the truth as to what precisely happened to such contactees

There is serious & sobering evidence to indicate that the Spacemen (which ones has not been determined) are harassing some of the Earthpeople they have kidnapped & then returned, by zapping them with electronic beams designed to prevent the victim from telling the whole truth with respect to their abductions.

Now this is an extremely frightening turn of events, but I have suspected as much for many years. Apparently the Spacemen are, in effect, "brainwashing" (or "brain-waving") the victims so that they report (under hypnosis) that the motives of these aliens are benevolent towards mankind, when in reality, they are totally malevolent!

Thus, in the interest of obtaining the truth regarding what actually occurred to an abductee at the hands of these Spacemen, the following counter-measures have been suggested:

- 1/ The interrogating staff should include, if at all possible, at least one physician and several psychologists all expert in the techniques of hypnosis. There should also be present at least one totally objective observer taking his own notes.
- 2/ Hypnotic regression of the abductee should only take place in a properly shielded enclosure or room, such as--
 - a) A Farraday cage, or a grounded box-type ORAC (3-folds)
 - b) An X-Ray room, which is generally shielded with lead on all walls, ceiling & floor; however, one must be very careful of the severe Oranur atmosphere of such X-Ray rooms.
 - c) A garaged automobile whose windows have been covered with 3 layers of heavy-duty aluminum foil; the aluminum foil must be grounded to the metal around the windows (small holes may be punched to allow for ventilation). The car is not grounded.
 - d) Another possibility is to use an inside room of a multi-storied hotel or motel complex. The contactee should not know the number or location of that room.

It is further suggested that prior to any hypnotic-regression of the abductee, he be given a thorough physical examination, including blood tests.

An electronics engineer should be enlisted to monitor the environment and the contactee at all times during the regression sessions for electro-magnetic and ultrasonic radiation.

From the information thus far received it seems that the Spacemen have been programming the contactees with false information designed to camouflage their real intentions toward Earth.

When such hypnotic blockage has been breached by psychologists, the aliens are using very sophisticated electronic "beam" to confuse and otherwise harass the abductee so that hypnotic regression is thwarted or becomes ineffective.

Again--this is an extremely serious turn of events. We are facing an extremely cunning adversary who is years ahead of us in technology. It is requested that this information be passed along to all responsible UFO investigators and groups. When additional information is received we shall pass it along. Wake up! Be alert!

EXCERPTS FROM THE Intercontinental (UFO) Galactic Spacecraft Research and Analytic Network's WORLD AUTHORITY FOR SPATIAL AFFAIRS (WASA) Project:

The SALTs – and beyond...

■ A man, who has slain a fellow human being will be declared a murderer and sentenced to death by the justice.

■ A scientist, who invents and designs the arms of mass destruction may receive the greatest honors of his nation.

■ B u t, when his nation loses the war, his career will end in the culprit of the "Second" Nuremberg Trial as a war criminal.

This is the very profile of the THIRD WORLD's evolving new law and order, in which it seems that the military and space exploring super powers sky rocketing investment and arms race for their sophisticated arsenals of mass destruction have become totally incapacitated and defunct. It is a fact that from the end of World War II., the artfully schemed outlaw guerilla warfare's strategy and tactics with its unidentifiable terrorizing illegality totally paralyze the strikeworthiness of the world's mightiest political and military powers, and have forced them into a shameful retreat from continental territories and defeats on the political and diplomatic fronts.

It is completely incomprehensible, why two allies cooperating in the exploration of outer space and the celestial bodies, from 1970 are feverishly building history's greatest and potentially deadliest arms race to wage a modern warfare?

AGAINST WHO? . . . WHERE ARE THEIR ENEMY . . . ?

From 1973, an infinite Strategic Arms Limitation Talks (SALT) between the USA and the USSR are blindfolding the nations' governments and the public at large, which in their enforcement, alarmingly indicates that as much as they are limiting to each other their strategic arms production, they are (with all speed) increasing their arsenals with the most sophisticated and up-to-date arms, applicable rather in outer space than on the earth.

MILITARY

DECLASSIFIEDS

1980:

"The lack of sufficient information on the UFOs misleading operation, could at our air warning system easily trigger a fatal misunderstanding, which could activate on both sides (U.S.A. and USSR) the final holocaust of mankind." (Maj.ret. C.S.VonKeviczky, Jan. 29, 1980, House of Lords' UFO Committee and Group, London, U.K.)

On May, 1966 ICUFON referred to the United Nations Secretary General U Thant, and the Committee on the Peaceful Uses of Outer Space, to establish international security measures regarding the Galactic Powers earthbound operation. (Consult Space Law, p.101) Whereas the mighty powers in the Agreement Governing the Activities of States on the Moon and Other Celestial Bodies, Article No IV., secured the peaceful exploration of outer space first of all to their military forces:

"THE USE OF MILITARY PERSONNEL FOR SCIENTIFIC RESEARCH OR FOR ANY OTHER PEACEFUL PURPOSES SHALL NOT BE FORBIDDEN."

It is remarkable that at the same time, the same Article PROHIBITS the military forces to place in orbit around the earth any objects "CARRYING NUCLEAR WEAPONS OR ANY OTHER KIND OF WEAPONS OF MASS DESTRUCTION, OR STATION SUCH WEAPONS IN OUTER SPACE OR CELESTIAL BODIES."

In reality, with few exceptions, all the astronauts of the NASA, and cosmonauts in Baikonur are Military Academy graduates, selected to receive top security clearance; they are specifically trained high ranking combatant officers - MILITARY SCIENTISTS. Their peaceful scientific exploration within the NASA and USSR resulted up to this moment in the following deterrent image of our environmental and outer space: (Consult SALT II - A VERTICAL TRAP)

The Global Alertness on U.F.O. Forces

The increasing activity of the Unidentified(?) Flying Objects from 1952, and continuing to the present have forced the United States to extend the NORAD (North American Air Defense Command) specific radar and early warning security and control system to all points over the Western Hemisphere, and the inner and outer space.

NORAD is located in the Cheyenne Mountain, Colorado, where the U.S. defense jointly operates with the Canadian forces. According to the headquarters' information it represents a globally extended radar security for the North American Continent providing for early warning against PRESUMED "UNIDENTIFIABLE" EARTHLY ENEMIES'

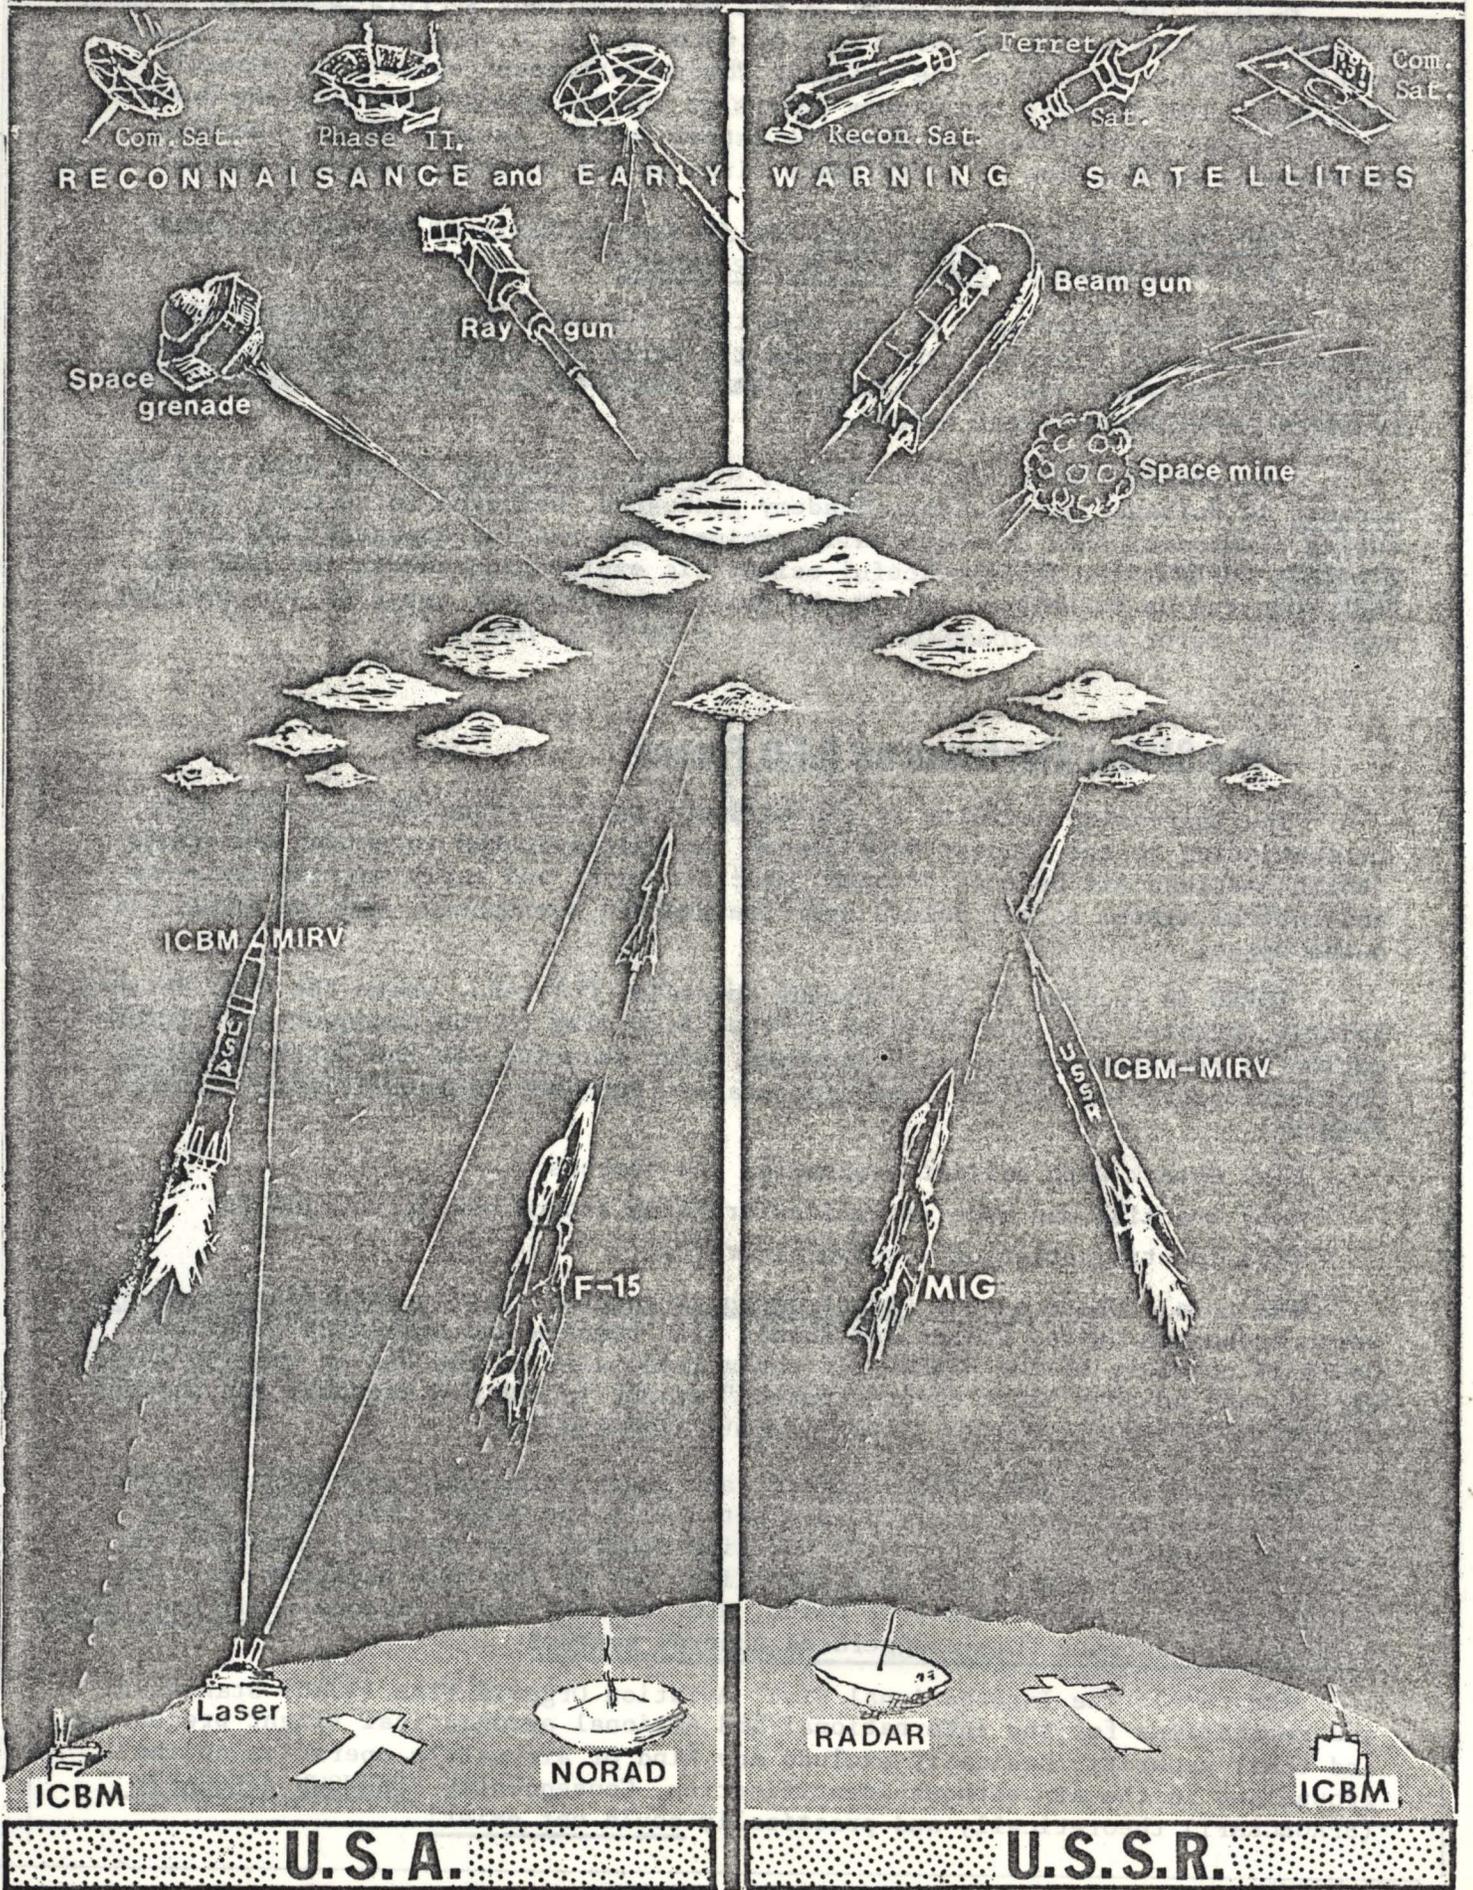

- (a) attack with ballistic missiles and bombers,
- (b) tracking man made satellites orbiting around our Earth, and for
- (c) identification of unknown aircrafts.

■ Re to(a): Where on our Planet Earth is located that "unidentifiable enemy" which endangers United States and Canada with bombers and ballistic missiles? Could it possibly be the USSR? - It was a great ally of the USA in winning World War II, and now has "most favored nation" status in the U.S. economy, and besides is our co-operative partner in outer space exploration!

■ Re to(b): The NASA space centers, and their world-wide established satellite tracking stations closely co-ordinated with the NORAD, keep under permanent computerized surveillance and position control for "security reasons" the approx. 400 still active man made satellites out of the four thousand inactive debris, such as rocket boosters, bolts, etc. For the above reasons is it profitable to keep in existence this exaggerated control system?

■ Re to(c): The International Civil Aviation Organization (ICAO) standards and regulations for the international and national aeronautical flight procedures and their security, basically exclude any kind of aircraft's operation on the ground and in the air without identification. Consequently "UNKNOWN AIRCRAFT" (SPACECRAFT) theoretically and practically could not exist!

S.A.L.T.II. — A VERTICAL TRAP FOR U.F.O. FORCES?

U.S.A.

U.S.S.R.

It is remarkable that the NORAD's surveillance does not care for the Un-identified Flying Objects activity, which for over three decades has kept the world's nations in a COLD WAR PSYCHOSIS FROM OUTER SPACE, - and whose existence and sinister earthbound activity have been verified through declassified documents of the CIA, FBI and the Department of Defense.

Leaked official information has corroborated what the NORAD has admitted; that the sophisticated infrared sensors, synchronized satellite sentries, and the phased array of global radar networks register DAILY about 8-900 OBJECTS, WHOSE FLIGHT CHARACTERISTICS DO NOT RESEMBLE ANY SATELLITES, OR HAVE THE USUAL BALLISTIC TRAJECTORIES. We accept the possibility that these effects are in the majority generated by meteor tail phenomena, electromagnetic impulses, re-entering satellite debris and anomalous propagations. - But, when we accept out of these only 10% which are related with those "UNIDENTIFIED" objects - observed by the naked eye from the ground, reported by the international news media, photographed and filmed by inexpensive cameras and verified by simple artifacts, t h e n

EVERY HOUR 3 1/2 GALACTIC SPACECRAFTS (UFO) APPEARS WITHIN OUR GLOBAL AIRSPACE.

BUT, the vital necessity of the NORAD, and its concealed TRUE ASSIGNMENTS are clearly indicated in the recently declassified approx. 4,500 documents of the Pentagon and the other nations' military forces.

Probe report of N-waste drops off N.J.

By BRIAN KATES

A congressional committee will investigate a retired Navy pilot's disclosure of secret missions he said he flew in 1947 to dump nuclear wastes off the New Jersey coast.

The allegations by retired Lt. Cmdr. George Earle 4th are to be probed by the House Government Operations Sub-

committee on Energy and the Environment, according to Barry Hager, senior counsel to the subcommittee.

"The critical question raised by these allegations," said Hager, "is, was there a lot of military dumping that was never honestly and fully recorded and reported to the public?"

The Navy said yesterday that it could not confirm the series of three flights appeared to be part of a routine program that disposed of more than 90,000 canisters of low-level nuclear waste in the Atlantic between 1945 and 1970.

IN A PREPARED release, the Navy stated yesterday that "from Navy records available in Washington, we are unable to confirm any mission such as Mr. Earle described." But EPA regional spokesman James Marshall said that agency officials had spoken with Earle yesterday and that "we've pretty well pinned down that the dumping he was talking about was in one of the sites we know about."

Hager said that he knew that the military dumped radioactive waste from ships into the sea, but, he said, this is the first time he had heard of aerial dumping by the Navy.

Earle said he retained records of the

secret postwar missions Earle said he had flown to dump half a dozen containers of nuclear waste—previously kept under heavy guard and surrounded with Geiger counters—into the waters off the New Jersey coast. But the federal Environmental Protection Agency said yesterday that the 1947 mysterious flights, but that when he attempted to find duplicates in Department of the Navy files they were not there. He said he made the disclosures because, "I've got a conscience and it has worried me these 33 years."

MARSHALL SAID there were two dump sites off the Jersey coast—one about 100 miles off Sandy Hook, the other about 220 miles out to sea—that the now-defunct Atomic Energy Commission used to dispose of "low-level waste, things like lab clothes and tools." The waste was placed in 55-gallon metal drums that were then filled with concrete, he said.

Between 1946 and 1970, Marshall said, the government dumped 89,750 canisters of waste with a total radioactive strength of 94,630 curies into the Atlantic sites.

James Staples, a spokesman for the New Jersey Department of Environmental Protection, said that his agency's Bureau of Radiation Detection has been "carefully sampling radioactivity on the New Jersey coast ... but has found nothing significant."

DATELINE: New Jersey

After reading the article above, one can only begin to wonder if the dumping of these chemical wastes did in fact cause UFOs to appear inside the USA. The year 1947 is also, coincidentally, the same year UFOs first made themselves noticed...or was it their first noticed appearance??? Surely skeptics of UFOs have always asserted that a UFO cover-up by our government could not have existed for over 3 decades without someone leaking the truth. This article contains an example of how our government can certainly keep a secret well guarded from public view for over 3 decades. Then why is it so wrong to assume the same cover-up exists for UFOs???

DATELINE: USA---

(General Gossip) Raymond Fowler, author of "The Andreasson Affair", is busy on his Andreasson Affair (part II) and at the same time Universal Studios has purchased the book rights & it's going to be made into a movie by 1982....Margaret Sachs' book, The UFO Encyclopedia will be on your book shelves in a few weeks.. Mazzola, Fallow, Von Keviczky and Huneus have just rapped-up some TOP-SECRET heavy duty talk (about what???), but I can tell it's something really big that we'll probably be hearing about soon... David Spielberg, director of CE 3rd K, is presently filming "NIGHT RAIDERS" (a UFO movie) under secret conditions as usual. I guess we have to just wait until the movie comes out...What ever happened to that article Kal Kroff was to write for SAGA exposing certain Ohio groups for that concocted story about photos of alien bodies???? if you don't believe me, look at the photos & notice the boots the military personnel are wearing; instead of military issue they wear camping boots. Besides this, their fatigue pants are not bloused according to military standards.

Daily News, Saturday, January 3, 1981

PENTAGON CAN'T FIND \$500M IT LOST

THE Pentagon has "lost" more than half a billion dollars and no one can find it, an extraordinary congressional investigation has revealed.

The defense officials involved have no records or receipts to show how the money was spent or where it went.

Earl Nichols, spokesman for the Defense Logistics Agency, said. "The money isn't missing so much as we just can't say where it went to. We are trying to get the best handle possible on this affair and get it resolved.

"It's like when a housewife goes to the supermarket and spends \$45. If she loses the sales slip on the way home, there is no way she is going to know how she spent so much money. In simple terms, that's what happened to us. We've lost a whole lot of sales slips."

Anthony Pinto, a staff evaluator for the government's General Accounting Office, said: "This

could be one of the greatest accounting blunders of our time.

"There is no suggestion that the money has been stolen or that fraud is involved," he added. "It's just that their books are so incredibly screwed up that they might well have paid some bills two or three times over.

"They also might have paid for masses of goods they never received."

A two-star general and a special team of accountants have moved from the Pentagon into the Defense Personnel Support Center in Philadelphia where the book-keeping fiasco occurred.

They are desperately trying to work out a new accounting system for the center, which is responsible for buying food, clothing and medical supplies for all branches of the armed forces.

Says Pinto: "Congress may refuse them any more funds until they can show that they have a workable accounting system.

James T. Earl, an independent accounting expert consulted by defense officials, explained: "In simple terms, the center tried to juggle its books. There is about \$566 million that can't be traced. It was no doubt spent, but we don't now how.

"The center deals with millions of transactions a year and it's hardly surprising that some go astray. However, transactions going astray on this scale are quite unacceptable. A new system is needed. One is being worked out now."

Pinto, one of the authors of the GAO report, said: "Thousands and thousands of documents are missing.

"They have been getting bills and paying them without having the ability to check to see if they ever received the goods or even to see if they have paid them already.

"Of course, this is one of the largest departments within the Pentagon. They spend about \$2 billion a year.

"But I don't think that is any reason or excuse for what has happened.

"They should have control over what they are spending. This is a real mess.

"They'll never sort it out. They have to start afresh with the hope that from this point on they'll be able to keep it straight."

STAR JANUARY 13, 1981

DATELINE: Washington, D.C.---The above article goes on to tell us our military has misplaced \$566 million dollars, probably by the same means as they misplaced the

thousands of UFO cases, photographs and artifacts during PROJECT BLUE BOOK days. Is the Pentagon trying to pull our legs??? The \$566 million dollars that has been misplaced is being looked for in the wrong places. It can be found under TOP SECRET/CLASSIFIED UFO projects, mainly PROJECT Blue: 3-0 (blue being the code name for UFO and 3-0 standing for 30yrs.) Remember: UFOS EXIST...THE AIR FORCE DOES NOT!

DATELINE: Pennsylvania

This article is a real beaut!!! This article, and the fact that this reporter overheard a news broadcast of the event, sparked enough interest to try and resolve the mystery. However, until today, it seems no one either remembers the incident, has any more information about it, or even cares. Yet, I did speak to some eye witnesses to the sighting and found out and believe someone is not telling the truth. Witnesses of the area claim the object struck the ground which shook buildings for a 50 mile radius. On the other hand, government officials claim it was a meteor. When this reporter asked if it were possible to view the site the meteor struck, I was told, "THERE IS NOTHING TO SEE. THE METEOR BURNED UP BEFORE HITTING THE GROUND." This is certainly baloney! If we had any idea where this object struck exactly, the SBI would have been there. Can anyone out there believe that either a meteor or satellite piece can create a SONIC BOOM??? Is this what the entire east coast seaboard heard last year---sonic booms of falling satellite pieces? Are they kidding or what?

Mysterious 'boom' is reported

Credit: DAN LOWENSKI

OIL CITY, Pa. (UPI) — A mysterious boom — similar to a sonic boom — rumbled across much of Western Pennsylvania New Year's Day, cracking windows and prompting a flood of calls from startled citizens to police and fire departments. The Federal Aviation Administration's Flight Services Office in Youngstown, Ohio, said it received reports of a bright object

seen falling from the sky at the time of the boom.

Several callers said the deep boom, heard over a 100-mile-long area from Allegheny County north to Warren County at about 1:15 p.m., cracked house and auto windows.

A spokesman for the FAA at Youngstown Municipal Airport said a pilot aboard a TWA airliner flying at 31,000 feet above Somerset in

southwestern Pennsylvania reported the descent of a bright, shiny object with a fiery tail. Another plane reported a similar sighting.

The spokesman speculated the object was possibly a meteor or a piece of satellite that created a sonic boom in its plunge into the atmosphere.

Reports varied on the length of the sharp boom: Franklin state police said it lasted a few seconds, but others said it lasted as long as about 30 seconds.

The loud rumble led to a rash of telephone calls to police and radio stations by residents, chiefly in Venango, Crawford and Clarion counties.

Oil City police said they received about 25 calls immediately after the rumble.

Fund Raising

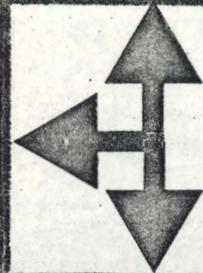

THERE IS A BETTER WAY

We are not like other UFO organizations, who repeatedly ask their memberships for monthly contributions of anywhere from \$1.00 to \$25.00. INSTEAD, the SBI shall ask its members to help us locate sources, from either corporate or foundation persons, who are able & willing to donate sizeable contributions in order we may carry out proposed projects & research. Our funding is critical & limited and this is the reason we ask everyone to look & ask around. These persons or firms shall receive a tax exemption and is a great idea for them to aid us while receiving a tax shelter from the IRS. THERE IS PLENTY OF MONEY OUT THERE, FROM COMPANIES LOOKING TO GIVE IT AWAY AND WE DESPERATELY NEED SOME. WE URGE YOU TO HELP US LOCATE IT AND INFORM US. Thank you for your co-operation.

REMINDER ★ THE CHOICE IS YOURS

We ask everyone seeing an article in a newspaper or magazine in reference to the UFO phenomena or a related subject, to PLEASE MAIL US A COPY OF THE ARTICLE or THE ORIGINAL. Full copyright credit shall go to the donator. Do your share--participate by helping us inform our readers. Thank you...

UFO kidnaps little boy

Frightened villagers say aliens from another planet kidnaped a local 3-year-old child for two days so they could study him.

Police say little Roberto Baldassare was found wandering about a mile from his village of Gran Sasso Cesacastine, Italy, 48 hours after he mysteriously disappeared.

Roberto was unharmed and perfectly healthy.

However, his parents said that his voice seemed different after his return. Villagers claim the child vanished shortly after a UFO was sighted nearby and they believe the boy was abducted by the pilots.

UFO carrying tiny space aliens buzzes school kids

Six schoolchildren swear they had an incredible encounter with a tiny UFO and its four occupants who were only three inches tall — and police say the kids are telling the truth.

The incident in Malaysia is strikingly similar to at least six other sightings of mini-UFOs and tiny aliens in the past decade, according to a UFO expert.

In the latest incident, a 10-year-old boy said he lunged forward to grab one of the leprechaun-like creatures but that the tiny being aimed something at him and he felt a sharp, stinging sensation in his thumb.

The four mini-humanoids, all wearing green uniforms and white helmets, then scurried through a hatch into their three-foot-wide, saucer-shaped UFO and took off, the children said.

Assistant Police Superintendent Abdul Azziz of Bukit Mertajam, Western Malaysia, headed the investigation into the bizarre UFO incident at the Jitsing School grounds.

"At first I admit I was skeptical," he says. "The story seemed just too sensational. But when I interrogated the children they could not be shaken.

"I am convinced they are telling the truth. They did encounter something extremely strange."

The first boy to spot the UFO was Khor Bon Chew, 10, who was with five classmates in the school field near a clump of trees.

"It was a small flying saucer standing on three short legs under one of the trees. I shouted to my friends and pointed," Chew said.

"We ran toward it and as we got closer we saw four figures like leprechauns standing out-

side it. I was the oldest, and I put my hand out to catch one of the things. But as I did he pointed something at me and I felt a stinging pain in my right thumb.

"The pain made me stop and my friends did too," the boy said.

"This gave the tiny people time to get into their spacecraft and fly away."

Nearby, Raymond Liang, 21, was practicing basketball and rushed to the kids when he heard the excited shouts.

"I saw a saucer-shaped object on the ground," Liang says. "It was about three feet across. There were four tiny figures. They looked like humans except they were only about three inches tall.

"They climbed inside the saucer and it took off. It rose very swiftly, scattering leaves from the trees as it passed."

Weird 'dead zone' found in lake

A mysterious and unexplained "dead zone" where nothing lives has been discovered at the bottom of Lake Pontchartrain, the largest lake in the state of Louisiana.

Drs. Walter and Jean Sikora, a husband-wife research team from Louisiana State University, found the mysterious area while taking samples of the lake bottom to chart the types of living creatures.

Unexplainably, they hit one area where the bottom sediment samples came up "black as tar."

The microscopic plants and animals living in it appeared to have been swept in by currents, said Sikora.

They took other samples 15 feet apart and they came up black, lifeless and foul-smelling.

Testing the samples, the scientists found that most of the microscopic life that thrives on the lake's bottom died almost immediately when exposed to the "dead zero" samples.

The scientists now are seeking federal funds to study the "dead zone."

Mystery object in the sky

SOUTH AVON MERCURY 29 AUG 80.

A Clevedon man, a keen plane-spotter was scanning the night sky last week when he saw what at first he took to be a very bright star but on focussing a powerful pair of glasses on it was astonished to see that it was in reality a "dirty white" disc with strange zig-zag white lines moving about and below it.

His daughter also saw the object and later the zig-zag lines appeared to be caused by a much smaller disc moving quickly and erratically in relation to the larger one, this one varied in colour, green, red and white.

This sighting of what is now called a UFO (Unidentified Flying Object) was made over the Bristol Channel, at a height the observer was unable to estimate.

This is one more to be added to the growing list of UFO's to be reported from this part of Woodspring over the past year or two.

Over-run with UFO's

Whoever is in these UFO's, they've certainly taken a liking to South Tyneside.

The latest sighting of a red light in the sky comes from David Atherton, aged 13, of Victoria Avenue Hebburn.

David and his friend David Alder, aged 15, from Scotland, were playing a ball game in the back garden when they noticed a strong light in the sky in broad daylight.

David, a pupil of St Joseph's Comprehensive says: "We hit the ball up in the air and then we saw this red thing. It was round and about the same size as an airplane."

How the sky lit up with a UFO . . .

NCS. EVENING CHRONICLE 30 AUG 80.

REPORTS of a large unidentified flying object over the town of Dumfries, Scotland, early this morning, have baffled police.

Residents on a council estate in the town and workers at Dumfries Infirmary reported sighting an object, said a spokesman for Dumfries and Galloway police.

"It was apparently oblong in shape, well illuminated, but there was no sound with it," the spokesman said.

"There have been other reports, but we tracked them down to car lights.

"This one could definitely not be explained."

Some people who sighted the object told police it was a series of clusters of lights which hung just below cloud level for about 20 minutes before vanishing.

The great Star Wars scare

LONDON: A great Star Wars scare rocked Britain early today as huge fireballs and mystery flashing lights streaked over the country from outer space.

Thousands of people witnessed the blazing phenomenon — and many feared it was a UFO attack.

From John Murche

Police from Bristol in the west to Scotland in the north received scores of emergency calls from panic-stricken people.

A man walking his dog telephoned for help, claim-

ing a whining object with a fleety tail coming from the "great unknown" had just whizzed past him — and landed.

Technicians at Manchester airport described the close encounters as "incredible." They reported the whole sky was brilliantly lit up.

Lights in parts of 3 states went out Thursday evening when a 230,000-kilowatt line in central Utah snapped and 3 other lines malfunctioned. Engineers say the odds of it happening were one in a million.

Three states hit by blackout

SALT LAKE CITY (UPI) — Power company officials say a "one in a million" series of events shut off electricity to 1.5 million people in three Western states for up to seven hours, snarling traffic, closing offices and stranding people in elevators and on ski lifts.

Lights began flickering across Utah at 11:30 a.m. Thursday and within minutes the entire system of Utah Power and Light Co. shut down. The power went off throughout Utah and in several small communities of southeastern Idaho and western Wyoming.

It was nearly seven hours before the utility restored power to all of its customers. Downtown Salt Lake City was blacked out for almost three hours.

A 230,000-kilowatt line from Glen Canyon Dam snapped near the small town of Antimony in south-central Utah when a cross-bar on a tower collapsed, he said. At the same time, three high-voltage lines in the Salt Lake Valley malfunctioned.

Children's night light of terror

On a farm near Strathalbyn, two frightened people record a chilling visit by a UFO.

"It's a real flying saucer."

"It's disc-shaped."

"It's coming closer."

These words, uttered by two terrified teenagers, are keypoints in a South Australian tape recording now intriguing International UFO researchers.

The eerie saga began on December 21, 1975, when 14-year-old Mark Rogers and his sister took a cassette player to the cubbyhouse they had built on their parents' property at Finnis, near Strathalbyn.

The cubby is set deep into a hill which looms at the rear of the Rogers' farmhouse.

The youngsters amused themselves, playing pop music tapes, until 11.10 pm, when the evening's mood changed.

Suddenly, the shack was flooded with light.

Squinting into the sky, the teenagers, quickly located the il-

lumination's source — a gigantic, glowing disc, which "lit up the clouds like a sunbeam."

Mark earned the gratitude of aerial phenomenon investigators by having the presence of mind to switch the player to "record."

The tape, now duplicated dozens of times for distribution to UFO research groups worldwide, tells a bizarre story.

The youngsters, excited at first, become terrified as the massive disc of blinding light, spins downward.

As the object hums, the teenagers gasp: "It's coming closer." . . . "It's a real flying saucer."

Mark's final words on the tape are: "It looked as though a spotlight was coming from it . . . as if it was streaming with sunlight."

In Washington, the teenagers' reaction to the immense saucer-craft has been analysed on remote-control lie detector devices.

The verdict: The youngsters were filled with "genuine fear."

WIFE CHASED BY UFO

HOUSEWIFE Lillian Middleton, 33, drove the fastest ten miles of her life when she saw an unidentified flying object hovering above the roof of her car.

Police are treating seriously her claims that she was followed at speeds of up to 70 mph by the mystery object.

Her husband, John, said

at their home in Beaton Delaval, near Whitley Bay: "This really terrified her. Neither of us has ever had the car go faster than 50 mph, but she was so shocked that she just wanted to get away."

"I am keeping an open mind, but my wife is not the type to invent things," he said.

UFO follows couple home

Lori Dorn thought UFOs were a "bunch of baloney" until the night a glowing ball of light stalked her and her husband Darrel.

The couple first thought the blazing white light was a shooting star when they spotted it as they drove the three miles from where Darrel worked to their home near Fergus Falls, Minn.

But the ball of light kept coming closer and closer until it buzzed over the top of their car and then vanished in the distance. Darrel said the object seemed to be triangular with concave sides and its bottom side was a glowing red.

Darrel says he has spotted a glowing object several times before from the farm where he works. He said it was hovering in the distance.

Black hole discovered in earth's own galaxy

LOS ANGELES (UPI) — Astronomers have found "conclusive" evidence that a curious object first detected 15 years ago in the Milky Way galaxy is a black hole, the invisible remnant of a giant star.

In the Sept. 1 issue of the Astrophysical Journal, University of California astronomers described how they took a new look at the object by attaching a light detecting instrument to the 120-inch-diameter telescope at the Lick Observatory near Santa Cruz.

The only signs of the existence of a black hole are the X-rays emitted by gas and dust particles sucked in by its tremendously powerful gravitational fields. The fields are so strong that even light cannot escape, so that the black holes are literally invisible.

Astronomers were attracted to the curious object — designated Cygnus X-1 — 15 years ago by such a stream of X-rays, whose source did not show up as a visible star in astronomers' catalogues.

The object, located in the constellation Cygnus (the Swan) of the Milky Way — the galaxy in which the earth is located — was very close to a large bright star and the two objects seemed to be orbiting about each other.

These characteristics led astronomers to believe the X-rays were coming from a black hole. The visible star was its companion, whose gas molecules were being drawn into the black hole.

Scientists tried to prove the object was something other than a black hole, theorizing it might be a very faint but otherwise ordinary star. But when they trained the big telescope and the attached enhancing instrument on the system they could find no light coming off the X-1 object.

Prof. Jonathan Katz said, "the preponderance of evidence was the Cygnus X-1 was a black hole, but it wasn't conclusive evidence, there were skeptics. Now what we've done is set some very tight limits on what the system can't be — and the only thing left that it can be is a black hole."

Astronomers think they've found the biggest star yet

MADISON, Wis. (UPI) — Three astronomers have discovered a star many times bigger than the sun — perhaps the most massive and luminous star known to mankind — in a companion galaxy of the Milky Way.

The professors at the University of Wisconsin-Madison Monday announced the discovery of the "super massive" star in the Tarantula Nebula. They named it R136a and said it may release 150 million times as much energy as the sun.

Joseph P. Cassinelli, John S. Mathis and Blair D. Savage announced the discovery at a winter meeting of the American Astronomical Society in Albuquerque, N.M.

Cassinelli said R136a has a mass 3,500 times that of the sun and a radius 120 times that of the sun. Its surface temperature is about 60,000 degrees Centigrade, 10 times that of the sun, he said.

He said it is losing atoms at the rate of one sun every 1,000 years and has an estimated lifespan of a million years, compared to the sun's lifetime of 10 billion years.

They said Tarantula Nebula is a cloud of ionized hydrogen gas in the Large Magellanic Cloud, a small galaxy visible from the southern hemisphere as a companion to the Milky Way.

Cassinelli said the star apparently gets its energy by converting hydrogen to helium like the sun.

The three looked at the nebula's center with the International Ultraviolet Explorer satellite and saw two possibilities:

—either there were 40 such giant blue stars within a volume just a light year across, an incredible idea considering most stars are much fainter and much farther apart.

—or there was a single "super-super-giant star", an equally incredible thought, if it weren't for supporting data and theoretical calculations which match that data.

Man loses his sight after spotting UFO

A 59-year-old man lost his sight for an hour and a half after looking at a huge, glowing UFO.

The man, a Montevideo, Uruguay, scrap-iron seller, said the UFO was spherical and emitted a bluish light while it hovered over a field near his home.

The man was terrified when he spotted the craft and he ran to tell his wife.

When his wife went into the field, the UFO had vanished.

Her husband's sight mysteriously disappeared, reappear.

Cults still suspect in mutilations

CALGARY, Alta (UPC) — The RCMP is continuing to treat a series of cattle mutilations as the work of a cult, despite a U.S. investigator's claim natural predators are to blame.

"In Canada, we're concentrating on the cult theory," said Corp. Lyn Lauber, who heads the RCMP investigation.

Penthouse magazine quoted former FBI investigator Kenneth Rommel Jr., hired to look into mutilations in New Mexico, as saying coyotes, birds, flies and other predators were responsible.

Drug Found In Mutilated N.M. Animal

By FRITZ THOMPSON
Journal Staff Writer

A tranquilizing drug and an anti-coagulant have been detected in the blood of a mutilated bull, according to the findings of a chemist at Los Alamos Scientific Laboratory.

The information was disclosed in a brief report Tuesday by State Police-man Gabe Valdez of Dulce, N.M. The mutilation occurred in Torrance County Feb. 15, but details of the incident have been withheld during an investigation.

It is the first time New Mexico authorities have found a drug in a mutilated animal.

Valdez said the tests were facilitated when the mutilated bull was found about three hours after death.

Dale Spall, who tested the animal blood at the laboratory, said it may be somewhat misleading to list an anti-coagulant per se, as the substance might have occurred naturally in the mutilated bull.

"We are trying to find out now if the substance was in a quantity in excess of what might be found in a normal animal after death," he said. "On the face of it, it appears that the levels are higher than what you might expect to find."

The tranquilizer was identified by its generic term as chlorpromazine, a depressant which is used primarily in the treatment of schizophrenics. Spall said it lowers the motor response time in both humans and animals.

The anti-coagulant has been isolated as citric acid. Spall said citric acid is

"an old-fashioned type of anti-coagulant."

He said the tests have not yet determined the levels of the two substances, nor have they defined the necessary doses to materially affect animals.

"There were bruise marks on the neck, indicating the animal had been injected with the drug," Valdez said. He said the animal also left "skid marks," as if it had been dropped from a height.

The mutilation was first investigated by Torrance County Sheriff Bobby Chavez. Valdez assisted in the investigation and collection of blood samples. The mutilation occurred near the community of Duranes.

Valdez said recent tests have shown the existence of chemical compounds in the blood of mutilated cattle in Arkansas.

He said veterinarians and zoos use

chlorpromazine in the treatment of animal livestock, but it is not used in doses large enough to cause death.

No conclusions have been drawn from the current tests.

"The question is still one of identity," Valdez said. "This drug is supplied to thousands of outlets, and it is virtually impossible to trace."

Cattle mutilated on reservation

PINE RIDGE, S.D. (AP) — Oglala Sioux Tribal Police are investigating three incidents of cattle mutilation.

"What was reported involved cows being found dead with four feet in the air and their sexual organs removed," Anthony Whirlwind Horse, Bureau of Indian Affairs agency superintendent, said Tuesday.

The incidents were reported near Kyle, Pine Ridge and in the west end of the Pine Ridge Indian Reservation.

"However, the incident at Kyle was the third reported in the same area northwest of the town by a rancher who checks his cattle every morning," Whirlwind Horse continued.

"About three weeks ago Friday, he reported finding a cow with its sex organs and udder removed but with no sign of blood. And, a few days later he reported finding another in the same condition but with its tongue also cut out," Whirlwind Horse said.

Bright lights in sky startle staff

THREE bright lights in the sky have startled staff at Halifax General Hospital.

Maintenance department worker Mr Trevor Wood said with a colleague, Mr Tom Knowles, he watched two UFOs come together and disappear at 5.10 am.

Last month, about four of the department's staff had seen a similar object hovering over Siddal, Halifax, at exactly the same time as the new sightings. It had then moved off.

Mr Wood said one of the "stars" came from the Siddal direction. It had a red flashing light but it was not a plane.

It moved towards the hospital, fairly low, and in a straight line.

The second, similar to the first but without the flashing red light, appeared from the Norton Tower, Halifax, direction.

The two met and vanished, said Mr Wood.

"It was a clear night and they were not shooting stars or planes," he said.

"I didn't believe in UFO's, but you have to believe your own eyes."

UFO expert Mr Trevor Whitaker, of Well Head, Halifax, said the sightings were puzzling, particularly the February one when the object had hovered and then moved off.

The red light certainly indicated a plane, he said. Venus was often confused for a UFO early in the morning at this time of year.

On February 27, lorry driver Mr Milo Puttaert saw a white light moving in a circle in the sky from Denholme.

The sighting was at 4 am and lasted for about a minute.

Police in PNG see a UFO

PORT MORESBY, Wed: Three of Papua New Guinea's most senior police officers and 20 other policemen said today that they watched an unidentified flying object in the northern sky for more than an hour.

Assistant Commissioner David Tasion, Supt. Paul Tolhian and the police public-relations officer, Mr Leith Anderson, said they were on a special operation at 3.15 am at a village near Port Moresby when they saw a UFO in a fixed position in the sky and "like a bright searchlight which kept switching off and on for about two-minute intervals."

They said that the object's light intensity varied from "a faint glimmer to full brightness before dimming and going out again."

Woman terrorized by hovering UFO

A young woman was terrorized by a UFO that followed her car and hovered over it while she was driving to work.

The UFO appeared suddenly as a bright light and began trailing after her car. Several times when she stopped at intersections, the light noiselessly glided directly over her car and hovered.

"It wasn't an airplane or helicopter," said the shaken woman from Long Beach, Wash.

"It wasn't anything I've seen. There was no sound. It stopped when I stopped and traveled with me when I traveled.

"It was scary."
Local police said they had several reports that day by witnesses who claimed to have seen a flying ball of light.

"Some people told me that it was a comet," she said, "but I listened to the news all day and there was nothing about a comet and it wasn't a satellite. They don't come down and hover over you."

Was bright light UFO?

A GOMERSAL man has reported to police that he saw a UFO over the Birstall area.

Mr Clifford Crawshaw of Roundhill, Cliffe Lane, and his wife Olive were putting up some fencing at their turkey farm opposite their home, when they noticed a bright light in the sky.

"It was brighter than a star but it was not flashing like an aeroplane or a

helicopter," said Mr Crawshaw.

"It was over Birstall and travelled across the sky in the direction of Huddersfield. It stopped for about 10 minutes over Huddersfield before moving off and fading away into the distance," he continued.

He added that he would be interested to know if anyone else had spotted the strange light.

Strange booms make house no longer a home

By HARRY COOK
Free Press Staff Writer

A mysterious noise that sounds like a sonic boom is driving a Woodhaven family out of its home.

Since 8 p.m. Sunday, Alfred and Pat Belanger say they have been bombarded by the ominous, floor-shaking sounds they claim have left a

living room wall. They pointed out the hole to a reporter Monday.

Experts have checked out the problem and have heard the sounds, but they have been unable to find a reason for them. Officials from Michigan Consolidated Gas Co. ruled out the possibility of a gas leak, and a Woodhaven building inspector ruled out

plumbing problems or a buildup of sewer gas.

"I have in no way ever seen nor heard of a thing like this," said Woodhaven building inspector Glenn Eichelberg, who visited the house.

The Belangers, who live in an attractive, middle-class neighborhood, say they hear the booms about every half-hour or 45 minutes. A reporter

the sound, which vibrated the living room floor.

Mrs. Connie Pearcy, who lives next door, said she heard the sound "about 30 times" Sunday night while she was in the Belanger house.

After she went home about midnight, she said, she heard the same sound, muffled, inside her own home.

Alfred Belanger, who is a millwright at the U.S. Steel Corp., moved his family out of the house at 2 a.m. Monday to escape the noise. "We're gonna leave again tonight if this thing doesn't stop," he said.

"All I want to do is get rid of these sounds."

Local UFO sightings a mystery

SEVERAL sightings of unidentified flying objects were made in the Jedburgh and Lilliesleaf area last week.

Onlookers in Hawick said on Friday night the objects were round and fast moving with a lot of windows and lights, hovering over the Jedburgh area.

Mr John Nicholl, from Newton Farm, Jedburgh, who was travelling home from Edinburgh with a friend on Wednesday and Thursday nights last week saw the objects at close quarters on both occasions.

He said: "The first time we saw the object was about 5.50 p.m. on Wednesday night near Lilliesleaf. It looked like a cluster of red flashing lights."

He continued: "Then on Thursday we saw it again from the A68 road near Cleikamin when it stopped suddenly above a tree, flickered and then moved on. A Harrier jump jet could not possibly stop so suddenly.

"It's under surface looked as if it were made up of criss-cross wires," he said.

This description is identical to those related by others in the area, who refused to allow us to use their names.

Mr Bill Harrold, the R.A.F. personnel officer at Inverkeithing, said: "I doubt whether a Harrier jump jet would attempt this type of manoeuvre at night, unless it was on a specific type of exercise."

He added: "I shall certainly contact the Ministry of Defence about these sightings. About 95 per cent of the reports they receive can usually be explained away as either known natural phenomena, such as meteorites and fireballs, or known aircraft movement, but we have this intriguing five per cent that we must keep our minds open about," he said.

UFO fever as girl sees 'silver man'

PARIS: A new wave of flying saucer fever gripped France yesterday after a teenage girl claimed to have seen not just the saucer but "a silver man" walking alongside one.

The girl was on her way home from school in Porcieu-Amblagnieu, near the Alps in South-East France. She ran terrified to a neighbour. Later police found an area of flattened grass.

The "sighting" follows the disappearance of a young driver from a Paris village shortly after another UFO was sighted.

Mystery light in sky scare UFO

SURREY 39 HERALD 21 FEB 80

THE unidentified flying object which terrified a young mother at Ottershaw in January seems to have made another appearance in the area.

A bright light similar to the one seen above St. Peter's Way last month, was spotted travelling in the same direction as the first UFO by an early shift airport worker last week.

Mr Ken Lawley, of 2 Crosslands, Bittams Lane, Chertsey, noticed the strange light in the sky at about 6.15 a.m.

He said that he was leaving his home when he spotted a ball of orange yellow light rising into the sky south of Ottershaw.

"It was a rather indistinct light,

but I estimated it was travelling about 60 mph," he said.

"There was absolutely no noise coming from it and I thought this was rather odd. Suddenly it turned off on to a course parallel with St. Peter's Way.

"I think it was less than a mile away at that point. I continued watching it and suddenly it shot off towards Weybridge and disappeared behind some trees."

Confirmed

Mr. Lawley, an engineer at Heathrow Airport, said he was certain it was not an aircraft.

The UFO seen by Mr Lawley was similar to the one which scared Mrs Linda Dillon, of Guildford Road, Ottershaw, as she cycled along St. Peter's Way,

one evening last month.

Her sighting was confirmed by a physicist and amateur astronomer Mr Richard Pywell and his family, who saw the UFO from their garden at 158 Broad Road, Ottershaw.

In both sightings, the mysterious light moved over Ottershaw and disappeared in the Weybridge direction.

Mr Lawley has reported his sighting to the British UFO Research Organisation, but was unable to give a detailed description of the object.

He said: "It was just an indistinct ball of light and I couldn't identify the shape."

The weather was fine and he was able to follow the UFO for nearly a minute.

"I just can't explain it at all," he said. "I'm doubtful about whether objects from outer space exist, but there are so many reports you just can't ignore them."

"But this was definitely not an aircraft. There was no noise from it, and I even checked with Farnhams Airport nearby just to be sure, but they had not had any take-offs."

Mr Lawley's sighting is now being considered by the regional officials of the British UFO Research Organisation.

Boom, boom

WITH all those UFO sightings in Easter Ross and the Nairn area last week perhaps the quote of the week came from a police spokesman (doubtless with tongue in cheek) at Inverness headquarters.

A journalist colleague enquiring about the sightings asked what would really happen if someone found a UFO.

The desk cop replied: "Oh, if they handed it in and it wasn't claimed within six months they would get it to keep!"

Boom, boom!

UFO seen over oil port

AN UFO investigator is talking to people in Milford Haven today about an unusual sighting over the town on Saturday night.

At least 10 people have reported seeing an object over the oil port for about half-an-hour on Saturday night.

The local UFO investigator, Mr Randall Jones Pugh, of Roch, near Haverfordwest, said today: "I will be talking to some witnesses later today.

"This was an object seen by quite a number of people and it seems to be one of the best reports for some time. Apparently it was first spotted at around 11.30 p.m. on Saturday."

One eye-witness has described the object as a light in the sky quite high up with an orange or red light on top.

A HIGH ROAD UFO

A MEXICAN visitor to London claimed he had the fright of his life when he spotted an unidentified flying object in Streatham High Road on Saturday.

Mr Horatio Angel, 43, was standing outside the Cat's Whiskers early Saturday morning. In the sky above him he claimed he saw "a pinky-red coloured machine with green lights."

"It hovered for about a minute about 300 feet above the ground then rose into the sky very quickly and disappeared."

Mr Angel, a devout Roman Catholic, said that until his experience he had not believed in UFOs.

Strange light in suburb

A PULSATING light, described as brilliant orange in color, and making a whirring, droning sound "scanned" some residents of Caravonica, an outer Cairns suburb, on Saturday night.

The light, residents said seemed to come from the north east, was first noticed by Mrs Judy Cipriani of Yurongl St, at about 10.30pm.

"I was sitting in the lounge room, when I saw the caravan outside reflect a bright orange light. It was very intense, and was pulsating. It was coming from the direction of the road, and I thought it must be from a vehicle of some description," she said.

Mrs Cipriani called her husband, Frank, and he went outside to investigate the source of the light.

"The light immediately left that position, crossed over the top of the caravan and took up a position between two houses opposite," said Mr Cipriani.

"It hovered there, flooding us with orange light.

"Then it changed position. We didn't see it move, it just appeared in a different position, about 10m to the right, but this time it must have been below roof level, because we could see the orange glow behind the house directly opposite.

"Then it quickly disappeared from sight. I suppose the whole incident would only have lasted between 10 and 15 seconds," he said.

Mr and Mrs Cipriani said the light was so intense, it was hard to see a shape behind it.

Many sightings of UFOs reported by Idaho police

BOISE, Idaho (UPI) — Idaho State Police have received an unusually high number of calls lately reporting sightings of UFOs, officers said Sunday.

Police said several Boise-area residents reported Saturday night that they saw "strange flying objects in the night sky."

The particulars of the sightings were not available, but one officer said troopers notified investigators at the UFO Reporting Office in Seattle.

Last week, other Treasure Valley residents also reported seeing an unidentified glowing object, and a few days later, several Sandpoint area residents called the Bonner County sheriff's office to report what one man called "a circular, burning orb" in the sky.

Dr. Paul King, a resident of the Selle Road area near Sandpoint, said he followed the UFO in his car.

"I saw the ball of fire. I followed it until it dipped into the trees. I thought it might have been a flare, but I couldn't find it, and now I don't know what it was."

Dr. Roger Schubert of Sandpoint said he watched the object for some time until it disappeared behind the tree-lined horizon. He described the incident as "really

bizarre."

Schubert said he was sitting in the front room of his home when his daughter, Susie, said she saw "a ball of fire in the sky."

He and the rest of his family went outside to view the object, which appeared to be 3 to 5 miles away, he said.

UFO reported off North Shore

A 1975 sighting of an unidentified flying object off Port Allen re-reported in Monday's special edition of The Garden Island gave a Ha'ena man the courage to report another sighting Tuesday night.

Alan Reiser says he and Lou Kono, also of Ha'ena, were driving home at about 10 p.m. Tuesday when they noticed an object -- "brighter than any star you can imagine" -- hovering a little ways above the ocean.

THEY NOTICED IT when they were passing Luanaha'i Beach, and a little while later they pulled over near the Bali Hai Restaurant and watched it for another 10 minutes.

The object, Reiser said, shone with a bright white light, but at times they could see a red flashing light. But the most astonishing thing was the way the light "just faded . . . like someone dimmed the light," he said.

The light faded once or twice before it "became invisible" and did not reappear. There were no clouds and visibility was "good," he said.

REISER SAYS HE was struck by the similarity between his sighting this week and the 1975 account included in Ke Aka. The UFO off Port Allen was seen by seven people.

That year Florence Hamamoto of 'Ele'ele reported the bell-shaped object hovered a few minutes around 7:30 or 8 p.m. before fading away. The sides were a light color and the center was dark, she said.

Reiser said he had never before seen something to qualify as an unidentified flying object, and that if he had not seen the report of the 1975 sighting in Monday's paper, he wouldn't have thought the newspaper would be interested in such things.

Two UFOs Reported

Two UFO sightings have been reported over the skies of Monrovia, but the Federal Aviation Administration says none were reported to the agency.

The FAA duty officer said there were no aircraft matching the descriptions of the sightings in the area Thursday.

One man, who would not identify himself, said he was walking out of an apartment about 8:45 p.m. when he saw the silent object.

He said it hovered for about 15 seconds before it tilted and sped out of sight.

About the same time, the sheriff's department received a call from the area of Euclid and California avenues near Monrovia to check for a UFO glowing with yellow and red lights.

The deputies called back to say they could find nothing.

"They've already gone back to Monrovia," one deputy quipped.

WAS IT A U.F.O.?

Anybody else see the suspected U.F.O. over Crieff at 5.50 p.m. on Wednesday last week?

Miss Mary Ford, staying at her sister's in Monteath Street, told us that a huge light appeared low in the sky and had her puzzled for some time as it rose higher and higher.

She can't believe it was a plane or a star — she is convinced it was an Unidentified Flying Object and wonders if others witnessed it . . .

NEW PROMOTIONS

The time is here! The International Directors and the Board of Officers of the SBI have screened every active member of the SBI. A consensus of opinion has deemed the following personnel qualified & deserving of these promotions in rank classification. Due to a TOP-SECRET type operations order on these promotions, I was not at liberty to inform anyone prior to this article as to their promotions. So, now, for the first time, we reveal the active members who have been promoted. I hope all those that have been promoted are surprised and happy with their new position. May I personally CONGRADULATE each and everyone of you in behalf of SBI International Directors, its Board of Officers and Staff. Letters of Congradulations have been forwarded to all newly promoted members along with proper instructions to the position. Now without further ado, I present the promotion list.

THAT'S RIGHT! The SBI Gift Certificates have been increased to meet today's inflation as well as our recent raise in Active Members Annual Dues (Subscribers not affected by the raise). Looking at THE SBI REPORT's last page, we notice that the certificates have been increased from two dollars to FIVE DOLLARS (\$5.00) EACH. As before, there is NO LIMIT to the amount a member can receive within a year; the more NEW MEMBERS YOU ENROLL, the more certificates you receive.

This offer certainly does not apply to Active Members alone. Any member of the SBI can take advantage of this super offer. If you are a Subscriber and do not have ENROLLMENT CARDS, merely ask the person you are enrolling into the SBI to mail, to our Headquarters, their name, address, state & city, and date of birth. MAKE SURE THE NEW MEMBER STATES THAT YOU ENROLLED HIM/HER. When we receive this data, in turn we shall mail you a Gift Certificate that is redeemable, valued at \$5.00, towards your own subscription fees or annual dues, or even BACK ISSUES of the SBI REPORT.

For example, ACTIVE MEMBERS= 3 new members= 3 Gift Certificates=

Save Water ... Save Energy

With reservoirs low and little relief predicted, it's essential to conserve water. Con Edison, in cooperation with the New York City Department of Environmental Protection, offers these tips to help you conserve water... and energy:

- Report open hydrants. This could save millions of gallons of water a day. In New York City dial 966-7500; in Westchester phone your city, town or village hall.
- Take showers instead of tub baths. About half as much hot water is used for a shower. If you do take a tub bath, use less than a half-full tub. Take no more than a three-minute shower. Install a water-saving shower head or a water flow restrictor. (See item below.)
- Don't run water—hot or cold—continuously while shaving. Use only partially filled basin.
- Flush only when essential.
- Don't let the tap run when you brush your teeth.
- Keep a container of water in

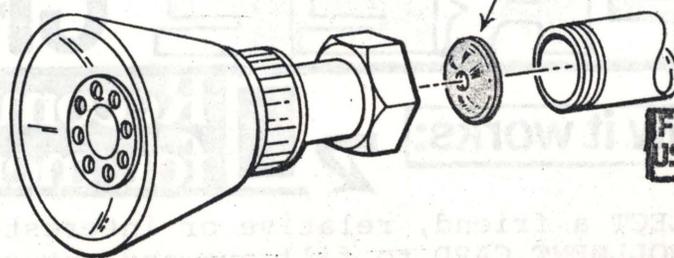

the refrigerator instead of letting the tap run.

- Use your dishwasher or washing machine only when there is a full load. You'll save hot water and the fuel to heat it, as well as electricity.
- When washing or rinsing dishes, first fill the basin with hot water.
- Fix leaky faucets and connections. A one-drip-a-second leak can waste up to 700 gallons of hot water in a year. That's enough hot water to supply a family of four for about a week!

Water Restrictor

To help save water Con Edison is offering—without charge—a water restrictor which you can install easily in a shower head.

This simple device, a stainless steel disc with a small hole in the center, limits the flow of water by up to 60 percent. It can be installed in a few minutes. By reducing the use of hot water, you also decrease the amount of fuel used to heat the water.
