Fund Raising

THERE IS A BETTER WAY

We are not like other UFO organizations, who repeatedly ask their memberships for monthly contributions of anywhere from \$1.00 to \$25.00. INSTEAD, the SBI shall ask its members to help us locate sources, from either corporate or foundation persons, who are able & willing to donate sizeable contributions in order we may carry out proposed projects & research. Our funding is critical & limited and this is the reason we ask everyone to look & ask around. These persons or firms shall receive a tax exemption and is a great idea for them to aid us while receiving a tax shelter from the IRS. THERE IS PLENTY OF MONEY OUT THERE, FROM COMPANIES LOOKING TO GIVE IT AWAY AND WE DESPERATELY NEED SOME. WE URGE YOU TO HELP US LOCATE IT AND INFORM US. Thank you for your co-operation.

REMINDER ★ THE CHOICE IS YOURS

We ask everyone seeing an article in a newspaper or magazine in reference to the UFO phenomena or a related subject, to PLEASE MAIL US A COPY OF THE ARTICLE or THE ORIGINAL. Full copyright credit shall go to the donator. Do your share--participate by helping us inform our readers. Thank you...

Present at a recent MUFON Board of Directors meeting were John Schuessler, James McCampbell, Paul Cerny, Henry McKay, Leonard Stringfield, and MUFON's director, Walt Andrus. The Board concluded, after conferring with John Timmerman and Dr. J. Allen Hynek of CUFOS, and with Henry McKay of Canada's UFO Research Centre, that the time is right for a top-level meeting of "all" the major UFO organizations in the USA and Canada. This meeting should take place on JULY 4, 1982 in conjunction with the 1982 MUFON UFO Symposium being held on July, 2, 3, & 4 in Toronto, Ontario, Canada.

The above data derives from a Director's Message report sent to us by Walt Andrus. The message also states that I suggested such a meeting to be entitled, "1982 UFO SUMMIT," whereas our Canadian-UFO allies propose the title to be "GLOBAL PERSPECTIVE." MUFON goes a step further and invites David Haisell, PICUR (Provisional International Committee for UFO Research) of Canada; Dr. J. Allen Hynek, CUFOS (Center for UFO Studies) of USA; Pete Mazzola & Jim Fallow, SBI in USA; William Spaulding, GSW (Ground Saucer Watch) of USA; and to Jim Lorenzen, APRO (Aerial Phenomena Research Organ.) of USA to attend. Andrus also invites other UFO organizations that desire to be represented at this significant conference. **ALL WHO WISH TO ATTEND SHOULD INFORM WALT ANDRUS IN WRITTING BEFORE MARCH-1, 1982 in c/o:**

Walt Andrus,
director of MUFON.
103 Oldtowne Road
Sequin, Texas 78155

ALL THOSE WHO RETURNED AN SBI "informal invitation":
PLEASE NOTIFY MUFON AT ABOVE ADDRESS THAT YOU WILL ATTEND...

Andrus proposes that 3-individual meetings take place on this 4th of July Sunday, 1982:

- (1) The Annual MUFON Meeting from 9-11:30 a.m.;
- (2) A North American "SUMMIT" Meeting from 1:30-3:30 p.m.;
- (3) A worldwide "GLOBAL PERSPECTIVE" Meeting from 3:45-5:00 p.m.

**★
IMPORTANT
NOTICE**

The year 1982 will mark the 35th Anniversary of UFOlogy and during these 3½ decades UFOlogists have agreed on very little, if at all. Andrus further proposes nine (9) points in order to set a criteria for the SUMMIT MEETING. The points are well taken, but the only thing we'd like to know is how MUFON proposes to institute these nine points and thereby, hopefully, rectify all attending organizations differences within an allotted two hour time span??? Can it be done and can anything be accomplished??? We think its possible, however, someone from MUFON better plan on a format that will initiate the proposals one-by-one, allow ample time for open discuss on the issues and voting, and any other problems that may arise.

All in all, the SBI supports MUFON's proposal and accepts the invitation to attend such a meeting. Among some of the others that have expressed support of the SBI's SUMMIT MEETING are: Dr. Riley H. Crabb, Lynn & Anthony Volpe, Dave Waters, Dan Lowenski, George Fawcett, Jerome Eden, Steve Ciaçciarelli, Tommy Roy Blann, William Sherwood, Raymond Fowler, Joan Jeffers, Antonio Huneus, William Boyes, Peter Robbins, Stan Zabrowski, Leo Davidson, Colman Von Keviczky, William Spaulding, Kal Korff, Gabriel Green, Bill Pitts, Lindy Whitehurst, William Moore, Kenneth Behrendt, Hayden Hewes Charles Wilhelm, Francine Steiger, Patricia Mischell, Cynthia Zang, Thomas Van Andel, Vera Perry, Peril Inan, Harry Jay, John Stewart, Tom Lind, Pete Spangler, Tom Dawickowski, Eleanor Golden, Luis Molina, Michael Rhinesmith Elizabeth Christie, Donald Zunich, Renee Duering, Katherine Le Duc, Richard DeTaranto, Dr. Frank Salisbury, to mention a few; we thank everyone who has given us their support and submitted suggestions/comments on this matter.

By our next issue we shall know more about the arrangements for your attendance at this UFO SUMMIT-GLOBAL PERSPECTIVE Meeting and we'll be able to explain the costs involved. NOW, MORE THAN EVER, WE NEED YOUR SUPPORT FOR FUTURE UFOLOGY TO MAKE PROGRESS...GOD BLESS YOU ALL, MERRY CHRISTMAS, AND LET US PRAY FOR A COOPERATIVE WORLDWIDE UFOLOGY IN '82.

THE EMOTIONAL PLAGUE Versus ORGONOMIC UFOLOGY

By JEROME EDEN

After nearly four decades of the Modern Era of UFOlogy, certain facts are clearly evident: First--All major Governments are deliberately censoring and suppressing the reality & urgency of the UFO problem;

Second--Those who have sought to bring the truth to the public have been hounded & even killed;

Third-- The American scientist Wilhelm Reich, whose factual discoveries hold the key to a new scientific approach to the UFO problem was imprisoned, his books banned & burned.

THE EMOTIONAL PLAGUE VERSUS ORGONOMIC UFOLOGY is the first work to deal with the deceptive and obstructive tactics used in UFOlogy to destroy the factual evidence & research of Dr. Reich.

Jerome Eden takes off the kid gloves-- he names names and provides the factual details of those who prefer to slander and smear what they cannot tolerate.

This is a scorching indictment designed to open the eyes of every serious researcher & student of the UFO enigma.

AN OPEN LETTER ON A "UFO SUMMIT"

To David E. Waters, SBI,
Chief Investigator, Upper New York Region

Dear Mr. Waters and SBI Members & Subscribers--

In responding to your letter of September 21, I take this opportunity to point out some matters of concern to everyone involved in UFology.

You ask me if "you are going to support the UFO Summit" recently proposed by Pete Mazzola, international director of the SBI. In principle I do indeed support the idea of a UFO summit meeting attended by all serious UFO investigators, researchers, and representatives of the many UFO organizations, such as MUFON, APRO, NICAP, etc.

In his proposal for a UFO Summit Meeting (Vol.3, No.3, The SBI Report) Mazzola asks, "Do we really need a summit?" Then answers his question: "A UFO Summit is the solution for the survival of UFology." He further proposes several excellent items to be considered at the Summit, e.g., a code of ethics, a grievance committee, and ways to handle our mutual problems.

Such a Summit is sorely needed. But I doubt that it will ever be attended by the leaders of the larger UFO organizations because of the following reasons:

1/ The history of UFology demonstrates that almost all major UFO organizations have been used as a cover or pipeline for gathering information for government use. Once a UFO organization becomes too large or too "serious" it is subject to internal neutralization. What occurred to NICAP is an excellent example. More recently, an attempt was made to "take over" control of APRO (See APRO Bulletin, Vol. 29, Nos. 7 & 8).

2/ Despite their apparent "sincerity," not a single UFO organization (with the exception of the SBI) has ever published the factual truths regarding the UFO research, court trial, and death of Dr. Wilhelm Reich. (No organization that purports to be a "serious UFO investigative and research association dealing with UFOs" would deliberately and consistently fail to mention the UFO research of an internationally known UFologist who died in a federal prison in defence of his work, and whose books were banned and burned on orders of a government agency! As proof of this, I submit that--

- a) Every major UFO organization has participated in slanderous and undermining tactics intended to minimize or ridicule the serious and crucial UFO research of Dr. Reich. (See my published work, The Emotional Plague Versus Orgonomic UFology.)
- b) None of these "serious" UFO organizations has ever published a single word regarding the Court Case, "The U.S.A. Vs. Wilhelm Reich," even though the court records are in public domain and therefore cannot be suppressed or denied publication.

2
OPEN LETTER: UFO SUMMIT

- c) It appears from the evidence I have been able to gather that well placed stooges and dupes have been planted to ridicule and deny the factuality of Dr. Reich's work so that no one will "take him seriously."

3/ Thus far, any potentially effective UFO organization has been reduced to nothing more than information-gathering groups, incapable of doing more than publishing thousands of reports of "strange lights in the sky," and, after thirty years of publication, none has formulated (or wants to formulate) a specific hypothesis relative to the intentions of these alien spacecraft vis-a-vis our planet Earth!

Furthermore, so effective has been this campaign against Reich's work, that only a very few "serious" UFO researchers have ever cracked open one of his books. Why bother? Even you admitted that you had "never heard of Reich" before you joined the SBI.

One would think that when a fully accredited scientist dies in prison for his UFO research, and that when a MAJOR COURT TRIAL has to do with UFO research, that "serious" UFO researchers everywhere would be falling over themselves to obtain copies of the trial transcripts and court documents! Instead, they have (with few notable exceptions) all run away in the opposite direction! And to cover up their cowardice they call Reich "crazy"!

What this all boils down to can be stated in one word: "FEAR"! Man is simply too frightened to face the factual truths regarding the advent and intent of UFOs and their controlling Spacemen. The human animal does not have the courage of the average field mouse. And so he covers up his cowardice with a great show of arrogant contempt and denigrates anything or anyone who tries to put him into touch with true UFO research and what it portends for the human race.

Man prefers mystical fantasies to factual realities. Recently, for example, I asked Dr. R. Leo Sprinkle of APRO why he and APRO are not warning people about the hazardous consequences of approaching a hovering or landed UFO. After all, scores of people have been physically injured (and some have even died) after a UFO encounter. In reply, Dr. Sprinkle wrote me: "I also find that emphasizing the potential injuries, risks, and dangers can be somewhat boring." Thus, according to Dr. Sprinkle, his audiences get "bored" if he tells them UFOs can be extremely hazardous to one's health! He prefers to emphasize "the spiritual" the "uplifting" purpose behind UFOs! And this from a "serious" UFO researcher? Any psychologist who misreads "boredom" for fear should turn in his blackboard.

So what can be expected of a "gathering" of such mentalities at a UFO Summit? Mazzola's fine idea assumes that all UFO organizations are bonafide, serious research and investigative groups. Unfortunately for UFOlogy and all of us, this is not so. Most UFO organizations are groups of pseudo-Boy Scouts and armchair theoreticians, play-acting at being "serious" about UFOs.

Meanwhile, nobody mentions Wilhelm Reich, nobody personally investigates his work (it's much more important to "investigate" strange lights in the sky). Two entire villages are destroyed by UFOs (see PPCC Bulletin, October 1981) and APRO gives that terrifying story four paragraphs! (APRO Bulletin, Vol. 29, No.8) I guess APRO doesn't want to "bore" its readers?

The problem is not a scarcity of facts, but a scarcity of UFO "researchers" willing to look at the facts!

Best wishes

Jerome Eden

28 September, 1981

Verified conspiratorial evidences to thwart an International UFO Authority (WASA), in establishing communication with the exploring UFO forces, to insure humanity's basic survival and prevent a space war.

The Honorable Ronald Reagan
The White House
Washington D.C. 20500

My Dear President Reagan:

On 28 January, 1981, with the most sincere intentions and faith in our nation, ICUFON Inc. and its joint U.S. and foreign UFO Research Organizations requested that you, as the President of United States, and the Highest Commander of its military forces, take the initial step for the solution of the decades-long suppressed first and the foremost vital international and security problem - THE EXTRATERRESTRIAL UFO FORCES EARTHBOUND OPERATION, - BEING VALIDATED BY THE UNITED STATES and ALL THE NATIONS' MILITARY FORCES.

Our Memorandum was based on the common consent of the eminent foreign nations' diplomacy, military forces, and scientific community that their collected evidences on the existing UFO problem and as it relates to exerting positive action in regard to the military and space exploring powers through a WORLD UFO AUTHORITY should no longer be stifled by endless delay.

We were flabbergasted that over the past eight months you have ignored us, and the White House did not even deign to confirm our Memorandum. Suspiciously - as if a central command had been silently issued - your closest associates including the White House Chief of Staff, Edward Messe; the Honorable Howard H. Baker Jr., Majority Leader of the Senate; John G. Tower, Chairman U.S. Senate Committee on Armed Services; Thomas P. O'Neill, Speaker of the House of Representatives, and others, were wilfully ignored even for the usual confirmation of those persuasive evidences, which basically demanded their prompt attention.

B u t - your affirmation on our Memorandum became justified by the Pentagon's subsequent ban to declassify further UFO documentation under the Freedom of Information Act (5 U.S.C.552), which indicated to us that you were SILENCED by the highest national security authorities rather, than SILENT on the UFO problem, which must be on the top of your Military Agenda.

In June 1978, the International Security Department of the State Dept. had announced (Dep.Dir. Michael Michaud) that the United States - obviously with its allies - is ready to drive a war against the Galactic - UFO - Forces.

13

Incidentally might it also be true that the U.S.S.R. is pursuing a similar policy through the Warsaw Treaty nations for the common defense of their environmental outer space? (Just a reminder to the late Gen. Douglas McArthur address to the West Point Military Academy in 1962.)

We are sorry, but these indications created the verifying components of our firm belief in the EXISTING INTERNATIONAL CONSPIRACY. This conspiracy over the decades has been hazarding with the UFO problem, and speculating beyond the honesty of the blindfolded nations about the impending space war. May I present you its highest chain of evidences as the follows:

Exhibit # 1 and 2. On March 1966, Gerard R. FORD, Congressman of Michigan, as Minority Leader rattled his congressional sabre in his letter, addressed to Rep. Mendel R. RIVERS, Chairman of the Armed Service Committee, U.S. House of Representatives, and demanded an extensive investigation on the UFO problem. He wrote: *"The time has come for the President or Congress to name an objective and respected panel" "because I believe the American people are entitled to a more thorough explanation than has been given by the Air Force" "verdicts on UFO reports..."*. - The Record of the Hearing Committee, which necessitated further concern of the administration was entombed as quick as possible in the Capitol Archives! - The same happened with his *"REPEATEDLY RECOMMENDED INVESTIGATION"*, as stated in the May 13, 1968 letter (Exhibit # 2), which were also empty cries into the Pentagon's TOP SECRET WILDERNESS.

When in 1973, the "UFO Vanguard" Congressman Ford was elected as Vice President of United States, then became its President - surprisingly he even abstained to articulate any of the three 'U.F.O.' letters one single one!

WHO SILENCED THE COURAGEOUS GERARD R. FORD AS PRESIDENT TO ACT ON THE U.F.O. PROBLEM?

Exhibit # 3 and 4. On 8 September, 1973, James E. CARTER, as Governor of Georgia filed with the NICAP (National Investigations Committee on Aerial Phenomena, Washington D.C.), a formal report on his UFO sighting. As a UFO enthusiast during his presidential campaign he promised to declassify all the secret UFO documents, and expressed to ICUFON that he "values" our "views and recommendations" on the existing UFO problem, which "will be of help to him in further developing his policy position."

However, when he occupied the White House' Oval Office, his "view" and "policy" on the UFO problem on the spot BECAME SQUELCHED!

WHO SILENCED PRESIDENT JIMMY CARTER TOO?

Who Hushed the Secretary Generals of the United Nations?

Exhibit # 5. In February 1966, U.N. Secretary General U THANT, on the strength of presented military analysed evidences, considered to keep the UFO Forces global operation under the control of the United Nations. He assigned the undersigned to elaborate the guidelines and organizational scheme of a UFO department within the secretariat.

The Project UN-UFFSO was presented on February 24, to his Chief of Cabinet, and by order of the U.S. government was "AWARDED" WITH INSTANT DISMISSAL

FROM THE SECRETARIAT STAFF, and a SECURITY RISK OF SCIENTISTS!

On June, 1967, in the middle of the Near East Crisis, Thant confided to his diplomat associates that "he considers UFOs are the most important problem facing the U.N. next to the war in Vietnam." (N.Y. POST, June 27, 1967.) Four months later (23, Oct.) his Chief of Cabinet released to the public the fact that "...the Secretary General interest in the subject is purely academic and personal."

WHO TIED THE HANDS OF THANT TO PERFORM HIS CONSTITUTIONAL DUTY (care for the accidentally endangered international security) - AND "BRAINWASHED" HIM DOWN THE THE "ACADEMIC AND PERSONAL" LEVEL?

Exhibit # 6. On December 6, 1967, Dr. Kurt WALDHEIM, Ambassador of Austria and Chairman of the Committee on the Peaceful Uses of Outer Space "ASSURED" the Intercontinental UFO Network that the 24 nations' MAINZ UFO RESOLUTION "received FULL ATTENTION" and he has "also NOT FAILED TO BRING THEM and IN PARTICULAR the resolution to the attention...AT THE SECRETARIAT OF THE UNITED NATIONS."

Whereas the Committee's administrative body, the Outer Space Affairs Group/Division repeatedly declared that "...the Committee NEVER DISCUSSED the subject of the Unidentified Flying Objects..."

When this information is correct, then who RECEIVED the Committee's Chairman "FULL ATTENTION"?!

SHOULD WE DEDUCE THAT THE U.N. SECRETARY GENERAL DR. KURT WALDHEIM IS A " L I A R " ?

Moreover, does this not substantiate the International Conspiracy theory that for over thirty years NO NATION FILED A "NOTE OF PROTEST" on the Emergency Agenda of the U.N. SECURITY COUNCIL (consult the U-2 case in 1960, and recently the raids of Beirut, Lebanon, - and Baghdad, Iraq) - demanding immediate investigation and effectuate retaliatory measures against those audacious nation(s), which constantly and criminally violate(s) their air- and territorial sovereignty, and defiantly belittle the most up-to-date missile defense like "trifle noisemakers"! (Read Exhibits 8, 10 and 15.)

Mr. President--haven't you as yet realized that the whole world is smiling in the U.S.A., U.S.S.R. and the United Nations, because since 1952, "allegedly" NOT A SINGLE NATION WAS WILLING TO KNOW who endangers their security, and what is swirling from the outer space? - Especially to day, when the Pentagon's declassified UFO evidences are creating a POTENTIAL WARNING TO ALL THE NATIONS toward the CATAclysmic COLLAPSE of an UNLEASHED WORLD WAR. The warnings are the following selected indications:

Exhibit # 7. According to the CIA/OSI information, dated on 11 September 1952, the United States already in 1952, instituted a world-wide reporting system, and ordered the major Air Force bases to make interceptions and fire on UFOs. Consult the U.S. Joint Chiefs of Staff JANAP-146 order, A-E supplements. The NASA Information Sheet (Exhibit # 16) dated on February 1, 1978, corroborates this fundamental order's 26 years of validity.

Exhibit # 8. In Summer of 1952, an Air Force F-86 jet shot at a Flying

Saucer. Consult the former Head of the Project Blue Book, U.S. Capt. Edward J. RUPPELT's book - THE REPORT ON UNIDENTIFIED FLYING OBJECTS, Chapter One, Par. 1. (Doubleday & Co. Inc. New York, 1956.)

Exhibit # 9. 1953. U.S. Navy vigilance and alert on the UFO forces. OPNAV 94-P-3 order. Signed by Admiral U.S. Navy James S. RUSSEL, Vice Chief of Naval Operations.

Exhibit # 10. July 24, 1957. U.S.S.R. anti-aircraft batteries over the Kouril Islands fired on UFOs - without success. (Origin: United States Military Academy's textbook: INTRODUCTORY SPACE SCIENCE.)

Exhibit # 11. March, 1967. In the Cuban airspace a Cuban-Soviet MIG-21 jet fighter was ANNIHILATED by a "bogey"(UFO). The dreadful efficiency of a UFO arm was reported by the flight leader's escort plane from the air to the Air Force Control. - U.S. Security Agency's declassified. (Peter Gersten, Attorney at Law Governmental UFO Documentation File.)

Exhibit # 12. October 18, 1973. U.S. Army utility helicopter, piloted by Capt. Lawrence E. COYNE with a crew of four was assaulted in mid-air by a torpedo shaped UFO, and fortunately escaped from a fatal collision. (Statement of Col. Coyne in 27 November 1978, before the United Nations General Assembly, Thirty-Third Session, Special Political Committee.)

Exhibit # 13. Fall of 1974. Binn, Korea. UFO spacecraft with a BEAM OF LIGHT SHOT retaliated a U.S. "D" Battery's Hawk missile fire. The missile and the launcher were "MELTED DOWN LIKE LEAD TOYS." (Leonard H. Stringfield: SITUATION RED - The UFO Siege. Doubleday & Co. Inc. New York, 1977.)

Exhibit # 14. September 19, 1976. Iranian-U.S. F-4 jet in dogfight with UFOs attempted to fire an AIM-9 missile, - when at that instant the weapons' control panel went off, and the fighter lost all UHF communication and inter-phone with the ground. (Department of Defense, Unclassified.)

Exhibit # 15. UPDATE! June 3, 1980. Peruvian jet fighter tried to destroy a UFO - but without success. (Message Center, Department of Defense, Joint Chiefs of Staff.)

Exhibit # 16. February 1, 1978. NASA(National Aeronautics and Space Administration) release reinforced that "*Unidentified Flying Objects entering U.S. airspace are as a REGULAR PART OF DEFENSE SURVEILLANCE.*" - At the same time U.S. General Richard C. HENRY, NASA's military scientist determined to ICUFON Hq. that UFOs are "*bafling collection of anecdotal evidences.*"

Exhibit # 17. USAF Col. (Ret.) ASTRONAUT Gordon COOPER's attestation for the United Nations General Assembly, Thirty-Third Session (Nov.27,1978) about his and U.S. astronauts encounter with UFO Forces during their mission in the air- and outer space.

Every planetary citizen with common sense should conclude (even it isn't necessary to be a general) - when the recent political chaos and tension, local enmities and small wars would escallate to the fatal confrontation between U.S.A. and U.S.S.R., the Grand General Staffs on the both sides have

21

to recon with the EXTRATERRESTRIAL - UFO - FORCES ATROCIOUS ENCROACHMENT, TO STOP THE FRANTIC APOCALYPTICAL HORSES and PREVENT THE LUNATIC SUICIDE OF THE HUMAN RACE.

These UFO forces superior strategy, tactics and military technology's showdowns with the earthly military forces have been foretasted and recommended for the opportunist, sceptic and hesitating military and civilian authorities in the enclosed 1-17 Pentagon's declassified. (Consult also with ICUFON Inc. BLUE and GREEN MEMORANDUMS, filed in 1978, and 1980, with the United Nations and the Member Nations.)

Former Danish NATO Air Force Major (Ret.) Hans C. PETERSEN's Petition to you plainly expressed that *"From the World War II, the United States UFO policy created a tragic sample of how an otherwise great nation can keep the world in the darkness of the Middle Ages."*

Are you willing Mr. President to continue this policy, or "CUT THROUGH" the darkness, and let the sky open above our Great Nation, and all the Nations of the world.

Please consider ICUFON Inc. and its joint UFO Research Organizations (listed below) proposal, and keep us informed at the earliest convenience on your decision and steps regarding to implement the long time overdue solution of the UFOs acute problem.

Most respectfully yours,

CONGRESS OF THE UNITED STATES,
OFFICE OF THE MINORITY LEADER,
HOUSE OF REPRESENTATIVES,
Washington, D.C., March 28, 1966.

Representative L. MENDEL RIVERS,
Chairman, Armed Services Committee,
U.S. House of Representatives,
Washington, D.C.

DEAR CHAIRMAN RIVERS: No doubt you have noted the recent flurry of newspaper stories about unidentified flying objects (UFO's). I have taken special interest in these accounts because many of the latest reported sightings have been in my home State of Michigan.

The Air Force sent a consultant, Astrophysicist Dr. J. Allen Hynek of Northwestern University, to Michigan to investigate the various reports; and he dismissed all of them as the product of college student pranks or swamp gas or an impression created by the rising crescent moon and the planet Venus. I do not agree that all of these reports can be or should be so easily explained away.

Because I think there may be substance to some of these reports and because I believe the American people are entitled to a more thorough explanation than has been given them by the Air Force to date, I am proposing that either the Science and Astronautics Committee or the Armed Services Committee of the House schedule hearings on the subject of UFO's and invite testimony from both the executive branch of the Government and some of the persons who claim to have seen UFO's.

I enclose material which I think will be helpful to you in assessing the advisability of an investigation of UFO's.

May I first call to your attention a column by Roscoe Drummond, published last Sunday in which Mr. Drummond says, "Maybe all of these reported sightings are whimsical, imaginary or unreal; but we need a more credible and detached appraisal of the evidence than we are getting."

Mr. Drummond goes on to state, "We need to get all the data drawn together in one place and examined far more objectively than anyone has done so far. A stable public opinion will come from a trustworthy look at the evidence, not from belittling it."

"The time has come for the President or Congress to name an objective and respected panel to investigate, appraise, and report on all present and future evidence about what is going on."

I agree fully with Mr. Drummond's statements. I also suggest you scan the enclosed series of six articles by Bulkeley Griffin of the Griffin-Larrabee News Bureau here. In the last of his articles, published last January, Mr. Griffin says, "A main conclusion can be briefly stated. It is that the Air Force is misleading the public by its continuing campaign to produce and maintain belief that all sightings can be explained away as misidentification of familiar objects, such as balloons, stars, and aircraft."

I have just today received a number of telegrams urging a congressional investigation of UFO's. One is from retired Air Force Col. Harold R. Brown, Ardmore, Tenn., who says, "I have seen UFO. Will be available to testify."

Another, from Mrs. Ethyle M. Davis, Eugene, Oreg., reads, "9 out of 10 people want truth of UFO's. Press your investigation to the fullest."

Ronald Colier of Los Angeles, who identifies himself as "a scientist from MIT," urges that you "do everything in your power to make Air Force Project Blue Book (the Air Force name for its study and verdicts on UFO reports) known to the people." Are we to assume that everyone who says he has seen UFO's is an unreliable witness?

A UPI story out of Ann Arbor, Mich., dated March 21, 1966, states that "at least 40 persons, including 12 policemen, said today that they saw a strange flying object guarded by 4 sister ships land in a swamp near here Sunday night."

Matt Surrell of Station WJR, Detroit, cites an eye witness account of a recent UFO sighting by Emile Grenier of Ann Arbor, an aeronautical engineer employed by Ford Motor Co. He points out that an aeronautical engineer can hardly be considered an untrustworthy witness.

In the firm belief that the American public deserves a better explanation than that thus far given by the Air Force, I strongly recommend that there be a committee investigation of the UFO phenomena.

I think we owe it to the people to establish credibility regarding UFO's and to produce the greatest possible enlightenment on this subject.

Kindest personal regards.

Sincerely,

GERALD R. FORD, Member of Congress.

Dear Mr. Barrow:

May I thank you most sincerely for your recent letter and for your interest in unidentified flying objects.

As you may be aware, I have repeatedly recommended that thorough investigative action be taken and the public be informed concerning this subject. I had called for an investigation of this matter in the Spring of 1966.

I can assure you that I share your concern and am disturbed by the recent article in Look magazine relative to the investigation of UFOs at the University of Colorado. I sincerely hope that the investigation will prove to be worthwhile.

Kindest regards.

Sincerely,

Gerald R. Ford M.C.

REPORT ON UNIDENTIFIED FLYING OBJECT(S)

This form includes questions asked by the United States Air Force and by other Armed Forces' investigating agencies, and additional questions to which answers are needed for full evaluation by NICAP.

After all the information has been fully studied, the conclusion of our Evaluation Panel will be published by NICAP in its regularly issued magazine or in another publication. Please try to answer as many questions as possible. Should you need additional room, please use another sheet of paper. Please print or typewrite. Your assistance is of great value and is genuinely appreciated. Thank you.

Dear Mr. VonKeviczky:

Governor Carter has asked me to thank you for your recent letter.

He appreciates very much your taking the time to share your views with him. As one who hopes to represent all the people of our country, he values your views and recommendations. They will be of help to him in further developing his policy positions.

I hope you will support Governor Carter and Senator Mondale because I believe they offer the promise of outstanding leadership the people of our country want and deserve.

Thank you very much for writing.

Dear Mr. VonKeviczky,

On behalf of the Secretary-General I acknowledge the folder you sent recently, entitled "Addenda to the USO memorandum dated February 1, 1966 and to the PROJECT UN-UFFSO submitted February 24, 1966 to the Secretary-General's Office".

The Secretary-General has asked me to thank you for your voluntary efforts and your interest in the matter of unidentified flying objects.

Yours sincerely,

Dear Mr. Timm,

On behalf of the Secretary-General I acknowledge your letter to him dated 18 October. While we note your concern in regard to UFO's, the reply given to you by Mr. Abdel-Ghani in his letter to you is factually correct. Neither the United Nations nor the Secretary-General has any authority to investigate UFO phenomena. I may add that the Secretary-General's interest in the subject is purely academic and personal.

Yours sincerely,

Dear Mr. VonKeviczky,

Thank you for your letter of November 1967 and the enclosure.

With reference to our previous numerous correspondence on the subject of UFO, I must inform you once more of the strictly limited role of the Outer Space Affairs Group of the United Nations in this regard. The subject of unidentified flying objects has never been an item on the agenda of the United Nations Committee on the Peaceful Uses of Outer Space. It is only if a Member State of the United Nations decides that this is a subject which should be brought up for the attention of the Committee that it can be officially taken up. For these reasons, there is no basis under which I can give support to any international effort to solve the UFO problem.

Meanwhile, I have noted your organization's concern about the UFO phenomena.

Yours sincerely,

Summer 1952. LOCATION UNKNOWN, USA. Head of the US AF Project Blue Book, Capt. Edward J. RUPPELT verified in his book THE REPORT ON UNIDENTIFIED FLYING OBJECTS the total ineffectiveness of USA initiated hostile confrontation:

CHAPTER ONE	U.S.A.
<i>Project Blue Book and the UFO Story</i>	<p>In the summer of 1952 a <u>United States Air Force F-86 jet interceptor</u> shot at a flying saucer.</p> <p>This fact, like so many others that make up the full flying saucer story, has never before been told.</p> <p>I know the full story about flying saucers and I know that it has never before been told because I organized and was chief of the Air Force's Project Blue Book, the special project set up to investigate and analyze unidentified flying object, or UFO, reports.</p>

As a means of promoting vigilance and thus extending the early warning coverage for the defense of the North American continent, the U. S. Navy enlists your support, in reporting air and seaborne traffic headed toward the North American continent and which appears to be hostile, suspicious, or is not identified.

Excerpts:

OPNAV 94-P-3

MERINT REPORTING PROCEDURE

THE SEA WATCH

What to report

Report all airborne and waterborne objects which appear hostile, suspicious, or unidentified. Examples:

1. Guided Missiles
2. Unidentified Flying Objects
3. Submarines
4. Surface warships positively identified as not U. S. or Canadian
5. Aircraft or contrails which appear to be directed against the UNITED STATES, CANADA, their territories or possessions.

Do not report

- (a) Surface craft or aircraft in normal passage.
- (b) Known U. S. or Canadian military ships including submarines.
- (c) Known U. S. or Canadian Government ships.
- (d) Known U. S. or Canadian Military aircraft.

In Lyons, France, "admitted" space travellers were killed. More recently, on 24 July 1957 Russian anti-aircraft batteries on the Kouril Islands opened fire on UFO's. Although all Soviet anti-aircraft batteries on the Islands were in action, no hits weré made. The UFO's were luminous and moved very fast. We too have

Information below was issued by Peter GERSTEN, Attorney at Law, who under the FREEDOM OF INFORMATION ACT by Court Judgement forced the U.S. Government, Pentagon, and Intelligence Agencies to DECLASSIFY WITHELD and SECRET UFO DOCUMENTS.

Abstract: CUBAN - SOVIET MIG-21 (UM E76) JET DISINTEGRATED BY UFO

Intelligence Report to the U.S. National Security Agency (NSA) of the Air Force Security Service (AFSS), 6947th Security Squadron's Detachment A, - located at Key West Naval Station, Florida.

Origin: statement of a Security Specialist of one of the Detachment A Group (name withheld for security reason), positioned on the Boca Chica Key Island, - east from Key West, 97 miles from Cuba. The group monitors the Cuban Air Force operation, communication and radar transmission.

- * -

In March, 1967, the Cuban radar air defense control reported a "BOGEY" - UFO - nearing at an altitude 10,000 meters with a speed of 650/mph. the NE cost of the Cuban airspace.

Two MIG-21 jet fighter were ordered by the Cuban Air Defense to intercept the object, which was radioded by the flight commander as a bright metallic craft (consult U.S. Capt Thomas Mantell disaster on Jan.7, 1948) within a spherical envelop. No national insignia or additional details were visible from the distance of 5 km.

When the radio communication failed - as usual - the Cuban Air Defense Command ordered to the flight leader:

DESTROY THE OBJECT!

(The MIG-21 is equipped with the K-13A air-to-air type missiles.)

Seconds later the wingman screamed to the control station that his flight leader's jet had exploded! - Further communication cleared up that the jet had desintegrated because no smoke or flame was visible.

The UFO climbed forthwith up to 30,000 meters, heading to SSE toward the south American continent.

The National Security Agency (NSA) directed at once to trasmit all the tapes with the relevant data recorded on the incident. 15-20 members of the Detachment A were fully informed about the unusual event, which became to light ten years later by a witness, who disagrees with the U.S. government's policy to silence and suppress a potential threat steeming from outer space.

Assault against Army Helicopter (U.S.A.)

US Army Lt. Colonel Lawrence E. COYNE, BA, US Army Commanding General Staff College, 23 years' of military service, helicopter pilot, 3,000 hours of flying time, Bataillon Commander and Supervisor of Army Flight Facilities in Cleveland, Ohio.

His statement about his perilous encounter and assault by a "nuts and bolts" galactic spacecraft was explained on November 27, 1978, before the U.N. Special Political Committee Session as follows:

United Nations
**GENERAL
 ASSEMBLY**
 THIRTY-THIRD SESSION

SPECIAL POLITICAL COMMITTEE
 35th meeting
 held on
 Monday, 27 November 1978
 at 10.30 a.m.
 New York

*Official Records**

18. Lt. Col. COYNE described an incident that had occurred on 18 October 1973 involving a United States Army utility helicopter, of which he had been in command, and an unidentified flying object. The incident had almost resulted in a mid-air collision.

19. The helicopter, with a crew of four men, had left Columbus, Ohio, for Cleveland, Ohio, at 10.30 p.m. on a clear night. During the flight, a red-lighted aircraft had been observed approaching the helicopter at very high speed. He had immediately contacted Mansfield, Ohio, approach control by radio, asking if any high-performance aircraft were in the area. After an initial acknowledgement, no further response had been received from the ground, although the helicopter's radio still seemed to be functioning. Although all evasive action had proved futile, no collision had in fact occurred. The aircraft had positioned itself directly in front of the moving helicopter. It had been 50 to 60 feet long with a grey metallic structure. On the front of the aircraft, which was symmetrical in shape, there had been a large, steady, bright red light. From the undercarriage, a green light had emerged, which had then swung through an angle of 90 degrees to shine directly into the cockpit of the helicopter. He had noticed that the magnetic compass on the helicopter instrument panel was no longer holding a steady course, but was spinning slowly. Attempts to establish communication with the ground using the emergency radio frequency had been unavailing. The helicopter, with the object still positioned in front of it, had begun to climb at a rate of 1,000 feet per minute, in spite of the fact that the controls were still set for a 2,000-foot-per-minute descent. At 3,500 feet, he had applied a power change to the helicopter, and at 3,800 feet, a bump had been felt. At no other time during the incident had any extraneous noise been heard, or any turbulence felt by any member of the crew. The UFO had then moved slowly westward, away from the helicopter, and the green light had been retracted, with the helicopter settling into a descent. The object had been momentarily positioned above the helicopter, at which point a bright white light had been observed. As the object's distance from the helicopter increased, the light had become even brighter and a noticeable increase in speed had been observed. After first flying west, the object had turned north-west at even higher speed and had disappeared. At that point, communication had been re-established with the ground.

20. No noticeable wings, landing gear or vertical or horizontal stabilizers had been observed on the object. Nevertheless, it had demonstrated its ability to change or maintain altitude and headings and to change speed.

21. He was convinced that the object had been real and that such incidents should be thoroughly investigated.

VIII *The Intent—a Priority Question*

KOREA

A dense fog was lifting over the coastal waters off Binn, Korea, on a fall day in 1974. On shore, for the men of the Air Defense Artillery, the day was starting like any other day. In such "attack" units it is always a matter of wait-and-see and being in fit preparedness in the event the North Koreans should strike south. Hawk missiles, three to a pad, were always on a "ready alert."

About 10:00 A.M., the base radar unit picked up a blip. It was a "bogey" moving in fast from out at sea toward Binn's shore-line defense system. At seven hundred yards there was a visual contact. The men on duty could see its massive form in the haze. The form was oval-shaped; a glowing metallic disc, estimated to be one hundred yards in diameter, ten yards high, with red and green pulsating lights moving around the rim counterclockwise. Suddenly the huge craft stopped, at less than seven hundred yards range, its lights blinking rapidly. It was not a missile or a conventional aircraft, nor was it marked by any insignia. For certain, the craft's lack of identity and its menacing position in the Binn area meant SITUATION RED. The command's decision: the craft is hostile!

The captain of D Battery gave orders to fire the first Hawk missile. Ignited, it started off the pad. In clear view of the men wait-

ing anxiously from a remote-control zone, the missile, according to my informant at the scene, "never made it." It was hit by a beam of intense white light and destroyed! So was the launcher! Both were melted down like lead toys. In a matter of minutes, the unidentified craft, making a sound like a swarm of bees, departed from Binn at extraordinary speed and disappeared from the radarscope!

Whatever the purpose, the UFO was an *armed vehicle* prepared to operate either defensively or offensively. Certainly the super-brain behind the mission to Binn must have known of the dangerous circumstances, and also that it had the upper hand, with the ultimate weapon.

My informant relates that the captain of D Battery was dumbfounded by the action. And, in everyone's view, was a melted mass representing millions of dollars of highly sophisticated equipment. Fortunately, because of the missile base's remote-control mechanism, there were no casualties. The next day, all members of the battalion on duty were summoned to a secret meeting and told by the commanding officer that the disaster was *absolutely hush-hush*. But, regardless of UFO secrecy, the men on the base never felt secure again.

15. (X) THIS REPORT FORWARDS INFORMATION CONCERNING THE SIGHTING OF AN UFO IN IRAN ON 19 SEPTEMBER 1976.

A. AT ABOUT 1230 AM ON 19 SEP 76 THE [REDACTED] RECEIVED FOUR TELEPHONE CALLS FROM CITIZENS LIVING IN THE SHEHRAN AREA OF TEHRAN SAYING THAT THEY HAD SEEN STRANGE OBJECTS IN THE SKY. [REDACTED]

B. AT 0130 HRS ON THE 19TH THE F-4 TOOK OFF AND PROCEEDED TO A POINT ABOUT 40 NM NORTH OF TEHRAN. DUE TO ITS BRILLIANCE THE OBJECT WAS EASILY VISIBLE FROM 70 MILES AWAY. AS THE F-4 APPROACHED A RANGE OF 25 NM HE LOST ALL INSTRUMENTATION AND COMMUNICATIONS (UHF AND INTERCOM). HE BROKE OFF THE INTERCEPT AND HEADED BACK TO SHAHROKHI. WHEN THE F-4 TURNED AWAY FROM THE OBJECT AND APPARENTLY WAS NO LONGER A THREAT TO IT THE AIRCRAFT REGAINED ALL INSTRUMENTATION AND COMMUNICATIONS. AT 0140 HRS A SECOND F-4 WAS LAUNCHED. [REDACTED]

C. THE SIZE OF THE RADAR RETURN WAS COMPARABLE TO THAT OF A 707 TANKER. THE VISUAL SIZE OF THE OBJECT WAS DIFFICULT TO DISCERN BECAUSE OF ITS INTENSE BRILLIANCE. THE LIGHT THAT IT GAVE OFF WAS THAT OF FLASHING STROBE LIGHTS ARRANGED IN A RECTANGULAR PATTERN AND ALTERNATING BLUE-GREEN, RED AND ORANGE IN COLOR. THE SEQUENCE OF THE LIGHTS WAS SO FAST THAT ALL THE COLORS COULD BE SEEN AT ONCE. THE OBJECT AND THE PURSUING F-4 CONTINUED ON A COURSE TO THE SOUTH OF TEHRAN WHEN ANOTHER BRIGHTLY LIGHTED OBJECT, ESTIMATED TO BE ONE HALF TO ONE THIRD THE APPARENT SIZE OF THE MOON, CAME OUT OF THE ORIGINAL OBJECT. THIS SECOND OBJECT HEADED STRAIGHT TOWARD THE F-4 AT A VERY FAST RATE OF SPEED. THE PILOT ATTEMPTED TO FIRE AN AIM-9 MISSILE AT THE OBJECT BUT AT THAT INSTANT HIS WEAPONS CONTROL PANEL WENT OFF AND HE LOST ALL COMMUNICATIONS (UHF AND INTERPHONE). AT THIS POINT THE PILOT INITIATED A TURN AND NEGATIVE G DIVE TO GET AWAY. AS HE TURNED THE OBJECT FELL IN TRAIL AT WHAT APPEARED TO BE ABOUT 3-4 NM. AS HE CONTINUED IN HIS TURN AWAY FROM THE PRIMARY OBJECT THE SECOND OBJECT WENT TO THE INSIDE OF HIS TURN THEN RETURNED TO THE PRIMARY OBJECT FOR A PERFECT REJOIN.

D. SHORTLY AFTER THE SECOND OBJECT JOINED UP WITH THE PRIMARY OBJECT ANOTHER OBJECT APPEARED TO COME OUT [REDACTED] THE AIRCRAFT AND AREA WHERE THE OBJECT IS BELIEVED TO HAVE LANDED ARE BEING CHECKED FOR POSSIBLE RADIATION [REDACTED]

[REDACTED] MORE INFORMATION WILL BE FORWARDED WHEN IT BECOMES AVAILABLE.

THE REALITY BEYOND THE PUBLIC MISINFORMATION

The National Aeronautics and Space Administration, Office of Space Science, General Richard C. HENRY addressed to IGUFON Hq. the following information:

If there were clear evidence that extraterrestrials were presently in the vicinity of the earth, we would certainly cast our investigation in that direction instead. However, such clear evidence does not exist. Instead, what exists is a baffling collection of intriguing anecdotal evidence for mysterious phenomena, usually referred to as "UFO's."

UNIDENTIFIED FLYING OBJECTS

The information contained here has been compiled to respond to queries on Unidentified Flying Objects directed to the White House as well as NASA.

Reports of unidentified objects entering United States air space are of interest to the military as a regular part of defense surveillance. Beyond that, the U.S. Air Force no longer investigates reports of UFO sightings.

Ambassador Griffith
Mission of Grenada to the United Nations
866 Second Avenue
Suite 502
New York, New York 10017

Dear Ambassador Griffith:

I wanted to convey to you my views on our extra-terrestrial visitors popularly referred to as "UFO's", and suggest what might be done to properly deal with them.

I believe that these extra-terrestrial vehicles and their crews are visiting this planet from other planets, which obviously are a little more technically advanced than we are here on earth. I feel that we need to have a top level, coordinated program to scientifically collect and analyze data from all over the earth concerning any type of encounter, and to determine how best to interface with these visitors in a friendly fashion. We may first have to show them that we have learned to resolve our problems by peaceful means, rather than warfare, before we are accepted as fully qualified universal team members. This acceptance would have tremendous possibilities of advancing our world in all areas. Certainly then it would seem that the UN has a vested interest in handling this subject properly and expeditiously.

I should point out that I am not an experienced UFO professional researcher. I have not yet had the privilege of flying a UFO, nor of meeting the crew of one. I do feel that I am somewhat qualified to discuss them since I have been into the fringes of the vast areas in which they travel. Also, I did have occasion in 1951 to have two days of observation of many flights of them, of different sizes, flying in fighter formation, generally from east to west over Europe. They were at a higher altitude than we could reach with our jet fighters of that time.

I would also like to point out that most astronauts are very reluctant to even discuss UFO's due to the great numbers of people who have indiscriminately sold fake stories and forged documents abusing their names and reputations without hesitation. Those few astronauts who have continued to have a participation in the UFO field have had to do so very cautiously. There are several of us who do believe in UFO's and who have had occasion to see a UFO on the ground, or from an airplane. There was only one occasion from space which may have been a UFO.

If the UN agrees to pursue this project, and to lend their credibility to it, perhaps many more well qualified people will agree to step forth and provide help and information.

I am looking forward to seeing you soon.

Sincerely,

L. Gordon Cooper

THE MYSTERIOUS "SKY STONE"

On July 28, 1952, the Washington control tower got a fix on a UFO and tracked it as it followed an airliner en route from Martinsburg, WV, to the capitol.

Senior traffic controller, Harry G. Barnes, didn't know it, but at the same time a Navy fighter picked up the same object and got a radar lock on it.

The pilot shot a machine gun burst at it and the gunfire dislodged a portion of the object which fell to earth in a fiery descent.

Back at the tower, Barnes saw the UFO suddenly drop off the scope over North Fairfax County, in the general area of Herndon, VA, a village of about 1500.

Early the next morning, a caretaker on the estate of Commander Alvin E. Moore near Herndon noticed something very peculiar; branches of trees had been damaged. And then he spied a gaping hole directly beneath the damaged limbs, which exuded a sulphurous odor.

The caretaker and Cmdr. Moore carefully exhumed a still warm and obviously manufactured object. The old-line Naval officer whistled as he realized the thing could not be a meteorite; it had three machined sides and a fourth that appeared to have broken off.

As he carried the object back to his house, his brow pinched in puzzlement, for his years of technical experience in aeronautics told him this was not from an aircraft (satellites were not yet developed).

Indeed, he had the impression that the thing was from out of this world!

IT WAS GONE!

At the time of the Skystone's crash, Commander Moore was not with the CIA, but in 1953 he returned to that intelligence agency where he became an operative in the Scientific Intelligence Department. He was surprised when the CIA's director of Scientific Intelligence asked him if he could have the cylinder analyzed.

The official returned it a week later without comment. Moore returned the Skystone to his office safe.

Two weeks later he opened the safe and found the cylinder was gone! Shocked and dismayed, he lamented the

Alarm over CIA's attempt to gain new power to spy on us

SECRET proposal that would allow the Central Intelligence Agency to spy on American citizens is now raising alarm bells in Washington.

According to Sen. Daniel Patrick Moynihan (D-N.Y.), who opposes the idea, the proposed powers would allow agents to:

- Open and read mail at the post Office.
- Break into private homes and search them while residents were absent.
- Tap telephones of private citizens.
- Investigate anybody's background to search out the most intimate secrets of their lives.

Said Sen. Moynihan: "The job of the CIA is abroad. It has no business involving itself in domestic operations and certainly not any directed against American citizens."

The senator, who is a member of the Senate Intelligence Committee, said he and other committee members were shocked to discover recently that the draft plan for greater CIA powers had been sent to the White House.

The wider CIA powers have

been sought to deal with the growing problem of terrorism within the U.S., and Brian Parkinson — a former agent who is now a consultant to business on terrorism — said they pose a vexing question regarding the rights of the individual.

"What it comes down to is this. What is more important — a few people having their constitutional rights stepped on, or the CIA having the ability to stop terrorists before they kill innocent people?" he said.

First indications were that President Reagan would not give the CIA all the powers it sought because he feared they might be abused.

White House counselor Edwin Meese, who early this year discussed the problem of terrorism with the President, said: "We are not going to put the CIA into domestic espionage."

"But President Reagan will soon issue an executive order meant to improve the CIA's ability to gather information abroad. I

can say no more about it at this time."

However, there is concern in Washington that the CIA will be given some powers to spy on American citizens, even if it does not get everything it seeks in the draft that it has sent to President Reagan.

Jerry Berman, legislative counsel of the American Civil Liberties Union, pointed out that the draft order now before President Reagan would allow the CIA to resurrect such activities as "Operation Chaos."

In that operation staged about 10 years ago before such abuses were stopped, the CIA collected files on about 300,000 individuals and organizations as they hunted for information on the anti-war movement.

"If this draft order is issued anywhere near its current form, it will seriously jeopardize the civil liberties of law-abiding citizens, political organizations and business entities," said Berman.

No space in budget for plan

By EDWARD EDELSON
Science Editor

A pioneering plan to listen for signals from other civilizations in the galaxy has been killed just as it was getting into high gear.

The plan was canceled by a budget amendment, sponsored by Sen. William Proxmire (D-Wis.), that forbids the space agency to spend money for what astronomers call SETI—the search for extraterrestrial intelligence.

Before the amendment was passed, scientists of the National Aeronautics and Space Administration had spent about \$2.5 million over the last three years building a machine designed to pick out intelligent signals from the background noise detected by radio telescopes. The machine would have been read for a trial run in about six months, space agency officials said. Now it will go on the shelf indefinitely.

The SETI effort suffered a major setback three years ago when Proxmire gave it one of his well-publicized Golden Fleece awards. Proxmire recently said that he opposed the current planetary exploration program because, "Those planets will be there a long time."

He added: "It's hard enough to find intelligent life in Washington, let alone outer space."

THIS IS WHAT YOU THOUGHT ABOUT...

LIFE ON OTHER PLANETS

Credit:
Elaine
Kaiser;
Glamour
magazine,
(Apr. '81)

Life on other planets is more than a tantalizing myth to many of you who answered our May survey: 85 percent believe that the universe holds intelligent life besides that on Earth. You're curious about UFO sightings and the possibility that aliens from another planet could visit Earth—and you feel that we should investigate that possibility. You're excited about the space shuttle Columbia, and you believe that the United States space program has opened up the solar system to us. For more results of our May survey, read on.

HERE'S WHAT YOU'RE SAYING:

● Does intelligent life exist on other planets?

Yes, say 85 percent.

"Given the vastness of the universe, it is arrogant to think we are the only ones here. We are at the very birth of the 'space age' and the potential for discovery is staggering."

● Do you think aliens from other planets have ever visited Earth?

UFO's and other unexplained phenomena are evidence that other beings have visited us, according to 79 percent.

"A light more brilliant than the noonday sun awakened my wife and me one night, accompanied by the sound of a projectile hurtling down from above at a terrific speed. My eyes soon fastened on an object hovering motionless just above the ground. As we watched, its red and white glow slowly diffused, but no one—or nothing—appeared."

● Have you ever seen a UFO? Do you know anyone who has?

Forty percent say yes.

"I don't believe in life on other planets, but when a reliable person relates a UFO experience, I do believe that they saw something."

● Did you report what you saw?

Only 12 percent say yes, when they sighted what seemed to be a UFO, they reported it.

"I never know if I should take what I've seen seriously, or just pass it off as a weather balloon or whatever."

● When people claim to have seen UFO's, do you think they really saw them, or is their desire to believe so strong that they delude themselves?

They really saw them, say 49 percent, while 38 percent don't know, and 13 percent believe that people who say they've seen UFO's are deluding themselves.

"UFO means *unidentified* flying object—yes, they're puzzling, but that doesn't mean we should simply ignore the reports of rational observers."

● Do you look forward to the day we'll have actual contact with extraterrestrial beings?

"Close encounters" are something to look forward to, according to 72 percent.

"Perhaps other forms of life have developed technology comparable to ours, or even greater. Think of what we could learn."

● Has a belief in UFO's become a substitute for belief in God for many people?

No, say 77 percent—giving credence to UFO's is no substitute for belief in a deity.

"I have never heard the notion that belief in extraterrestrial life is a substitute for belief in a deity—I can't even imagine how the two could be termed substitutes. The question implies hostility and impatience toward UFO believers."

WHAT YOU TOLD US

1. Do you think intelligent life exists on other planets?

85 percent say yes
15 percent say no

2. If so, do you believe that aliens from other planets have visited the earth?

79 percent say yes
21 percent say no

3. Have you ever sighted a UFO or known someone who has?

40 percent say yes
60 percent say no

In late 1979, an association of investors known as Genesis III Productions, Ltd. released to the general public an elaborately illustrated privately published book entitled UFO...Contact From the Pleiades, Volume I. The book concerns a Swiss citizen named Eduard "Billy" Meier who claims not only to have taken hundreds of clear photographs of UFOs, but to have actually travelled to other planets aboard a flying saucer, travelled back into time, and personally experienced hundreds of "contacts" with beings from the star cluster known as the Pleiades. Genesis III has gone on to state that personal interviews with Mr. Meier, a "scientific analysis" of various metal and crystal samples, and a series of computer evaluations of the Meier photographs have all testified to the substance of Meier's claims.

Extensive investigations conducted by author Kal Korff with the aid of numerous other UFOlogists, strongly suggest that Meier's claims, and subsequently those made by Genesis III on Meier's behalf, may well be fraudulent in nature. The results of these investigations and the subsequent conclusions drawn therefrom have now been made available in this new book by Korff, written with the editorial assistance of well-known author William L. Moore.

It is the hope of the author that this new volume, through its exposé of previously unpublished and little known facts about this alleged hoax, will help set the record straight.

Cut off at the budget pass NASA to halt search for life in outer space

BY T.R. REID
© 1981, Los Angeles Times-
Washington Post News Service

WASHINGTON — If there are any intelligent beings in outer space beaming radio signals to Earth, they'd better be sure the message gets here by Oct. 1.

Among the dozens of federal programs scheduled to plunge into oblivion that day — the first under the new, austere fiscal 1982 budget — is one of the most exotic and ambitious endeavors the government has undertaken: The National Aeronautics and Space Administration's Search for Extra Terrestrial Intelligence. It is the chief hope for discovering whether there is intelligent life elsewhere in the universe.

The search — known in government circles by its acronym, SETI — is a 6-year-old effort to develop antennae and computer programs that could discern "non-random sound events" from the flood of radio signals constantly flowing toward Earth from all corners of the cosmos.

As NASA planned it, receivers at the Deep Space Network facility in Goldstone, Calif., would conduct an "all sky, all frequency" search of radio transmissions. The computer would search the signals for patterns, which could indicate that the signals are generated by intelligent sources.

"What we are trying to do here is answer an important question — whether human beings are alone in the universe," said NASA spokesman Charles Redman. Cancellation now is particularly painful, Redman said, because NASA's engineers are within one year of completing the computer programs needed to sort out intelligent patterns, if any, in the "cosmic noise."

Actually, the SETI program has been

living on borrowed time for three years, ever since it won one of the bureaucracy's least favorite distinctions: the "Golden Fleece" award presented by Sen. William Proxmire, D-Wis.

After Proxmire attacked the program ("It is hard enough to find intelligent life right here in Washington," he said), it was cut from NASA's annual appropriation bill.

But the space agency, displaying some budgetary intelligence of its own, quietly transferred SETI to its "exobiology" program and continued to fund the search. In each of the past three years, NASA has spent about \$1 million on the search for extraterrestrial intelligence.

Proxmire struck again this summer. Choosing a moment when Sen. Harrison H. Schmitt, R-N.M., a former astronaut and strong NASA supporter, was off the Senate floor, Proxmire won voice-vote passage of an amendment deleting all funds for SETI. The administration, reluctant to fight congressional budget-cutting initiatives, went along, and House-Senate conferees adopted Proxmire's amendment.

The result — when Congress approves the conferees' bill — will be one more dead program and many hard feelings at the space agency. A NASA official noted that during the Senate debate, Proxmire made this observation: "There is not a scintilla of evidence that intelligent life exists beyond our solar system."

To which the NASA man ripostes: "As late as 1491, there was not a scintilla of evidence that America existed, either."

UFO Report Weaves Indian Lake Incident

GLOVERSVILLE — More details of the November 1978 UFO sighting and reported abduction by aliens of two New York City men in the Indian lake area of Hamilton County appeared as the main feature in the fall issue of UFO Report.

* * *
"Incident at Indian Lake," by Peter Mazzola, international director of the Scientific Bureau of Investigation, describes the ordeal of Dave Harmon, 29, and Tony D'Ambrosio, 34. He was aided in his story by the detailed site investigation conducted by Dan Lowenski, an SBI investigator, who also is a Gloversville police officer.

Lowenski's responsibility was to interview the witnesses and do testing at the site of the incident. A photo of Lowenski is included in the article, along with that of Trooper Tim Johnson, who responded to the initial call for help from the two New York men.

* * *
The pair was camping in the Moose River Recreation Area while on a hunting trip when on the afternoon of Nov. 1, they spotted the silver cigar-shaped object with a red pulsating light. Both men hopped into their vehicle and drove at speeds believed to be about 90 mph in an effort to escape the pursuing UFO.

They left their campsite about 5:30 p.m. in their attempt to reach the nearest ranger station about 12 miles away. Neither man was aware of any interruption of their flight over the logging road, but they did not reach the ranger station until 7:30 p.m. During the two-year investigation, it was determined that about 90 minutes were lost in the conscious lives of these two men.

Upon their arrival, the ranger told of watching the speeding car and the pursuing object. Later, the two men, the ranger and several townspeople watched as three UFOs appeared and then disappeared behind a mountain.

From the ranger's station, state police were notified and Trooper Johnson responded. He went alone to investigate the campsite and found it as the men had left it, gear in place and a campfire smouldering.

* * *
In submitting his SBI report, Lowenski wrote, "I also interviewed all concerned in this case and conclude the number of witnesses involved, the apparent corroboration between all of their statements, and their conviction of sincerity of their statements encourages me to believe that this is a valid sighting."

The article says the two men later experienced "electromagnetic sickness" which was treated by doctors. Harmon and D'Ambrosio report that their pets no longer are friendly to them, but treat them as strangers. One of the two said he knew they would see a UFO on the trip, and Harmon said he had "great fear" during the hunting trip.

The SBI file has grown to 300 pages and the investigation has taken place over about two years. Details of interviews conducted with the subjects while they were under hypnosis where they relived the experience were not discussed in the article. The whole story is being prepared for book publication.

The author did give several hints of the type of things which have occurred since the incident.

super-smart dinosaur race

UFO ALIENS from outer space may be descended from super-smart dinosaurs like the behemoths that roamed the earth millions of years ago.

That's the startling theory of Dr. Dale Russell, one of the world's leading experts on dinosaurs, who also believes that if the giant monsters had not become extinct, they would have become the dominant intelligent species on this planet — instead of man.

"It is quite legitimate to assume that on other planets dinosaurs lived on to become humanoid beings with the high intelligence necessary for interplanetary travel," says Dr. Russell, chief of paleontology at the National Museum of Natural Sciences in Ottawa, Canada.

The alien which Dr. Russell speaks of resembles the alien beings UFO witnesses claim to have seen. Note the close-up of the being sketched by a witness after a UFO encounter (L) & being made by Dr. Russell (Right). They are nearly identical, in fact not the same.

He has even created a model of what the dinosaur might look like after millions of years of evolution. And the hairless, earless, human-looking creature bears an uncanny resemblance to drawings done by people who claim to have had encounters with UFOs.

Dr. Russell's controversial theory is based on excavations in Alberta that turned up a skull of one of the smallest dinosaurs which weighed only 90 lbs. but apparently had a brain seven times larger than other known dinosaurs.

And, more importantly, the creature had the same opposable thumb and fingers that were vital

Dr. Dale Russell with a real dinosaur's remains. At right is a model of an intelligent dinosaur as envisaged by Dr. Russell, who claims it resembles aliens seen in UFO encounters.

to man's evolution from monkeys, he said. "It was one of the smartest creatures on earth at the time and had the same evolutionary capacity that led to mankind," claims Dr. Russell. "I feel that inevitably evolution would have led it to take a near-human form."

Dr. Russell's discovery has convinced him that previous theories of them being stupid, lumbering creatures were wrong.

"I believe dinosaurs were the victims of some catastrophe, perhaps a meteor or comet. And this is what caused them to disappear. They had been the dominant creatures on earth for 100 million years and now we have proof that they

had continued to evolve into intelligent creatures so the only explanation for their disappearance is some disaster," he says.

"Here we have an animal was standing upright on its legs and was right on the evolutionary path that led to man beings. Astonishing though it may seem, I believe that it would have been forced by the evolutionary process to take human form had it been left to develop."

Dr. Russell, who is now doing dinosaur research at the University of California at Berkeley, believes the dinosaurs that disappeared from earth may have lived on outer space.

Top Scientist Confirms . . . UFO Terrorizes and Burns Three in Car

By DENNIS NEELD and BOB PRATT

"The whole thing's burning up — oh, my God! It's coming closer! We're going to burn up . . . I know we are!"

"Lord help me — I'm burning up!"

A hypnotized Vickie Landrum was reliving her horrifying encounter with a blazing UFO on a deserted Texas road December 29 — a searing hell on earth that left Vickie, her 7-year-old grandson and a friend suffering the symptoms of radiation poisoning.

Incredibly, in the weeks following their terrifying 15-minute encounter with the huge, fire-belching UFO, all three developed severe burns and blisters, diarrhea, headaches, nausea and severe eye problems — and Vickie's friend, who was burned the worst of the three, spent almost four weeks in a hospital.

To get the complete, horrifying details — and verify the absolute authenticity of her story — The ENQUIRER had Vickie hypnotized by a university professor at her home in Dayton, Tex., in the presence of a top engineer at NASA, who emerged convinced that she's telling the truth.

"There's no doubt in my mind," the engineer declared afterward. "This was genuine! She was reliving the truth."

Under hypnosis, Vickie recalled driving after sunset on a desolate stretch of road about 20 miles northwest of Dayton.

Suddenly Vickie, 57, her grandson Colby and her friend Betty Cash, 52, noticed a glowing object in the sky.

"It's lighting up the whole sky, a long way up, and traveling fast," Vickie said, reliving the experience. "Sometimes we can't see it, the trees are in the way."

Several minutes later, the object suddenly appeared in front of them and hovered over the road.

Betty, who was driving at the time, brought the car to a screeching halt.

The massive, blue and diamond-shaped object was at treetop level, about 100 feet away, with huge red flames shooting from its bottom to the road below.

"We can't get through — it's blocking the road!" Vickie gasped under hypnosis. "It's bigger than a water tower. And it's making a sound like beeping. Long

beeps . . . beep, beep, beep." As she recalled the terrifying close encounter, Vickie clutched compulsively at the front of her blouse, screwing the material into her fist. Her features contorted with fear as she brushed sweat away from her face.

"Long red flames are coming out of the bottom, like a rocket!"

Even though it was just 40 degrees outside, the intense heat from the UFO made the automobile's interior sweltering hot.

Gripped with terror and unable to think clearly, Betty jumped out of the car and into the night air in an attempt to escape the heat, never taking her eyes off the mysterious craft.

"Betty — don't get out! Oh, my God, come back! It's hot, hot!"

"We'll burn up! My eyes — it's hurting my eyes!"

Startled by the UFO, little Colby went berserk. Scream-

heard a loud rushing sound, like air brakes on a truck, as more flames shot toward the road.

Each time the flames shot downward, the object moved up a bit, then settled lower.

"It's going to fall! No — it's lifting, thank God! There's fire at the bottom. It's so hot."

Finally, the object suddenly took off — rising into the air and then zipping away at an incredible speed.

Then came the long ride home. Vickie was convinced they should not tell a soul about anything that had happened.

"Don't tell nobody about it, Colby — they'll think we're crazy. Oh, Betty, they'll think we're crazy . . ."

Almost immediately after returning to Dayton less than an hour later, the three witnesses started to feel sick.

All suffered painful burns, and Vickie's optometrist, Dr. Steve Chandler, reported her eyes were "burned, swollen and extremely irritated."

In the weeks following the terrifying encounter, both the women lost huge amounts of hair.

The agonizing symptoms soon forced Betty to enter Parkway Hospital in Houston, where she remained for almost four weeks.

Hospital records confirm

Betty's mysterious illness and report "she witnessed very intense fire-like material" in the sky.

In addition, the hospital records show Betty suffered "bumps under her skin," "hair loss of the scalp" and "very swollen" face.

"The doctors and nurses kept asking me if I was burn victim," Betty recalled. "Skin was peeling off my face and arms and legs."

"I was blistered all over. My ears and eyes were swollen. My own family didn't recognize me."

Since that mind-boggling night, little Colby has suffered digestive problems.

"A radiologist who examined the medical records said they apparently were suffering from the symptoms of radiation poisoning," said John Schuessler, an aerospace engineer at NASA studying the case for VIS, an independent UFO investigating organization.

Schuessler was present the spine-tingling hypnosis session.

Dr. Leo Sprinkle, Ph.D., who conducted the session, said he's convinced the terrifying details of Vickie's ordeal are for real.

"She had a real experience and I believe the craft was under intelligent control," said Dr. Sprinkle, a professor of counseling services at University of Wyoming, who has hypnotized scores of UFO eyewitnesses.

Several other witnesses around Dayton also reported seeing a huge, bright diamond-shaped flying object that night.

"I consider this a very important case providing physical evidence of the existence of UFOs," declared Schuessler.

"It is one of the most interesting and significant cases that I've ever investigated."

the fire's light was reflected off a haze layer at about 7,000 feet and that is what Galvestonians saw, Taylor said.

One witness, police dispatcher Lucy Smith, said, "The object itself was shaped like a star. It had points on it like a star, but it was much larger than what you'd think a star would be."

Vehicle Internal Systems investigative Team — has started cataloging Monday and Tuesday night's sightings.

Reports of eerily pulsating lights and hovering star-shaped objects in the night sky over Galveston Island have piqued the curiosity of flying saucer investigators.

Schuessler said 12 aerospace scientists involved in VISIT have compiled 70 cases of unidentified flying object sightings to help construct a model of what people are reporting.

She said in one hour Tuesday 25 people along the 25-mile-long island reported a similar object with glowing and flickering lights that lit up entire streets of the city.

Police officials said dozens of residents from one end of the island to the other called in reports of a weird glow emanating from an unidentified source.

John Schuessler, a former space agency engineer now in McDonnell Douglas Corp.'s space flight division, said his group — VISIT for

"We know how to design the inside of a space craft," he said. "What we are trying to do is take the reports we are getting from people and translate them into engineering lingo."

Schuessler said, "We're sure there's something to the sightings, that people are not making these reports based on mass hysteria. But we're not into giving a pat answer. Enough people have tried — the Air Force and other government agencies — and they did not come up with much."

Coast Guard spokesman Martin Taylor attributed the sightings to an off-shore gas well that was burning waste fumes. A helicopter pilot said

PEKING (UPI) — China yesterday reported that an unidentified flying object surrounded by Saturn-like rings recently raced across the sky above Tibet.

The incident, which took place July 24 in north-eastern Tibet, has been confirmed by other sightings, the official Xinhua news agency said.

It quoted a meteorological official in Lhasa, capital of Tibet, as saying the bright object was surrounded by a ring of blue-white light and moved at an estimated speed of more than 70 mph for seven minutes before disappearing.

Beware of flying saucers UFO watcher warns

By John Picton Toronto Star

Flying saucers are bad for you, says a leading watcher of unidentified flying objects.

In a warning to "all planetary citizens," Jerome Eden says they're the single most important issue facing the world today.

"Our records show that scores of people have been hurt, some quite seriously, when they innocently approached a UFO," says Eden, who runs the Planetary Professional Citizens Committee in Careywood, Idaho.

"We are confronting a highly advanced alien invader whose technology staggers the imagination."

People from Manitoba to Senegal have been hurt by UFOs, Eden told The Sunday Star, and visitors from outer space have mutilated thousands of cattle, often draining their blood.

But there's an international cover-up of such incidents, he charged. "I hope you have the guts to print this. If you do, you'll get flak from some pretty high-up people."

Eden, a writer and UFO researcher, cited the case of Winnipeg mechanic Stephen Michalak, who allegedly was burned by a space object in 1967.

Scarlet glare
An amateur prospector, Michalak was digging for rock samples at a lake 80 miles east of his home when a cigar-shaped object with a scarlet glare landed nearby.

Thinking it belonged to the U.S. Air Force, he approached it and

When he shouted an offer of an intense heat was emitted and shirt caught fire.

The burns were described in 1979 book UFO Sightings, Landings and Abductions by Yurko Bondchuk, published in Toronto Methuen.

Other UFO incidents, as described by Eden:

- The truck driver in the U.S. west whose sunglasses melted when he looked up at a low-flying object and was blinded for two weeks;
- The Scout leader who approached a mysterious object he found in Florida's Everglades. He was found unconscious and his sight is said to be impaired, as though by heat;
- The Texas woman who has had permanent headaches and boils since encountering a UFO and shows "all the symptoms of radiation poisoning."

'Books banned'
Eden says an international cover-up of such incidents has led to the death of some leading scientists.

Dr. Wilhelm Reich died in prison "after his books were banned and burned," Dr. James McDonald, who was "ridiculed and scorned until he committed suicide."

Eden claims to have documented cases of cattle mutilation from Alberta to the U.S. East Coast, says a couple of villages in Senegal were blown down last year by an alien spacecraft, and adds that people have even been kidnapped and brainwashed by extra-

Gary is a graduate of University of Nebraska (BGS) and is self-employed/owner of a construction company. As before, he has never seen a UFO, however, it is believed he is the best thing to happen to the SBI since its conception in 1979. (This statement shall be explained in full at a later date) Gary is also a certified ham radio operator and pilot. We welcome Gary to the SBI and truly look forward to a feature article being prepared by the editor of the SBI REPORT based on all the enlightening and relevant datum sent to us by Gary.

HARRY JAY-----
(Field Investigator)
(N.J.)

Harry has been with us 3 years as a translator and has recently requested investigatorship. He is an Art Director for a New Jersey firm, speaks Spanish, German, French, and English, He is knowledgeable in UFOlogy and surely will be an asset to the SBI...thanks Harry for your loyalty & dedication to us.

There are several more active persons who enrolled into the SBI, yet, we have not received their returned Questionnaire, so we will inform you of their qualifications in our next issue.
