SAUCER SCOOP

SCOOP SNOOPS

Mel Noel is grumbling again about 'hush-hush' matters ALL being to blame for his latest failure to 'show-up' with his non-appearing so-called 'saucer rides' - I wonder if HE ever wonders about those who all waited patiently for their 'rides' only to find out that he had left town!!! In fact - it was all so hush hush that NO one knows - including those he left behind..... IF he has a good reason- let him tell those who were most concerned and NOT leave it to the hometowners to explain - after he has gone!..... SCOOPHOUSE received a nice visit from Virge Tarlton and his wife - on vacation from his duties at GOODYEAR UFO SOCIETY,.... ALLEN GREENFIELD of the Congress fame again visited his friends in Florida - including John Reeves of Brooksville --..... AUGIE ROBERTS is now planning a trip to SCOOPHOUSE something we have all looked forward to!! If all goes as planned - he should be here in September!! FLASH from Dr. Frank STRANGES ... "I am being taped on the ART LINKLETTER SHOW TUESDAY AM. ... and it will go on TV the 11th. of AUGUST.. If you promise to look in .. I will wave!!" OK//OK// I'm waving!!..... NEWEST reports form the basis for the theory of a LIQUID SUBSTANCE on the old, green-cheeser in the sky..... Harry Hoffman informs SCOOPSNOOPS that Dr. Condon of the U. of Colo. is quite interested in the reasons behind the firing of Colman Vonkrivicksky of ICUFON..... Michael Clark of Penna. has now nurtured to life ANOTHER 'alien' form!!!! His lab must now look like some old '39 Frankenstein movie set!!!! I only hope that Mike has better control of HIS aliens!!!!..... ALLAN VEZINA of CAPIC in Canada has just recently married!!! He also is in the process of forming a publishing company to produce his won and fought for - UFO magazine - !! When you subscribe - be sure to note his NEW address: 100 Broadway Ave - APT. 204 - Toronto - !!!!!!! SCOOP will be saying farewell to a good and long-time friend - John Stevenson - UAPRO MOUNTAIN HQ. - who writes to say he will shortly be leaving for the service..., take care - John!!..... The plans for Capt. Bob Loftin's new book - IDENTIFIED FLYING OBJECTS - are coming right along - if on schedule - should be out this winter!!! (waiting for that copy you promised - Bob!).... Gene Duplantier - Editor of SAUCERS - SPACE - and SCIENCE - now has a regularly scheduled radio program up there in the Northland-- over CHUM radio!! They couldn't find a better man for the job!! Gene has been in this field for many years and he certainly has the experience - knowledge - and fortitude for this weekly job!!! SCOOPBEST to CHUM!!..... And Gene!!..... There have been rumors - both written and vocal - to the extent that a so-called 'hippie' movement is taking over UFOLAND!!! Well now!!!! I certainly do not feel that Dr. Condon is a 'hippie' -- nor many of the other scientists that are investigating the phenomena -- nor do I think that those - who in their own personal opinions - connect a religious connotation to the subject - are 'hippies' .. I do feel that since most of the rumors concern the late Congress in NYC - that it should be taken into consideration the WHERE - the TIME - etc. of the Congress - NYC has always been noted for UNconventional behaviour --- I did not personally enjoy many of the spectacles that I saw - however I do not feel that this is an epidemic - merely an expression of the locality..... I HOPE!!!!!!!!!!!!!!!!!!!!!!!!!!!!

SAUCER SCOOP POLICY: To print all pertinent data relating to the UFO Field in general, regardless of any Organizational affiliations. To present BOTH sides of any controversial subjects, giving each full and equal opportunity to express their viewpoints. To give full name and address credit, plus source, dateline and witnesses - in all data printed - whenever possible. To maintain the best of research equipment and the best manpower available in order to assure correct analysis of any reports submitted to SAUCER SCOOP.....

SCOOPNOTE: Much has been written as of late as to the words and the attitude of U Thant - Secretary General - United Nations.... Every exchange bulletin that SCOOP has received have reprinted his feelings toward the general UFO picture. Including US.....

I reproduce, in it's entirety, a letter received by Mr. Norman Schreiberstein - 1236 Greeby St., Philadelphia, Pa. - from ISMAT T. KITTANI, Principal Officer, Executive Office of the Secretary General, United Nations.....

July 13, 1967

Dear Mr. Schreiberstein:

Thank you for your letter of 7 July. I wish to inform you that the statement you quoted from a local newspaper regarding the Secretary-General's views on U.F.O.'s is inaccurate. For the present the work of the United Nations in this field is confined to the collection of information and it does not extend to investigation. To-date, the Outer Space Committee of the General Assembly has not considered the specific subject of U.F.O.'s.

I personally have no views to express on the subject.
With kind regards,

Yours sincerely,
ISMAT T. KITTANI
Principal Officer

SCOOPNOTE: SCOOP would say that there were some remarks in the above letter that were 'inaccurate' also! Dr. James McDonald and Dr. Frank Stranges and Capt. Bob Loftin should have an equal opportunity to 'explain' as to WHAT they were doing at the UN!!! (Come on, now boys! Just WHERE were you when you said you want to the UN???) Maybe you talked to the OUTER SPACE COMMITTEE instead of the OUTER SPACE? Yeah, Yeah - WE know! A funny thing happened to me on my way to the UN!.....

Space (!) will be available for all excuses -IF you boys decide to come up with one! Just adress a note to us -- stating such!

Air Force releases 1967 UFO statistics -- "The Air Force now admits it has file copies of reports of Project SIGN, GRUDGE and BLUE BOOK and offers to reproduce each report at a cost of 20 cents a page for anyone who requests them. The reports can be reproduced ONLY in entirety and they contain respectively 44,405 and 323 pages..... Statements that the Air Force has no MAPS, GRAPHS OR CHARTS of UFOs are omitted entirely in this new report. "Many widely circulated photographs never have been submitted to the Air Force for a comprehensive analysis," the report says, claiming that "all original photographs and negatives (are returned) to the owner upon completion of the analysis.".....

The two regulations governing the UFO program have been renumbered. AFR 200-2 is NOW AFR 80-17 and JANAP 146 is NOW JANAP 146E. These regulations are generally available but the report says..... "The Air Force has no objection to persons visiting Air Force bases and reading them." The year toted up the second largest number of UFO sightings since 1947. It was exceeded only in 1952. Of the 1,060 cases reported in 1966, only 30 remain UNIDENTIFIED, the Air Force says. The only change from previous statistics appears in those for 1965: the total number of cases rose from 896 to 887..... From 1947 to 1966, the Air Force investigated 11,108 sightings ----- and 676 of the remain unknowns. Reprinted from FATE Magazine

UFO LEGISLATION - Nashville, Tenn. (UPI) A bill outlawing the release of any object into the night sky that might be mistaken for an unidentified flying object (UFO) was introduced in the Tennessee House of Representatives Thursday. "I don't think the people should add to the confusion," explained Rep. Ellis Gill, sponsor of the measure. Reports of UFO'S which aren't UFO'S " could make people panic" Gill said and proposed a fine of \$50 for violators..... SOURCE: DAILY COURIER, GRANTS PASS, OREGON..... FIRST SPACE WAR SHOT IS FIRED! The American battleship New York --- during the World War II - fired the shots on their way to the Iwo Jima campaign. Assuming the UFO to be a Japanese balloon - it was fired upon. The SIZE OF A TWO-STORY HOUSE was given in the report. The object was described as round and silver colored. Rear Admiral Kemp C. TWENTY-NINE PALMS, CALIF. -- During the last few months of spring - (March and April), a brilliantly lighted ufo hovered stationary over an area of the Joshua Tree National Monument just a few miles south of the City of Twenty-Nine Palms... It was witnessed by the Director along with several other witnesses for the Foundation. It would hover for a period of time in one location, then slowly move westward for what appeared to be some 5 miles, then once again it would move slowly eastward and back to its original position. This was noted over many hours, and the UFO appeared every evening over a period exceeding one month.... Now read the report below.....

WHERE DID THE UFO GO? DESERT HOT SPRINGS -- A brilliantly lit unidentified flying object, which has been seen as regularly as the evening star or express, failed last night to arrive on schedule....

The UFO had been seen both Wednesday and Thursday nights over this desert city by seven members of a family of eight, and two next door neighbors. Sheriff's deputies, - who with newsmen, helped to watch on the thrid and UFO-less evening, refused to dismiss the sighting as a mirage or swamp gas. " A lot of people have been seeing something," said Capt. Delbert Fountain, Commander of the Indio Sheriff's station. The object was first reported seen at about 6:20 PM Wednesday by the family of Jamaica-born Clarence Chin-Hing, and Mrs. Deena Thornberg and daughter Yolanda. Chin-Hing's wife, Antonia, a nurse employed at Derset Hospital in Palm Springs, described the UFO as brilliantly lit, egg-shaped and with two beams of light shining from its front section.....

WEST MILFORD, N.J. - MAY 31 - 67. Miss Alice Carol Whritenour reported that she and a group of co-workers sighted a "bowl of light" from a point at the bottom of Riverdale Road on Route 23. The bright shiny orb finally traveled in the direction of Butler.....
"It resembled a sun-burst clock in the sky". The object was stationary for 20 minutes before it began to move.....

WEST MILFORD, N.J. - MAY 31 - 67. Mrs. Phillip Harriet of La Rue Road, Newfoundland, and friends, sighted a bobbing red light moving in a northerly direction. The red light was even larger than the light Miss Whritenour observed.....

WEST MILFORD, N.J. - June 4 - 67. Mrs. Charles Miller of La Rue Rd. and her two car passengers, observed a strange dipping light which hung over the mountains as she drove south toward Butler. The object faded from RED to a GREENISH-BLUE and then became BRILLIANTLY WHITE. As she drove down Route 23, the object became larger and seemed to develop a halo near the Charlottesburg RESEVOIR. Late5, at her mothers, she learned that other members of her family had also observed the 'light, hanging in the sky'.....

INVASION FROM OUTER SPACE? WELL, NO, WHAT THEY MEANT WAS.....

MIAMI, FLORIDA - JUNE 23 - 67 -- The mass invasion from outer space predicted for Thursday didn't materialize - and the spiritualists credited with the prediction said they didn't make it..... Mark and Yolanda of the Mark-Age MetaCenter, 327 NE 20th. Terrace - said they were misinterpreted. They said they only predicted a manifestation of the solar system's governing body sometime around June 21, the summer solstice - a manifestation they now interpret as the triumph of Israel in the Middle-East crisis..... Mark, formerly Charles Gintzel, and Yolanda, once Pauline Sharpe, abandoned careers with employment agencies in 1960 to set up the MetaCenter as earth headquarters for the solar system. They say that UFO sightings like the one in April at Crestview Elementary School are supposed to prepare the public for eventual landings. Right now, space creatures think the atmosphere here is too hostile, Mark says. They have no explanation for the photograph taken by 13 year old Arnie Katz -- that appeared in Thursday's Herald. The picture was taken on May 21 - and Arnie's mother thinks it was a garbage can lid. So does the National Investigations Committee on Aerial Phenomena - the group that researches UFO sightings.....

Near Administration Building, Camp Manatoc, Peninsula, Ohio... Boys were attracted by a low, rumbling sound, similar to a muffled outboard motor as they put it. Sighted object directly overhead - consisting of two white blinking lights at either end and one red non-blinking light in middle. The lights moved north and were quite bright. At one point they hovered and did so for 5 minutes and 20 seconds..... (one boy had presence of mind to time object in fixed position)..... The noise ceased when object hovered. The noise began again and the object began moving north - it then made an abrupt turn to the west...

earlier UFO sighting in March, has recently been re-visited.....
Representatives from the University of Colorado have completed an in-
vestigation of the DEPOT ROAD area where a UFO was reported last Wed.

cribed the sightings as an "orange ball" pulsating.... Mrs. Ahorn
presumed it to be troubles in the electric wires - for Tuesday night
and early Wednesday had been marked by heavy rains and sh had
been awakened by a crackling sound like firecrackers.. She too noticed
the "orange ball". Con. Light and Power Co. officials reported elect-

UFO'S SEEN IN WIDE AREA OVER EUROPE - JULY 17 -67

WEISBADEN, GERMANY (UPI) -- CIGAR-SHAPED unidentified flying objects trailing brilliant light and looking like fireworks startled tens of thousands of Europeans yesterday... The UFO'S flashed across the sky over Germany, France, Belgium, Switzerland, Italy and Luxembourg.

The U.S. Air Force said the brilliant heavenly phenomena were sighted by its personnel at three air bases in Germany. None of objects, described by some Italians as "incandescent footballs" were picked up on radar. (SCOOP NOTE: There were many clips sent in on the above occurrence - too many to use here - but they all agree) A spokesman at USAF Europe headquarters in Weisbaden said the UFO'S were spotted shortly after midnight and "they looked like they had flames coming out of them." The pilot of a chartered airliner said he saw a "very brilliant object" at 9,000 ft. while he was approaching Zurich airport for a landing. He said he could not identify the luminous object.

Heinz Kaminski, director of the Bochum Observatory attributed the sightings to SOME RARE LIGHT BREAKING THROUGH CLOUDS OF WEATHER CONSTELLATIONS. However - he said he was trying to check the mysterious shapes in the sky by feeding a computer with all available details. Citizens in the six European countries flooded police switchboards....

The first sightings were reported in widely scattered parts of France. One report from Strasbourg on the German border and another came from Nantes in northern Brittany. Eight pilots at Orly airport also reported seeing UFO'S. Witnesses described the UFO'S as "cigar-shaped, trailing brilliant light"... Most of the witnesses gave the police the same description. Italians said the objects cast a reddish glow on the mountains surrounding the Aosta valley.. They said the objects "traveled in FORMATION and at a speed slower than that of planes (SCOOPNOTE: THIS IS A "RARE LIGHT" INDEED!!!) Other witnesses in the Northern Italian region said they saw objects fall toward the earth and disintegrate into smaller fragments. Similar sightings were reported in Turin - Milan - Verona - Florence - and the Viareggio areas.....

Dutch observers said the flying object they saw appeared to have been a space satellite burning up as it plunged into our atmosphere... The Airline reports, received at the control tower at Orly, said the streaks were as luminous as a medium-sized star and moved in a NE direction at a high speed and altitude.....

LATE REPORTS ON ABOVE - ERIC SWALES - Coastguard Chief - Deal -Kent-England - spotted several of the above objects..... Ships in the North Sea said they sighted the object- or objects - traveling north ---- variously from NW to NE -- Authorities in Paris were besieged about something "going very fast and very high"... The crew of an English Channel ferry said one group of at least 5 objects - resembled orange lights.....SCOOP NOTE: Y!!!! NEVER SO SO MANY CONFLICTING REPORTS ON SATELLITES AND SPACE JUNK!!!!)

INTERNATIONAL REPORTS --- 40,000 watch for ufo's --- London ---

Flying saucers observed the 20th anniversary of their first sighting by turning out in force over Britain Saturday night. Five unidentified flying objects (UFO'S) were photographed doing "gyrations and extraordinary manoeuvres" near Manchester airport. And the patience of the London branch of the INTERNATIONAL SKY SCOUTS, which organized a round-the-world watch by some 40,000 persons in 23 countries, was rewarded when 15 people saw a cigar-shaped object cruising in the sky a few miles east of the capital.....

FLYING SAUCER CHASES PLANE -- An airliner carrying 52 passengers from Piura, Peru to Lima, the pilot noticed a DART-SHAPED object about 70 metres in diameter and emanating changing colors - take a position directly above the control cabin - and at the same time - was joined by another UFO from above. When the plane was 30 KM. from Lima, both UFO'S left at a dizzying speed. Both the crew and the passengers were upset by the objects.. SOURCE: CZAS 'THE TIMES' MARCH 22 1967. 2 I WAS BURNED BY A UFO -- Winnipeg man says -- Steve Michalak is suffering from chest burns he claims he received May 20 - 1967, from an unidentified flying object he touched just north of Falcon Lake, Manitoba. It was about 35 ft. long - 8 ft. high - with a 3 ft. protrusion on top, looked like stainless steel when it landed, but gave off a glaring red light when it started to move through the air at a speed the 50 year old industrial mechanic says he can't "even begin to describe." And there were voices coming from it, he said in an interview... voices that sounded human but were obscured by a whirring sound..... He has remnants of an undershirt with a geometrically-patterned burned spot on it, a hat with a hole burned through it, and, he says, there seems to be a smell " COMING FROM INSIDE ME AND I CAN'T GET RID OF IT.".....Mr. Michalak was out looking at some land north of Falcon about noon Saturday when he heard a pair of geese start to cackle insanely. "I looked up and saw these two objects coming from a south south-westerly direction. They were glaring red. I can't describe how fast they were going. You can't just put it in time." "One was going or cruising about 10 feet above the ground and one landed. I watched it for about half an hour before going near it. It gave off rainbow reflections. And when a three-depth door finally opened, all he could see was a brilliant violet color. "It seemed to be making a sort of whistling noise, like it was sucking in the air or something.".... He said the joints on the UFO were " the most perfect joints I've ever seen." "I can't understand how it was done. There was no welding, no rivets, no bolting, and when the door closed I could see nothing.

CONTINUED

Hearing voices coming from it, he spoke English, Russian, German, Italian and Polish, but the door closed - heat came from a pattern of holes in the side, it started to move in an anti-clockwise direction and took off." He tried to tell the RCMP at Falcon, but they told him they could do nothing about it, he says. Mrs. Michalak says her husband is definitely not acting normally. He hasn't eaten since he's been home, has been vomiting and does notice a strange order about him.....SOURCE: WINNIPEG TRIBUNE -MAY 22... FOLLOW UP TO ABOVE STORY: Prof. Ray Craig, associate professor of physical sciences at the Boulder, Colorado University, arrived in Winnipeg, Saturday, June 3, to conduct a 3 to 4 day investigation. Prof. Craig said although a number of sightings can be explained by balloons, mirages, etc., there are also a lot of things that can not be explained. REPORTS OF FLYING SAUCERS HIT A NEW HIGH IN BRITAIN - LONDON - Aug. 1.

Flying saucers are invading Britain in greater numbers than ever, the Unidentified Flying Object Association said today. The coordinator of the association - Migel Stephenson, said several hundred UFO'S were spotted this year, most of them in the past few weeks - and several landings were reported. "There is normally an increase in reports during the summer -- due to the light evenings and more people being out at night -- but we have never known anything like this before," he said.

Several unknown flying phenomena were reported seen over Britain including a cigar-shaped object over London and five UFO'S performing aerobatics over Northern England's Manchester Airport. Last month, what is believed to have been a Soviet satellite re-entering the atmosphere flashed across European skies, leaving a trail of international saucer-spottings. ICARUS --- WHAT COULD HAPPEN IN JUNE 1968

BY --- HAZEN COON - MEMBER - BRITISH ASTRONOMICAL Assoc.

The asteroid "ICARUS" in June 1968 will come very close to the Earth and many claim there is a good chance of it hitting the Earth. ICARUS is about one mile in diameter - and consists of solid rock with perhaps some iron mixed with it. I am NOT predicting that it will hit the Earth - nor am I predicting that it will MISS us. I will give you an account of what PROBABLY would happen if it came in from the East and first touched the Earth about one hundred miles of Cleveland, Ohio. However -- before I get into the story -- let me tell you about a great valley on the Moon that appears to have been made by a much similar occurrence. The valley is the "GREAT VALLEY - or ALPINE VALLEY" which crosses the ALPS MOUNTAINS on the moon. This valley is 80 miles long -- 5 miles wide -- and 2 miles deep. It is very straight and appears to have been dug out by a great asteroid hitting at a very low angle. Remember - this valley was dug through a mountain range -- NOT level ground!

Sixty nine hours before the actual contact of ICARUS both TV and radio had narrowed the landing area down to in - or near - Lake Erie. Previous statements said someplace in the eastern US. Panic now prevailed, all roads were packed beyond belief. Millions of cars stood bumper to bumper. Many had deserted their cars and had run. Entire trains of freight cars were taking thousands out of the area. All Air Lines put their planes in the area to carry people to the North or South. There were thousands of suicides and heart attacks..... Cleveland, Detroit, Chicago and hundreds of smaller cities turned in to ghost towns... Everyone was on the move.

People in Boston and for many miles both to the north and to the south were the first to see ICARUS coming in over the Atlantic. It was a sunny day and 10 AM in the morning. ICARUS was coming in at 44,000 miles per hour. High in the sky it was a small fiery ball. This terrific rate per hour means 12 miles per second! In a few seconds it appeared as a mammoth ball with the forward part on fire... Many people lived to tell the story. East of Cleveland - when it was one half mile above the earth - the Great Wind that was set in motion was blowing 30,000 mph. The western end of Lake Erie was completely emptied by the wind. Needless to say - people drowned or were blown away by the thousands. ICARUS was now sliding across the ground at over 40,000 mph. It crossed the state of Michigan in 30 seconds!!!! Over 3 million people were drowned or blown away in the Chicago - Milwaukee area. ICARUS carried its death and destruction until it was stopped by the Rocky mountains northwest of Denver.....

SCOOPNOTE: on the following page you will find another version of the ICARUS Affair... Both versions should stress the need for a complete study of the conditions put forth by the authoss.....
FOREWARNED is FOREARMED..... This is a serious situation.....

M. I. T. STUDENTS BYE COLLISION COURSE

June 15, 1968, the asteroid ICARUS will pass the earth by a scant 4 million miles but what would happen if the asteroid's orbit changed and it headed into a collision course the earth?

This problem is being handled by a group of students at M.I.T. - a group that includes two Connecticut residents, Lt. Noel S. Flynn of Bridgeport and William R. Lange, of Stamford. Using available equipment and know-how, the students would launch a barrage of hydrogen bombs into the asteroid's path. One or more would blast it apart or deflect it into deep space....

ICARUS, a mile in diameter, is one of several hunks of cold matter, possibly iron, that whirl in elongated orbits about the sun.... Consequences of ICARUS hitting the earth would be catastrophic. For the hypothetical trajectory assumed in the study, ICARUS would collide with the earth at 12:26 PM (Greenwich mean time) June 19, 1968. Ground zero would be the Mid-Atlantic, 2,000 miles east of Florida. The impact would splash out some thousands of cubic miles of sea-water and form a crater in the ocean floor 15 miles across. The energy released would equal 500 billion tons of TNT. Tidal waves 100 feet high would ruin port cities on both sides of the Atlantic. New York, New Haven and Boston would be wiped out and deep water would be washed over Florida completely. Earthquakes 100 times worse than any ever recorded would be felt world-wide. The study presumed that no expense would be spared to avert the tragedy and that all needed equipment and technology would be diverted to the crash program of earth defense against the asteroid.....

Fighting off the asteroid would be a mad race with time. NINE Saturn-5 rockets would be needed: Three for flight test and six for the mission. Only five are underway. These would have to be pushed to completion and four more built from scratch. Saturn launch pads would be a problem. One is now in place in Florida - a second is under way. The earth-saving mission would require three more pads. The Atomic Energy Commission would be told to produce 100 megaton bombs - that is the minimum power that would be required to break or deflect the asteroid with any degree of certainty.... Saturn rockets - launched one every two weeks, would boost bomb-loaded intercept vehicles onto free fall course.... The first launch would be April 7, 1968. ICARUS would still be 100 million miles away and closing fast.. The first interceptor would not close with the asteroid until June 6.. By that time, three more rockets would have been launched. If the first shot missed or did insufficient damage, there would be five more chances.

The final shot would occur June 14 and would intercept the intruder just 1.2 million miles away - a scant 18 hours BEFORE collision with earth! SOURCE: THE HARTFORD TIMES - CREDIT: MR. GEORGE EARLEY NICAP-CONN - 9 Hiram Lane - Bloomfield, Conn.

No one in the newsroom took the call seriously but all agreed the prankster was very talented. "That was a first-rate performance" one said. "Whoever that was had talent and electronic equipment to work with." Speculation had it that the voice was not a recording, because it reacted to the reporter's request for others to listen in. The "voice" was believed to have been inspired by the many recent reports of "saucer sightings" in the area.

But by far the most baffling and interesting case occurred during Astronaut Gordon Cooper's fourth pass over Hawaii in FAITH 7 - (May 15th, 1963). At that point Cooper's voice transmission was interrupted by "unintelligible foreign language transmission" on channels reserved for space flights. NASA recorded this transmission - but has never been able to identify it to source or translate it.

These are only a few of the very weird interruptions which are occurring in connection with those UFO encounters.

VICTORY MATHEMATICS

This is the title of a new project started by a UFO researcher and writer. Because of the technical nature of the data and the mathematical analysis, this writer is offering a simple series of lessons.

These lessons are in the form of graphical drawings, maps and typed text. The data would be in a series of 25 lessons -- each lesson consisting of a simple graphical drawing and written analysis ----- ALL OF THEM IN A BOOK.....

The new data has been compiled by this UFO researcher and writer for over the past seven years. The material concerns the significant design of UFO report -sites between 1896 and the present, the mathematical design of the Great Pyramid (now being explored by American scientists with cosmic-ray data and research), the mathematical design of the American alphabet and language, ancient UFO reports, and what appears to be the mathematical and engineering of intelligent design of the American land areas. Also, American history and various religious records, and archeological data.

The ENTIRE SET OF 25 LESSONS IS PRICED AT \$5.00 PER BOOK. The first lesson has a foreword and notes plus the drawing. The subscriber can study these and see just how the land and water, mountains, etc. were formed and measured and mathematically-determined according to a plan by a CREATOR (see Isaiah 40:12, Psalm 95:4-5, Genesis 1:; . Isaiah 19:19, Jeremiah 32:20)...

TV TIPS OFF THE UNIVERSE

Television is doing something besides allegedly providing entertainment -- it is telling the whole Universe that living creatures are here, on this little planet we call earth. And it may NOT be a good idea.

This is the idea of Stephen H. Dole of the Rand Corporation, an expert on interstellar theories and the author of the book, "Habitable Planets for Man"... Dole believes that we should not "advertise our presence on the galactic scene." "After all," he says, "we have no knowledge of the great unseen radio audience out there or of their manners or their morals. There is NO reason for us to attribute to these completely unknown extraterrestrials a set of virtues far superior to those of some human beings or some human societies." Dole thinks we should listen, and listen carefully, to see what we can pick up from space....

Until television came along, any curious listener on any of these planets would have been able to tell that our planet had life on it. Our ordinary radio signals were not the sort to really travel long distances. "But," Dole says, "experts feel that our television stations and especially those concentrated on the North American continent, send out a fan of noise every 12 hours as the earth totally rotates - signals beamed to the horizon thus shoot out into space and could be captured on some distant star...

It will take a long time for this faux pas - if, indeed, that is what it is - to manifest itself. A star that is 100 light years away will NOT get our television signals for 100 years -- and since television began around 1947 - it will be 2047 before some curious astronomer on that star begins to suspect our presence here.....

SCOOP SAYS: Could this possibly be the 'reason' behind some types of censorship or 'secrecy'? I also believe that it is entirely and quite probably a reality that our friends - the UFO - can not only LISTEN to our radio and tv programs NOW - but - some of the so-called 'contactee' material relates the reason 'WHY' they have learned to speak our language - and HOW! They monitor our broadcasts!!! If this is true -- then it is possible they can also 'monitor' our phone calls!!! Which could be the reason that many highly placed officials refuse to discuss UFO matters on the phone. This happened just a few weeks ago.. Discuss in person - discuss on phone - NO..... These are more theories - behind the theories - at Scoop.....

What a mess this theory - if proved - could create!! After all --- WE can intercept our own earthly communications - and - since 'they' are here - and vastly more intelligent than we????? As stated before: A HIGH DEGREE OF TECHNOLOGY DOES NOT MEAN A HIGH DEGREE OF MORALITY...

DREW PEARSON - QUOTE - "WHY SO HUSH-HUSH ON PLANE CRASHES?"

..... "Hearings regarding the Apollo fire have been held in public. Investigations into railway wrecks and auto crack-ups are held in public. And past probes of airline accidents were held in public. But for some reason best known to himself, the venerable Congressman from West Virginia has chosen to hold airplane accident probes behind a strict veil of secrecy.....

FLYING OBJECTS CAUSE PLANE CRASHES, WARNS CATHOLIC PRIEST -----

(Reprinted from Mr. Robert Gribble's A.P.R.G. - 5108 S. Findlay - Seattle, Washington - 98118)--- --- --- --- ---

"March 1 - 15th inhabitants of the Planet Mercury will arrive here. Those who come before March 5th will be returning to their home planet from Mars. Those appearing after March 5th, will be on their way from Mercury to Jupiter. Over this period it will be very dangerous to fly because planes will crash. The mysterious accidents will indicate the presence of UFO'S in the sky over our planet." The Reverend Severino Machado in an interview with the Spanish daily newspaper MADRID, on Feb. 4th.....

FACT: March 5 - Monrovia, Liberia -- A Brazillian Varig Jetliner crashed near this West African airport killing 51 aboard the plane and five natives on the ground. The other 39 passengers and crew were injured. The pilot, who escaped, claimed that a heavy blanket of fog marred his vision as he approached the runway. But an Airport official said visibility was normal. REASON FOR CRASH -MYSTERY.

FACT: March 5th - Kenton, Ohio - A Lake Central Airlines plane crashed near Kenton killing 38 persons. The Federal Bureau of Investigations was called in to investigate a strange explosion in the Corvair aircraft. The discovery that the fuselage seemed to have burst outward gave rise to speculation about sabotage. Reason for crash --- MYSTERY -----

FACT: March 8, Karachi, Pakistan -- Nine passengers killed when a French-owned Corvair crashed on an overpass on the outskirts of the city hitting a rickshaw and also killing the man pulling it and his passenger. The plane had just taken off and had gained only treetop height when it started to jerk. Reason for crash: MYSTERY ---

FACT: March 9, Urbana, Ohio - A Trans-World Airlines DC-9 and a tiny twin-engined Beechcraft apparently collided in mid-air and plunged to earth, with the loss of 26 lives. An eyewitness said she heard what appeared to be a "sonic boom". Reson for crash: MYSTERY ---

FACT: March 11, Newark, N.J. - An American Airlines Jetliner narrowly escaped an in-flight collision when the pilot dived sharply to avoid an unidentified 'plane'. Four hostesses aboard the Boeing 707 were injured in the dive but the 11 passengers on a flight from Detroit to Newark were un harmed. The other aircraft has never been identified. Reason for incident: MYSTERY ---

CONTINUED

FACT: March 14, East London - South Africa -- All 25 aboard a South African Airways Viscount were killed when the plane crashed into the Indian Ocean. Reason for Crash: MYSTERY ---

FACT: March 14, Brest, France -- A French Navy aircraft with 13 aboard vanished during an anti-submarine training exercise over the Atlantic. The twin-engined Neptune did not land on schedule and a vast hunt failed to find any trace of the plane. Reason: MYSEERY --

It all added up to one of the blackest chapters of aviation disasters in years. APRG has been sent the following information about the controversial priest and his amazing predictions. Father Machado -62- who has a degree in Sacred Theology and is an economics graduate teaches religion at a Madrid, Spain church school in addition to his duties as a parish priest. He also has studied astronomy for years and spends hours searching the skies through the telescopes at Madrid University. And he warned: "There will be another wave of airplane crashes in July, August and Sept. -- all caused by flying objects"..

..... Father Machado's prediction of the March air crashes were from a calander de drew up outlining the times when the alien craft were likely to be in the Earth's atmosphere. He bases his conclusions on the positions the planets must be in for the UFO'S to travel most efficiently along their magnetic fields. He said: "Beings from Mercury visit our planet most frequently because this planet is in line with the earth. My calculations for the rest of the year force me to make predictions just as alarming as those I made in January." And these are the danger times he pinpointed: JULY 1-15th.. "Once again the people of Mercury will visit earth on the way to Mars." ... "August 20-September 20...." ... "September 20 - October 5"... "November 2-10"

..... Said the non-smiling priest: "What I have just told you is not fantasy. As you have already observed there were a number of crashes in March, and there will be many more during the periods I mentioned. Without a doubt these flying objects are a reality ----- and a menace. They pose a very real threat to Earth. Just wait and see."

VIRGINIA MAN INJURED BY ALIEN OBJECT - In what appeared to be a deliberate act of hostility, an Eastern Henrico County, Virginia man told police he was burned on the arm by some substance which dropped from a searing bright object which hovered briefly over his yard about 7:30 PM, June 13. Charles W. Fletcher, 69, said he was sitting in a chair in the yard reading a newspaper when suddenly a bright light appeared from above and was reflected on the newspaper. The substance then dropped on to his left arm near his elbow. He said it was like a liquid and he immediately wiped it off with the newspaper. At the same time, Fletcher said the object burned him on the right side of the face..... The substance on the newspaper was purple colored with what appeared to be metallic speckels. Fletcher went into the house and wiped his arm again with a wet rag. He said the rag, where it was stained by the substance, turned a pruplish blue.....
