

PLEASE NOTE: The date for the GRAY BARKER meeting in Newark has been pushed back two weeks, due to a delay in the publisher's schedule. The meeting will be held Thursday evening, May 24, at 8:15 p.m. in the second floor auditorium of the Griffith Building, 605 Broad Street, Newark; next door to Hahne's. We hope all our members will come, and bring others. The future success of our Group may largely depend on the success of this meeting, so we want to have a capacity crowd. Admission for members is 50¢ and for non-members, \$1.00. Gray Barker's two books will be on sale, at our usual Group discount.

CIVILIAN SAUCER INTELLIGENCE OF NEW YORK has scheduled its next meeting for 8:30 p.m., Saturday, April 28. It will be held at the Pythian Temple, 135 West 70th. St., New York. FRANK EDWARDS, the ex-Mutual newscaster who now has his own TV program in Indianapolis, will speak on "Flying Saucers In, On and Off the Air." Mr. Edwards reportedly lost his job as he would not submit to censorship by his sponsors. One of the things he is known for is his following of the saucer reports. His first book, "My First Ten Million Sponsors," has just been released. We also understand another book, in connection with the saucers, will soon be released by Mr. Edwards. His talk will give full details of his abrupt severance from the AFL and of certain peculiar events that followed (including an attempt to buy his silence regarding saucers). He will also describe numerous recent and important UFO developments that have not been mentioned by the papers; for example, the crash that took place only a few weeks ago over Indiana, when an Air Force Colonel lost his life chasing a UFO.

We are happy to announce that LOIS VAN IDERSTINE, of Morris Plains, is a new member of our EXECUTIVE COMMITTEE. Mrs. VanIderstine has been very helpful to the Group in various ways, and she and her husband Allen are at this time working on book evaluation.

We understand the SATEVEPOST article by J. Kobler (March 10 issue; see our March 24 Newsletter) caused a flurry of letters at the POST editorial offices, most of them registering dismay. If you have not done so already, read this piece of trash and please write to the POST editor, telling him your opinion.

Newest saucer groups in this country are organizing in Baltimore, Dallas, and Washington, D. C. Others are popping up all over the world. The field is actually getting a bit crowded! Our newsfile-library receives almost all the 'saucer periodicals' and in line with this activity we are compiling a complete list of these periodicals, with rates and other information. This list should be ready for distribution soon. In the interim we are here listing the two newest, which started recently

COSMIC NEWS
P. O. Box 225
Strongsville, Ohio

R. H. Neuberger, Editor. Strongsville is a suburb of Cleveland. The magazine is a half letter-size mimeographed pamphlet. \$1.35 Yr.
