

UFO RESEARCH CENTER OF PENNSYLVANIA UFORCOP

DATE: 03.20.10, 1700 HRS EST
LETTER OF INTRODUCTION

With this writing, it is a privilege and pleasure to announce the grand opening of the **UFO RESEARCH CENTER OF PENNSYLVANIA** as of March 20, 2010.

A group of seasoned investigators in the fields of Ufology, Paranormal, Crypto-zoology and Abduction has formed to research the unknowns in the Commonwealth of Pennsylvania and elsewhere.

UFORCOP will not only be conducting investigations into past unresolved cases, but the organization is also accepting new cases obtained over our new website, email and US Mail.

UFORCOP is based in Pennsylvania but has Consultants and Researchers throughout the United States. The organization is independent of MUFON.

UFORCOP is also proud to exclaim the diversity and professional backgrounds of the existing membership, which allows us to use a multi-disciplined approach to cases presented to us.

The active consulting and researcher base membership thus far includes the following academia.....

- Bio Chemist
- Geologist
- Haz Mat Coordinator
- Computer Electronics Technician
- Forensic Experts
- Photo Analyst
- Law Enforcement Officer
- Retired Law Enforcement Officers
- Accredited Author and Publisher
- Military Ops and Intelligence
- EVP Technician
- Paranormal Researchers
- Crypto-zoology Researchers
- Safety Engineer
- Private Pilots
- Communications Fraud Investigator
- Biologist

UFORCOP will hold quarterly meetings at a designated location to be announced, for the purpose of accepting new cases, and existing case file management and training.

UFORCOP is also fielding two “**Mobile Research Units**” fully equipped to handle any type of investigation.

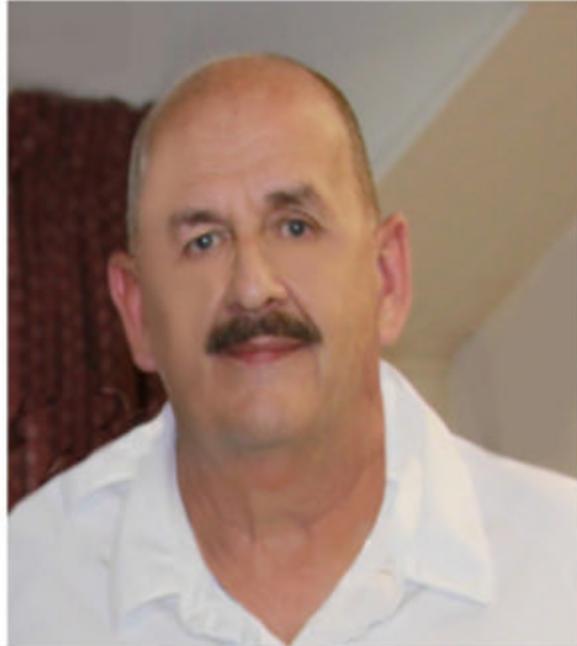

If you feel that your professional qualifications, training or experience might in some way provide **UFORCOP** with additional quality membership and diversity, please contact us via email, with your name, contact information and professional resume or background and experience.

OUR GOAL

Is to take a professional and scientific look at cases in an attempt to bring forth factual, credible, scientific evidence that will document these unknowns and allow interested parties to better understand and draw their own conclusions of the evidence we provide.
