UFORCOP NEWS

UFORCOP will be returning to a monthly format starting January 2012.

UFORCOP NOTE: We research cases in other states and countries. If you have a present or historical case you would like researched contact, butch@paufosearch.com

UFORCOP

Researchers are available for speaking engagements. Please contact butch@paufosearch.com

UFORCOP

Has received a number of cases on “Orange Orb” and “Fireball” type UFO’s. If you have any information or photos to share on these sightings please contact us at butch@paufosearch.com

We will be making a second trip to Morganton NC to continue the investigation of the Brown Mountain Lights. This trip we will be viewing the phenomenon from three different locations. A number of other experiments and some new techniques will be tried out to see if we can at least narrow down the scope of the investigation. If anyone has seen the lights we would like to hear from them as we catalog a number of eyewitness reports. Of course photos of the phenomenon are always a plus. The best times for viewing the lights are late October thru November, but the lights are viewed year round, they just seem

to be more pronounced in the fall with clear skies and cooler weather.

UFORCOP case studies under review can be seen on the home page under Historical Case in white lettering. Completed cases in green.

Report a UFO Sighting

To speak with one of our researchers, please send us a **confidential email** and include the following information.

- Your name
- Contact phone number or email address
- Date and time of event
- Location (city / county / state)
- Brief description of your sighting
- How many witnesses were involved?
- How close were you to the object?

Attach any photos, drawings or EVP recordings.

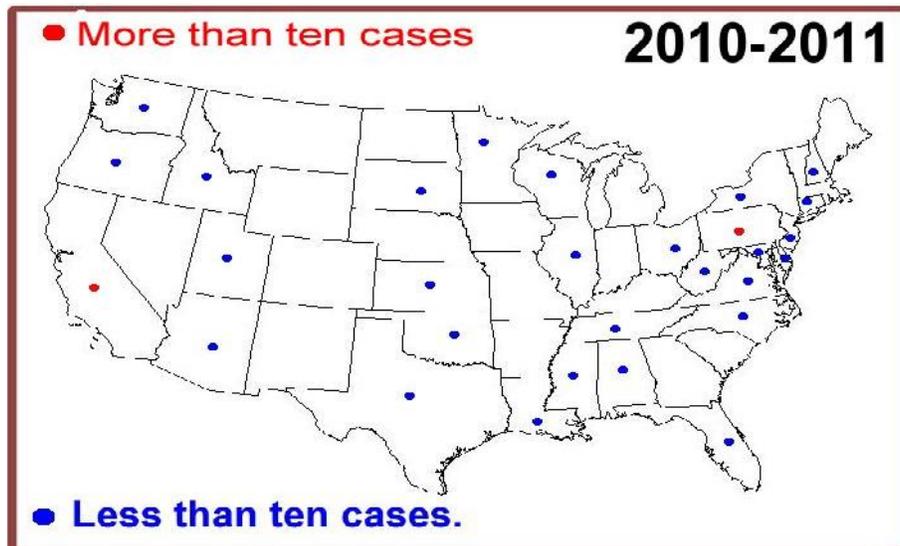

Email us at butch@paufosearch.com and one of our researchers will contact you within 24 hours.

All contacts are strictly confidential and are shared with no other reporting agencies.

UFORCOP now has two fully equipped mobile units. One stationed in Eastern Pennsylvania, and one stationed in Western Pennsylvania.

UFORCOP MOBILE UNITS based in Eastern and Western Pennsylvania allow us to cover any call within a matter of a few hours. The equipment on board is the best we could get and is constantly being updated. Hopefully in the next few months we can add an ATV to expand our capabilities in the field.

UFORCOP is also looking for reports of strange lights in central Pennsylvania. If you have seen or photographed this phenomenon please contact us. Also of interest to us are reports of mysterious lights around Nuclear Power Facilities and Airports.

UFORCOP is getting closer to opening a real brick and mortar Research Center. The trick is to get the best price per square foot. Currently we are looking at 3 locations with the preferred one still under lease till April 2012. It will house a library of books and video, 4 research cubicles with desktop computers, 3 offices, a conference room, equipment storage, classroom and a lab. It is also handicapped accessible. Parking for 20+ vehicles.

PARANORMAL

UFORCOP will be going to the Gettysburg Battlefield in the spring of 2012 to do a paranormal investigation.

CRYPTO ZOOLOGY

Anyone with information on sightings in the Pennsylvania area of (Panthers, Mountain Lions, Cougars etc.) Please email madhunterpa@gmail.com or apecunterpa@gmail.com or hellhunterpa@gmail.com
