MIG was founded in 2000 to provide a reporting venue for witnesses of unusual events. Many unusual events occur in Missouri each year, which are not reported and subsequently are not investigated. A goal of MIG is to have representatives in each of the 115 Missouri counties. This would create a reporting network of spotters who will be aware of what is happening in their areas and report current activity to the group. Co-Directors are Barbara Becker and Gary Hart.

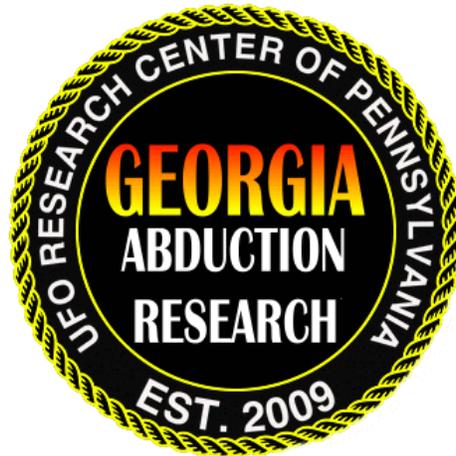

If you are interested in participating in this effort, please email [ufomig@yahoo.com](mailto:ufomig@yahoo.com) or [geehart@frontiernet.net](mailto:geehart@frontiernet.net)

I represent MIG, the Missouri Investigators Group based in Columbia, Mo. <http://ufomig.yolasite.com>. We investigate UFO, Animal Mutilation, Bigfoot, Crop Circle and Abduction reports in Missouri and surrounding states. If anyone in Oregon County has experienced anything unusual, please contact me by email at [UFOMIG@yahoo.com](mailto:UFOMIG@yahoo.com) or go to our website and make a report. <http://ufomig.yolasite.com/online-report-form.php> all information will be kept confidential. Thank you, Barbara Becker

Did you photograph a UFO? Do you have a video of a strange object? Send them to be analyzed. E-mail: [desertfrog89@wp.pl](mailto:desertfrog89@wp.pl)

## Alien Abduction

The term or abduction phenomenon describes "memories of being taken against one's will by apparently nonhuman entities, and subjected to complex physical and psychological procedures."

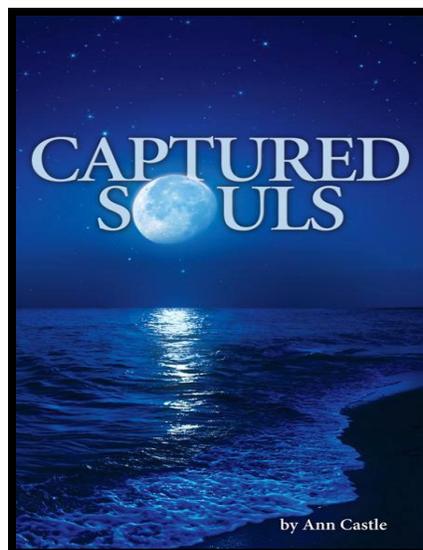

People claiming to have been abducted are usually called "abductees" or "experiencers." Typical claims involve being subjected to a forced medical examination that emphasizes their reproductive system. Abductees sometimes claim to have been warned against environmental abuse and the dangers of nuclear weapons.

Consequently, while many of these purported encounters are described as terrifying, some have been viewed as pleasurable or transformative.

To report an abduction experience contact:

Ann Castle is an active, certified UFO Investigator and has studied UFOs and related phenomena for over 20 years. She is also a talented clairvoyant, with a growing international client base. She specializes in aura reading and remote viewing, and teams with law enforcement in criminal investigations to help find missing persons and suspects. It was inevitable that her interests in UFOs and missing persons would culminate in her novel, *Captured Souls*. [www.aurareadings.com](http://www.aurareadings.com).

Headed by William Hood the Oklahoma UFO Research Group investigates and research's UFO activity and Cattle Mutilations in the State of Oklahoma.

### **NEWS FROM THE INSTITUTE OF FRONTIER SCIENCE**

The Institute Of Frontier Science gives a great opportunity for those who are writing or making reports in the field of Ufology, as well as seasoned researchers.

Its founder and leader is Steven S. Bass, who in addition to being the Founder and Director of the Institute is also well known and respected by everyone involved in the Ufology community.

"The Institute of Frontier Science is an elite fellowship of highly experienced and knowledgeable specialists in the scientific field of Ufology."

The Institute of Frontier Science offers people the chance to embark on the truths that lie within the UFO genre. IFS will also educate the uneducated on a subject that has been kept behind closed doors for much too long. The institute will take time to build, but already has the "Big Guns" in place. IFS is for the truth and nothing but. People are encouraged to join this great undertaking, for what I am sure will be a rewarding and educational venture into the science of Ufology.

## PENNSYLVANIA LEGENDS

### ALBATWITCHES

**ALBATWITCHES** Chickie's Rock Park, Lancaster County. The Susquehannock Indians held a belief in an ape like creature that roamed the local woodlands, even depicting it on their battle shields. This critter would be the Albatwitch, and it's been reported sporadically as being seen in Columbia and ranging into York County. The four foot tall humanoid likes to sit in trees and snack on apples, particularly those of unsuspecting picnickers. They even throw the cores at them after chomping the fruit. In fact, that's how it got its' name - Albatwitch is a local corruption of apple snitch. The legend says they were driven to near extinction in the later 1900s, although there were a few reported sightings in the early 70s and one as late as 2005. Their base, Chickie's Rock, has long been the hub of stories concerning strange sounds and sights, and a cracking whip noise that is all attributed to the Albatwitch.

## Characteristics of a Paranormal Investigator

Before investing your time and money in pursuing a career as a paranormal investigator, you should consider whether you have the temperament and characteristics needed for the job. Clearly, this isn't a pastime for the faint-hearted, but equally thrill-seekers don't make the best paranormal investigators either. Ideally, a paranormal investigator should be:

- Level-headed
- Open minded
- Objective
- Confident
- Calm
- Patient
- An excellent communicator.

Perhaps the most important characteristic is objectivity. Realistically, most events that are reported as paranormal actually have a rational explanation. A good paranormal investigator realizes this, and remains level headed, however compelling the case for investigation. Rushing to conclusions without proper scientific investigation is a sure way of getting an investigation discredited. A thorough investigation carried out scientifically and sensitively, with the results communicated appropriately, and that should be the aim of a reputable investigator.

IN THE NEWS

**YETI**

A Russian official has claimed that the yeti is an extraterrestrial being sent to Earth to watch over things.

Igor Idimeshev, 48, deputy head of Sheregesh's local council in Siberia, insisted he has seen the creature - dismissed by most scientists as legend - several times.

Mr. Idimeshev's comments come as his district in the Shoria Mountain area of Keremovo, is setting up a resort dedicated to the Abominable Snowman following a succession of claimed sightings. He told the Siberian Times: 'I've seen this creature several times.

And when I saw the yeti's eyes my only thought was that they are not from Earth - they are clearly of an extraterrestrial nature. 'To me, the yeti is an extraterrestrial creature. I believe that it is like a controller to look over things here on Earth. Mr. Idimeshev added that the creature - known as Big Men by locals - could suddenly disappear and re-materialize. He added: Another extraordinary thing is that Yeti's hair is luminous at night, and also that the Yeti can walk on water.

Every man round here sees him when he hunts. It's ok to mention the fact of meeting - but we don't go into the details of it, like where exactly it was, what he did do, or your luck will be gone. (DM)UK

Strange sighting: A photographer captured this UFO hovering above the Romanian parliament in Bucharest. Not a UFO. But a perfect example of a long exposure lens flare.

## A CASE OF SPONTANEOUS HUMAN COMBUSTION?

**Oklahoma, Feb. 18, 2013**

Fire crews from Muldrow, Redland and Maple were responded to a house fire on Bawcom Rd/County Road 4700 Monday early afternoon. Witnesses said they saw smoke coming out of the house.

Officials said they found a man's burned body in the middle of the kitchen floor. The house did not have any fire damage and the cause is unknown, according to Sheriff's office.

Sequoyah County Sheriff Rock Lockhart said he has never seen a case like this, "it's kind of a unusual fire scene. I've worked many fire scenes, but I've never seen anything like this that's why we're calling it suspicious right now." Lockhart said the man's death may be a case of spontaneous human combustion and they are not ruling this out.

The strange case has everyone talking about the rare phenomenon.

The body has been sent to the medical examiner's office in Tulsa, OK.

## **The World's Oldest Paranormal Investigations Group**

The Ghost Club was founded in London in 1862, although the idea for the club had been discussed as early as 1855 at Cambridge University. Charles Dickens was one of the first members. Other famous members included Sir Arthur Conan Doyle, W B Yeats, Siegfried Sassoon, Dennis Wheatley and Peter Cushing.

[The Ghost Club](#) is still open for membership.

## **Oldest UFO Group in the World**

The Cleveland Ufology Project (CUP) was founded in March 1952. They are the oldest UFO group in the entire world and are located in Cleveland, Ohio, USA. They investigate UFOs and related phenomena and hold public monthly meetings the 3rd Saturday of every month to discuss the subject. The current Co-Directors are Aaron Clark and Thomas Wertman.

## **World's Oldest Cryptozoology Group**

The Center for Fortean Zoology [CFZ] is - we believe - the largest professional, scientific and full-time organization in the world dedicated to crypto zoology - the study of unknown animals. Since 1992 the CFZ has carried out an unparalleled program of research and investigation all over the world.

## NOTABLE UFO QUOTES

"The evidence is overwhelming that Planet Earth is being visited by intelligently controlled extraterrestrial spacecraft. In other words, some UFOs are alien spacecraft. Most are not. It's clear from the opinion polls and my own experience, that indeed most people accept the notion that some UFOs are alien spacecraft. The greater the education, the more likely to accept this proposition"

-- Stanton Friedman Defense Contractor Nuclear Physicist

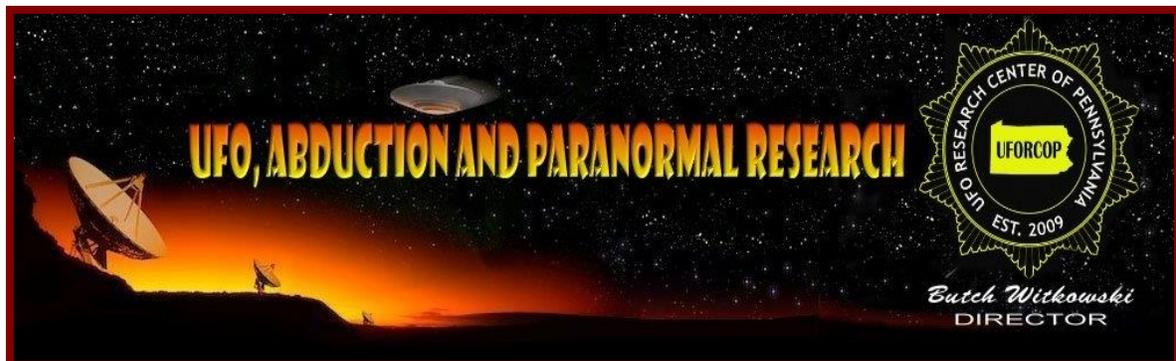

"The UFO phenomenon being reported is something real and not visionary or fictitious"

--General Nathan Twining Chairman, Joint Chiefs of Staff, 1955-1958

"When the long awaited solution to the UFO problem comes, I believe that it will prove to be not merely the next small step in the march of science, but a mighty and totally unexpected quantum leap."

"We had a job to do, whether right or wrong, to keep the public from getting excited"

--Dr. J. Allen Hynek, Director US Air Force Project Blue Book as a Scientific Consultant, Astronomer, Investigator.
