## IN THE NEWS

The UFO Research Center of Pennsylvania announces the passing of their UFORCOP UTAH director, Elaine Douglas January 27, 2014 after a long battle with Cancer.

## PARANOMAL TIPS

- Check out the area in daylight. Look for dangerous places and obstacles that you will not be able to see in the dark.
- Look for no trespassing signs. Make sure you are not trespassing. If you are on private property you are risking getting arrested. Try to can get permission from many owners and or caretakers. If you are asked to leave do so immediately, you will not win this argument.
- Make sure you bring you ID. (Drivers License, etc.) If case you are questioned by the police you can prove who you are.
  - Never go alone.
- The best times are from 9pm to 6am. Photos have historically been better in the dark but don't let that discourage you from taking them during the day.
- Research all you can about the history of the locale. Newspapers, town historians, and books can be helpful finding folklore or facts about the site.

## PENNSYLVANIA LEGENDS

Pennsylvania

A one-mile section of Kelly Road, Ohioville, Pennsylvania is an area that has had numerous reports of paranormal activity and bizarre happenings. Reports say that when animals have entered this haunted stretch of road they suddenly turn from peaceful and quiet to violent (think Cujo), chasing after other animals and even people. The road is surrounded by dark, thick and creepy forest where white apparitions and noises that can't be explained have been seen and heard. No one is quite sure why this short section of road is haunted but theories suggest that is could be somehow connected to cult activity that was once taking place in the area and curses that have been put on the land for some reason.
