COSMIC AWARENESS is the force that expressed itself through Edgar Cayce, Jesus of Nazareth, the Buddha, Krishna, Mohammed, and other great avatars who served as 'Channels' for the 'Heavenly Father', and who speaks again today as the world begins to enter the *New Age* of spiritual consciousness and awareness. Since 1963 Cosmic Awareness has been communicating through certain carefully trained channels. The information contained herein was received from deep trance states and 'interpreted' by an entity affiliated with C.A.C. This information is for those who inherit the New Age. Awareness tells you not to believe anything, but to question, explore, doubt and discover for yourself what is the truth. Cosmic Awareness only indicates and suggests.

## THE BEAST BEGINS TO EMERGE FROM ITS HIDING PLACE

(Opening Message from a C.A.C.)  
General Reading, June 16, 1978

### COSMIC AWARENESS:

This Awareness indicates the Beast as beginning to emerge from its hiding place and enter the field of vision of the mass mind. This Awareness indicates as this Beast begins to emerge, there shall be many changes in consciousness, which begin to effect the lives of many entities.

This Awareness indicates that the appearance of energies in motion at this time, those hidden and those being held in abeyance, ready but not yet released, and those energies which are active at this time; the indications being that there shall be some turmoil in consciousness. That much of this will occur in legal battles and in verbal communicative realms, but that some of this will spill into physical conflict and may lead to some personal tragedies for entities on certain levels.

This Awareness indicates that the general movement of energies indicates the Beast shall have its day for a short time, but that many shall escape its trap, and those who are caught shall soon discover the nature of the Beast and shall throw off its chains.

This Awareness indicates this particularly in the United States and in the Russian and Chinese empires.

This Awareness indicates that it appears the Europeans will have greater difficulty in throwing off the chains of this Beast. This Awareness suggests that entities be watchful, be aware, keep their lives simple and to realize the Law of Change, that this too shall pass.

This Awareness asks entities to give their energies to the highest and best in each moment, to live by humanitarian principles, to love one another, to be merciful, and to forgive your enemies and to love those who do not understand the nature of mercy.

This Awareness suggests that in this manner, the resistance and turmoils shall be lessened, and the difficulties which could occur will not occur to the same intensity and degree.

This Awareness suggests that the time comes within the following ten months wherein entities begin to realize the nature of the Beast and its purposes and motives, and this realization begins to spread to greater and greater numbers of entities, whereby an awakening begins to occur.

This Awareness indicates the awakening as that which, for some, shall be too late to escape unscathed from the chains of the Beast.

This Awareness indicates that for others who have been watchful, who are capable of moving beyond the worship of the gods of greed, lust and power, that these entities may begin to move into communication with those energies which are preparing the new world, preparing the new levels of reality for others to enjoy as the reign of the Beast diminishes.

(Closing Message)

This Awareness indicates that there are great energies throughout the various realms and from various planets and systems of this galaxy which are presently focused upon the earth, for the earth as becoming a super star in terms of what is occurring in its present development. The activities upon this earth, between the Forces of Light and the Forces of Darkness, can be compared to a boxing match wherein the fight is about to begin.

This Awareness indicates, however, that in the sense of what is occurring upon this earth, the fight is that which is between the forces which would reconcile the differences and the forces which would divide and conquer.

This Awareness indicates the outcome as clear, that the forces of reconciliation will, in fact, be victorious, but the necessity to allow the forces which would divide and conquer have their moment; this is necessary in order that all consciousness may see the futility in this kind of division.
