COSMIC AWARENESS is the *Force* that expressed *Itself* through Edgar Cayce, Jesus of Nazareth, the Buddha, Krishna, Mohammed and other great avatars who served as 'Channels' for the 'Heavenly Father' and who speaks again today as the world begins to enter the *New Age* of spiritual consciousness and awareness. Since 1963 *Cosmic Awareness* has been communicating through certain carefully-trained channels. The information contained herein was received from deep, super-conscious trance states and 'interpreted' by an entity affiliated with C.A.C. This information is for those who desire to help in bringing in the *New Age* and those who shall inherit the *New Age*. Throughout the many thousands of 'Readings' given through these channels, *Cosmic Awareness* repeatedly tells us not to believe anything, but to question, explore, doubt, and discover for yourself, through your own channel, what is the truth. *Cosmic Awareness* will only indicate and suggest. Members of *Cosmic Awareness Communications* are invited to send in questions (on anything of general interest) for possible publication in this Newsletter.

HOW TO KEEP INFORMED IN SPITE OF THE CONTROLLED PRESS

RECOMMENDED PUBLICATIONS BY COSMIC AWARENESS THAT TAKE YOU BEHIND THE SCENE

This Awareness indicates in relation to the desire of entities to understand what is occurring upon this plane, there are many sources of information. This Awareness indicates that many entities read their daily newspaper, that others read magazines. This Awareness suggests that there are others who read particular information bulletins or newsletters which are focused in certain topics in specific areas to give information which they desire.

This Awareness suggests that in terms of general information in regard to everyday personal living, particularly in terms of the external or exterior situations which will have affects upon one's life. This Awareness suggests that there are certain comments which are appropriate at this time which this Awareness wishes to share with entities who are interested in discovering not that which is but the affect of actions, but rather that which is behind the scenes and is the *cause* of actions. This Awareness indicates that wherein entities begin to look toward causes rather than affects, they become more capable of understanding what is occurring upon this plane at this time.

NOTE: This reading is not copyrighted. Entities are requested to copy and disseminate to others as soon as possible.

This Awareness indicates that there have been inquiries from various persons questioning the validity of certain information. This Awareness indicates there are many entities who are satisfied with the general media, the accepted media, and news broadcasts or newspaper accounts of events. This Awareness suggests that in a general sense your newspapers from the controlled press relate information which is approximately 65% accurate, with some slanted interpretation amounting to approximately 35% including the total false information.

This Awareness indicates that this does not imply that the controlled media is telling the whole truth, but rather that the truth which it does reveal may be approximately 65% accurate and 35% inaccurate. This Awareness indicates that in relation to the whole truth which is pertinent and which is important to your being informed, the controlled press releases approximately 40% of the information. This Awareness indicates that approximately 60% of the information which would inform the masses is withheld.

This Awareness suggests in relation to various magazines, that this can be of a higher level in terms of the amount of information being released. That the major news magazines release approximately 60% information which is informative, withholding approximately 40%. This Awareness indicates that the information which is released is generally slanted by approximately 40%.

This Awareness indicates that the privately directed newspapers such as *Counselor*, the Liberty Lobby, that these newspapers are more informative, moving into greater depths of exposition; that these also have certain slanted approaches. This Awareness indicates the *Counselor* as being slanted toward conservative and racial bigotry in its interpretation, yet also giving in-depth information which is not available in the controlled press. This Awareness suggests that entities who can read beyond the bigotry can receive certain valuable information from this paper.

This Awareness indicates that the *Spotlight*, published by the Liberty Lobby, as being one which is more informative, this being approximately 70%, whereby 30% as being withheld partially due to the need for surviving. This Awareness indicates the Liberty Lobby as withholding certain information which is too dangerous to express. This Awareness suggests that this in terms of information which it has available to it. This Awareness suggests that the amount of information available to the public through the Liberty Lobby newspaper as that which is roughly double in terms of its in-depth truth-telling publication from what entities would receive in the controlled press. This Awareness suggests that in terms of the quality of that information, this as slanted somewhat but being closer to truth than most other sources. This Awareness indicates this as being somewhat of a conservative nature and avoiding areas of truth which do not fit into its view of the general situation.

This Awareness indicates in relation to the U.S. Labor party newspaper (*New Solidarity*), this newspaper as being one which delves deeply into the events and causes of the events. This exposing at a high level of approximately 85% of that which occurs behind the scenes--this as being approximately 65% accurate and the rest as being slanted according to its own interpretation. This Awareness suggests that the newspaper as hiding certain information, not because of danger to itself for releasing this information, but rather because this information does not fit into its view of things. This Awareness suggests that this particularly in relation to the connection between the banks and the computers and the pre-planned depressions for the purpose of enslaving entities with the electronic fund transfer system. This Awareness indicates this organization may move into this at a later time when the organization begins to recognize certain factors relating to this. This Awareness indicates that in a general sense this organization as being somewhat close-minded on certain issues in certain areas in order to present its own particular philosophy and viewpoint..

This Awareness indicates that another in-depth source of information is that which is known as the Dr. Beter Newsletter presented on cassettes. This Awareness indicates this information on these cassette tapes as being in very deep behind-the-scenes detailed analysis of what is occurring. This Awareness indicates this entity as appearing to be an alarmist in many ways. This Awareness indicates however that the information which this entity does give as that which is of approximately 85% accuracy--that the depth of exposure is that which is approximately 90% in-depth, whereas 10% as being withheld for personal safety reasons.

This Awareness indicates that the information being released by Dr. Beter as being of a degree which is close to being.....this Awareness indicates this as being more narrow in its focus, yet in regards to its particular information release, this as being more accurate than the information coming through this Interpreter. This Awareness indicates that the present Interpreter for this Awareness (Ed's note: Paul Shockley) as having approximately 85% to 90% accuracy in translation; that the information being of considerable depth and of a broad quality touching on many topics.

This Awareness indicates that the information of the Dr. Beter tapes as being centered particularly around political-social conflict and economic topics. This Awareness indicates this information by the entity, Dr. Beter, as being of a higher quality and accuracy than the information which is released on the same topics through this Interpreter. This Awareness suggests that entities interested in the behind-the-scenes activities between the world powers and within the economic and political structure will benefit greatly by listening to these tapes of Dr. Beter--that the publications of the U.S. Labor Party as also a source of in-depth information. This of a more broad nature, but that this information as being somewhat slanted to their own particular point of view.

This Awareness indicates that the information relating to the economic and political intrigue which this Awareness has been giving through this channel as that which shall become diminished in the coming months, as there are other sources available for those who wish to continue receiving and exploring the in-depth concerns regarding political and economic intrigues. This Awareness indicates that it is in no way minimizing the urgency of these political and economic intrigues, but rather is informing entities of the necessity to begin searching in other areas other than through this Interpreter for information relating to this.

This Awareness suggests that entities in receiving the information from those papers mentioned—the Counselor, the Liberty Lobby, the U.S. Labor Party, and the Dr. Beter tapes—shall find themselves entering into an awareness of what has been occurring behind the scenes for some time, and what is in the making for the coming months. This Awareness indicates that in relation to the Dr. Beter tapes, there are some very strong urgencies which are being exposed—this beginning particularly in the October tape and to the present. This Awareness indicates in relation to the U.S. Labor Party, this information as beginning in approximately August (1978)

This Awareness indicates that entities wishing to understand the Kennedy assassination may order the August 25th paper from the U.S. Labor Party. This Awareness indicates that this information available also in their recently released book called *Dope Incorporated*. This Awareness indicates that this organization as releasing much information, but that some of the information is so extreme and so slanted as to condemn many entities unnecessarily and in an unwarranted manner. This Awareness indicates that this organization as being somewhat too harsh in their absolute self-righteousness and condemnation of others, yet this organization as also releasing information that is not available anywhere else. This Awareness suggests that entities in reading, in listening to these news releases to keep an open mind, to listen to the various sides, and to compare this with the information coming through the controlled press.

This Awareness indicates that the December (1978) tape of Dr. Beter relating unto the death of the Pope, John Paul II, and his replacement by an actor, and the leukemia being suffered by President Carter—this Awareness indicates that this tape as being of such an unusual and extreme nature that many entities will wonder at it and will be somewhat shaken. This Awareness suggests that it is not intended to assist entities in falling asleep or becoming comfortable before their television sets. This Awareness indicates this entity is attempting to awaken the masses, and therefore delivers information which does have a shocking affect.

This Awareness suggests that entities who are afraid of information which might affect their future and who would rather sleep through the potential problems which might arise in their lifetime would be better off to continue reading the information from the controlled press, the comic section and the various comic books on the market.....Or, perhaps even better, the information which entities receive from the daily programming of their television sets.

This Awareness indicates that for those who are afraid of the television set, this Awareness suggests that you close your eyes in a comfortable position and visualize flowers and angels pampering you and allowing you to be put to sleep in great comfort.

THE BEAST HAS INJECTED PRESIDENT CARTER WITH CANCER

QUESTION:

I had a question about Dr. Beter's tapes and the problems besetting President Carter, but I think Awareness has given enough information on that just now, so I won't ask the question.

COSMIC AWARENESS:

This Awareness suggests that the question may be asked.

QUESTION:

Okay. Several C.A.C. members have sent us some recent tapes put out by Dr. Peter Beter. His recent tape contains information that President Carter has been injected by certain entities with cancer-causing substances. According to Dr. Beter, the President now has two types of cancer in his body, and that the recent news stories on his hemorrhoid problem was a cover-up—that he was really at the Walter Reed Hospital getting cobalt treatments. Dr. Beter insists there is a vast conspiracy happening in high levels of the government and the President is one of the pawns in this game. Would Awareness please verify if Dr. Beter's information on this has any basis in fact, and if so, please elaborate on what is going on?

COSMIC AWARENESS:

This Awareness indicates that this as being tragically so.

This Awareness suggests that as has just been indicated, the Beter tapes as being approximately 85% accurate and that the Interpreter for this Awareness as also being approximately 85% accurate; therefore, the acknowledgement of this information through this Interpreter by this Awareness, that the probability of this answer being accurate as that which is approximately 85%.

This Awareness suggests that entities wishing to learn more of this, to order the Beter tapes and to listen to these in group sessions to inform friends and neighbors. This Awareness suggests that in order to avoid continued use of this channel for this political and economic exposure, this Awareness is suggesting that entities begin spreading out their feelers into other areas for information—not to rely entirely on this Interpreter to inform them on all these various levels. This Awareness suggests that some information may be available through this Interpreter, but suggests that this not be your sole source of information.

This Awareness suggests that any entity receiving the information regarding the political and economic concerns facing entities upon this plane will do well to augment their studies by receiving information from these other sources which have been mentioned. This Awareness indicates there are also various other independent newspapers and magazines giving information; that the ones mentioned here as being particularly important for those who wish to be informed. This Awareness indicates that you also read that information being released by the controlled press and by the controlled magazines to understand their side of the issue and what they wish to present.

This Awareness strongly suggests that entities order the recent Dr. Beter tapes, particularly that of the December release. This also in relation to the October, November and December (1978) releases.

This Awareness indicates that this entity has been warning about the potential danger of a nuclear war which may occur. This Awareness indicates that this danger as being one which cannot be ignored. This Awareness indicates that by listening to these tapes, entities can be informed of the events building behind the scenes and may in fact erupt in such a nuclear war. This Awareness indicates that entities in seeing the causes may be capable of recognizing such when it becomes obvious from that level that a nuclear war will erupt, and in this manner may be prepared to move or take action as may be necessary.

This Awareness indicates this is not to imply that the nuclear war will occur, but rather that the danger of this is building and has built during the past several months. This Awareness suggests that the Beter tapes may be able to inform entities of these dangers more quickly than through this channel, particularly if the finances of the organization *Cosmic Awareness Communications* is hampered in releasing the information as quickly as might be necessary.

This Awareness indicates that there can come a time wherein each member of C.A.C. will need to rely on his or her own intuitive awareness of what is occurring by piecing together the various facets and information received from various sources. This Awareness indicates that it is good for entities not to rely entirely on one source of information for their livelihood or their understanding. This Awareness suggests that by examining all these sources which have been mentioned entities can begin to understand for themselves the general direction of events which will be occurring.

This Awareness suggests that you keep in mind that the Beter tapes are of an alarmist attitude intended to shock, but are basically accurate at the time of release. This Awareness suggests also you keep in mind that this entity has been releasing shocking information for quite some time and that many of the predictions this entity has made have not come about.

This Awareness indicates that the predictions of nuclear war by the U.S. Labor Party have not come about. This Awareness indicates that much of the reason why these predictions did not come about was simply because these entities *did* predict this and alert certain key elements in government which had an affect upon the other powers and did, in fact, assist in diverting the course of energies which would have led to those atomic or nuclear wars.

This Awareness suggests that a nuclear war was planned and in motion in 1975 and '76. This Awareness suggests this in the springtime. This Awareness indicates that this was again put off until the next year. This Awareness indicates that it is again in motion as a planned action—this being prepared by certain elements who believe it is possible to have a limited nuclear war.

This Awareness indicates that the concept of a limited nuclear war as that which can be beneficial for certain elements in terms of economic growth. This Awareness indicates this as a very dangerous game; and that entities wishing to look at the potential causes and effects which will or may erupt in the future, shall benefit greatly by learning more about these forces which are acting behind the scenes, behind the headlines. This Awareness indicates that what you see on the pages of the controlled press are basically planned six months or more in advance.

This Awareness indicates that entities will do well to tap into these sources which explain what is occurring behind the scenes, and in this manner shall become likened unto prophets, to prophesy and predict the future with an accuracy that may astound your neighbors. This Awareness suggests that the purpose is not to create prophets, but to inform entities ahead of time so that they may profit by the information.

QUESTION:

If it would not do any harm to Dr. Beter, would Awareness indicate whether this entity gets some of his information from psychic sources?

COSMIC AWARENESS:

This Awareness indicates that this entity as receiving most of his information from sources which are loyal to

him and which are likened unto double agents, working within the Beast system and releasing certain information through channels to allow this to be released to the public. This Awareness indicates that the use of this entity as likened unto a mouthpiece for these double-agents.

This Awareness indicates that there is some occasional situations whereby the entity Dr. Beter as being falsely informed and receiving information that is not valid, that is incorrect. This Awareness indicates that in general the information as being approximately 90% correct.

This Awareness indicates there are some areas which are fabricated by his imagination or by mistaken understanding or communications. This Awareness indicates there is very little psychic release of information given through this entity other than that which intuitively ties together certain relationships. This Awareness indicates this entity does have that faculty in his thinking and in his understanding to bring together various pieces of information into a picture or pattern, and in this manner presents certain concepts of general and overall scenerio. This Awareness indicates in this manner, the entity as expressing from certain levels of awareness as a kind of channel, but that the basic information received as being from behind the scenes operatives who are releasing information through a grapevine type of operation. *Beter*

This Awareness indicates that *It* wishes to keep the members informed of what is occurring, but also wishes to take away some of the heavy energies and vibrations which have been placed upon the shoulders of the *Cosmic Awareness Communications* and *Aquarian Church* membership, particularly those working with the channel, with the Interpreter, so that these organizations can move on from political and monetary and economic channelings into the spiritual development courses and into healing information, herbal information, rituals, and other areas of concern which this Awareness wishes to release through these organizations. This Awareness suggests that *It* wishes to begin assisting in setting up charter groups, centers for spiritual development, and assisting in meditation groups whereby these organizations can begin to function and express themselves in the manner of which they were originally intended.

This Awareness has used this channel for economic and political information due to the extreme urgency upon this plane during the past several years. This Awareness indicates that most entities upon this plane have little idea of the extreme urgency of what is occurring. This Awareness indicates that essentially the entire solar system and many star systems nearby are focused upon this earth, watching the drama which is occurring here, wondering if the earth itself shall be blown apart as was Maldek in ancient past.

This Awareness suggests that many entities on many levels of vibration are focused in attentive awe at the events which are occurring upon this plane. This Awareness indicates that the majority of actors upon this stage do not realize the urgency, do not realize the awesomeness of the play, and are quite content to sleep their way through—popping pills, smoking dope, watching television, and over-indulging themselves in gratitude for their own opportunity to sleep, rest, and enjoy themselves.

This Awareness suggests that the majority of people upon this plane, *if they survive*, will owe their lives to a very small percent of those entities who are aware of what is occurring.

This Awareness indicates that the majority of those, if they survive, will not even know that anything has occurred, for they shall be too concerned with what happened on 'Charlie's Angels' or one of the other television shows:

This Awareness indicates that while entities watch the tube, the greater show goes on beneath their feet and behind their backs, and they are totally unaware of that show.
